Supplemental Information

1. The following message concerning the observation of the cease-fire in the Suez Canal sector was received from the Chief of Staff of UNTSO on 9 November 1967:

"Observation Post Silver (opposite Deversoir) reported that at 1519 hours GMT UAR position fired one round anti-aircraft or tank fire at Israel Defence Forces patrol vehicle two hundred metres south of OP. Vehicle burned. Fire not returned by IDF. IDF sources report two IDF soldiers wounded."

2. As regards the observation of the cease-fire in the Israel-Syria sector, reports from the Chief of Staff of UNTSO indicate that as of 0800 hours GMT, 9 November, the situation continued to be generally quiet, although there were several cases of firing by IDF in the area between the forward defended localities.
