The Council regulations listed above are binding in their entirety and directly applicable in all States members of the European Union.

Council Regulation (EU) 2017/1509 of 30 August 2017 concerning restrictive measures against the Democratic People's Republic of Korea and repealing Regulation (EC) No 329/2007 requires member States to determine the penalties applicable to infringements of their provisions. The penalties determined by Slovakia are set out in article I, sections 21 to 23, of Act No. 289/2016 Coll. of 11 October 2016, on the execution of international sanctions, by which Act No. 126/2011 Coll. was repealed and replaced, and in other relevant legal acts.

The competent authorities of the Slovak Republic for the execution of sanctions are stipulated in article I, section 4, of Act No. 289/2016 Coll., with reference to the responsibilities and competences laid down pursuant to Act No. 575/2001 Coll., on the organization of government activities and on the organization of central State administration. Act No. 289/2016 Coll. lays down provisions on the implementation of international sanctions, mostly in the following areas:

- (a) Business and non-financial services;
- (b) Financial services, financial markets, money transfers and other means of payment;
- (c) Purchase and sale of securities and investment coupons;
- (d) Transport, postal services and electronic communications;
- (e) Technical infrastructure;
- (f) Scientific, technical, cultural and sports-related relations;
- (g) Restrictions on the exercise of property rights;
- (h) Travel and issuance of visas.

Act No. 289/2016 Coll. also sets out certain obligations for natural and legal persons. It allows the streamlining of the process of freezing funds and introduces a comprehensive procedure for freezing and unfreezing assets.

Pursuant to article 50 (1) of Act No. 483/2001 Coll., on banks and on the amendment of several acts, when the National Bank of Slovakia finds any shortcomings in the operations of a bank or a foreign bank branch constituting violations of legally binding acts of the European Union pertaining to banking activities, it may require a bank or a foreign bank branch to adopt recovery measures,

impose a fine on a bank or a foreign bank branch or even revoke the banking authorization.

As regards restrictions on admission (visa ban), Act No. 404/2011, on the residence of aliens and on the amendment of several acts, together with Council Decision (CFSP) 2016/849 and Council Regulation (EC) No. 539/2001, provides the basis for the refusal of admission and denial of requests for visas. Act No. 404/2011 governs the conditions for the entry and stay of foreign nationals in Slovakia. It regulates, among other things, the scope of activities of public authorities in the area of visas, the conditions for the entry of aliens into the territory of the Slovak Republic, the conditions of residence, the issuance of documents for aliens, the registration of persons and residence control, administrative expulsion and bans on entry, the detention of third-country nationals and their placement in facilities, and the air transit of third-country nationals through the territory of the Slovak Republic.

The entry of vessels into public ports is regulated by article 5 of Act No. 338/2000 Coll., on inland navigation and on the amendment of several acts. The transport authority has responsibilities relating to the prohibition of the entry of vessels into public ports.

Act No. 392/2011 Coll. of 19 October 2011 (as amended), on trading in defence industry products, requires an export authorization for the sale, transfer or export of arms and related materiel<sup>3</sup> to third countries and an authorization for the provision of brokering services related to military activities. The principal body responsible for the sale, transfer or export of arms and related materiel is the Ministry of Economy. Act No. 392/2011 Coll. and Council Common Position 2008/944/CFSP of 8 December 2008 defining common rules governing control of exports of military technology and equipment, together with Council Decision (CFSP) 2016/849, provide the basis for the enforcement of the arms embargo against the Democratic People's Republic of Korea and the ban on related brokering services.

According to Act No. 39/2011 (as amended), on dual-use items, an export authorization is required for the export, transfer, transit and brokering of dual-use items. The principal body responsible for controlling the export, transfer and brokering of dual-use items is the Ministry of Economy. Act No. 39/2011, together with Council Regulation (EC) No 428/2009 of 5 May 2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items, provides the basis for the control of dual-use items relevant to Security Council resolutions concerning the Democratic People's Republic of Korea.
