COMMISSION ON HUMAN RIGHTS

SUB-COMMISSION ON PREVENTION OF DISCRIMINATION  
AND PROTECTION OF MINORITIES

Third session

Mr. Shafiq: Draft Resolution on the Prevention  
of Discrimination

The Sub-Commission on Prevention of Discrimination and Protection of  
Minorities,

Considering that universal education which is based on scientific and moral principles and which is free from prejudice is essential in solving the problem of discrimination,

Considering that one way of educating the people of all States is to publish, in a simple and readable form, scientific facts regarding the fallacies of exaggerated race theories and religious or other prejudices,

Recommends that the Commission on Human Rights ask the Economic and Social Council:

1. To request UNESCO to give priority and the necessary funds to the preparation, publication and dissemination of simple and readable books or pamphlets, based on scientific facts, explaining the fallacies of exaggerated race theories and religious and other prejudices; and
2. To invite Member States to distribute such books or pamphlets widely among all their peoples, and to disseminate these ideas in their public education programmes.
