China: draft resolution

The following draft resolution, designed for inclusion in the Final Act,

"The Conference,

"Recalling that the model codes for the application of the international
opium conventions of 1925 and 1931 (League of Nations document

a guide in the framing of legislative and administrative measures for the
application of the conventions in their territories,

"1. Recommends that a similar code should be drawn up and should be circulated
to governments with a request that they should be guided as far as possible by
the code in framing the necessary legislative and administrative measures for the
application in their territories of this Protocol;

"2. Requests the Economic and Social Council to ask the Commission on Narcotic
Drugs to prepare such a code."
