ARRANGEMENTS FOR THE OPENING MEETING

The first plenary meeting of the World Conference of the International Women's Year will be held in the Gimnasio Juan de la Barrera, Avenida Río Churubusco and Avenida División del Norte.

The participating delegations will have a certain number of seats situated in the following parts of the Gimnasio:

Space will be reserved for the Head of each delegation and two members of the delegation on the ground level, the entrance to which is door No. 3. They will be given special white cards which they should show at the entrance.

It has also been provided that each delegation will have four seats in the first gallery, the special passes for admission to which will be blue.

Observers invited to the Conference and representatives of specialized agencies, United Nations bodies and non-governmental organisations in consultative status with the Economic and Social Council in category I will also have seats in the first gallery.

Those delegations whose members arrive on 18 June and therefore do not have sufficient time to obtain the special passes for the opening of the Conference, identified by the colours shown in annex I, may obtain them at the main entrance to the Gimnasio, located opposite the entrance to the main parking area where the buses bearing the parking lot C marking will arrive,

The area for holders of the special blue cards is entered by doors Nos. 3 and 4 on the ground level.

Seats have been reserved for observers of each of the non-governmental organisations in Category II and on the Roster in the second gallery; the special passes will be orange. This gallery is likewise entered by doors Nos. 3 and 4.

TRANSPORTATION

Buses for the transportation of delegates will begin their runs on 19 June at 8 a.m. They may be identified by means of the Conference sign similar to the automobile identification cards distributed to delegations in the Registration Office.

Heads of delegations planning to arrive at the Gimnasio by car should use the card marked with the letter A that has been attached to each invitation. This card has a map on the reverse side indicating that cars should enter the underground entrance on Avenida Río Churubusco, where members of delegations should leave their cars and go up to the ground level, where the seats identified by special white cards are located.

Delegations with blue identification cards using private cars are requested to carry the automobile identification card bearing the letter C in order to enter the Gimnasio at the ground level and be able to locate easily, by means of the colour of their cards, the entrances through which they may reach the seats reserved for them.

Delegations travelling by bus will be taken directly to the door through which they are to enter the Gimnasio.

Buses identified with the Conference sign will start their runs from the following points in the city:

- Juárez Hemicycle (Avenida Juárez, Alameda Park)
- Hotel Del Prado (Avenida Juárez)
- Hotel Regis (Avenida Juárez and Balderas)
- Hotel Camino Real (Avenida Mariano Escobedo)
