INTERNATIONAL HEALTH CONFERENCE

COMMITTEE 2 (ADMINISTRATION AND FINANCE)

Amendments Proposed By Australian Delegation

VIII - (3)

Amendment to read as follows:

The Director-General will make arrangements with Members with the object of developing direct relationships between the organization and national health administrations.

XI - Headquarters

Amend to read as follows:

The headquarters of the organization shall be at the headquarters of the United Nations.

XIII - Budget and Expenses

Replace paragraph 2 with the following:

2. The Organization may make an agreement with the United Nations providing that the budget shall be approved and the expenses of the organization financed by the United Nations and providing such other financial and budgetary arrangements as may appear appropriate. Any such agreement shall require approval by the Assembly by a two-thirds majority of votes cast.

4. Pending agreement with the United Nations concerning financing of the expenses of the Organization the expenses shall be borne by Members in proportions approved by the Assembly by two-thirds majority of votes cast.

The Australian Delegation further suggests that:

(a) paragraph 4 of Chapter XIII of the Paris text be deleted. It is mandatory upon United Nations to include a provision in the agreement with the Health Organization (see Article 17 of Charter) which meets the apparent intention of this clause. Clause 3 of the Health Organization Constitution proposed above already gives authority for approval by the Health Organization of such a provision;

(b) paragraph 5 Chapter XIII of Paris text be omitted since the Assembly would in any case have power to make such provisions.
