INTERNATIONAL HEALTH ORGANIZATION

COMMITTEE V (REGIONAL ARRANGEMENTS)

Motion submitted by the United Kingdom Delegation

"Recognizing the importance of fostering world-wide co-operation in the work of the new Health Organization, this Committee is of opinion that, in framing the Constitution of the World Health Organization, the International Health Conference should adopt the principle that territories which are not fully self-governing should be represented on Regional Committees on the same basis as, and with the same rights as are enjoyed by, States Members of the World Health Organization on such Committees."
