### 42/67. Effects of atomic radiation

*The General Assembly,*

Recalling its resolution 913 (X) of 3 December 1955, by which it established the United Nations Scientific Committee on the Effects of Atomic Radiation, and its subsequent resolutions on the subject, including resolution 41/62 A of 3 December 1986, by which it, *inter alia*, requested the Scientific Committee to continue its work,

Taking note with appreciation of the report of the United Nations Scientific Committee on the Effects of Atomic Radiation,<sup>2</sup>

Reaffirming the desirability of the Scientific Committee continuing its work,

Concerned about the potentially harmful effects on present and future generations, resulting from the levels of radiation to which man is exposed,

Conscious of the continued need to examine and compile information about atomic and ionizing radiation and to analyse its effects on man and his environment,

Bearing in mind the decision of the Scientific Committee to submit, as soon as the relevant studies are completed, shorter reports with supporting scientific documents on the specialized topics mentioned by the Committee,<sup>3</sup>

1. Commends the United Nations Scientific Committee on the Effects of Atomic Radiation for the valuable contribution it has been making in the course of the past thirty-two years, since its inception, to wider knowledge

and understanding of the levels, effects and risks of atomic radiation and for fulfilling its original mandate with scientific authority and independence of judgement;

2. *Notes with satisfaction* the continued and growing scientific co-operation between the Scientific Committee and the United Nations Environment Programme;

3. *Requests* the Scientific Committee to continue its work, including its important co-ordinating activities, to increase knowledge of the levels, effects and risks of ionizing radiation from all sources;

4. *Endorses* the Scientific Committee's intentions and plans for its future activities of scientific review and assessment on behalf of the General Assembly;

5. *Requests* the Scientific Committee to continue at its next session the review of the important problems in the field of radiation and to report thereon to the General Assembly at its forty-third session;

6. *Requests* the United Nations Environment Programme to continue providing support for the effective conduct of the Scientific Committee's work and for the dissemination of its findings to the General Assembly, the scientific community and the public;

7. *Expresses its appreciation* for the assistance rendered to the Scientific Committee by Member States, the specialized agencies, the International Atomic Energy Agency and non-governmental organizations, and invites them to increase their co-operation in this field;

8. *Invites* Member States, the organizations of the United Nations system and non-governmental organizations concerned to provide further relevant data about doses, effects and risks from various sources of radiation, which would greatly help in the preparation of the Scientific Committee's future reports to the General Assembly.

89th plenary meeting  
2 December 1987

#### 42/68. International co-operation in the peaceful uses of outer space

*The General Assembly,*

*Recalling* its resolution 41/64 of 3 December 1986,

*Deeply convinced* of the common interest of mankind in promoting the exploration and use of outer space for peaceful purposes and in continuing efforts to extend to all States the benefits derived therefrom, and of the importance of international co-operation in this field, for which the United Nations should continue to provide a focal point,

*Reaffirming* the importance of international co-operation in developing the rule of law, including the relevant norms of space law and their important role in international co-operation for the exploration and use of outer space for peaceful purposes,

*Commemorating* the thirtieth anniversary of the first launching into orbit of a man-made object, Sputnik, which marked the beginning of the exploration and use of outer space for peaceful purposes and of international co-operation in this field,

*Commemorating also* the twentieth anniversary of the entry into force of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies,<sup>4</sup> which has played and continues to play a positive role in

the implementation of the purposes and principles of the Charter of the United Nations and in the progressive development of the law of outer space, including the elaboration and adoption of other international instruments governing the outer space activities of States,

*Gravely concerned* at the extension of an arms race into outer space,

*Recognizing* that all States, in particular those with major space capabilities, should contribute actively to the goal of preventing an arms race in outer space as an essential condition for the promotion of international co-operation in the exploration and use of outer space for peaceful purposes,

*Aware* of the need to increase the benefits of space technology and its applications and to contribute to an orderly growth of space activities favourable to the socio-economic advancement of mankind, in particular the peoples of developing countries,

*Taking note* of the progress achieved in the further development of peaceful space exploration and application as well as in various national and co-operative space projects, which contribute to international co-operation in this field,

*Taking note also* of the report of the Secretary-General<sup>5</sup> on the implementation of the recommendations of the Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space,<sup>6</sup>

*Having considered* the report of the Committee on the Peaceful Uses of Outer Space on the work of its thirtieth session,<sup>7</sup>

1. *Endorses* the report of the Committee on the Peaceful Uses of Outer Space;

2. *Invites* States that have not yet become parties to the international treaties governing the uses of outer space<sup>8</sup> to give consideration to ratifying or acceding to those treaties;

3. *Notes* that the Legal Sub-Committee of the Committee on the Peaceful Uses of Outer Space at its twenty-sixth session, in its working groups, continued its work as mandated by the General Assembly in its resolution 41/64;<sup>9</sup>

4. *Endorses* the recommendations of the Committee on the Peaceful Uses of Outer Space that the Legal Sub-Committee at its twenty-seventh session, taking into account the concerns of all countries, particularly those of developing countries, should:

(a) Continue the elaboration of draft principles relevant to the use of nuclear power sources in outer space through its working group;

(b) Continue, through its working group, its consideration of matters relating to the definition and delimitation of outer space and to the character and utilization of the geostationary orbit, including consideration of ways and
