I. INTRODUCTION

1. By resolution 693 (1991) of 20 May 1991, the Security Council established, under its authority, a United Nations Observer Mission in El Salvador (ONUSAL) to monitor all agreements concluded between the Government of El Salvador and the Frente Farabundo Martí para la Liberación Nacional (FMLN) for an initial period of 12 months beginning 1 July 1991. The Council decided that the initial mandate of the Observer Mission, in its first phase as an integrated peace-keeping operation, would be to verify the compliance by the parties with the Agreement on Human Rights signed at San José on 26 July 1990 (A/44/971-S/21541, annex), and that the subsequent tasks or phases of the Observer Mission would be subject to the approval of the Council.
2. By resolution 45/267 of 21 June 1991, the General Assembly appropriated \$13.8 million gross (\$13 million net) for the operation of ONUSAL for the period from 1 July to 31 December 1991. In addition, the Assembly authorized the Secretary-General to enter into commitments for ONUSAL in an amount not to exceed \$9.2 million gross (\$8.8 million net), with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions, for the period from 1 January to 30 June 1992, inclusive. The above amounts were to be apportioned among Member States in accordance with the scheme set out in the resolution.
3. In a report to the Security Council on 10 January 1992, 1/ the Secretary-General informed the Council that as a result of the signing of the "Act of New York" on 31 December 1991, the Government of El Salvador and FMLN had concluded a number of further agreements, which, following a final round of negotiations on two outstanding issues, would be signed at Mexico City on 16 January 1992. Subject to the approval of the Council, two of those agreements would require an immediate and substantial increase in the strength of ONUSAL if it were to assume the verification and monitoring functions desired of it by the two parties. One was an agreement on the cessation of the armed confrontation, in which it was envisaged that ONUSAL would verify all aspects of the cease-fire and the separation of forces, and the other an agreement on the National Civil Police, which envisaged that ONUSAL would monitor the maintenance of public order during a transitional period while a new National Civil Police was set up.
4. By its resolution 729 (1992) of 14 January 1992, the Security Council approved the above-mentioned report of the Secretary-General and decided to enlarge the mandate of ONUSAL to include the verification and monitoring of the implementation of all the agreements to be signed at Mexico City between the Government of El Salvador and FMLN. The Council further extended the existing mandate of ONUSAL until 31 October 1992 and decided that the mandate would be reviewed at that time on the basis of recommendations to be presented by the Secretary-General.

5. In its resolution 46/240 of 22 May 1992, the General Assembly appropriated \$39 million gross (\$37 million net), inclusive of the \$10 million authorized with the concurrence of the Advisory Committee. In addition, in paragraph 8 of the resolution, the Assembly decided that \$2 million of the unencumbered balance of the appropriation should be retained in the Special Account and that the balance of \$1,347,700 should be offset against the apportionment among Member States as provided for in paragraph 5 of the resolution.

6. In letters dated 19 and 28 October and 11 November 1992, 2/ the Secretary-General informed the Security Council of certain obstacles that had arisen in the implementation of the peace process and of how those difficulties had been overcome. In his letter of 28 October 1992, the Secretary-General stated that it would not be possible to complete the dismantling of the military structure of FMLN by 31 October 1992 and he recommended that the Council extend the current mandate of ONUSAL for an interim period of one month, until 30 November 1992.

7. The Security Council, by its resolution 784 (1992) of 30 October 1992, approved the proposal of the Secretary-General to extend the current mandate of ONUSAL for a period ending on 30 November 1992. In paragraph 2 of the resolution, the Council requested the Secretary-General to submit to it by 30 November 1992 recommendations on the period of extension of the mandate, on the mandate and strength that ONUSAL would need, taking into account progress already made, in order to verify the implementation of the final phases of the peace process in El Salvador together with their financial implications.

8. In compliance with resolution 729 (1992) of 14 January 1992 and resolution 784 (1992) of 30 October 1992, the Secretary-General, in his report of 23 November 1992 to the Security Council, 3/ described the activities of ONUSAL during the period since the last reports in May and June 1992. 4/ In that report the Secretary-General indicated that the Military Division had been reduced and would be reduced further in January 1993, subject to the approval of the Security Council. That reduction had been made possible by the progress achieved in the implementation of the agreement relating to the cessation of the armed conflict. The Police Division might also be reduced from March 1993 in step with the progressive deployment of the new National Civil Police, and it would be phased out once that deployment was completed in 1994.

9. The Secretary-General further stated, in paragraph 82 of the report, that since major undertakings, such as the reduction of the Armed Forces and the deployment of the National Civil Police, extended into 1994, it was his intention to submit to the Security Council at appropriate intervals his recommendations on the future activities and strength of ONUSAL, taking into account progress made in implementing the peace process. The reports would recommend such reductions in the strength of ONUSAL as the evolution of the mandate permitted.

/...

10. In the event that ONUSAL was required to verify the elections, the personnel required for that task would be phased in as required by the electoral process and their assignment would end immediately after the elections in March 1994. It was anticipated that ONUSAL would complete its mission by mid-1994.

11. In the light of the circumstances, the Secretary-General recommended that the Security Council extend the mandate of the Mission for a further period of six months, to 31 May 1993.

12. By its resolution 791 (1992) of 30 November 1992, the Security Council, having studied the report of the Secretary-General, 5/ decided to extend the mandate of ONUSAL for a further period of six months ending on 31 May 1993.

13. The present report relates to the total requirements of ONUSAL and covers the period from 1 December 1992 to 31 May 1993. It also provides a performance report on the operation of ONUSAL for the period from 1 January to 31 October 1992 and November 1992.

II. STATUS OF ASSESSED CONTRIBUTIONS

14. Assessments totalling \$49,503,028 were apportioned among Member States for the financing of ONUSAL from 1 July 1991 to 31 October 1992. The following table summarizes the status of contributions received and indicates outstanding assessments of \$11,608,431 as at 30 November 1992.

Status of contributions for ONUSAL as at 30 November 1992

	<u>United States</u> <u>dollars</u>
Amount appropriated	52 800 000

III. VOLUNTARY CONTRIBUTIONS

15. In paragraph 12 of its resolution 46/240 on the financing of ONUSAL, the General Assembly invited voluntary contributions in cash and in the form of services and supplies acceptable to the Secretary-General. For the period under review, the Government of Switzerland continued to make available air ambulance service for the repatriation of those wounded or taken ill in the performance of their duties, as and when required. The service was not utilized by the Mission during the period ending 30 November 1992.

IV. PERFORMANCE REPORT FOR THE PERIOD FROM 1 JANUARY TO
31 OCTOBER 1992 AND NOVEMBER 1992

16. Annex I summarizes the appropriations provided to ONUSAL for the 10-month period from 1 January to 31 October 1992 and the related expenditures covering the 11-month period from 1 January to 31 October 1992 and from 1 to 30 November 1992, taking into consideration the one-month extension of the mandate approved by the Security Council. It reflects an unencumbered balance of \$1,624,200 gross (\$1,484,700 net) for the period. Supplementary information providing a detailed description of the estimated expenditure under each line item is provided in annex II.

V. COST ESTIMATES FOR THE MANDATE PERIOD FROM
1 DECEMBER 1992 TO 31 MAY 1993

17. The cost estimates for the period from 1 December 1992 to 31 May 1993 amount to \$19,339,500 gross (\$17,999,700 net) and are presented in annex III, with supplementary information thereon in annex IV. The estimates take into consideration the reduced deployment and staffing of ONUSAL for the mandate period. As indicated in paragraph 83 of the report of the Secretary-General to the Security Council, 3/ it is anticipated that ONUSAL will complete its mission by mid-1994. The General Assembly, at its present session, is requested to make appropriate provision for the maintenance of ONUSAL for the period beyond 31 May 1993 at an average monthly rate not to exceed \$3,223,250 gross (\$2,999,950 net) based on the same level of expenditure proposed in the cost estimates for the previous six-month period. This provision would be subject to the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions and the decision of the Security Council to extend the mandate of ONUSAL beyond 31 May 1993.

18. Annex VI provides the proposed revised staffing table for ONUSAL. The annex shows a decrease of 14 posts comprising a net reduction of 8 international and 6 local posts. The international posts include an upgrade of one vacant D-1 post to the D-2 level for a Deputy Chief of Mission as a result of additional responsibilities and the sharply increasing work in the political activities of the Mission. The estimates also take into consideration the downgrading of 5 P-5 posts to the P-4 level, 8 P-4 posts to the P-3 level and 10 P-3 posts to the P-2 level, as well as the decrease of 2 P-4, 1 P-3, 2 General Service, 3 Field Service and 6 Local level posts. Annex VII provides the functional titles and related job description summaries of the proposed posts in the professional category and above.

19. Details on civilian staff and related costs are shown in annex VIII. Annex IX provides the distribution of civilian personnel by office. The distribution of transportation equipment is given in annex X and the geographical distribution of other ONUSAL equipment is provided in annex XI.

VI. OBSERVATIONS

20. In paragraph 9 of its resolution 46/240, the General Assembly decided, in principle, that the special accounts for the United Nations Observer Group in Central America (ONUCA) and ONUSAL should be merged. The report of the Secretary-General on the financing of ONUCA (A/47/556) indicates in paragraph 17 and annex VI the status of the ONUCA Special Account and those figures are reproduced in column (2) of annex V to the present report.

21. Annex V also shows the financial position resulting from the merging of the special accounts of ONUSAL and ONUCA and indicates a net operating deficit of \$7,806,483 in the combined ONUSAL/ONUCA Special Account.

22. As indicated in column (1), item 4, of annex V, assessed contributions amounting to \$11,608,431 in respect of ONUSAL remained outstanding as at 30 November 1992. This resulted in an operating deficit of \$7,953,242 net in the ONUSAL Special Account. In order to meet the operating cash requirements of ONUSAL, loans amounting to \$5 million were made to the ONUSAL Special Account from the United Nations Iran-Iraq Military Observer Group (UNIIMOG) Special Account. In view of this and the continued precarious situation as regards the financing of the Mission, the Secretary-General recommends that no action be taken at this time in connection with the combined income of \$4,484,174 consisting of interest (\$1,990,206) and miscellaneous income (\$2,493,968) and that this amount be retained in the combined ONUSAL/ONUCA Special Account pending receipt of the outstanding assessed contributions for both missions. Furthermore, the Secretary-General appeals to all Member States to pay their assessments in full as soon as possible.

VII. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY
AT ITS FORTY-SEVENTH SESSION

23. The action that would appear to be required in connection with the financing of ONUSAL is as follows:

(a) An appropriation in the amount of \$19,339,500 gross (\$17,999,700 net) for the operation of ONUSAL for the period from 1 December 1992 to 31 May 1993 and the apportionment thereof;

(b) With regard to the period after 31 May 1993, an appropriation and/or commitment authorization, as appropriate, for the maintenance of ONUSAL at a monthly rate of \$3,223,250 gross (\$2,999,950 net) and for the apportionment of such amounts, should the Security Council decide to extend the existing mandate of ONUSAL beyond that date;

(c) A decision to retain the combined ONUSAL and ONUCA income of \$4,484,174 in the ONUSAL/ONUCA Special Account in view of the outstanding assessed contributions.
