LETTER DATED 18 APRIL 1988 FROM THE ACTING PERMANENT REPRESENTATIVE
OF THE ISLAMIC REPUBLIC OF IRAN TO THE UNITED NATIONS ADDRESSED TO
THE SECRETARY-GENERAL

Upon instructions from my Government, I have the honour to inform that during recent operations, the Iraqi forces have extensively used Kuwaiti island of Bubiyan with the help and support of Kuwait and the United States. The Government of the Islamic Republic of Iran has registered its strong protest with the Government of Kuwait for this breach of the good neighbourliness regulations as well as official complicity on the part of the aggressor régime of Iraq in the latter's imposed war against the Islamic Republic of Iran. The Government of Kuwait has been informed that unless it immediately abandons its policy of putting its territory at the disposal of the aggressor, it alone will be responsible for all consequences thereof.

It would be highly appreciated if this letter were circulated as a document of the Security Council.
