DRAFT DECISION

Question of St. Helena

1. The General Assembly, having examined the question of St. Helena, reaffirms the inalienable right of the people of St. Helena to self-determination and independence in conformity with the Declaration on the Granting of Independence to Colonial Countries and Peoples, contained in Assembly resolution 1514 (XV) of 14 December 1960. The Assembly urges the administering Power, in consultation with the Legislative Council and other representatives of the people of St. Helena, to continue to take all necessary steps to ensure the speedy implementation of the Declaration in respect of the Territory and, in that connection, reaffirms the importance of promoting an awareness among the people of St. Helena of the possibilities open to them in the exercise of their right to self-determination.

2. The General Assembly reaffirms the responsibility of the administering Power to promote the economic and social development of the Territory and calls upon the administering Power to continue, in cooperation with the territorial Government, to strengthen the economy, to encourage local initiative and enterprise and to increase its assistance to diversification programmes with the aim of improving the general welfare of the community, including the employment situation in the Territory.

3. The General Assembly urges the administering Power, in cooperation with the territorial Government, to continue to take effective measures to safeguard and guarantee the inalienable right of the people of St. Helena to own and dispose of the natural resources of the Territory, including marine resources, and to establish and maintain control over the future development of those resources.

4. The General Assembly reaffirms that continued development assistance from the administering Power, together with any assistance that the international community might be able to provide, constitutes an important means of developing the economic potential of the Territory and of enhancing the capacity of its people to realize fully the goals set forth in the relevant provisions of the Charter of the United Nations. The Assembly, in that connection, welcomes the assistance rendered by the United Nations Development Programme and invites other organizations of the United Nations system to assist in the development of the Territory.

5. The continued presence of military facilities in the Territory prompts the General Assembly, on the basis of previous United Nations resolutions and decisions concerning military bases and installations in colonial and Non-Self-Governing Territories, to urge the administering Power to take measures to avoid the involvement of the Territory in offensive acts or interference against neighbouring States.

6. The General Assembly considers that the possibility of dispatching a United Nations visiting mission to St. Helena at an appropriate time should be kept under review, and requests the Special Committee on the Situation with regard to the Implementation of the Declaration on the Granting of Independence to Colonial Countries and Peoples to continue to examine the question of St. Helena at its next session and to report thereon to the Assembly at its forty-ninth session.
