# *General Introduction*

## **SCOPE**

1. This *Cumulative Index*, prepared by the Documentation Division of the United Nations Headquarters Library, New York, replaces and supersedes - together with the *Cumulative Checklist*, published in a separate companion volumes - the monthly issues of the *United Nations Documents Index*.

## **ARRANGEMENT**

2. The *Cumulative Index* consists of two parts issued separately. Part 1 is a consolidation of the twelve monthly subject indexes. Part 2 contains the following sections:

- (a) A consolidated list by symbol of all documents and publications issued by the United Nations, including the International Court of Justice, received by the Library during the year, with an indication of the languages in which they were issued;
- (b) A consolidated list of mimeographed documents republished in the printed *Official Records* and in other publications;
- (c) A list of sales publications;
- (d) A list of new document series symbols;
- (e) A list of libraries and United Nations Information Centres receiving United Nations material.

Where considered necessary, additional explanatory notes introduce the sections.

## **MONTHLY ISSUES**

3. Each monthly issue of the *United Nations Documents Index* includes in general the documents and publications processed by the Documentation Division during the month. The issues of July and August are combined in one issue. Periodicals are listed annually in the *Cumulative Checklist*.

4. Each issue comprises three separate sections that can be used independently. The first section is a checklist of United Nations documents and publications, arranged by symbol and fully described bibliographically. The second section comprises: (a) a list by symbol only of all United Nations documents received by the Library during the preceding month, with indication of the languages in which they were issued, and notes concerning their availability for distribution. It should be noted that this list includes

language editions of all documents and publications as they are received and is not necessarily limited to those processed and entered in the Checklist; (b) a list of mimeographed documents republished in the printed *Official Records* and in other publications; (c) a list of sales publications. The third section is a combined author-subject index to the documents described in the Checklist. It is printed on a detachable yellow fascicle and can be removed and used independently of the Checklist.

## **CUMULATIVE EDITIONS**

5. Beginning with vol. 14 (1963) the monthly issues are superseded at the end of the year by two separate annual cumulations, the *Cumulative Checklist* and the *Cumulative Index*.

## **AVAILABILITY OF DOCUMENTS AND PUBLICATIONS**

6. Information concerning the documentation system of the United Nations and the availability of the documents is given each year in the January issue in the introductory note preceding the Checklist of Documents and Publications and on page 1 of the *Cumulative Checklist*. A list of libraries and Information Centres receiving United Nations material is included each year in the *Cumulative Index, Part 2*.

7. An asterisk (\*) is used to indicate documents issued as drafts or preliminary texts subject to revision, or issued in provisional (mimeographed) editions subject to later publication in the printed *Official Records* or as printed sales publications. These preliminary or provisional documents are *not* for general distribution, deposit or sale.

## **SUBSCRIPTION**

8. The *United Nations Documents Index* is published monthly at an annual subscription rate of U.S.\$17.50 (or equivalent in other currencies), post-free, and including the two annual cumulations. Single copies are available at U.S.\$1.50. The annual cumulations are also available separately as sales publications. Subscriptions may be placed with the sales agents of United Nations publications. Orders and inquiries from countries without a sales agent may be addressed to the Sales Section, United Nations, New York, N.Y. 10017, or to the Sales Section, United Nations Office, Geneva, Switzerland.

# LIST OF NEW DOCUMENT SERIES SYMBOLS

## GENERAL

1. Symbols of United Nations documents are composed of capital letters combined with numerals, usually Arabic. When Roman numerals are used they usually indicate the number of the session. The oblique stroke (/) is used to separate the components of the symbol.

2. Each mimeographed document bears the same symbol and date in each language edition. If a document is republished in the printed *Official Records* or as a sales publication it retains its symbol. In addition to symbols, sales publications also carry a sales number.

Documents relating to two or more organs may bear two or more symbols, one for each organ.

## BASIC SERIES SYMBOLS

3. The basic series of the five principal organs are:

4. The International Court of Justice is an autonomous organ with respect to the publication and distribution of its publications. It does not issue documents with symbols. Short-title citations of each Court series begins with the initials of the Court, e.g., ICJ Reports and CIJ Recueil.

5. Special basic series symbols have also been established for certain subsidiary organs, e.g.:

|          |  |

| AEC/-    | Atomic Energy Commission, 1946-1952                |
| AT/-     | United Nations Administrative Tribunal             |

| -/WP. /-   | Working party                       |

# LIST OF LIBRARIES AND INFORMATION CENTRES RECEIVING UNITED NATIONS MATERIAL

*NOTE: This list supersedes the list of libraries and information centres contained in Part 2 of the 1966 Cumulative Index.*

## GENERAL

1. The libraries in this list receive material published by the United Nations for the General Assembly and its subsidiary bodies, for the three Councils and their subsidiary organs, and for the Secretariat. (Because the Registry of the International Court of Justice, The Hague, is autonomous in respect of depository and sales arrangements for Court publications, no information is given on libraries receiving them. Generally speaking, however, Court depositories include United Nations depository libraries.) Libraries generally receive their material

- (a) free, as depository libraries, or
- (b) as official United Nations Information Centres/Services.

2. Each entry contains the following information:

- (a) the name and the address of the depository or parliamentary library or information centre;
- (b) the extent and language of the material deposited;
- (c) the depository library code number;
- (d) the beginning date of deposit (month and year), or the year of establishment in the case of information centres.

3. The depository libraries listed herein have undertaken to keep the material received in good order and under adequate control, and to make it accessible to the public, free of charge, at reasonable hours.

## MATERIAL DEPOSITED

4. All depository and parliamentary libraries receive automatically, according to their needs, all publications offered for sale, including *Official Records*, and public information material distributed free, as available in the official language of their choice.

5. Those depository and parliamentary libraries able to handle a larger volume of material receive in addition all other generally distributed documents and publications of the United Nations, whether reproduced by printing or other processes, as available in the official language of their choice.

It should be noted that the bulk of the documents and all of the meeting records remain permanently in mimeographed form in the series of the non-sessional committees of the General Assembly, of all of the committees of the three Councils, of all series of the functional commissions and regional economic commissions of the Economic and Social Council; and that this is likewise so of the series of petitions and communications to the Trusteeship Council and the observations thereon of the Administering Authorities. For this reason, inquirers for such material should be referred only to libraries listed as receiving mimeographed documents.

The reports of commissions to the Economic and Social Council, the reports of committees to the three Councils and the reports of non-sessional committees to the General Assembly will appear in the respective printed *Official Records*, as supplements or in the annexes. Inquirers for whom such reports are sufficient may be referred to any library receiving printed material.

6. Included in the list are all United Nations Information Centres/Services existing as of 1 June 1967 established outside the Headquarters and the United Nations Office at Geneva. The centres vary considerably in size of collections and extent of services available to the public.
