Also, all documentation issued in connexion with the proceedings of the General Assembly and the three Councils is indexed comprehensively in the *Index to Proceedings* series.

(c) Volumes of the United Nations *Treaty Series*. Chronological, subject and country indexes to the contents of the *Treaty Series* are prepared by conventional methods and published in English and French. (Computerization of the treaty registration files is under consideration in the Office of Legal Affairs, pursuant to a decision of the General Assembly.)

6. Each page of the *UNDEX Country Index* contains entries displayed in four vertical columns, each entry consisting of four elements:

Name of country;

Code words, describing the type of participation or action;

Subject statement, describing concisely the question to which the action relates;

Symbol of the document in which the information is contained.

7. The name of country appearing in the first column is given in the current official short form. In a few instances, the form of the entry has been slightly modified to facilitate processing by computer.

8. The code words appearing in the second column are used to describe the type of action and bring together references to documents containing information of the same type. The code words used at present are:

ASPECTS. Under this term are brought together references to information about a country, such as United Nations activity in the country, admission to membership in the United Nations, implementation of human rights, economic and social conditions.

DOCUMENTS SUBMITTED. This term is used to bring together references to communications, proposals, draft resolutions, comments, etc. submitted by the country.

MEMBERSHIP. Information on the representation of a country in the various United Nations organs is grouped under this term. Variant terms are:

MEMBERSHIP (PERS), indicating that representation of that country is by a person appointed in an individual capacity;

MEMBERSHIP (WITH), indicating withdrawal from membership.

STATEMENTS IN DEBATES. Under this term are brought together statements made by representatives during the discussion of questions before United Nations organs. Variant terms are:

STATEMENTS IN DEBATES (EXPL), indicating statements made in explanation of a vote;

STATEMENTS IN DEBATES (REPL), indicating statements made in the exercise of the right of reply.

TREATIES. The term is used, in conjunction with other code words, to bring together references to the action taken by countries with respect to treaties. The four variants in use are:

TREATIES: BILAT(S), indicating signature of bilateral agreements;

TREATIES: MULT(A), indicating accession to, or acceptance of, multilateral agreements or conventions;

TREATIES: MULT(R), indicating ratification of multilateral agreements or conventions;

TREATIES: MULT(S), indicating signature of multilateral agreements or conventions.

VOTING. The term is used to bring together information relating to votes cast during roll-call votes. The four variants are:

VOTING: ABST, indicating abstention;

VOTING: NO, indicating negative vote;

VOTING: NOT PAR, indicating absence or non-participation;

VOTING: YES, indicating an affirmative vote.

9. The subject statement appearing in the third column consists of a group of words separated by punctuation marks. Some of the words are in capital letters, others in lower case. The leading words in capital letters describe the main theme of the item covered by the entry. The words in lower case describe more detailed aspects. The wording of the subject statement is the same as that of the subject entries in the *UNDEX Subject Index* (ST/LIB/SER.I/A.-), which contains references to additional documents containing information on the subject.

10. The document symbol appears in the fourth column and consists of two or more elements separated by oblique strokes. The leading element indicates the organ; the following ones indicate the subsidiary organ and/or the nature of the document, the distribution category, successive modifications to the original text, as appropriate (e.g., S/10868; E/RES/1639; A/AC.121/L.15/Add.3). Additional information on symbols is contained in *List of United Nations Document Series Symbols* (ST/LIB/SER.B/5/Rev.2).

11. Ditto marks indicate that parts of an entry are the same as those appearing in the same position in the preceding entry.

12. The bibliographical description of the documents to which reference is made in this index is contained in *UNDEX List of Documents Issued* (ST/LIB/SER.I/C.-).

13. The full text of the documents to which reference is made in this index is preserved in the documentary collections of the United Nations Headquarters Library

in the original hard copy and on microfiche. Staff of permanent missions and delegations and of the Secretariat and other qualified users may consult the documents in room L-260 (telephone extension 2501). Reference staff is on duty to assist users in locating the information needed. Copies of microfiches, or photographic enlargements of portions of the text which they contain, can be made available, on request, upon payment of a fee.

14. Additional information on the products and services available from the United Nations Documentation Information System (UNDIS) is contained in a booklet *UNDIS: A Handbook of Products and Services* (ST/LIB/33). Further information on UNDIS may be obtained from the Chief of the Documentation Services Division (room L-327, telephone extension 2096).

15. The *UNDEX Country Index* is published 10 times a year in English, French, Russian and Spanish and is available through official distribution. The English version is also available for sale by subscription. Subscriptions may be placed with a sales agent of United Nations publications. Orders and inquiries from countries without a sales agent may be addressed to United Nations Publications, room LX-2300, New York, N.Y. 10017, or to United Nations Publications, Palais des Nations, 1211 Geneva 10, Switzerland.
