UNITED NATIONS DOCUMENTS INDEX

Series A, B and C: ten issues per year

Annual subscription, Series A, B and C (English edition only): \$U.S. 80.00
(or equivalent in other currencies)

Introductory Note

1. This cumulative edition, prepared by the Dag Hammarskjöld Library at United Nations Headquarters, replaces and supersedes the 10 monthly issues of the UNDEX Subject Index. It contains references to the subject matter of selected documents and publications issued by the United Nations.

2. The index covers the following types of documents and publications:

(a) Resolutions, reports, verbatim records and other documents issued for the plenary meetings of the General Assembly;

(b) Resolutions, reports and verbatim records of the Security Council;

(c) Resolutions, reports, summary records and other documents of the Economic and Social Council, its standing and sessional committees and its functional commissions;

(d) Resolutions, reports and summary records of the Trusteeship Council;

(e) Resolutions, annual and sessional reports and printed publications of the regional commissions;

(f) Annual reports of the United Nations High Commissioner for Refugees (UNHCR) and the Executive Director of the United Nations Institute for Training and Research (UNITAR); sessional reports of the United Nations Conference on Trade and Development (UNCTAD), the Governing Council of the United Nations Environment Programme (UNEP), the United Nations Industrial Development Organization (UNIDO), the Executive Board of the United Nations Children's Fund (UNICEF) and the Governing Council of the United Nations Development Programme (UNDP);

(g) Analytical summaries of annual reports submitted to the Economic and Social Council by the specialized agencies and to the General Assembly by the International Atomic Energy Agency (IAEA);

(h) Reports, meeting records and other documents of the International Law Commission and the United Nations Commission on International Trade Law (UNCITRAL);

(i) Documents of the Committee on the Peaceful Uses of Outer Space;

(j) Proceedings of major United Nations conferences;

(k) Publications of the International Court of Justice;

(l) Studies, reports and recurrent publications issued as sales publications;

(m) Articles included in United Nations periodicals;

(n) Selected mimeographed studies and reports of the regional commissions and of UNCTAD, UNEP, UNIDO, UNDP, UNHCR and UNITAR.

3. The index does not cover:

(a) Mimeographed documentation of the bodies listed in paragraph 2 (n) above, except as indicated;

(b) Documentation of the Main Committees of the General Assembly and of *ad hoc* committees and other subsidiary bodies; the reports of which appear either in the series of the parent organs or in printed form as sales publications;

All documentation issued in connexion with the proceedings of the General Assembly and the three Councils is indexed comprehensively in the Index to Proceedings series;

(c) Volumes of the United Nations Treaty Series;

Chronological, subject and country indexes to the contents of the Treaty Series are prepared and published separately in English and French;

(d) Pamphlets, leaflets, press releases and other similar public information materials.

4. Each page of the UNDEX Subject Index contains entries displayed in two columns, each entry consisting of five inter-related components:

Subject statement and cross references;

Type of document;

Personal or corporate author, or co-authors;

Date;

Main symbol and additional symbols.

5. The subject statement starts at the left margin of the column and consists of a group of words separated by punctuation marks. Some of the words are in capital letters, others in lower case. The leading words in capital letters describe the main theme of the item covered by the entry; the words in lower case describe more detailed aspects, e.g., HUMAN RIGHTS: economic and social; report; publicity, PSYCHOTROPIC SUBSTANCES: Convention 1971; ratification or accession. An effort has been made to preserve, as much as possible, the terminology used in the document from which the information has been extracted.

6. Cross references from subject to organizational names (e.g., AFRICA See/See also ECONOMIC COMMISSION FOR AFRICA), from broad subjects to specific subjects (e.g., NATURAL RESOURCES See/See also ASIA AND THE PACIFIC: natural resources), and from terms included in a subordinate position in a compound expression to the form of entry (e.g., TECHNOLOGY See/See also SCIENCE AND TECHNOLOGY) are indented under each subject statement as required.

For mechanical reasons, the "See" references, guiding the user from terms not used as subject statements to terms that are used, and the "See also" references, guiding the user from terms used as subject statements to related subject statements, are at present combined in one expression: "See/See also" meaning "or" or "See also", as appropriate.

7. The code word describing the type of document in which the information is to be found appears indented under the subject statement. It consists of one of the following terms:

BIBLIOGRAPHIES
CHARTERS
CONFERENCE PROCEEDINGS
DECISIONS
DICTIONARIES
DIRECTORIES
DRAFT RESOLUTIONS
HANDBOOKS
MAPS
MEETING RECORDS
MISC (Miscellaneous) DOCUMENTS
PER (Periodical) ARTICLES
PERIODICALS
REPORTS
RESOLUTIONS
THESES
TREATIES: BILAT (Bilateral)
TREATIES: MULT (Multilateral)
VOTING
YEARBOOKS

8. The personal or corporate author, or co-authors of the document appear indented under the type of document. Corporate authors are in capital letters. In the case of a personal author, the last name is in capital letters, followed by the given name(s) or initial(s). The symbol (C) indicates co-authorship.

9. The date, which appears under the author, indicates the date of issue of the document. It is expressed in six digits, of which the first pair indicates the year, the second the month and the third the day, e.g., 741004 is the numeric equivalent of 4 Oct 1974.

10. The main symbol of the document appears in the same line as the date and consists of juxtaposed elements that indicate the authority under which it is issued. These elements, which are separated by oblique strokes, are composed of capital letters and figures, usually Arabic numerals.

The additional symbols applicable to the document appear under the main symbol. They may be any of the following or a combination thereof: (a) a symbol indicating series and number, as does the main symbol of the document, if it is issued in more than one series (e.g., A/9502 bears the additional symbol S/11240); (b) a symbol indicating that a document is part of the official records of a major organ, which include meeting records, documents published as supplements and documents republished as annexes; (c) a sales number.

Additional information concerning United Nations document series symbols, as well as a broad subject guide to the series, can be found in the publication List of United Nations Documents Series Symbols (ST/LIB/SER.B/5/Rev.2). 1/
A revised version is in preparation.

11. The full bibliographic description of the documents to which reference is made in this index is contained in UNDEX List of Documents Issued (ST/LIB/SER.I/C.-).

12. The information required for the preparation of this index was extracted and compiled mechanically from a more comprehensive file of information stored in computer-based files.

13. The other indexes prepared by the Dag Hammarskjöld Library are available in the following series:

(a) The UNDEX Country Index (ST/LIB/SER.I/B.-) provides information on the major aspects of the participation of Member States in United Nations affairs and references to the documents containing a record of it. Issued in English, French, Russian and Spanish;

(b) The UNDEX List of Documents Issued (ST/LIB/SER.I/C.-) contains a listing and the bibliographic description of all documents and publications of the United Nations received by the Library, except restricted material and internal papers. It also includes all printed publications of the International Court of Justice. Issued in English and French;

(c) The Index to Proceedings series (ST/LIB/SER.B/A.-, ST/LIB/SER.B/E.-, ST/LIB/SER.B/S.-, ST/LIB/SER.B/T.-) provides a bibliographic guide to the proceedings and related documentation of sessions of the General Assembly, the Economic and Social Council, the Security Council and the Trusteeship Council. Issued in English. Summarized versions are issued in Arabic for the General Assembly (ST/LIB/SER.L/-) and in Chinese for the General Assembly, the Security Council and the Economic and Social Council (ST/LIB/SER.J/-);

(d) The Index to Resolutions series (ST/LIB/SER.H/-) provides a cumulative guide to the information contained in resolutions adopted by the United Nations organs and bodies. Issued in English only;

(e) Cumulative indexes to the United Nations Treaty Series provide a guide to the treaties and international agreements registered or filed and recorded with the

1/ United Nations publication, Sales No. E.70.I.21.

Secretariat of the United Nations. Issued in English and French.

14. General information on United Nations documentation is contained in a booklet entitled United Nations Documentation: A Brief Guide for Official Recipients (ST/LIB/34).

15. The UNDEX Subject Index is available through official distribution and for sale by subscription. Subscriptions may be placed with a sales agent of United Nations publications. Orders and inquiries from countries without a sales agent may be addressed to United Nations Publications, room LX-2300, New York, N.Y. 10017, USA, or to United Nations Publications, Palais des Nations, 1211 Geneva 10, Switzerland.

16. The text of the documents to which reference is made in this index is preserved in the documentary collections of the Dag Hammarskjöld Library at United Nations Headquarters in the original paper form and on microfiche.

Users may consult the documents in room L-260 (telephone extension 7412). Reference staff is on duty to assist users in locating the information needed. Photocopies of documents and copies of microfiches, or photographic enlargements of portions of the text which they contain, can be made available, on request, upon payment of a fee.

17. Documents and publications are available throughout the world in a special network of depository libraries established by the United Nations. The principles and policies governing the depository libraries system are contained in document ST/LIB/13/Rev.2. A list of the depository libraries and information centres receiving United Nations material is contained in document ST/LIB/12/Rev.5 and Add.1 and 2.

18. Comments or suggestions concerning this index will be greatly appreciated. They should be addressed to the Director, Dag Hammarskjöld Library, United Nations, New York, N.Y. 10017, USA.
