1. This index contains references to the subject matter of documents and publications issued by the United Nations for which analytical annotations have been stored in computer-based files. Each issue covers material received for analysis in the period consisting of the first three weeks of the month indicated on the cover and the last part of the preceding month, with the exception of the September issue, which covers material received from the last part of June through the first part of September. The index is not issued in July and August.

2. The information provided is that considered sufficient to locate documents on a specific subject. It has been selected, extracted and compiled mechanically in four languages (English, French, Russian and Spanish) from annotations prepared in English only and stored in a computer together with quadrilingual lists of terms used in the preparation of the annotations.

3. The information stored in computer-based files consists of:

(k) Information on membership of organs and subsidiary organs;

(l) References to action taken on texts, such as discussion of documents in meetings; adoption of draft resolutions; results of voting; amendments submitted etc.;

5. No analytical information has been stored in computer-based files with respect to the following:

(a) Mimeographed documentation of the regional economic commissions, UNCTAD, UNIDO, UNICEF, UNDP, UNITAR or UNHCR. (Some regional economic commissions, UNCTAD, UNIDO and UNICEF publish their own indexes.)

(b) Documentation of the Main Committees of the General Assembly and of *ad hoc* committees and other subsidiary bodies, the reports of which appear either in the series of the parent organs or in printed form as sales publications. However, references to these documents contained in documents issued in the series analysed for storage are included in the computer-based files. Also, all documentation issued in connexion with the proceedings of the General Assembly and the three Councils is indexed comprehensively in the *Index to Proceedings series*.

(c) Volumes of the United Nations *Treaty Series*. Chronological, subject and country indexes to the contents of the *Treaty Series* are prepared by conventional methods and published in English and French. (Computerization of the treaty registration files is under consideration in the Office of Legal Affairs, pursuant to a decision of the General Assembly.)

6. Each page of the *UNDEX Subject Index* contains entries displayed in three columns across the page, each entry consisting of three interrelated components:

Subject statement, a short sentence describing the specific subject on which information is to be found in a document;

A code word, describing the type of document in which the information is contained;

Document symbol, indicating the series and number of the document.

7. The subject statement appears in the first column and consists of a group of words separated by punctuation marks. Some of the words are in capital letters, others in lower case. The leading words in capital letters describe the main theme of the item covered by the entry. The words in lower case describe more detailed aspects. Each component can be used, in whole or in part, to retrieve additional information. An effort has been made to preserve, as much as possible, the terminology used in the document from which the information has been transcribed.

8. The code word describing the type of document in which the information is to be found appears in the second column. It consists of one of the following terms:

BIBLIOGRAPHIES  
CHARTERS  
CONFERENCE PROCEEDINGS  
DECISIONS  
DICTIONARIES  
DIRECTORIES  
DRAFT RESOLUTIONS  
HANDBOOKS  
MAPS  
MEETING RECORDS  
MISC (Miscellaneous) DOCUMENTS  
PER (Periodical) ARTICLES  
PERIODICALS  
REPORTS  
RESOLUTIONS  
THESES  
TREATIES: BILAT (Bilateral)  
TREATIES: MULT (Multilateral)  
VOTING  
YEARBOOKS

9. The document symbol appears in the third column and consists of two or more elements separated by oblique strokes. The leading element indicates the organ; the following ones the subsidiary organ and/or the nature of the document, the distribution category, successive modifications to the original text, as appropriate (e.g., S/10868; E/RES/1639; A/AC.121/L.15/Add.3). Additional information on symbols is contained in *List of United Nations Document Series Symbols (ST/LIB/SER.B/5/Rev.2)*.

10. Ditto marks indicate that parts of an entry are the same as those appearing in the same position in the preceding entry.

11. The bibliographical description of the documents to which reference is made in this index is contained in *UNDEX List of Documents Issued (ST/LIB/SER.I/C.-)*.

12. The full text of the documents to which reference is made in this index is preserved in the documentary collections of the United Nations Headquarters Library in the original hard copy and on microfiche. Staff of permanent missions and delegations and of the Secretariat and other qualified users may consult the documents in room L-260 (telephone extension 2501). Reference staff is on duty to assist users in locating the information

needed. Copies of microfiches, or photographic enlargements of portions of the text which they contain, can be made available, on request, upon payment of a fee.

13. Additional information on the products and services available from the United Nations Documentation Information System (UNDIS) is contained in a booklet *UNDIS: A Handbook of Products and Services* (ST/LIB/33). Further information on UNDIS may be obtained from the Chief of the Documentation Services Division (room L-327, telephone extension 2096).
