ANNEX

Proposal by the Governments of the Nordic countries for a revision
of article 20, paragraph 1, of the Convention on the Elimination
of All Forms of Discrimination against Women

The Nordic Governments propose, in accordance with article 26 of the Convention on the Elimination of All Forms of Discrimination against Women, that the States parties to the Convention decide on the procedure for considering the amendment sought to article 20, paragraph 1, of the Convention, including by stipulating the conditions necessary for the adoption of an amendment and for its entry into force. This decision could be taken on the basis that:

(a) If an amendment is adopted by the majority of States parties present and voting at the meeting, it shall be submitted to the General Assembly for approval, and that, if so adopted, the amendment shall enter into force when it has been approved by the General Assembly and accepted by two thirds of the States parties;

(b) When an amendment enters into force, it shall be binding on those States parties which have accepted it as well as on those States parties which ratify or accede to the Convention as amended after the date of the entry into force of the amendment, other States parties still being bound by the provisions of the Convention.
