I. INTRODUCTION

1. By its resolution 743 (1992) of 21 February 1992, the Security Council decided to establish the United Nations Protection Force (UNPROFOR) in Yugoslavia 1/ for an initial period of 12 months to maintain the cease-fire agreed to by the three Yugoslav parties (the President of the Republic of Serbia, the President of the Republic of Croatia and the Secretary of State for National Defence of the former Socialist Federal Republic of Yugoslavia) at Geneva on 23 November 1991 and to create the conditions of peace and security required for the negotiation of an overall settlement of the Yugoslav crisis.
2. The mandate and strength of UNPROFOR were subsequently enlarged by the following Security Council resolutions: (a) 758 (1992) of 8 June 1992, 761 (1992) of 29 June 1992 and 764 (1992) of 13 July 1992 - reopening of Sarajevo airport; (b) 762 (1992) of 30 June 1992 - monitoring of the "pink zones"; (c) 769 (1992) of 7 August 1992 - border control in the United Nations protected areas; (d) 776 (1992) of 14 September 1992 - protection of humanitarian relief convoys in Bosnia and Herzegovina; (e) 779 (1992) of 6 October 1992 - demilitarization of the Prevlaka peninsula and removal of heavy weapons from Croatia and Montenegro; and (f) 781 (1992) of 9 October 1992 and 786 (1992) of 10 November 1992 - monitoring compliance with the ban on military flights in the airspace of Bosnia and Herzegovina.
3. The General Assembly, by its resolution 46/233 of 19 March 1992, appropriated an amount of \$251,500,000 gross (\$250 million net) for the period from inception, including pre-implementation activities, through 14 October 1992. On 22 December 1992, the Assembly, by its resolution 47/210, appropriated a supplemental amount of \$10 million authorized with the concurrence of the Advisory Committee on Administrative and Budgetary Questions under the terms of Assembly resolution 46/187 of 20 December 1991, for the period ending 14 October 1992. In addition, an amount of \$290,049,500 gross (\$288,313,900 net) was appropriated by the Assembly for the operation of the Force for the period from 15 October 1992 to 20 February 1993, inclusive.
4. Also by resolution 47/210, the General Assembly authorized the Secretary-General to enter into commitments for the operation of UNPROFOR, should the Security Council decide to continue the Force beyond 20 February 1993, at a rate not to exceed \$47,064,525 gross (\$46,492,334 net) per month for the period from 21 February to 20 September 1993. This authorization was subject to obtaining the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions as to the actual level of commitments to be entered into.
5. The appropriations and commitment authorization approved by the General Assembly in its resolutions 46/233 and 47/210 provided for the full financing of all the enlargements of UNPROFOR listed in paragraph 2 above, with the exception of the expansion in Bosnia and Herzegovina authorized by Security Council resolution 776 (1992) in connection with the protection of humanitarian relief convoys. This enlargement of the Mission was originally to have been at no cost to the United Nations. It was assumed that all resources, such as military personnel, equipment and logistic support, would be provided by the troop-contributing Governments. It was also assumed that the contributing countries,

/...

or other Member States on a voluntary basis, would cover the additional United Nations administrative expenses associated with that enlargement.

6. The Secretary-General, in his further report to the Security Council dated 24 November 1992, 2/ indicated that the Member States which had agreed to contribute military personnel, equipment and logistic support at no cost to the United Nations had been unwilling to accept the common costs related to the military observers and United Nations civilian personnel. He also stated his intention to request the General Assembly to approve financing of the cost for the military observers and civilian staff. This request was made to the Assembly in order to avoid further delay in the deployment of military observers and civilian personnel. Provision for these items was included in the submission to the regular session of the Assembly in connection with the financing of UNPROFOR. No provision was made for troop cost reimbursement to Governments.

II. ENLARGEMENTS OF THE MANDATE OF THE UNITED NATIONS PROTECTION FORCE

A. Deployment in the former Yugoslav Republic of Macedonia (FYROM)

1. Action by the Security Council

7. Subsequent to the submission of the Secretary-General's report on the financing of UNPROFOR dated 2 December 1992 to the General Assembly at its forty-seventh session (A/47/741), a further report of the Secretary-General to the Security Council was issued on 9 December 1992. 3/ In paragraph 3 of that report it was recommended that a small UNPROFOR presence be established on the FYROM side of that republic's borders with Albania and the Federal Republic of Yugoslavia (Serbia and Montenegro) with an essentially preventive mandate of monitoring and reporting any developments in the border areas which could undermine confidence and stability in FYROM or threaten its territory. The timing for the deployment of UNPROFOR in FYROM was estimated at no later than one, or at the most two, months after the elections of 20 December 1992 in Yugoslavia.

8. By its resolution 795 (1992) of 11 December 1992, the Security Council authorized the Secretary-General to establish a presence of UNPROFOR in the former Yugoslav Republic of Macedonia and so to inform the authorities of Albania and those of the Federal Republic of Yugoslavia (Serbia and Montenegro).

9. By the same resolution, the Security Council requested the Secretary-General to deploy immediately the military, civil affairs and administrative personnel recommended in his report, 3/ and that he deploy the police monitors immediately upon receiving the consent of the Government in the former Yugoslav Republic of Macedonia to do so.

2. Operational plan

10. The operational plan called for the border area south of Debar to be covered by United Nations military observers, with a small headquarters in that region. A small number of military observers would also be deployed in the northern border areas and attached to the headquarters in Skopje. The total requirement for military observers was set at 35.

11. In addition, the monitoring of the western and northern border areas would be achieved by the deployment of a battalion of up to 700 persons with sufficient command, control and support elements. The three rifle companies of this battalion would be deployed on the former Yugoslav Republic of Macedonia side of the border between Debar and the Bulgarian border.

12. On the basis of an assessment of the organization of the local police and of the situation on the northern and western borders of the former Yugoslav Republic of Macedonia, it is considered that the mandate of the United Nations civilian police would essentially be to monitor the work of the local border police. On the western border, the United Nations presence would assist in calming any inter-ethnic tensions arising from perceptions that the police of the former Yugoslav Republic of Macedonia had harassed or abused Albanians, mainly in the context of illegal border crossings.

13. Twenty-six civilian police monitors would be required, of whom 13 would monitor the northern border and 13 the western border.

3. Financing of the enlargement of UNPROFOR in the former Yugoslav Republic of Macedonia

14. It was stated in paragraph 6 of the Secretary-General's report of 9 December 1992 3/ that the emplacement and start-up costs of this deployment would be met initially from the resources made available for UNPROFOR by the General Assembly at its forty-seventh session. It was also indicated that, should additional resources be required, recourse would be made to the Advisory Committee on Administrative and Budgetary Questions and to the General Assembly, as appropriate. The present report incorporates these requirements, which are referred to in paragraphs 38, 40 and 42.

B. Deployment of military observers in safe areas of Bosnia and Herzegovina

15. By its resolution 819 (1993) of 16 April 1993, the Security Council decided, inter alia, to send, as soon as possible, a mission of members of the Council to the Republic of Bosnia and Herzegovina to ascertain the situation and report thereon to the Security Council. In a report transmitted by a letter dated 30 April 1993 from the members of the Security Council Mission to the President of the Security Council, 4/ it was stated that the designation of certain towns/enclaves as Security Council safe areas deserved serious consideration as an act of Security Council preventive diplomacy. It was further stated that in any resolution to give effect to such designation, it should be clearly and emphatically recorded that the establishment of Security

/...

Council safe areas in no way undermined the proposed settlement details of the Vance-Owen plan. It was not an attempt to create new and different internal boundaries within Bosnia.

16. The Security Council, by its resolution 824 (1993) of 6 May 1993, declared that the capital city of the Republic of Bosnia and Herzegovina, Sarajevo, and other such threatened areas, in particular the towns of Tuzla, Zepa, Gorazde, Bihac as well as Srebrenica, and their surroundings should be treated as safe areas by all the parties concerned and should be free from armed attacks and from any other hostile act.

17. By the same resolution, the Security Council authorized the deployment of 50 military observers to monitor the humanitarian situation in the safe areas referred to in paragraph 16.

III. STATUS OF ASSESSED CONTRIBUTIONS

18. As at 24 May 1993 assessments totalling \$716,754,979 had been apportioned among Member States in respect of UNPROFOR for the period from 12 January 1992 to 30 June 1993. Contributions received for the same period amounted to \$469,435,688, representing a shortfall of \$247,319,291. The details are contained in table 1 below:

IV. VOLUNTARY CONTRIBUTIONS

A. Contributions to the United Nations Protection Force

19. In paragraph 10 of resolution 47/210, the General Assembly invited Member States to make voluntary contributions to UNPROFOR both in cash and in the form of services and supplies acceptable to the Secretary-General. For the period ending 31 March 1993, voluntary contributions received by UNPROFOR consisted of: (a) a cash contribution of SwF 10,000 (equivalent to \$7,081) from the Government of the Principality of Liechtenstein; (b) the loan of 15 armoured personnel carriers, with full equipment, from the Government of Italy; and (c) the donation of two armoured personnel carriers from the Government of Switzerland.

B. Trust Fund for the Common Costs of the Bosnia and Herzegovina Command

20. In addition to troops provided by the Governments referred to in paragraph 47 below, the Security Council, in paragraph 3 of its resolution 776 (1992) of 14 September 1992, urged Member States, nationally or through regional agencies or arrangements, to provide the Secretary-General with such financial or other assistance as he deemed appropriate to assist in the performance of the functions outlined in his report of 10 September 1992. 5/ These contributions would cover the additional United Nations administrative expenses associated with this enlargement of the mission to provide protection to humanitarian relief convoys in Bosnia and Herzegovina. A trust fund was established for this purpose in December 1992. Total contributions received as at 24 May 1993 amounted to \$4,024,261. Expenditures through 30 April 1993 amounted to \$3,735,900. A breakdown of expenditures by component is shown in table 2 below:

V. FINANCIAL ADMINISTRATION

A. Financial period

21. Paragraph 15 of the report of the Secretary-General of 6 March 1992 on the financing of UNPROFOR (A/46/236/Add.1), states, inter alia: "The financial accounts will be kept in accordance with the approved mandate period. Should the mandate of UNPROFOR be extended by the Security Council, appropriate additional accounting arrangements may be proposed to the General Assembly."

22. In the interest of administrative efficiency, the Secretary-General proposes that the General Assembly decide that the special financial period of UNPROFOR be for a period of 12 calendar months, that is, from 1 July of one year and ending 30 June of the next, effective 1 July 1993, subject to the continuation of UNPROFOR by the Security Council.

B. Application of article IV of Financial Regulations of the United Nations

23. In its resolution 45/265 of 17 May 1991, the General Assembly approved, in the case of the United Nations Transition Assistance Group (UNTAG), special arrangements with regard to the application of regulations 4.3 and 4.4 of article IV of the Financial Regulations of the United Nations. In that resolution, the Assembly extended to UNTAG the special arrangements that had been accorded to the United Nations Emergency Force and the United Nations Disengagement Observer Force (UNEF/UNDOF) in Assembly resolution 33/13 F of 14 December 1978, to the United Nations Interim Force in Lebanon (UNIFIL) in Assembly resolution 34/9 C of 17 December 1979 and to the United Nations Iran-Iraq Military Observer Group (UNIIMOG) in Assembly resolution 45/245 of 21 December 1990. In a report to the General Assembly at its thirty-third session on UNEF/UNDOF (A/C.5/33/45), the Secretary-General had indicated, inter alia, that the amounts owed to troop-contributing Governments could not be paid in the time-frame envisaged under financial regulation 4.3. That situation continues to be experienced in peace-keeping operations and, in the case of UNPROFOR, is of particular relevance to amounts relating to travel of military observers, contingent personnel and civilian police monitors, reimbursement of standard troop costs, death and disability compensation and reimbursement of contingent-owned equipment. The accounts of UNPROFOR are currently maintained for the mandate periods for which separate appropriations have been provided.

24. Under the approved special arrangements, appropriations required in respect of obligations owed to Governments providing contingents and/or logistic support to the mission shall be retained beyond the period stipulated under financial regulations 4.3 and 4.4, as follows:

(a) At the end of the 12-month period provided in regulation 4.3, any unliquidated obligations of the financial period in question relating to goods supplied and services rendered by Governments for which claims have been received or which are covered by established reimbursement rates shall be transferred to accounts payable; such accounts payable shall remain recorded in the special account until payment is effected;

/...

- (b) (i) Any other unliquidated obligations of the financial period in question owed to Governments for goods supplied and services rendered, as well as other obligations owed to Governments, for which required claims have not yet been received shall remain valid for an additional period of four years following the end of the 12-month period provided for in regulation 4.3;
- (ii) Claims received during this four-year period shall be treated as provided under (a) above, if appropriate;
- (iii) At the end of the additional four-year period any unliquidated obligations shall be cancelled and the then remaining balance of any appropriations retained therefor shall be surrendered.

25. It is proposed that the standing decision, as contained in the annex to General Assembly resolution 45/265 and restated in paragraph 23 above, be extended and applied to UNPROFOR.

VI. FINANCING OF THE UNITED NATIONS PROTECTION FORCE FOR THE PERIOD FROM 21 FEBRUARY TO 31 MARCH 1993

26. In a report to the Security Council dated 10 February 1993, 6/ the Secretary-General recommended that UNPROFOR be extended for an interim period through 31 March 1993. By its resolution 807 (1993) of 19 February 1993, the Council decided to extend UNPROFOR's mandate for an interim period terminating on 31 March 1993.

27. In accordance with paragraph 7 of General Assembly resolution 47/210 of 22 December 1992, the concurrence of the Advisory Committee on Administrative and Budgetary Questions was sought to enter into commitments for UNPROFOR for the period from 21 February to 31 March 1993. In a letter dated 10 March 1993 from the Controller to the Chairman of the Advisory Committee, it was indicated that the cost of maintaining UNPROFOR for the period from 21 February to 31 March 1993 was estimated at \$61,184,000 gross (\$60,440,000 net), which was the equivalent of the full commitment authorization for a period of 1.3 months. The Committee was also informed that there was an unencumbered balance of \$33,424,100 gross (\$33,170,700 net) from appropriations for the period from 12 January 1992 to 20 February 1993.

28. In light of the above, the concurrence of the Advisory Committee was sought in the amount of \$27,759,900 gross (\$27,269,300 net) for the period from 21 February to 31 March 1993, these amounts being the difference between the estimated requirements for the extension period ending 31 March 1993, of \$61,184,000 gross (\$60,440,000 net) and the unencumbered balance of appropriations for the periods ending 20 February 1993 of \$33,424,100 gross (\$33,170,700 net).

29. The concurrence of the Advisory Committee was also sought to extend the duration of the first financial period of UNPROFOR by 39 days up to and including 31 March 1993 and to consolidate and administer the resources provided to UNPROFOR for the period from inception on 12 January 1992 to 31 March 1993, inclusive, as a whole.

/...

30. In a letter dated 17 March 1993, the Chairman of the Advisory Committee informed the Secretary-General that the Committee concurred in the request to enter into commitments in the amount of \$27,759,900 gross (\$27,269,300 net) for the period from 21 February to 31 March 1993 and that the resources provided to UNPROFOR for the period from 12 January 1992 to 31 March 1993, inclusive, be consolidated and accounted for in a detailed performance report to be included in the next report of the Secretary-General to the General Assembly on the financing of the Force.

VII. FINANCIAL PERFORMANCE REPORT FOR THE PERIOD
FROM 12 JANUARY 1992 TO 31 MARCH 1993

31. Annex I to the present report sets out by budget line item the revised apportionment for UNPROFOR for the period from 12 January 1992 to 31 March 1993, as well as the estimated expenditures for that period. It will be noted that expenditures total \$579,309,400 gross (\$575,583,200 net) in respect of this period. Supplementary information in respect of the expenditures is contained in annex II. Information on the configuration of the operation according to organizational unit and geographical location, indicating number of civilian staff, military personnel, police monitors, vehicles and major equipment at mission headquarters, liaison offices and sector offices as at 30 April 1993, is set out in annex III.

VIII. COST ESTIMATE OF THE UNITED NATIONS PROTECTION FORCE
FOR THE PERIOD FROM 1 APRIL TO 30 JUNE 1993

32. The Secretary-General, in a further report to the Council dated 25 March 1993, 7/ recommended that UNPROFOR's mandate be extended for a further interim period of three months through 30 June 1993.

33. In making this recommendation, the Secretary-General stated that there was a danger in peace-keeping operations that troop-contributing Governments might find it difficult to respect fully the principle that the troops provided by them operate under the command and control of the United Nations. This danger is more likely when the Governments concerned perceive the conflict in question to be one which affects their national interest. The Security Council had already been informed in the Secretary-General's report of 24 November 1992 2/ that the special financial arrangements for UNPROFOR's Bosnia and Herzegovina Command (BHC) had created a number of problems of this nature. Furthermore, the Member States which had agreed to contribute military personnel, equipment and logistic support for BHC at no cost to the United Nations had been unwilling to accept that the common costs of BHC, which they had agreed to finance, should include the costs of the military observers and United Nations civilian personnel. In the same report the Secretary-General also recommended that as of 1 April 1993 all activities of UNPROFOR be incorporated in the United Nations budget for the period of three months.

34. The Security Council, by its resolution 815 (1993) of 30 March 1993, decided to extend UNPROFOR's mandate for an additional interim period terminating on 30 June 1993.

35. In order to provide for the enlargements authorized by Security Council resolutions 815 (1993) - renewal of the mandate through 30 June 1993 and incorporation of all activities in the UNPROFOR budget, and 795 (1992) - deployment in the former Yugoslav Republic of Macedonia, the concurrence of the Advisory Committee on Administrative and Budgetary Questions was requested on 5 April 1993 to enter into commitments for the maintenance of UNPROFOR for the period from 1 April to 30 June 1993 in a total amount of \$161,193,575 gross (\$159,477,002 net) consisting of the following:

(a) The amount of \$141,193,575 gross (\$139,477,002 net) for the period from 1 April to 30 June 1993, authorized in accordance with General Assembly resolution 47/210;

(b) The amount of \$10 million in accordance with the terms of paragraph 1 of General Assembly resolution 46/187 of 21 December 1991 on unforeseen and extraordinary expenses, in connection with the protection of humanitarian relief convoys in Bosnia and Herzegovina authorized by Security Council resolutions 776 (1992) and 815 (1993);

(c) The amount of \$10 million in accordance with the terms of paragraph 1 of General Assembly resolution 46/187 of 21 December 1991 on unforeseen and extraordinary expenses, in connection with UNPROFOR's operation in the former Yugoslav Republic of Macedonia authorized by Security Council resolutions 795 (1992) and 815 (1993).

36. This amount did not include the additional start-up costs required for the operations in the former Yugoslav Republic of Macedonia and for the protection of humanitarian relief convoys in Bosnia and Herzegovina.

37. The concurrence of the Advisory Committee to enter into total commitments in a reduced amount of \$151,193,575 gross (\$149,477,002 net), was contained in the Chairman's letter dated 14 April 1993 to the Secretary-General. This total amount consisted of the following:

(a) The amount of \$141,193,575 gross (\$139,477,002 net) in accordance with General Assembly resolution 47/210;

(b) An amount of \$10 million in accordance with the terms of paragraph 1 of General Assembly resolution 46/187 of 20 December 1991 on unforeseen and extraordinary expenses for the biennium 1992-1993, resulting from the decisions of the Security Council in resolutions 776 (1992), 795 (1992) and 815 (1993).

38. The estimated cost of maintaining UNPROFOR for the three-month period from 1 April to 30 June 1993 is projected at \$227,584,900 gross (\$226,132,800 net). This estimated cost provides only for recurring costs and does not include any of the non-recurring costs for additional start-up items required in connection with the expansions in the former Yugoslav Republic of Macedonia and Bosnia and Herzegovina.

39. A summary of the cost estimate for this period is presented in annex IV (column (2)) and supplementary information thereon is presented in annex V.

/...

IX. COST ESTIMATE OF THE ADDITIONAL START-UP REQUIREMENTS
FOR THE EXPANDED OPERATIONS IN THE FORMER YUGOSLAV
REPUBLIC OF MACEDONIA AND BOSNIA AND HERZEGOVINA

40. The additional start-up requirements in connection with the expanded operations of UNPROFOR in the former Yugoslav Republic of Macedonia and Bosnia and Herzegovina cover the renovation of premises, acquisition of prefabricated accommodation, transport operations, communications equipment and other equipment and are estimated at \$79,137,400. A summary of the estimated costs is presented in annex IV (column (3)) and supplementary information thereon is contained in annex VI.

41. These items could not have been purchased during the interim extension period from 1 April to 30 June 1993 owing to the insufficiency of the amount concurred in by the Advisory Committee on Administrative and Budgetary Questions, based on the authorization contained in General Assembly resolutions 46/187 and 47/210. The operational requirements alone for this period amounted to some \$227.6 million, owing to the need to incorporate the troops, cost of utilities and commercial communications, etc., associated with the two expansions referred to above. Consequently, the acquisition of the start-up items was postponed pending the approval of additional resources.

X. COST ESTIMATE OF THE UNITED NATIONS PROTECTION FORCE
FOR THE PERIOD FROM 1 JULY 1993 TO 30 JUNE 1994

42. The estimated monthly cost of maintaining UNPROFOR for the 12-month period from 1 July 1993 to 30 June 1994 is \$77,065,450 gross (\$76,484,725 net). This estimated cost provides only for recurring costs and does not include any of the non-recurring costs for start-up items required in connection with the expansions in the former Yugoslav Republic of Macedonia and Bosnia and Herzegovina.

43. A summary of the cost estimate for this period is presented in annex IV (column (4)) and supplementary information thereon is presented in annex VII.

44. The current mandate period of UNPROFOR will expire on 30 June 1993. Accordingly, the Secretary-General requests that the General Assembly, at the current session, make appropriate provision for UNPROFOR expenses for further periods beyond 30 June 1993, should the Security Council decide to extend the mandate.

45. Based on recent experience as a result of the decisions of the Security Council, the extensions and enlargements of mandates are sometimes decided upon without an existing financial authorization from the General Assembly. In order to provide financial authorization prior to the reconvening of the Assembly in the event the requirements for the extensions and/or enlargements exceed the provisions of Assembly resolution 46/187 on unforeseen and extraordinary expenses for the biennium 1992-1993, it is prudent that continuing authorization should exist for peace-keeping operations.

XI. STATUS OF REIMBURSEMENT TO TROOP-CONTRIBUTING STATES

46. Since March 1992 troops were provided to UNPROFOR by the Governments of Argentina, Belgium, Canada, the Czech Republic, Denmark, Egypt, Finland, France, Jordan, Kenya, Luxembourg, Nepal, the Netherlands, Nigeria, Norway, Poland, the Russian Federation, Sweden, Ukraine and the United Kingdom of Great Britain and Northern Ireland.

47. Prior to 1 April 1993, troops deployed in Bosnia and Herzegovina in connection with the protection of humanitarian relief convoys were provided at no cost to the United Nations in accordance with Security Council resolution 776 (1992) of 14 September 1992. During the period from October 1992 to 31 March 1993, troops were provided on a non-reimbursement basis by the Governments of Belgium, Canada, Denmark, France, the Netherlands, Norway, Portugal, Spain, the United Kingdom and the United States of America.

48. As a result of delays in payment of assessed contributions by some Member States, UNPROFOR has been unable to meet its obligations on a current basis to troop-contributing countries in accordance with the rates established by the General Assembly.

49. The estimated amounts due to troop-contributing Governments through 30 April 1993 for troop costs based on the standard rates of reimbursement set by the General Assembly are as follows:

	<u>Thousands of United States dollars rounded</u>
(a) Pay and allowance	106 922
(b) Allowance for specialists	4 114
(c) Usage factor for personal clothing, gear and equipment	<u>7 721</u>
Total	118 757

XII. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY AT ITS FORTY-SEVENTH SESSION

50. The action to be taken by the General Assembly at its forty-seventh session in connection with the financing of UNPROFOR is as follows:

(a) A decision to extend the first financial period by 39 days up to and including 31 March 1993 and to consolidate and administer the resources provided to UNPROFOR for the period from inception on 12 January 1992 to 31 March 1993, inclusive;

(b) The appropriation of the amount of \$27,759,900 gross (\$27,269,300 net) authorized with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions under the terms of paragraph 7 of General Assembly resolution 47/210 of 22 December 1992, for the maintenance of UNPROFOR for the period from 21 February to 31 March 1993;

/...

(c) The appropriation of the amount of \$227,584,900 gross (\$226,132,800 net), inclusive of the amount of \$141,193,575 gross (\$139,477,002 net) authorized with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions under the terms of paragraph 7 of General Assembly resolution 47/210, and the amount of \$10 million authorized by the Advisory Committee under the terms of paragraph 1 of Assembly resolution 46/187 of 20 December 1991, for the maintenance of UNPROFOR for the period from 1 April to 30 June 1993;

(d) The appropriation and apportionment of an amount of \$79,137,400 to meet the additional start-up requirements owing to the enlargements of the mission in the former Yugoslav Republic of Macedonia and Bosnia and Herzegovina;

(e) With regard to the period after 30 June 1993, provision by means of appropriation, and/or commitment authorization, of such additional amounts as appropriate, should the Security Council decide to continue UNPROFOR beyond that date;

(f) A decision to establish the special financial period of UNPROFOR for a period of 12 calendar months, that is, from 1 July of one year and ending on 30 June of the next, effective from 1 July 1993, subject to the continuation of UNPROFOR by the Security Council;

(g) A decision that the special arrangements as regards article IV of the Financial Regulations, as detailed in paragraph 23 above, be applied to UNPROFOR.

ANNEX II

United Nations Protection Force

Financial performance report for the period from 12 January 1992
to 31 March 1993: supplementary information

Savings
(overruns)
United States
dollars

1. Military personnel costs

(a) Military observers 754 900

1. Savings totalling \$754,900 for mission subsistence allowance (\$583,400) and travel (\$171,500) are due to the fact that the number of military observers in the mission area was less than the number of observers budgeted for.

(b) Military liaison officers -

2. No change.

(c) Contingent personnel 3 513 800

3. Savings totalling \$6,017,800 for troop reimbursement (\$3,821,000), rations (\$1,936,100) and daily allowance (\$260,700) were partially offset by additional requirements totalling \$2,504,000 for clothing and equipment allowance (\$661,800), welfare (\$283,200), mission subsistence allowance (\$23,700) and travel (\$1,535,300).

4. Savings for troop reimbursement resulted from the difference in the actual number of troop months served and the estimated number of troop months. Accurate reporting on the number of contingent personnel deployed and dates of arrival and departure only became available in March 1993.

5. The cost estimate for clothing and equipment allowance was based on the assumption that one third of the contingent personnel would be provided with winter clothing by UNPROFOR and that the cost of this clothing would be recovered from the clothing and equipment allowance paid to troop-contributing Governments. Information on clothing provided to contingents has only recently been transmitted to Headquarters and is in the process of being analysed. Appropriate deductions will be made from future payments to troop-contributing Governments and revised expenditures will be included in future reporting.

/...

- (d) Other costs pertaining to contingents -
6. No change.
2. Civilian personnel costs
- (a) Civilian police monitors 977 100
7. Savings totalling \$986,100 for mission subsistence allowance were partially offset by additional requirements for travel (\$9,000). Savings under this heading are due to the fact that the civilian police strength was less than the estimated strength.
- (b) Civilian staff costs (180 600)
8. Additional requirements totalling \$605,500 for travel to and from the mission area (\$479,500) and other travel (\$126,000) were partially offset by savings totalling \$424,900 for local staff salaries (\$117,300) and mission subsistence allowance (\$307,600).
3. Premises/accommodation 3 391 000
9. Savings totalling \$4,316,400 for rental of premises (\$104,600), maintenance services (\$152,900), utilities (\$404,900) and prefabricated buildings (\$3,654,000) were partially offset by additional requirements totalling \$925,400 for renovation of premises (\$617,000) and maintenance supplies (\$308,400).
10. It is not possible to determine ownership of property in a number of "conflict cases". In such circumstances UNPROFOR is only paying for utilities and not for rent, pending clarification of ownership.
11. Costs for some maintenance services were included under contracts entered into for the renovation and alteration of premises, thus resulting in savings under this heading.
12. Delays in the procurement and installation of generators resulted in savings for utilities.
13. Plans for the acquisition of additional prefabricated units and construction projects were postponed by the Mission due to the uncertainty of the renewal of the mandate.
4. Air operations 147 000
14. Savings totalling \$926,700 for air crew subsistence allowance (\$848,500) and ground handling (\$78,200) were partially offset by additional requirements totalling \$779,700 for hire/charter costs (\$507,400), aviation fuel (\$198,300) and insurance (\$74,000).

/...

15. Changes in the number of aircraft and configuration of the air fleet resulted in savings and overruns on various items from the estimated costs.

5. Transport operations (4 316 200)

16. Additional requirements totalling \$4,324,800 for purchase of vehicles (\$784,000), rental of vehicles (\$163,700), spare parts, repairs and maintenance (\$884,700), petrol, oil and lubricants (\$2,345,400) and insurance (\$147,000) were partially offset by savings for workshop equipment (\$8,600).

17. Additional costs were incurred for the replacement of damaged or destroyed vehicles. Similarly, additional vehicles had to be rented as temporary replacements for these vehicles.

6. Communications (2 546 900)

18. Additional requirements totalling \$3,474,700 for communications equipment (\$2,148,000), workshop and test equipment (\$1,121,300) and communication spare parts and supplies (\$225,400) were partially offset by savings for commercial communications (\$947,800).

7. Other equipment (2 779 600)

19. Additional requirements totalling \$3,116,300 for spare parts, repairs and maintenance (\$1,447,500), office furniture (\$12,800), data-processing equipment (\$460,100), medical and dental equipment (\$59,600), generators (\$476,000), observation equipment (\$222,000), public information equipment (\$4,700), field defence equipment (\$51,600), fuel and water tanks (\$251,400) and other equipment (\$130,600) were partially offset by savings totalling \$336,700 for office equipment (\$105,700) and accommodation equipment (\$231,000).

8. Supplies and services 1 202 000

20. Savings totalling \$1,566,300 for hospitality (\$2,900), contractual services (\$1,347,600) and miscellaneous supplies (\$215,800) were partially offset by additional requirements totalling \$364,300 for public information supplies and services (\$1,300), miscellaneous services (\$88,200), uniforms and clothing (\$266,100) and field defence stores (\$8,700).

21. Savings under contractual services resulted from delays in the engagement of international contractual personnel.

9. Freight (162 500)

22. Additional requirements under this heading amounted to \$162,500.

ANNEX V

Cost estimate of the United Nations Protection Force
for the period from 1 April to 30 June 1993:
supplementary information

I. COST PARAMETERS

1. These estimates were calculated, where applicable, on the basis of the cost parameters indicated below.

1. Mission subsistence allowance

2. Mission subsistence allowance will be paid to all military observers, civilian police monitors and United Nations international civilian staff at the following rates: (a) \$150 per person per day for the first 30 days; (b) \$120 per person per day thereafter in Bosnia and Herzegovina and (c) \$110 per person per day thereafter in all other locations.

2. Travel

3. The cost of travel to and from the mission area of military observers, civilian police monitors and international civilian staff by commercial means has been calculated at an average cost of \$1,700 per person one-way or \$3,400 round-trip.

4. The cost of rotation travel every six months for the infantry and support personnel by group arrangements is estimated at an average cost of \$500 per person for travel within Europe and at \$1,000 per person for travel outside of Europe. It is estimated that 70 per cent of the travel will be within Europe and 30 per cent outside Europe.

5. The travel of international contractual personnel to and from the mission area will be borne by the contractor.

3. Military personnel costs

6. The cost estimate provides for a total of 23,224 military personnel, throughout the reporting period, consisting of 400 military observers, 17,842 infantry personnel, and 4,982 logistic and support personnel. These totals reflect the average strength for the current period. In addition, provision is included for 28 military observers to be deployed in mid-June in connection with Security Council resolution 824 (1993) of 6 May 1993.

4. Civilian police costs

7. The cost estimates are based on a total of 630 civilian police monitors, which is the average strength for the current mandate period.

/...

5. Civilian staff costs

8. The cost estimate is based on a total of 510 international civilian staff (224 Professional and above, 88 Field Service, 14 Senior General Service and 184 General Service) and 859 local staff as indicated in annex IX.

9. Salaries of internationally recruited staff are estimated using New York standard cost rates for staff in the Professional category and above and for 50 per cent of the staff in the General Service category. A weighted average of salaries at duty stations other than New York has been used for the remaining 50 per cent of staff in the General Service category. Field Operations standard cost rates have been used for staff in the Field Service category. Additionally, Professional staff salaries have been adjusted to take into account non-entitlement to post adjustment for 15 per cent of the staff in the Professional category who are classified as mission appointees. The salaries of locally recruited staff are also estimated at net cost and are based on local salary scales applicable to the mission area. The detailed cost breakdown is contained in annex X.

10. The costs for international civilian staff include a 40 per cent vacancy factor and those for local staff include a 25 per cent vacancy factor.

6. International contractual personnel

11. The cost estimate provides for the hiring of 216 international personnel on a contractual basis at an average cost of \$3,545 per person per month, including food allowance. An amount of \$500 per person per month is included under rental of premises for accommodation of these personnel. The cost estimate for both personnel costs and rent takes into account a 10 per cent vacancy factor.

7. Transport operations

12. Cost estimates for repairs, maintenance, spare parts, petrol, oil, lubricants and third-party liability insurance are based on a total of 1,058 United Nations-owned vehicles and 6,141 contingent-owned vehicles. The cost estimates for these items also take into consideration a 10 per cent reduction for off-road vehicles.

II. REQUIREMENTS

United States
dollars

1. Military personnel

(a) Military observers

(i) Mission subsistence allowance 4 354 200

13. Provision is made for payment of mission subsistence allowance to 400 military observers for 91 days at the rates indicated in paragraph 2 above (\$4,265,000), including an overlap factor of two days for 100 military observers during rotation (\$22,000). An amount of \$67,200 is also included for 28 observers for 16 days.

(ii) Travel costs 387 600

14. Round-trip rotation travel by commercial means for 100 military observers (\$340,000) and one-way travel to the mission area for 28 observers (\$47,600) is provided for as per the cost estimates contained in paragraph 3 above.

(iii) Clothing and equipment allowance 20 200

15. Provision is made for the payment of a clothing allowance at the rate of \$200 per annum per military observer.

(b) Military contingents

(i) Standard troop cost reimbursement 70 613 000

16. The cost estimate provides for reimbursement to Governments for 22,824 military personnel provided to UNPROFOR in respect of pay and allowances at the standard rate of \$988 per person per month for all ranks (\$67,650,300), plus a supplementary \$291 for a limited number of specialists, consisting of 10 per cent of infantry personnel (\$1,557,600) and 25 per cent of logistics and support units (\$1,087,300), and includes an overlap factor of 0.5 per cent during rotation (\$317,800).

/...

(ii) Clothing and equipment allowance 4 814 700

17. Reimbursement to Governments of a usage factor for all items of personal clothing, gear and equipment issued by those Governments to their military personnel is provided for at the standard rate of \$65 per person per month plus \$5 per person per month for personal weapons and ammunition in respect of 22,824 contingent personnel (\$4,793,000). The cost estimate also provides for an overlap factor of 0.5 per cent during rotation (\$21,700).

(iii) Welfare 992 800

18. Provision is included to pay troops for recreational leave at a rate of \$10.50 per day for up to seven days of recreational leave taken during a six-month period of service (\$718,900). This estimate also provides for other welfare activities in the amount of \$273,900, an average of \$4 per person per month.

(iv) Rations 18 771 000

19. This estimate provides for feeding members of the mission who are assigned to posts where mess facilities must be provided. Rations are issued in accordance with approved ration scales. The estimate is calculated at the rate of \$8.00 per person per day (\$16,615,900). Provision is also included for a 14-day reserve (\$2,556,300), and a 7-day reserve of composite rations at \$1.75 per person per day (\$279,600). The total cost has been reduced by a non-usage factor of 3.5 per cent (\$680,800).

(v) Daily allowance 2 670 500

20. A daily allowance for incidental personal expenses is paid to all military personnel at a rate of \$1.28 per person per day, payable in local currency, for 22,824 troops (\$2,658,500). The cost estimate also includes an overlap factor of 0.5 per cent during rotation (\$12,000).

(vi) Mission subsistence allowance 96 900

21. An amount of \$32,300 per month is included for payment of accommodation allowance at \$60 per person per day and food allowance at \$20 per person per day in respect of contingent personnel who cannot be provided with United Nations accommodation and mess facilities while on duty travel within the mission area, including supply trips, inspection visits by command staff and Force medical officers and reconnaissance trips.

(vii) Emplacement, rotation and repatriation of troops 13 292 500

22. Repatriation travel of 20,335 contingent personnel after six months and travel of their replacements to the mission area has been calculated on the basis of the cost estimates contained in paragraph 4 above (\$13,217,500). The estimate includes travel for 14,235 troops within Europe (\$7,117,500) and for 6,100 troops outside of Europe (\$6,100,000). Provision is also included for the one-way travel of 300 members of the construction engineer unit who are being repatriated at the end of June (\$75,000).

(c) Other costs pertaining to contingents

(i) Death and disability compensation 3 450 000

23. This estimate provides for reimbursement to Governments for payments made by them to members of their military personnel for death, injury, disability or illness resulting from service with UNPROFOR, based on national legislation or regulations.

(ii) Contingent-owned equipment 21 417 600

24. This estimate provides for payment to troop-contributing Governments of the costs of contingent-owned equipment furnished to their contingents at the request of the United Nations.

2. Civilian personnel costs

(a) Civilian police monitors

(i) Mission subsistence allowance 7 080 700

25. Provision is made for payment of mission subsistence allowance to 630 civilian police monitors for 91 days at the rates indicated in paragraph 2 above (\$6,964,100), including an overlap factor of two days for 530 civilian police during rotation (\$116,600).

(ii) Travel costs 1 802 000

26. Round-trip rotation travel by commercial means for 530 civilian police monitors is provided for as per the cost estimate contained in paragraph 3 above.

(iii) Clothing and equipment allowance 31 500

27. Provision is made for the payment of a clothing allowance at the rate of \$200 per annum per civilian police monitor.

(b) Civilian staff costs

(i) International staff salaries 3 728 700

28. Salaries of internationally recruited staff are estimated on the basis of the standard cost rates referred to in paragraph 9 above. The calculations are based on a total of 510 posts and take into consideration a 40 per cent vacancy factor.

(ii) Local staff salaries 1 320 800

29. The cost of 859 locally recruited staff is calculated on the basis of the local salary scales referred to in paragraph 9 above and includes a 25 per cent vacancy factor.

(iii) Common staff costs 2 186 800

30. Calculation of common staff costs is based on the standard scales mentioned above in paragraph 9.

(iv) Mission subsistence allowance 3 098 200

31. Mission subsistence allowance in respect of internationally recruited personnel is calculated at the rates stated in paragraph 2 above.

(v) Travel to and from the mission area 204 000

32. The round-trip travel of 50 international staff to and from the mission area (\$170,000) and the one-way travel of 20 staff to the mission area (\$34,000) are provided on the basis of the rates specified in paragraph 3 above.

(vi) Other travel 126 000

33. The cost estimate provides for 10 trips each month between New York and the mission area at an estimated cost of \$4,000 per trip (\$120,000) and travel of procurement staff at an average cost of \$2,000 per month (\$6,000).

(c) International contractual personnel 2 067 400

34. Provision for 216 international contractual personnel is based on the estimated cost referred to in paragraph 11 above and includes a 10 per cent vacancy factor.

3. Premises/accommodation

(a) Rental of premises 2 044 200

35. The requirements for rental of premises for accommodation of contingent personnel and for offices, are estimated at \$1,752,600. The estimated monthly rental cost by location is shown in the table below:

Protected areas:		
generator fuel	1 037 500	3 112 500
other utilities	140 000	420 000
Former Yugoslav Republic of Macedonia	62 500	187 500
Bosnia and Herzegovina	400 000	1 200 000
Total	1 640 000	4 920 000

(f) Construction/prefabricated buildings

42. Provision for this item is included under the start-up costs contained in annex VI.

4. Air operations

43. UNPROFOR requires a total of 21 helicopters and four fixed-wing aircraft, including two cargo planes. The monthly costs for rental, aviation fuel and insurance are shown in annex XI A.

44. Six commercially rented helicopters, based at Pleso logistics base in Zagreb, are required for medical evacuation and air observation in the "pink zones", at border crossings and within the protected areas. Four helicopters are deployed to each of the sectors on a daily basis to be utilized by the Sector Commanders. The other two helicopters are used on a daily shuttle run between the sectors.

45. The other two commercially rented helicopters are based in Skopje. They are used for reconnaissance missions and to rotate and resupply troops in mountainous regions of the former Yugoslav Republic of Macedonia where observation posts have been established.

46. The 13 government provided helicopters used in Bosnia and Herzegovina are based in Split. The commercially rented helicopters currently being utilized by UNPROFOR do not have insurance to operate in Bosnia and Herzegovina. These 13 helicopters provide support to some 8,000 personnel operating in a mountainous region of over 51,000 square kilometres. The helicopters are used for troop transport, logistic resupply, reconnaissance missions, medical and casualty evacuation, search and rescue missions, the transportation of the leaders of the warring factions to peace negotiations within Bosnia and Herzegovina as well as aviation support to safe area operations.

(a) Helicopter operations

(i) Hire/charter costs 5 241 000

47. The estimated cost for the rental of 21 helicopters for three months is \$5,241,000. The detailed breakdown is shown in annex XI A.

(ii) Aviation fuel 512 000

48. The cost estimate is based on the cost of aviation fuel at \$1 per gallon (\$413,000). The detailed breakdown of fuel consumption per type of helicopter is shown in annex XI A. Provision is also made for lubricants for the eight commercially rented helicopters at \$1,000 per month (\$3,000) and for the cost of fuel delivery to the sectors at a rate of \$32,000 per month (\$96,000).

(iii) Insurance 138 600

49. The cost of third-party liability insurance for the commercially rented helicopters is calculated as per the monthly rates shown in annex XI A.

(b) Fixed-wing aircraft

50. A total of four fixed-wing aircraft are required for UNPROFOR. The monthly costs for rental, aviation fuel and insurance are shown in annex XI A.

51. The Force's fixed-wing aircraft, based in Zagreb, provide logistic re-supply to operations in Sarajevo, Bosnia and Herzegovina, Split and the former Yugoslav Republic of Macedonia. One cargo aircraft is also used for troop rotations on an opportunity basis.

(i) Hire/charter costs 924 000

52. The estimated cost for the rental of four fixed-wing aircraft for three months is \$924,000. The detailed cost breakdown is shown in annex XI A.

/...

(ii) Aviation fuel 751 100

53. The cost estimate is based on the cost of aviation fuel at \$1 per gallon (\$746,600). The detailed breakdown of fuel consumption per aircraft is shown in annex XI A. Provision is also included for lubricants at a cost of \$1,500 per month (\$4,500).

(iii) Insurance 350 900

54. The cost of third-party liability insurance for each of the four fixed-wing aircraft and war-risk insurance in Sarajevo for the two cargo aircraft is calculated as per the monthly rates shown in annex XI A.

(c) Air crew subsistence allowance 231 300

55. The cost estimate includes provision for payment of accommodation allowance to commercial helicopter crew personnel at a rate of \$52,000 per month (\$156,000) and cargo crew personnel at a rate of \$25,100 per month (\$75,300) in accordance with the terms of the rental contracts.

(d) Ground handling 400 500

56. The cost of ground handling is estimated at \$133,500 per month.

5. Transport operations

(a) Purchase of vehicles -

57. Provision for this item is included under the start-up costs contained in annex VI.

(b) Rental of vehicles 1 458 600

58. It is anticipated that a number of military contingents will initially need to rent 70 transport vehicles. The vehicles to be rented include cranes, bulldozers, graders, truck tractors, rock crushers, and earth-moving equipment and buses for three months at an average rate of \$143 per day (\$900,900). In addition, 13 low-bed tractors would need to be rented for two months at a cost of approximately \$715 per day (\$557,700). It will not be necessary to rent vehicles beyond this period.

- (c) Spare parts, repairs and maintenance 7 146 700
59. Provision is made for the purchase of spare parts, regular maintenance, third line maintenance, accident damage and hostility damage repairs for 1,058 United Nations-owned vehicles and 6,141 contingent-owned vehicles. The cost for United Nations-owned vehicles is estimated at an annual rate of \$1,000 per vehicle (\$264,500) and for contingent-owned vehicles at an annual rate of \$5,000 per vehicle (\$7,676,300). A 10 per cent reduction has been made for off-road vehicles (\$794,100) for a net cost of \$7,146,700.
- (d) Petrol, oil and lubricants 11 800 200
60. Estimates are based on requirements for 7,199 vehicles, for 91 days, including 1,058 United Nations-owned vehicles and 6,141 contingent-owned vehicles as well as 70 rented vehicles for 90 days and 13 rented vehicles for 60 days. Calculations are based on an average consumption of 18 gallons of petrol per vehicle per day at a daily cost of \$18 per vehicle (\$11,919,400). Provision is also made for the cost of oil and lubricants at 10 per cent of the cost of fuel (\$1,191,900). A 10 per cent reduction has been made for off-road vehicles (\$1,311,100) for a net cost of \$11,800,200.
- (e) Vehicle insurance 647 900
61. The cost of third-party liability insurance is estimated at \$400 per vehicle per annum for both United Nations and contingent-owned vehicles (\$719,900). A 10 per cent reduction has been made for off-road vehicles (\$72,000) for a net cost of \$647,900.
- (f) Workshop equipment -
62. Provision for this item is included under the start-up costs contained in annex VI.
6. Communications
- (a) Communications equipment -
63. Provision for this item is included under the start-up costs contained in annex VI.

(b) Communication spare parts and supplies 2 955 000

64. Provision is made for the cost of spare parts required for both United Nations-owned and contingent-owned communications equipment. Civilian communication equipment requirements include replacement parts, telephone cables, distribution frames, batteries, antenna cables and miscellaneous supplies (\$360,000). Military communication equipment requirements consist of replacement parts for the signal battalion, infantry battalions, support units, and batteries (\$2,595,000).

(c) Workshop and test equipment -

65. Provision for this item is included under the start-up costs contained in annex VI.

(d) Commercial communications 9 021 300

66. Requirements under this heading are estimated at \$7,926,300 for satellite communications and at \$1,095,000 for other commercial communications, including telephone, telex, postage and pouch charges. The cost breakdown by location is shown in the table below:

Location	Satellite communications US\$	Other communications US\$
Zagreb and protected areas	3 396 300	510 000
Former Yugoslav Republic of Macedonia	82 500	135 000
Bosnia and Herzegovina	4 447 500	450 000
Total	7 926 300	1 095 000

7. Other equipment

(a) Spare parts, repairs and maintenance of equipment 1 200 000

67. Requirements under this heading provide for United Nations equipment (\$360,000) and contingent-owned equipment (\$840,000).

(b) <u>Other equipment</u>	-
68. Provision for all items of equipment to be acquired is included in the start-up costs contained in annex VI.	
8. <u>Supplies and services</u>	
(a) <u>Audit services</u>	
69. No provision is made under this heading.	
(b) <u>Official hospitality</u>	6 000
70. This amount provides for limited hospitality to local dignitaries in the context of good will in the official interest of the mission.	
(c) <u>Contractual services</u>	4 382 200
71. The cost estimate provides for the following contractual services: (a) laundry, dry-cleaning, tailoring and haircutting services for 22,824 contingent personnel at \$1.50 per person per day (\$3,115,500); (b) maintenance and cleaning of premises including garbage disposal and cleaning of septic tanks (\$529,200); (c) distribution of rations (\$200,000); (d) technical repair (\$37,500); (e) mine clearing (\$250,000); (f) water well drilling (\$125,000); and (g) other miscellaneous contractual services (\$125,000).	
(d) <u>Public information supplies and services</u>	105 000
72. The cost estimate provides for supplies required by the photographic section such as tapes, films and other materials as well as the cost of printing materials such as posters, brochures, stickers, buttons, etc.	
(e) <u>Medical services</u>	75 000
73. Requirements under this heading are estimated at \$25,000 per month.	
(f) <u>Miscellaneous services</u>	210 000
74. Provision is made under this heading for bank charges, legal fees, postage of military personnel, claims and adjustments and other miscellaneous services.	
(g) <u>Stationery and office supplies</u>	615 000
75. This estimate covers the cost of writing paper, envelopes, printing of forms, registry/reproduction supplies, teletype paper and tapes, computer paper, printer ribbons and other items.	

/...

(h) <u>Sanitation materials</u>	330 000
76. Provision under this heading is made for the cost of disinfectants and chemicals required for maintaining corrosive-free plumbing and sanitation facilities as well as for normal cleaning purposes.	
(i) <u>Subscriptions</u>	75 000
77. The cost estimate provides for subscriptions to international newspapers, daily and weekly local newspapers, as well as airways guides, communications data publications and other technical publication requirements.	
(j) <u>Electrical supplies</u>	240 000
78. Provision is made to cover the cost of electrical supplies, lighting fixtures and fittings needed to provide exterior lighting for safety and security.	
(k) <u>Medical supplies</u>	1 200 000
79. Requirements for medical supplies are estimated at \$400,000 per month.	
(l) <u>Uniforms and clothing</u>	-
80. Provision for this item is included under the start-up costs contained in annex VI.	
(m) <u>Field defence stores</u>	896 400
81. Provision is made for the cost of barbed wire, gabion boxes, mine-clearing supplies and materials for field defence positions and various other materials for the establishment of observation posts, checkpoints and other defence posts as required, including replacement of defence stores and supplies owing to wear and tear and during the winter season.	
(n) <u>Quartermaster and general stores</u>	594 000
82. Included under this heading are oxygen and acetylene refills, freon gas, butane gas, packing and packaging supplies, kitchen utensils, flags, paper products, United Nations medal sets, mattress covers, pillows and pillow cases, blankets, bed sheets, jerry cans, operational maps and miscellaneous items.	
9. <u>Freight and cartage</u>	500 000
83. This provides for the cost of shipping and clearing charges not included elsewhere, as well as for the repatriation of contingent-owned equipment.

10. Support account for peace-keeping operations 906 500

84. In accordance with the methodology proposed for the funding of posts authorized from the support account for peace-keeping operations, provision is made here based on 8.5 per cent of the total cost of civilian staff costs included under item 2 (b) above.

11. Integrated Management Information System 100 000

85. Provision is made for a proportional share of the 1993 financing of the Integrated Management Information System.

12. Staff assessment 1 452 100

86. Staff costs have been shown on a net basis under budget line item 2 (b). The estimate under this heading represents the difference between gross and net emoluments, that is, the amount of staff assessment to which United Nations staff members are subject, in accordance with the Staff Regulations of the United Nations.

13. Income from staff assessment (1 452 100)

87. The staff assessment requirement provided for under expenditure budget line item 12 has been credited to this item as income from staff assessment and will be credited to the Tax Equalization Fund established by the General Assembly in its resolution 973 (X) of 15 December 1955. Member States are given credit in the Fund in proportion to their rates of contribution to the UNPROFOR budget.

ANNEX VI

United Nations Protection Force

Cost estimate for the additional start-up requirements for
the expanded operations in the former Yugoslav Republic of
Macedonia and in Bosnia and Herzegovina

United States
dollars

1. Military personnel costs -
1. No provision for start-up costs is made under this heading.
2. Civilian personnel costs -
2. No provision for start-up costs is made under this heading.
3. Premises/accommodation
 - (a) Rental of premises -
3. No provision is made under this heading.
 - (b) Alterations and renovations to premises 3 938 000
4. It is estimated that an amount of \$1,938,000 is required for the alteration and renovation of premises provided by the host Government in the former Yugoslav Republic of Macedonia. The premises requiring renovation include: (a) the Skopje headquarters, which provides living, office and leisure accommodation for approximately 245 military personnel and office space for approximately 55 civilian personnel; (b) the company headquarters at Kumanovo, which provides accommodation for 250 military personnel; and (c) the military observer headquarters at Struga.
5. Provision is also included for the restoration and rehabilitation of some 50 buildings in Bosnia and Herzegovina at an average cost of \$40,000 per building (\$2 million). The buildings to be renovated include both those provided by the host Government such as barracks, schools, etc., as well as commercial properties used for troop accommodation, offices and equipment storage which require upgrading.
6. The renovation work to be undertaken includes installation of partitions for office space, repair of war damage, replacement of windows and roofs, upgrading of the electrical, water and sewerage systems, installation of fences and security lighting and pavement of parking areas.

- (c) Maintenance supplies -
7. No provision is made under this heading.
- (d) Maintenance services -
8. No provision is made under this heading.
- (e) Utilities -
9. No provision is made under this heading.
- (f) Construction/prefabricated buildings 25 874 600

10. UNPROFOR has to provide accommodation facilities for contingent personnel. In order to meet the requirements for accommodation in Bosnia and Herzegovina, prefabricated units are needed to provide for 5,000 personnel (approximately 60 per cent of the total number of troops deployed in Bosnia and Herzegovina). Additionally, facilities are required for workshops and storehouses as well as emergency bridging. The latter is needed to replace bridges that washed away during the rainy season. The cost breakdown for all requirements under this heading is shown below:

Description	Quantity	Unit cost US\$	Total cost US\$
Accommodation			
containers	2 500	4 500	11 250 000
Ablution units	250	9 500	2 375 000
Kitchen/dining			
facilities	5 000	1 000	5 000 000
Offices	500	4 500	2 250 000
Refrigeration			
containers	30	50 000	1 500 000
Workshops	25	40 000	1 000 000
Storehouses	12	108 300	1 299 600
Sea containers	20	10 000	200 000
Bridges	4	250 000	1 000 000
Total			25 874 600

4. Air operations -
11. No provision is made under this heading.

5. Transport operations

(a) Purchase of vehicles 16 772 800

12. It is estimated that an amount of \$16,772,800 is required for the acquisition of 39 additional vehicles for the former Yugoslav Republic of Macedonia, 343 vehicles for convoy protection operations in Bosnia and Herzegovina and 20 armoured jeeps for the safe areas. The detailed summary of the type of vehicles required by enlargement and the unit costs is contained in annex XII. It should be noted that 45 jeep-type 4 x 4 vehicles were already acquired for operations in the former Yugoslav Republic of Macedonia during the previous reporting period. The proposed vehicle establishment for UNPROFOR is shown in annex XVIII.

(b) Rental of vehicles -

13. No provision is made under this heading.

(c) Spare parts, repairs and maintenance -

14. No provision is made under this heading.

(d) Petrol, oil and lubricants -

15. No provision is made under this heading.

(e) Insurance -

16. No provision is made under this heading.

(f) Workshop equipment 530 000

17. Requirements for workshop equipment are estimated at \$30,000 for the former Yugoslav Republic of Macedonia and \$500,000 for convoy protection operations in Bosnia and Herzegovina.

6. Communications

(a) Communications equipment 10 682 100

18. The detailed summary of the communications equipment required by each of the three enlargements is contained in annex XIII. The purpose for which this equipment is needed for each operation is described below.

/...

(i) Requirements for the former Yugoslav Republic of
Macedonia

(2 879 000)

19. In order for the UNPROFOR FYROM Command to carry out its mandate, it is imperative that the mission have the appropriate equipment, as described in the following paragraphs, for the smooth operation of the communications system in the mission area.

20. VHF equipment is required to provide mobile communications to military observers, civilian police monitors, Command headquarters, Civil Affairs and Administrative Services. In addition, air-ground-air equipment is required for air operations.

21. HF equipment is required to provide communications to military observers in remote areas and as ground-air for air operations.

22. Satellite equipment is needed to provide a sub-node at the Command headquarters, three terminals at the infantry company, one terminal at the logistics headquarters and one terminal at the observers' forward headquarters. INMARSAT type "C" equipment for telex operation with global positioning system is required for military observers on patrol.

23. Telephone exchange equipment is required to work with the satellite equipment described above. An automatic facsimile message switch for the Command headquarters and rural telephone links for remote telephone needs are also included.

24. Miscellaneous equipment requirements include:
(a) uninterruptible power supply units to provide stable electricity for communications equipment; (b) antenna towers for repeater installations; (c) battery chargers to provide continuity of service at all base stations in the field; (d) secure fax to provide facilities to all battalion headquarters; and (e) plain fax machines for non-secure operations.

(ii) Requirements for convoy protection in Bosnia and
Herzegovina

(6 986 600)

25. The communications equipment requirements of the UNPROFOR Bosnia and Herzegovina Command (BHC) include the items described in the following paragraphs.

26. Mobile radio VHF equipment is required to provide mobile voice communications to humanitarian convoys, key personnel at the BHC headquarters and battalion headquarters, liaison with military observers and support personnel.

/...

27. HF equipment is required to provide long-range radio communications to the sectors with humanitarian convoys, Command and battalion headquarters, liaison with military observers and support personnel. It is also required to provide additional back-up facilities to the satellite network.

28. Satellite equipment is required to provide voice, data and fax communications to battalions and units in the Bosnia and Herzegovina Command. A hub station located at the BHC headquarters would be duplicated in Zagreb for security reasons.

29. Telephone equipment is required to provide medium- and small- size telephone exchanges to interface the satellite hub and terminal stations. Rural telephone links are required to extend telephone facilities to remote sites. Facsimile message switching equipment is required to automate the handling of messages at BHC headquarters.

30. Miscellaneous equipment requirements include:
(a) uninterruptible power supply units to provide stable electricity to communications equipment; (b) battery chargers to provide continuity of service to all VHF base stations; (c) antenna towers to install repeater antennas; (d) equipment shelters to house communications equipment; (e) communications terminals and scanners to be deployed at each satellite terminal station; (f) secure facsimile and secure voice to provide such facilities to all battalions on the ground; and (g) facsimile machines to provide this service to offices at BHC headquarters and battalion headquarters.

(iii) Requirements for the safe areas (816 500)

31. The communication equipment requirements for the deployment of military observers in the safe areas include: (a) VHF equipment to provide real-time voice communications; (b) HF equipment to provide long-range real-time voice communications; and (c) miscellaneous equipment, consisting of battery chargers to provide continuity of service of all VHF base and HF stations and solar panels for emergency power supply to radio repeaters.

(b) Workshop and test equipment 952 000

32. The detailed summary of the workshop and test equipment required for the former Yugoslav Republic of Macedonia, convoy protection in Bosnia and Herzegovina and the safe areas is contained in annex XIV.

(c) Communications spare parts and supplies -

33. No provision is made under this heading.

/...

(d) <u>Commercial communications</u>	-
34. No provision is made under this heading.	
7. <u>Other equipment</u>	
(a) <u>Spare parts, repairs and maintenance</u>	-
35. No provision is made under this heading.	
(b) <u>Office furniture</u>	842 000
36. The cost estimate provides for the acquisition of office furniture (desks, chairs, computer tables, etc.) for the Mission's operations in the former Yugoslav Republic of Macedonia (\$42,000) and in Bosnia and Herzegovina (\$800,000).	
(c) <u>Office equipment</u>	1 219 700
37. The requirements for office equipment are estimated at \$364,000 for the former Yugoslav Republic of Macedonia, \$810,900 for convoy protection operations in Bosnia and Herzegovina and \$44,800 for the safe areas. The detailed summary of the items of office equipment required by each of the three enlargements is contained in annex XV.	
(d) <u>Data-processing equipment</u>	1 842 000
38. The estimated cost of data-processing equipment is \$320,300 for the former Yugoslav Republic of Macedonia, \$1,467,900 for convoy protection operations in Bosnia and Herzegovina and \$53,800 for the safe areas. The detailed summary of the items of data-processing equipment required by each of the three enlargements is contained in annex XVI.	
(e) <u>Accommodation equipment</u>	3 171 000
39. Provision is included for accommodation equipment for 700 contingent personnel in the former Yugoslav Republic of Macedonia (\$245,000) and for 8,360 contingent personnel in Bosnia and Herzegovina (\$2,926,000) at an average cost of \$350 per person. This provides for such items as beds, lockers, side tables, etc.	
(f) <u>Medical and dental equipment</u>	507 000
40. Provision is made for the acquisition of medical and dental equipment to supplement the contingent-owned equipment, including equipment required by the medical unit for the clinics and first-aid stations to be established in some locations. It is estimated that an amount of \$7,000 is required for operations in the former Yugoslav Republic of Macedonia and \$500,000 for operations in Bosnia and Herzegovina.	

/...

(g) Generators 8 324 400

41. The requirements for generators are estimated at \$1,300,800 for the former Yugoslav Republic of Macedonia, \$6,998,800 for convoy protection operations in Bosnia and Herzegovina and \$24,800 for the safe areas. The detailed summary of the type of generators required by each of the three enlargements is contained in annex XVII.

(h) Observation equipment 783 700

42. Provision is included for the acquisition of night observation devices, radars, etc. to supplement contingent-owned equipment in the former Yugoslav Republic of Macedonia (\$30,000) and Bosnia and Herzegovina (\$400,000).

43. Additionally, the following equipment is needed for the military observers deployed in the safe areas: (a) 10 Imagers (\$320,000); (b) one compressor (\$9,900); (c) 60 air bottles, 6 per Imager (\$15,600); (d) 20 carrying cases for the air bottles (\$5,000); and (e) 20 battery cassettes (\$3,200).

(i) Public information equipment 556 600

44. Provision is included in the cost estimate for the following items of public information equipment required for operations in Bosnia and Herzegovina:

Description	Number units	Unit cost	Total cost
Betacam camera	2	75 000	150 000
Betacam editing set	1	130 000	130 000
Satellite receivers	10	2 000	20 000
Spare parts			10 000

(iii) Insurance 1 403 800

37. Provision is made for third-party liability insurance for the four aircraft and war-risk insurance for the two cargo planes as shown in annex XI B.

(c) Air crew subsistence allowance 926 200

38. Provision is made for payment of subsistence allowance to the crew of the commercially rented aircraft at a total monthly cost of \$77,180.

(d) Ground handling 1 602 000

39. The cost of ground handling is estimated at \$133,500 per month.

5. Transport operations

(a) Purchase of vehicles -

40. No provision is made under this heading.

(b) Rental of vehicles -

41. No provision is made under this heading.

(c) Spare parts, repairs and maintenance 28 977 600

42. Provision is included for spare parts, repairs and maintenance for United Nations vehicles at \$1,000 per vehicle and for contingent-owned vehicles at \$5,000 per vehicle. The cost estimate provides for 1,058 United Nations vehicles (\$1,058,000) and 6,141 contingent-owned vehicles for 12 months (\$30,705,000) and for 579 United Nations vehicles for nine months (\$434,300). A 10 per cent reduction has been made for off-road vehicles (\$3,219,700) for a net cost of \$28,977,600.

(d) <u>Petrol, oil and lubricants</u>	49 661 800
43. Estimates are based on requirements for 7,778 vehicles, including 7,199 vehicles for 12 months and 579 vehicles for nine months. Calculations are based on an average consumption of 18 gallons of petrol per day at a daily cost of \$18 per vehicle (\$50,163,500). Provision is also made for the cost of oil and lubricants at 10 per cent of the cost of fuel (\$5,016,300). A 10 per cent reduction has been made for off-road vehicles (\$5,518,000) for a net cost of \$49,661,800.	
(e) <u>Insurance</u>	2 748 000
44. The cost of third-party liability insurance is estimated at \$400 per vehicle per annum for 7,778 vehicles (\$3,053,300). A 10 per cent reduction has been made for off-road vehicles (\$305,300) for a net cost of \$2,748,000.	
(f) <u>Workshop equipment</u>	-
45. No provision is made under this heading.	
6. <u>Communications</u>	
(a) <u>Communications equipment</u>	-
46. No provision is made under this heading.	
(b) <u>Workshop and test equipment</u>	-
47. No provision is made under this heading.	
(c) <u>Communications spare parts and supplies</u>	13 114 200
48. Total requirements for communications parts and supplies are estimated at \$13,114,200. This estimate is based on a monthly cost for civilian parts and supplies in each area of operation as follows: (a) \$120,000 in the protected areas; (b) \$28,500 in the former Yugoslav Republic of Macedonia; (c) \$111,300 in Bosnia and Herzegovina and (d) \$4,000 in the safe areas. Costs for the protected areas (\$1,440,000) have been calculated for 12 months, whereas costs for the other areas, where communications equipment has yet to be purchased, delivered and installed, have been calculated for nine months (\$1,294,200). Total civilian requirements are therefore estimated at \$2,734,200. Military requirements are estimated at \$865,000 per month for 12 months (\$10,380,000).	

(d) Commercial communications 26 841 200

49. The estimated cost of commercial communications includes an amount of \$22,425,200 for satellite communications and \$4,416,000 for telephone, telex, postage and pouch charges. Provision for INMARSAT charges in the protected areas is included for two months only, since it is expected that UNPROFOR's own satellite system will become operational at the end of August 1993.

50. The annual breakdown of satellite and other commercial costs by area of operation is shown below:

Location	Satellite costs US\$	Commercial costs US\$
Protected areas	3 585 200	2 040 000
FYROM	330 000	540 000
Bosnia and Herzegovina	17 790 000	1 800 000
Safe areas	720 000	36 000
Total	22 425 200	4 416 000

7. Other equipment

Spare parts, repairs and maintenance 4 680 000

51. The cost of spare parts, repairs and maintenance is estimated at \$1,320,000 for United Nations-owned equipment and at \$3,360,000 for contingent-owned equipment.

8. Supplies and services

(a) Audit services 50 000

52. Provision is made for the cost of external audit services.

(b) Official hospitality 24 000

53. This amount provides for limited hospitality to local dignitaries in the context of good will in the official interest of the mission.

/...

(c) <u>Contractual services</u>	18 289 200
54. The cost estimate provides for the following contractual services: (a) laundry, dry-cleaning, tailoring and haircutting services for 24,150 contingent personnel at \$1.50 per person per day (\$13,222,100); (b) maintenance and cleaning of premises, including garbage disposal and cleaning of septic tanks (\$2,117,000); (c) distribution of rations (\$800,000); (d) technical repair (\$150,000); (e) mine clearing (\$999,600); (f) water well drilling (\$500,500); and (g) other miscellaneous contractual services (\$500,000).	
(d) <u>Public information supplies and services</u>	420 000
55. The cost estimate provides for such items as tapes, films and other materials as well as the cost of printing materials.	
(e) <u>Medical services</u>	300 000
56. Provision is included under this heading for medical and dental treatment of military personnel.	
(f) <u>Miscellaneous services</u>	840 000
57. Provision is made under this heading for bank charges, legal fees, postage of military personnel, claims and adjustments and other miscellaneous services.	
(g) <u>Stationery and office supplies</u>	2 460 000
58. This estimate covers the cost of writing paper, envelopes, printing of forms, registry/reproduction supplies, teletype paper and tapes, computer paper, printer ribbons and other items.	
(h) <u>Sanitation materials</u>	1 320 000
59. Provision under this heading is made for the cost of disinfectants and chemicals required for maintaining sanitation facilities as well as for normal cleaning purposes.	
(i) <u>Subscriptions</u>	300 000
60. The cost estimate provides for subscriptions to international newspapers, daily and weekly local newspapers, as well as airways guides, communications data publications and other technical publication requirements.	
(j) <u>Electrical supplies</u>	960 000
61. Provision is made to cover the cost of electrical supplies, lighting fixtures and fittings needed to provide exterior lighting for safety and security.	

/...

(k) <u>Medical supplies</u>	4 800 000
62. Provision is made under this heading for medical supplies for military personnel.	
(l) <u>Field defence stores</u>	3 585 600
63. Provision is included for the cost of barbed wire, gabion boxes, mine-clearing supplies and materials for field defence positions and various other materials for the establishment of observation posts, checkpoints and other defence posts as required.	
(m) <u>Quartermaster and general stores</u>	2 376 000
64. Included under this heading are requirements for oxygen and acetylene refills, freon gas, butane gas, packing and packaging supplies, kitchen utensils, flags, paper products, United Nations medal sets, mattress covers, pillows and pillowcases, blankets, bed sheets, jerry cans, operational maps and miscellaneous items.	
9. <u>Freight and cartage</u>	1 500 000
65. This provides for the cost of shipping and clearing charges not included elsewhere.	
10. <u>Support account for peace-keeping operations</u>	4 575 400
66. This amount has been calculated at 8.5 per cent of the total civilian staff costs shown under item 2 (b) above.	
11. <u>Integrated Management Information System</u>	830 000
67. Provision is made for a proportional share of the 1993/1994 financing of the Integrated Management Information System.	
12. <u>Staff assessment</u>	6 968 700
68. Staff costs have been shown on a net basis under budget line item 2 (b). The estimate under this heading represents the difference between gross and net emoluments, that is, the amount of staff assessment to which United Nations staff members are subject, in accordance with the Staff Regulations of the United Nations.	
13. <u>Income from staff assessment</u>	(6 968 700)
69. The staff assessment requirement provided for under expenditure budget line item 12 has been credited to this item as income from staff assessment and will be credited to the Tax Equalization Fund established by the General Assembly in its resolution 973 (X) of 15 December 1955. Member States are given credit in the Fund in proportion to their rates of contribution to the UNPROFOR budget.
