I. INTRODUCTION

1. By resolution 693 (1991) of 20 May 1991, the Security Council established, under its authority, a United Nations Observer Mission in El Salvador (ONUSAL) to monitor all agreements concluded between the Government of El Salvador and the Frente Farabundo Martí para la Liberación Nacional (FMLN) for an initial period of 12 months beginning 1 July 1991. The Council decided that the initial mandate of the Observer Mission, in its first phase as an integrated peace-keeping operation, would be to verify the compliance by the parties with the San José Agreement of 26 July 1990 on human rights, and that the subsequent tasks or phases of the Observer Mission would be subject to the approval of the Council.

2. By resolution 45/267 of 21 June 1991, the General Assembly appropriated \$13.8 million gross (\$13 million net) for the operation of ONUSAL for the period from 1 July to 31 December 1991. In addition, the Assembly authorized the Secretary-General to enter into commitments for ONUSAL in an amount not to exceed \$9.2 million gross (\$8.8 million net), with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions, for the period from 1 January to 30 June 1992, inclusive. The above amounts were to be

apportioned among Member States in accordance with the scheme set out in the resolution.

3. In a report to the Security Council on 10 January 1992 (S/23402), the Secretary-General informed the Council that as a result of the signing of the "Act of New York" on 31 December 1991, the Government of El Salvador and the FMLN had concluded a number of further agreements which, following a final round of negotiations on two outstanding issues, would be signed in Mexico City on 16 January 1992. Subject to the approval of the Council, two of these agreements would require an immediate and substantial increase in ONUSAL's strength if it was to assume the verification and monitoring functions desired of it by the two parties. One was an agreement on the cessation of the armed confrontation, in which it was envisaged that ONUSAL would verify all aspects of the cease-fire and the separation of forces, and the other, an agreement on the National Civil Police, which envisaged that ONUSAL would monitor the maintenance of public order during a transitional period while a new National Civil Police was set up.

4. By its resolution 729 (1992) of 14 January 1992, the Security Council approved the above mentioned report of the Secretary-General and decided to enlarge the mandate of ONUSAL to

include the verification and monitoring of the implementation of all the agreements to be signed in Mexico City between the Government of El Salvador and the FMLN. The Council further extended the existing mandate of ONUSAL until 31 October 1992 and decided that the mandate would be reviewed at that time on the basis of recommendations to be presented by the Secretary-General.

5. By its resolution 46/240 of 22 May 1992, the General Assembly appropriated \$39 million gross (\$37 million net), inclusive of the \$10 million authorized with the concurrence of the Advisory Committee for the period from 1 January to 31 October 1992. In addition, in accordance with paragraph 3 of the same resolution, the Assembly decided that \$2 million of the unencumbered balance of the appropriation should be retained in the special account and that the balance of \$1,347,700 be offset against the apportionment among Member States as provided for in paragraph 5 of the resolution.

6. Subsequently, the Security Council, by its resolution 784 (1992) of 30 October 1992, extended the mandate of the Mission for an interim period of one month, until 30 November 1992, and by subsequent resolution 791 (1992) of 30 November 1992, for a further period of six months to 31 May 1993.

7. Owing to the lack of time to consider the report of the Secretary-General on the financing of ONUSAL, the Fifth Committee, at its 46th meeting, on 16 December 1992, decided to recommend to the General Assembly that, in order to provide for the continued maintenance of the Mission, it should authorize the Secretary-General to enter into commitments up to the amount of \$8,045,600 gross (\$7,514,200 net) for the period ending 28 February 1993 and that that amount be apportioned among Member States in accordance with the scheme set out in its resolution 47/41 of 1 December 1992. The General Assembly, by its decision 47/452 of 22 December 1992, concurred with the recommendation of the Fifth Committee.

8. By its resolution 47/233 of 16 March 1993, the General Assembly appropriated an amount of \$17,200,000 gross (\$16,000,000 net) for the operation of ONUSAL for the period from 1 December 1992 to 31 May 1993. This was inclusive of the amount of \$8,045,600 gross (\$7,514,200 net) authorized and apportioned in accordance with its decision 47/452 of 22 December 1992. The Assembly further decided that \$4.6 million of the combined miscellaneous and interest income in the special account should be credited to Member States against their assessed contributions for the period from 1 December 1992 to 31 May 1993. By paragraph 9 of the same resolution, the Assembly also decided that the

remaining unencumbered balance in the United Nations Observer Group in Central America (ONUCA) should be credited to Member States against their assessed contributions for the next mandate period of ONUSAL, should the Security Council renew the mandate of ONUSAL beyond 31 May 1993, or in the event that the Council decided not to renew the mandate of ONUSAL beyond 31 May 1993, the remaining unencumbered balance should be credited to Member States against their assessed contributions for other peace-keeping operations, in accordance with the Financial Regulations and Rules of the United Nations. In addition, the Assembly authorized the entering into commitments for the period beginning 1 June 1993, should the Security Council decide to renew the mandate of the Mission beyond 31 May 1993, at a rate not to exceed \$2,900,000 gross (\$2,700,000 net), with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions. The full amount of \$17,200,000 gross (\$16,000,000 net) has been apportioned at the present time and the authorization provided by the Assembly in accordance with its Resolution 47/233 has not been utilized.

9. In a report to the Security Council 1/ on 24 May 1993, the Secretary-General recalled his 26 January 1993 letter to the Council, 2/ wherein he had informed the Security Council on 8 January 1993 that the Government of El Salvador had officially

requested the United Nations to observe the general elections scheduled for March 1994, which would mark the culmination of the peace process.

10. The report of the Secretary General 1/ further indicated that a technical mission had visited El Salvador from 18 to 28 April 1993. The purpose of the mission was to define the terms of reference, concept of operations and financial implications of expanding the ONUSAL mandate to include the observation of the electoral process.

11. In light of the considerations and observations presented in his report 1/ the Secretary-General recommended to the Security Council that it renew until 30 November 1993 the mandate of ONUSAL, and that it authorize the addition of an Electoral Division to observe the elections. The Secretary-General also informed the Council, that he intended to recommend, by 30 November 1993, a further renewal of the Mission's mandate to enable it to complete its verification of the elections and to remain in El Salvador for a short transition period immediately thereafter.

12. In an addendum to that report, 3/ the Secretary-General informed the Council that, should it decide to expand the mandate

of ONUSAL as set out in the main part of his report, it was estimated that the additional cost of the expansion for the 11-month period from 1 June 1993 until 30 April 1994 would be approximately \$7 million. The Secretary-General also indicated that, should the Council decide to expand the mandate of ONUSAL, he would recommend to the General Assembly that that amount be considered an expense of the Organization to be borne by Member States in accordance with Article 17, paragraph 2, of the Charter of the United Nations. In addition, the assessments to be levied on Member States should be credited to the ONUSAL special account.

13. By its resolution 832 (1993) of 27 May 1993 the Security Council approved the report of the Secretary-General 1/. The Council also decided to enlarge the mandate of ONUSAL, to include the observation of the electoral process due to conclude with the general elections in El Salvador in March 1994, and requested the Secretary-General to take the necessary measures to this effect.

II. OPERATIONAL PLAN FOR THE UNITED NATIONS OBSERVATION OF THE ELECTION AND THE ENLARGEMENT OF ONUSAL

A. Main findings of the mission

14. Based on prior experience in Nicaragua, Haiti, Angola and Eritrea, United Nations observation requires wide geographical and chronological coverage in order to monitor the conformity of electoral practice to patterns implicit in free and fair elections. This fosters acceptance among all concerned of the legitimacy of the process and its final outcome. In El Salvador, the task will be greatly facilitated by the knowledge and experience that ONUSAL has accumulated since its inception in July 1991.

15. The main areas of concern identified by the technical mission revolve around the serious inadequacies of the existing electoral roll and the difficulties encumbering the timely issue of electoral documents.

B. Terms of reference

16. The electoral component of ONUSAL should observe the electoral process before, during and after the elections in order to:

(a) Verify that measures and decisions taken by all electoral authorities are impartial and consistent with the holding of free and fair elections;

(b) Verify that appropriate steps are taken so that qualified citizens are included in the electoral roster, thus enabling them to exercise their right to vote;

(c) Verify that mechanisms are in place effectively to prevent multiple voting, given the infeasibility of screening of the electoral roll prior to the elections;

(d) Verify that freedom of expression, organization, movement and assembly are respected without restrictions;

(e) Verify that potential voters have sufficient knowledge of the mechanisms for participating in the election;

(f) Examine, analyze and assess criticisms made, objections raised and attempts undertaken to de-legitimize the electoral process and, when required, convey such information to the Supreme Electoral Tribunal;

(g) Inform the Supreme Electoral Tribunal of complaints received regarding irregularities in electoral advertising or possible interferences with the electoral process; when appropriate, require information on corrective measures taken;

(h) Place observers at every polling site on election day to verify that the right to vote is fully respected;

(i) Assist the Special Representative of the Secretary-General in preparing periodic reports to the Secretary-General, who will in turn inform the Supreme Electoral Tribunal and report to the Security Council as necessary.

17. In carrying out its functions, the Electoral Division, under the overall authority of the Special Representative, will coordinate its activities with those of the Human Rights, Police and Military Divisions in their respective spheres of competence.

C. Concept of operations

18. In order to carry out these duties, an Electoral Division will be established as part of ONUSAL in five stages, as follows:

(a) 1 to 30 June 1993. Preparatory stage, devoted to organization at the central and regional levels;

(b) 1 July to 15 December 1993. Main tasks will be verifying citizens' registration and following political activities;

(c) 16 December 1993 to 14 March 1994. Efforts will concentrate on observation of the electoral campaign;

(d) 15 to 31 March 1994. Observation of the elections, counting of the votes and, announcement of the results;

(e) 1 to 30 April 1994. Observation of a possible second round of elections for the presidency. (Should the first round yield a definitive result, the activities of the Division will conclude on 31 March 1994.)

19. The main tasks of the electoral observers will be to monitor electoral irregularities, receive complaints and convey them, as appropriate, to electoral authorities; observe political meetings and demonstrations; follow up and assess electoral advertising and electoral-related reporting in the media. The information thus collected will be the basis for analyzing trends and acting upon them as required. These activities will be carried out in close coordination with the Human Rights and Police Divisions.

20. On election day, the number of observers will increase so as to permit monitoring at every polling site. The Mission will verify the counting of votes and make projections for its own use and possibly for sharing with the Supreme Electoral Tribunal.

21. The electoral observation will continue after election day to cover all aspects related to the counting of votes and possible challenges to results. The observation will conclude with the official proclamation of final results by the Supreme Electoral Tribunal.

III. STATUS OF ASSESSED CONTRIBUTIONS

22. The table below summarizes the status of assessed contributions received and unpaid, taking into account applied credits as of 31 May 1993. As shown, total outstanding assessments of \$22,404,703 are due from Member States for ONUCA (\$12,192,488) and for ONUSAL (\$10,212,215).

IV. VOLUNTARY CONTRIBUTIONS

23. By paragraph 13 of the resolution 47/223 on the financing of ONUCA and ONUSAL, the General Assembly invited voluntary contributions in cash and in the form of services and supplies acceptable to the Secretary-General. For the period under review, the Swiss Government continued to make available air ambulance service for the repatriation of those wounded or taken ill in the performance of their duties, as and when required. This service was not utilized by the Mission during the period ending 31 May 1993.

V. FINANCIAL PERFORMANCE REPORT FOR THE PERIOD FROM 1 DECEMBER 1992 TO 31 MAY 1993

24. Annex I to the present report sets out by budget-line item the appropriations provided to ONUSAL for the period from 1 December 1992 to 31 May 1993 as well as the estimated expenditure for the period. As indicated, total expenditure amounted to \$15,367,700 gross (\$14,367,800 net) for the period. Supplementary information thereon is provided in annex II.

VI. COST ESTIMATE FOR THE PERIOD
FROM 1 JUNE TO 30 NOVEMBER 1993 INCLUDING
THE ESTABLISHMENT OF THE ELECTORAL COMPONENT

25. The total cost of ONUSAL for the period from 1 June 1993 to 30 November 1993 including its enlargement, is estimated at \$20,248,300 gross (\$18,341,900 net). A summary of the consolidated cost estimate for this period is contained in annex III to the present report and supplementary information thereon is presented in annex IV. The estimate takes into consideration the costs related to the proposed net increase of 37 international and 7 local posts and other costs related to the enlargement of the Mission for the electoral process. The addition of the Electoral Division coincides with the phasing out of the Military Division, both commencing on 1 June 1993.

VII. COST ESTIMATE FOR THE PERIOD FROM
1 DECEMBER 1993 TO 30 APRIL 1994

26. As outlined in paragraph 90 of the report of the Secretary-General to the Security Council 1/, it is anticipated that ONUSAL will complete the observation of the electoral process by 30 April 1994. Should the first round yield a definite result, the activities of the Electoral Division would conclude on 31 March 1994. The total cost of ONUSAL for the five-month

period from 1 December 1993 to 30 April 1994 is estimated at \$19,851,800 gross (\$18,087,200 net). The current six-month mandate of ONUSAL will expire on 30 November 1993. Accordingly, the Secretary-General requests that the General Assembly at its forty-seventh session make appropriate provision for ONUSAL's expenses for the period beyond 30 November 1993, should the Security Council decide to continue the Mission.

27. Based on recent experience as a result of the decisions of the Security Council, the extensions and enlargements of mandates are sometimes decided upon without an existing financial authorization from the General Assembly. In order to provide continuing financial authorization prior to the reconvening of the General Assembly in the event the requirements for the extensions and/or enlargements exceed the provisions of Assembly resolution 46/187 on unforeseen and extraordinary expenses, it is prudent that continuing authorization exists for ONUSAL as may be required in other peace-keeping operations.

28. A summary of the cost estimate for ONUSAL for the period from 1 December 1993 to 30 April 1994 is presented in annex V to the present report and supplementary information thereon is provided in annex VI.

29. Annex X provides the currently authorized and proposed revised staffing table for ONUSAL. The annex shows a net increase of 44 posts comprising 37 international and 7 local posts. The international posts include the reduction of one D-2 level post of the Chief Military Observer and the addition of 38 proposed posts required to support the electoral activities as they are phased in. Annex XI provides the functional titles and related job description summaries of the proposed posts in the professional category and above. Details on civilian staff and related costs for the mandate period from 1 June to 30 November 1993 and the period 1 December 1993 to 30 April 1994 are shown in annex XII A and XII B respectively. Annex XIII provides the distribution of civilian personnel by office for the period from 1 June 1993 to 30 April 1994. The distribution of transportation equipment is given in annex XV and the geographical distribution of other ONUSAL equipment is provided in annex XVI.

VIII. COST ESTIMATE FOR THE LIQUIDATION OF THE MISSION

30. It is projected that the liquidation phase of ONUSAL will take some three months to complete. The cost for the liquidation phase estimated at \$3,219,100 gross (\$3,015,100 net) is presented in annex VII and covers the requirements for the closure of the Mission. Supplementary information thereon is provided in

annex VIII. Details on civilian staff and related costs during the liquidation phase are shown in annex XII C. Annex XIV provides the distribution of civilian personnel by office during the liquidation phase.

IX. DISPOSITION OF ASSETS

31. Since the inception of ONUSAL, a total amount of approximately \$8.4 million has been spent on the purchase of non-disposable equipment consisting of vehicles, communication equipment, generators and office furniture and equipment. It is proposed that upon the completion of ONUSAL, equipment that conforms with established standardization, is considered compatible with existing equipment, or will be of use in future peace-keeping operations will be placed in reserve. Items that are not compatible with existing equipment or of future use will be disposed of locally. As, and when, such equipment is drawn from the reserve stock, appropriate credit will be recorded in the combined ONUCA/ONUSAL special account. A full report on the disposition of the Observer Mission's assets will be provided to the Advisory Committee on Administrative and Budgetary Questions and to the General Assembly at a later session.

X. FINANCIAL ADMINISTRATION

32. In its resolution 45/265 of 17 May 1991, the General Assembly approved, in the case of the United Nations Transition Assistance Group (UNTAG), special arrangements regarding the application of regulations 4.3 and 4.4 of article IV of the Financial Regulations of the United Nations. In that resolution, the Assembly extended to UNTAG the special arrangements that had been accorded to the United Nations Emergency Force and the United Nations Disengagement Observer Force (UNEF/UNDOF) in resolution 33/13 F of 14 December 1978, to the United Nations Interim Force in Lebanon (UNIFIL) in resolution 34/9 C of 17 December 1979 and to the United Nations Iran-Iraq Military Observer Group (UNIIMOG) in resolution 45/245 of 21 December 1990. In his report to the General Assembly at its thirty-third session (A/C.5/33/45) on UNEF/UNDOF, the Secretary-General had indicated, inter alia, that the amounts owed to troop-contributing Governments could not be paid in the time frame envisaged under financial regulation 4.3. That situation continues to be experienced in peace-keeping operations and in the case of ONUSAL is of particular relevance to amounts relating to travel of military observers, travel of civilian police and death and disability. The accounts of ONUSAL are currently

maintained for the mandate periods for which separate appropriations have been provided.

33. Under the approved special arrangements, appropriations required in respect of obligations owed to Governments providing contingents and/or logistic support to the Group shall be retained beyond the period stipulated under financial regulations 4.3 and 4.4, as follows:

(a) At the end of the 12-month period provided in regulation 4.3, any unliquidated obligations of the financial period in question relating to goods supplied and services rendered by Governments for which claims have been received, or which are covered by established reimbursements rates, shall be transferred to accounts payable; such accounts payable shall remain recorded in the special account until payments is effected;

(b) (i) Any other unliquidated obligations of the financial period in question owed to Governments for goods supplied and services rendered, as well as other obligations owed to Governments, for which claims have not yet been received, shall remain valid for an additional period of

four years following the end of the 12-month period provided in regulation 4.3;

(ii) Claims received during this four-year period shall be treated as provided under (a) above, if appropriate;

(iii) At the end of the additional four-year period any unliquidated obligations shall be cancelled and the then remaining balance of any appropriations retained therefore will be surrendered.

34. It is proposed that the standing decision, as contained in the annex to General Assembly resolution 45/265 and restated in the paragraph 33 above, be extended and applied to ONUSAL.

XI. OBSERVATIONS

35. By paragraph 9 of its resolution 47/233, dated 16 March 1993, the General Assembly decided, inter alia that the remaining unencumbered balance of ONUCA should be credited to Member States against their assessed contributions for the next

mandate period of ONUSAL, should the Security Council renew the mandate of the Mission beyond 31 May 1993.

36. Annex IX to the present report shows the financial position resulting from the merging of the special accounts of ONUSAL and ONUCA and indicates a total unencumbered balance of \$14,835,505 in the combined ONUSAL/ONUCA special account, consisting of \$829,032 for ONUSAL and \$14,006,473.

37. As indicated in item 4 of annex IX, total assessed contributions of \$22,404,703 for ONUSAL \$10,212,215 and for ONUCA \$12,192,488 remained outstanding as at 31 May 1993. This resulted in an operating deficit of \$7,569,198 in the combined ONUSAL/ONUCA special account. In order to meet the operating cash requirements of ONUSAL, loans amounting to \$5 million were made to the ONUSAL special account from the Peace-keeping Reserve Fund. In light of this, the Secretary-General recommends that no action be taken, at this time, in connection with the unutilized balance of \$1,813,985 of ONUCA and that this amount be retained in the combined ONUSAL/ONUCA special account pending receipt of the outstanding assessed contributions for both Missions. Furthermore, the Secretary-General appeals to all Member States to pay their assessments in full as soon as possible.

XII. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY
AT ITS FORTY-SEVENTH SESSION

38. The actions to be taken by the General Assembly at its forty-seventh session in connection with the financing of ONUSAL are as follows:

(a) The appropriation of the amount of \$20,248,300 gross (\$18,341,900 net) and the apportionment thereof for the enlargement of ONUSAL for the period from 1 June to 30 November 1993 and the apportionment thereof;

(b) With regard to the period after 30 November 1993, provision by means of appropriation and/or commitment authorization, as appropriate, of such amounts, and the apportionment thereof, should the Security Council decide continue the Mission beyond that date;

(c) The provision by means of appropriation and/or commitment authorization, as appropriate, of such amounts, and the apportionment thereof, to meet the costs associated with the liquidation of ONUSAL, should the Council decide to close the Mission;

(d) A decision to retain the unutilized balance of \$1,813,985 in the ONUSAL/ONUCA special account in light of the outstanding assessed contributions,

(e) A decision that the special arrangements as regards article IV of the Financial Regulations of the United Nations, as detailed in paragraph 33, be applied to ONUSAL.

ANNEX II

United Nations Observer Mission in El Salvador (ONUSAL)

Financial performance report for the period from
1 December 1992 to 31 May 1993

Supplementary information

(United States dollars)

	<u>Savings/ (overruns)</u>
1. <u>Military observers</u>	(98 300)

Additional requirements totalling \$184,700 under mission subsistence allowance were partially offset by projected savings of \$86,400 under travel. Costs for military observers had been estimated on the basis of repatriation of 76 observers in January 1993 and 47 in February 1993, whereas a substantial number of military observers were retained in the Mission for a longer time. The mission subsistence allowance rates for the first 30 days were increased retroactively from \$64 to \$70 effective 1 February 1992, to \$80 effective 1 November 1992 and to \$85 effective 1 May 1993 and rates after the first 30 days were increased from \$61 to \$68 effective 1 May 1993.

2. Civilian personnel costs

(a) Civilian police 293 400

Projected savings for mission subsistence allowance (\$45,300), travel (\$243,500) and clothing allowance (\$4,600), resulted from the delay in the planned deployment of 50 additional police monitors. The projected savings for mission subsistence allowance were offset by the retroactive increases in the mission subsistence allowance rates referred to in paragraph 1.

(b) International and local staff 1 696 700

Projected savings totalling \$1,707,500 for international staff salaries (\$857,200), local staff salaries (\$23,900) common staff costs (\$733,400), representation allowance (\$600), mission subsistence allowance (\$92,400) due to vacancies, were partially offset by additional requirements totalling \$10,800 for consultants and experts (\$7,700) and travel (\$3,100). Civilian staff costs had been estimated on the basis of 313 authorized personnel, whereas over the six month period, actual staff averaged 281. The resulting

savings were offset by the retroactive increases in mission subsistence allowance rates referred to in paragraph 1. The additional requirement for consultants and travel were due to expenditures of the survey mission for the establishment of the Electoral Division not previously provided.

3. Premises/accommodation 32 400

Projected savings totalling \$52,200 for rental of premises (\$13,000), maintenance and alterations (\$35,800) and utilities (\$3,400) due to reduction in two floors of rented premises for ONUSAL Headquarters and closure of the Verification Centres, were partially offset by projected additional requirements totalling \$19,800 for cleaning services (\$5,200) and security services (\$14,600) due to higher charges than originally estimated.

4. Transport operations (345 300)

Projected additional requirements of \$416,300 for spare parts, repairs and maintenance were partially offset by savings totalling \$71,000 for petrol, oil and lubricants (\$38,800) and vehicle insurance (\$32,200).

The mandate of ONUSAL is heavily dependent on surface transportation, especially the Police component which is on 24-hour patrol. The projected additional requirements for spare parts, repairs and maintenance were due to a combination of the high level of traffic accidents, incidents of pilferage of spare parts and increased cost of repairs, as well as high mileage in the usage of vehicles resulting in more expensive servicing. The high incidence of vehicles idled for repairs, resulted in savings under petrol, oil and lubricants. Savings under vehicle insurance were partly due to the low cost of insurance obtained locally.

5. Helicopter operations 132 900

Projected savings were realized from basic hire costs (\$75,900) and aviation fuel (\$57,000). During

the six-month period, the helicopter fleet was gradually reduced from 6 to 2, and aviation fuel consumption was decreased due to reduction in flight hours.

6. Communications (14 500)

Projected additional requirements of \$17,500 for communication parts and supplies due to higher prices than originally estimated, were partially offset by savings of \$3,000 for test and workshop equipment.

7. Other equipment 27 300

Projected savings under this heading were realized for office furniture and equipment (\$4,800), miscellaneous equipment (\$21,300) and parts and repairs (\$1,200). Due to the delayed arrival of the additional civilian police, the purchase of office furniture and equipment, miscellaneous equipment and spare parts for their use was postponed, thus resulting in savings under this heading.

8. Supplies and services (109 900)

Projected additional requirements of \$124,400 for medical supplies and examinations (\$25,400) due to increased medical treatment provided to mission personnel and inoculations to military and police personnel who arrived in the mission area without required vaccinations and general supplies (\$99,000) due to increased demand for and cost of photocopying, were partially offset by savings totalling \$14,500 for official hospitality (\$900), public information - special events (\$2,200) and uniform, clothing and accoutrements (\$11,400).

9. Freight and cartage 17 500

Savings under this heading amounted to \$17,500.

10. Death and disability awards -

The amount allocated has been obligated to cover potential claims for injuries and disability.

11. Support account for peace-keeping operations .

The amount allocated has been transferred to the support account for peace-keeping operations.

12. Staff assessment 200 100

Savings under this heading resulted from overall vacancies in staffing authorized for ONUSAL.

13. Income from staff assessment (200 100)

This amount is derived from 12 above.

ANNEX IV

United Nations Observer Mission in El Salvador (ONUSAL)

Cost estimate for the period from 1 June to
30 November 1993

Supplementary information

(United States dollars)

I. COST PARAMETERS

1. The cost estimates for the six-month period from 1 June to 30 November 1993 are based on the cost parameters provided below, unless otherwise indicated.

(a) Mission subsistence allowance

Mission subsistence allowance is payable to all mission personnel, excluding locally recruited staff, at the rate of \$83 per day for the first 30 days and \$68 per day thereafter. Where living accommodation is provided, appropriate reductions are made to this allowance. These revised rates have been approved based on a field survey conducted in the mission area in April 1993.

Quotation/travel cost to and from the mission

Travel of mission personnel to and from the mission area by commercial airlines has been calculated at an average one-way cost of \$2,500 per person or \$5,000 round-trip inclusive of 100 kilograms of unaccompanied excess baggage.

(c) Military personnel costs

A clothing allowance is provided to military personnel based on the rate of \$200 per person per annum. No reimbursement is provided to governments for national salaries and allowances.

(d) Civilian personnel costs

Salaries and common staff costs of international staff are net of staff assessment and are based on New York standard costs except for international staff on assignment from other United Nations organizations and staff appointed for the Mission shown in annex XII A. Salaries and common staff costs of local staff are based on the local salary scale established for San Salvador, El Salvador.

The anticipated phasing in of the civilian staff including the Electoral Division are as follows:

1 June - 30 November 1993 cost estimate	3 100

Provision is made for representation allowance for six months to eligible staff at the USG and D-2 levels.

v. Mission subsistence allowance

1 January - 30 November 1992 expenditure	2 335 900
1 December 1992 - 30 May 1993 projected expenditure	1 118 700
1 June - 30 November 1993 cost estimate	1 937 500

Mission subsistence allowance in respect of 168 internationally recruited staff members is calculated at the rates specified in section I, paragraph 1 (a) above.

vi. Consultants and experts

1 January - 30 November 1992 expenditure	112 000
1 December 1992 - 30 May 1993 projected expenditure	66 000
1 June - 30 November 1993 cost estimate	74 600

Provision is made for the recruitment of consultants in specialized areas of human rights, legal, political and for land distribution to assist in the work of the Human Rights Division and the Office of the Chief of the Mission. This required expertise is not available in the mission area. The estimate is based on the following requirements:

- Human Rights Division - two international consultants at \$6,000 per month including travel expenses for two work months each is required for labour and union issues and "Institutional Evaluation and Academic Support" (\$24,000); one local consultant for issue of "Habeas Corpus" at \$2,000 per month for 3 months (\$6,000); one local consultant for planning, organizing and executing programme to issue identity documents to the local population (\$6,600); two experts in Military Sociology at \$4,000 per person (fees and travel expenses) are required for work

meetings, conferences and advising the military authorities (\$8,000).

- Office of the Chief of the Mission - two local consultants at \$3,000 each per month for a period of five work months each will be required to deal with complex multi-disciplinary issues such as producing analyses, option recommendations, follow-up actions and producing highly technical reports (\$30,000).

vii. Travel

1 January - 30 November 1992 expenditure	41 600
1 December 1992 - 30 May 1993 projected expenditure	33 100
1 June - 30 November 1993 cost estimate	136 600

Provision is made for emplacement travel of 52 personnel to be deployed during the mandate period at the rates mentioned in section I, paragraph 1 (b) above (\$130,000) and a total of four trips of three days duration by the Chief of the Mission

(2 trips) and one senior official (2 trips) for consultations in New York, at an average cost of \$1,655 per trip (\$6,600).

3. Premises/accommodation

(a) Rental of premises

1 January - 30 November 1992 expenditure	476 100
1 December 1992 - 30 May 1993 projected expenditure	257 000
1 June - 30 November 1993 cost estimate	288 600

The issue of the provision of office space by the host Government in light of the Headquarters Agreement, has been reviewed again by the Mission; the matter has not yet been resolved.

In light of the above, provision is made for the continued rental of ONUSAL headquarters together with parking space at \$21,550 per month for six months (\$129,300); three regional and two subregional offices at \$5,715 per month for six months (\$34,300); two military regional offices and seven police centres at

\$11,440 per month for six months (\$68,640); hangars for UNUSAL helicopters at Ilopango for six months at \$2,000 per month (\$12,000); and parking space near to port to store vehicles and materials at \$500 per month for six months (\$3,000); warehouse in San Salvador (\$12,600); new office premises at \$2,500 per month for six months (\$15,000) and office space for the Electoral Division at \$2,300 per month for six months (\$13,800).

(b) Maintenance and alterations

1 January - 30 November 1992 expenditure	56 700
1 December 1992 - 30 May 1993 projected expenditure	14 200
1 June - 30 November 1993 cost estimate	24 400

Provision is made for the maintenance, alteration or adaptation of premises including new office space and accommodation for the Electoral Division.

(c) Utilities

1 January - 30 November 1992 expenditure	63 800
1 December 1992 - 30 May 1993 projected expenditure	31 400

ANNEX VI

United Nations Observer Mission in El Salvador (ONUSAL)

Cost estimates for the period from 1 December 1993
to 30 April 1994

Supplementary information

(United States dollars)

I. COST PARAMETERS

1. The cost estimates for the five-month period from 1 December 1993 to 30 April 1994 are based on the cost parameters provided below, unless otherwise indicated.

(a) Mission subsistence allowance

Mission subsistence allowance is payable to all mission personnel, excluding locally recruited staff, at the rate of \$85 per day for the first 30 days and \$68 per day thereafter. Where living accommodation is provided, appropriate reductions are made to this allowance. These revised rates have been approved based on a field survey conducted in the mission area in April 1993.

(b) Rotation/travel cost to and from the mission

Travel of mission personnel to and from the mission area by commercial airlines has been calculated at an average one-way cost of \$2,500 per person or \$5,000 round-trip inclusive of 100 kilograms of unaccompanied excess baggage.

(c) Military personnel costs

A clothing allowance is provided to military personnel based on the rate of \$200 per person per annum. No reimbursement is provided to governments for national salaries and allowances.

(d) Civilian personnel costs

Salaries and common staff costs of international staff are net of staff assessment and are based on New York standard costs except for international staff on assignment from other United Nations organizations and staff appointed for the Mission shown in annex XII B. Salaries and common staff costs of local staff are based on the local salary scale established for San Salvador, El Salvador.

II. REQUIREMENTS

1. Military observers

The cost estimate provides for 38 military personnel. It is anticipated that 24 military personnel will depart the mission area in December 1993 and 13 others in April 1994. The head of the Military Division will remain in the mission for a brief period after the elections.

(a) Mission subsistence allowance

ANNEX VIII

United Nations Observer Mission in El Salvador (ONUSAL):
Cost estimates for the liquidation of the United Nations
Observer Mission in El Salvador

Supplementary information

(United States dollars)

I. COST PARAMETERS

1. It is projected that the liquidation of ONUSAL will take three months to complete. The requirements detailed below relate to the operation of an ONUSAL liquidation office in El Salvador for the duration of that period until 31 July 1994. The cost estimates are based on the cost parameters provided below.

(a) Mission subsistence allowance

Mission subsistence allowance is payable to all mission personnel, excluding locally recruited staff, at the rate of \$85 per day for the first 30 days and \$68 per day thereafter. Where living accommodation is provided, appropriate reductions are made to this allowance. These revised rates have been approved based on a field survey conducted in the Mission area in April 1991.

(b) Rotation/travel cost to and from the mission

Travel of mission personnel to and from the mission area by commercial airlines has been calculated at an average one-way cost of \$2,500 per person or \$5,000 round-trip inclusive of 100 kilograms of unaccompanied excess baggage.

(c) Civilian personnel costs

Salaries and common staff costs of international staff are net of staff assessment and are based on New York standard costs except for international staff on assignment from other United Nations organizations and staff appointed for the Mission shown in annex XII C. Salaries and common staff costs of local staff are based on the local salary scale established for San Salvador, El Salvador.

The anticipated phasing out of the civilian staff is as follows:

II. REQUIREMENTS

1. Military observers

The cost estimate provides for one military person (the head of the Military Division), who is expected to depart the mission area in June 1994.

(a) Mission subsistence allowance

Provision is made for mission subsistence allowance based on 37 person-days at the mission subsistence allowance rates indicated in section I, paragraph 1 (a) above.

(b) Travel 2 500

Provision is made for repatriation travel of one military person at the rates mentioned in section I, paragraph 1 (b) above.

2. International and local staff costs

The proposed staffing table of ONUSAL during the liquidation phase is set out in annex XII C. The requirements of the liquidation office have been estimated at 42 international and 64 local posts.

(a) International staff salaries 475 000

Salaries of internationally recruited staff are estimated, using standard cost rates, for 42 posts (12 professional, 16 General Service and 14 Field Service).

(b) Local staff salaries 99 000

Calculation of salaries of 64 locally recruited staff is based on a net average of \$6,400 per year applicable to the mission area.

(c) Common staff costs 306 700

The provision covers common staff costs for international staff (\$283,100), and local staff (\$23,600) as detailed in annex XII C.

(d) Representation allowance 600

Provision is made for representation allowance during the liquidation period to eligible staff at the USG and D-2 levels.

(e) Mission subsistence allowance 234 600

Mission subsistence allowance in respect of 12 internationally recruited staff members is calculated at the rates specified in section I, paragraph 1 (a) above.

(f) Travel 105 000

Provision is made for repatriation travel of 42 internationally recruited personnel during and at the end of the liquidation phase at the rates mentioned in section I, paragraph 1 (b) above.

3. Premises/accommodation

(a) Rental of premises 66 200

It is estimated that the liquidation office will require office and storage space in El Salvador through 31 July 1994. Offices will be retained at ONUSAL headquarters for two months (May and June) and thereafter the office will be moved to six rooms in a local hotel. Estimated requirements are; three and a half floors at ONUSAL headquarters for two months at \$20,400 per month (\$40,800); six hotel rooms for one month (July) at \$80 per day per room (\$15,000); parking space at ONUSAL headquarters at \$1,150 per month for two months (\$2,300); parking space near the loading dock at the seaport at \$2,000 per month for two months (\$4,000); warehouse in San Salvador at \$2,050 per month for two months (\$4,100).

(b) Maintenance and alterations 10 000

Provision is made for the maintenance of premises prior to vacating them at \$5,000 per month for two months.

(c) Utilities 6 000

Provision is made for water and electricity charges at ONUSAL headquarters estimated at \$3,000 per month for two months.

(d) Cleaning services 3 000

Provision is made for contractual services for general maintenance and upkeep of facilities at ONUSAL headquarters until the building is vacated estimated at \$1,500 per month for two months.

(e) Security services 14 200

Provision is made for contractual guard and security services for ONUSAL's headquarters, the

parking area and warehouse estimated at \$7,100 per month for two months.

4. Transportation operations

It is estimated that the liquidation office will retain up to 20 vehicles for two months and thereafter will rent commercial vehicles for one month.

(a) Spare parts, repairs and maintenance 8 300

Provision is made for vehicle maintenance under commercial arrangements estimated at \$207 per vehicle per month based on average operating cost, for 20 vehicles for two months. This estimate also covers the cost of spare parts for vehicle maintenance including tyres and batteries.

(b) Rental of vehicles 13 000

Provision is made for renting eight commercial automobiles for one month at a cost of \$1,000 per month per vehicle (\$8,000) and rental of

small trucks for one month to transport office equipment to the ONUSAL warehouse (\$5,000).

(c) Petrol, oil and lubricants 2 800

Provision is made for the cost of fuel and lubricants for two months, for the 20 vehicles retained by the liquidation office, estimated at \$58 per vehicle per month based on an average operating cost of the previous mandate (\$2,300). Provision is also made for fuel for one month for the eight rented commercial cars and trucks and for two months for generator fuel (\$1,500).

(d) Vehicle insurance 600

Provision is made for insurance coverage of 20 vehicles in the mission area. It provides worldwide coverage at \$60 per year per vehicle (\$200) and local insurance at \$111 per year per vehicle (\$400).

5. Communication

(a) Commercial communication 17 000

Provision is made for two months of user charges for commercial communication for facsimile, telephone and pouch services and satellite charges at ONUSAL headquarters at an average of \$6,000 per month (\$12,000) and facsimile, telephone and telex charges at commercial rates, when based at the hotel for one month (\$5,000).

6. Supplies and services

(a) Official hospitality 3 000

Provision is made for limited hospitality to local dignitaries in the context of good will in the official interest of the Mission.

(b) Contractual services 30 000

Provision is made for contractual services for garbage removal, technical repairs and cleaning and

charges for dismantling, packing and crating of furniture and equipment.

(c) General supplies and services 10 000

Provision is made to cover local printing, stationery and office supplies, computer supplies and reproduction materials sanitation and cleaning material, bank charges and other miscellaneous supplies not provided elsewhere estimated at \$5,000 per month.

7. Freight and cartage 1 500 000

Provision under this heading covers the cost of shipping, packing charges not included elsewhere, crating and dismantling equipment not provided elsewhere and sea freight to Pisa of all vehicles, generators, the satellite earth station and other equipment. Estimated requirements are base on a unit cost of \$4,500 per 40 foot container as follows:

<u>UNITED EQUIPMENT</u> <u>to be transferred</u>	<u>Number of</u> <u>containers</u>	<u>Estimated</u> <u>cost</u>
---	---------------------------------------	---------------------------------

447 vehicles	224	1 008 000
