41H.1 Explanations regarding the changes in rates of exchange and inflation may be found in Part I of the present report and are not repeated here. Changes appearing under other changes are explained below.

Posts (Decrease: \$701,100)

41H.2 The bulk of this reduction comes under established posts and common staff costs and is due mainly to vacancies during the biennium.

Other objects (Increase: \$3,500)

41H.3 Some minor redeployments and utilization of balances in other objects reflect requirements of the newly established Office of Inspections and Investigations.
