I. INTRODUCTION

1. In its resolution 900 (1994) of 4 March 1994, the Security Council called upon all parties in Bosnia and Herzegovina to cooperate with the United Nations Protection Force (UNPROFOR) in the consolidation of the agreement reached on 9 February 1994 on a cease-fire in and around Sarajevo, to achieve complete freedom of movement for the civilian population and humanitarian goods to, from and within Sarajevo, to remove any hindrance to such freedom of movement, and to help restore normal life to the city.
2. The additional responsibilities to be undertaken by UNPROFOR in connection with Security Council resolution 900 (1994) and the proposed increase in its strength were described in the report of the Secretary-General to the Council dated 11 March 1994. 1/
3. By its resolution 900 (1994), the Council also requested the Secretary-General to appoint a senior civilian official to draw up an overall assessment and plan of action for the restoration of essential public services in the various opstine of Sarajevo, other than the city of Pale, and to establish a voluntary trust fund for that purpose.
4. The Security Council, by its resolution XXX (1994) of __ March 1994, decided to authorize the enlargement of the mandate of UNPROFOR to implement the arrangements relating to the cease-fire and ensuring the freedom of movement in and around Sarajevo, and to increase its strength by 150 military observers, 8,250 contingent personnel and 275 civilian police monitors.

II. ENLARGEMENT OF THE MANDATE OF THE UNITED NATIONS PROTECTION FORCE

5. Following the agreement reached on 9 February 1994 on a cease-fire and measures relating to heavy weapons in and around Sarajevo, UNPROFOR began to implement various arrangements agreed upon between the Government of the Republic of Bosnia and Herzegovina and the Special Representative of the Secretary-General and between the Bosnian Serb party and the Special Representative of the Secretary-General. Those cease-fire and demilitarization arrangements for Sarajevo involve numerous new tasks, such as the interposing of UNPROFOR units at the confrontation line between the forces of the Bosnian Government and the Bosnian Serbs, and the monitoring of the withdrawal of heavy weapons from a 20-kilometre radius of Sarajevo or their placing under UNPROFOR control.
6. The additional tasks to be undertaken by UNPROFOR in connection with the above are as follows:
 - (a) To monitor the cease-fire along the confrontation lines with patrols and observation posts;
 - (b) To establish collection sites for heavy weapons;

- (c) To monitor the heavy weapons that are not being handed over;
- (d) To monitor the exclusion zone to prevent any return of heavy weapons;
- (e) To transport and protect prisoners during exchanges;
- (f) To assist in repairs of utilities.

7. In order to implement these tasks in and around Sarajevo, the strength of UNPROFOR has been increased by 2,200 additional logistic and support personnel. These units include one logistic battalion (1,000); one engineer battalion (500); one special reconnaissance squadron (150); one helicopter squadron (150); and eight fire locating units (400). In regard to operations in central Bosnia, it has been necessary to increase the Force's strength by four mechanized infantry battalions (4,800); one logistic battalion equipped for transportation and fuel supply (600); one engineer battalion equipped for road repairs, bridging and mine clearance (500); one special forces company equipped for monitoring sniper activity (150); 150 military observers; and 275 civilian police monitors.

III. ESTIMATED COST OF THE ENLARGEMENT OF THE MANDATE
OF THE UNITED NATIONS PROTECTION FORCE FOR THE
PERIOD FROM 1 APRIL TO 31 JULY 1994

8. By its resolution 48/238 of 24 March 1994, the General Assembly authorized the Secretary-General to enter into commitments for the operation of UNPROFOR at a rate not to exceed \$95,430,962 gross (\$94,546,770 net) per month for the period from 1 April to 31 July 1994, should the Security Council decide to continue the operation beyond 31 March 1994. That authorization is based on the cost estimates contained in annex VII to the report of the Secretary-General on the financing of UNPROFOR dated 25 February 1994 (A/48/690/Corr.3), which did not provide for the increased strength authorized in Security Council resolution XXX (1994).

9. The additional costs, including start-up requirements, relating to the enlargement of the mandate of UNPROFOR are estimated at \$151,180,000 gross (\$150,932,700 net) for the period from 1 April to 31 July 1994. Those additional requirements cannot be met from within the existing commitment authorization provided by General Assembly resolution 48/238.

10. The preparation of precise budget estimates requires more time for the collection and assessment of detailed information on the requirements of the enlargement. It is proposed that additional resources be provided to UNPROFOR for the current mandate period to meet the costs of the expanded operation. Detailed cost estimates for the period from 1 April 1994 will be included in the report of the Secretary-General on the financing of UNPROFOR to be submitted to the General Assembly no later than 15 June 1994 in accordance with Assembly resolution 48/238.

IV. VOLUNTARY CONTRIBUTIONS

11. In paragraph 4 of its resolution 900 (1994), the Security Council requested the Secretary-General to establish a trust fund to receive contributions for the restoration of essential public services in Sarajevo. The trust fund was established on 21 March 1994. To date no contributions to the trust fund have been received.

V. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY
AT ITS FORTY-EIGHTH SESSION

12. In order to provide UNPROFOR with the required resources, including the acquisition of equipment and the emplacement of additional military and civilian personnel, the General Assembly is requested to provide additional commitment authorization to UNPROFOR in the amount of \$151,180,000 gross (\$150,932,700 net) for the period from 1 April to 31 July 1994 and for the apportionment of the amount of \$48,843,800 gross (\$48,596,500 net).
