The General Assembly,

Recalling its previous resolutions on the prohibition of the development and manufacture of new types of weapons of mass destruction and new systems of such weapons,

Taking note of paragraph 77 of the Final Document of the Tenth Special Session of the General Assembly, 1/

Determined to prevent the emergence of new types of weapons of mass destruction that have characteristics comparable in destructive effect to those of weapons of mass destruction identified in the definition of weapons of mass destruction adopted by the United Nations in 1948, 2/

Noting that in the course of its 1992 and 1993 sessions the Conference on Disarmament considered the item entitled "New types of weapons of mass destruction and new systems of such weapons: radiological weapons",

Taking into account the sections of the reports of the Conference on Disarmament relating to this question, 3/

48/62. Reduction of military budgets: transparency  
of military expenditures

The General Assembly,

Recalling its resolutions 35/142 B of 12 December 1980, which introduced the United Nations system for the standardized reporting of military expenditures, 46/25 of 6 December 1991 and 47/54 B of 9 December 1992, dealing with the guidelines and recommendations for objective information on military matters,

Noting that since then national reports on military expenditures have voluntarily been submitted by a number of Member States belonging to different geographic regions,

Expressing its appreciation to the Secretary-General for providing Member States with the reports on military expenditures,

Welcoming the decision of the States participating in the Conference on Security and Cooperation in Europe, as contained in the Vienna Document 1990 of the negotiations on confidence- and security-building measures, 1/ to exchange information annually on their military budgets, on the basis of the categories of the United Nations standardized reporting system,

---

1/ The United Nations Disarmament Yearbook, vol. 15: 1990 (United Nations publication, Sales No. E.91.IX.8), appendix III.

Emphasizing that an increased flow and exchange of information on military expenditures will contribute to the predictability of military activities, thus strengthening international peace and security on a global and regional level,

Recalling that the guidelines and recommendations for objective information on military matters <sup>2/</sup> stated that the United Nations system for the standardized reporting of military expenditures should continue in operation and could be further improved,

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

48/63. Compliance with arms limitation and  
disarmament agreements

The General Assembly,

Recalling its resolution 46/26 of 6 December 1991 and other relevant resolutions on the question,

Recognizing the abiding concern of all Member States for maintaining respect for rights and obligations arising from treaties and other sources of international law,

Convinced that observance of the Charter of the United Nations, relevant treaties and other sources of international law is essential for the strengthening of international security,

Mindful, in particular, of the fundamental importance of full implementation and strict observance of agreements and other obligations on arms limitation and disarmament if individual nations and the international community are to derive enhanced security from them,

Stressing that any violation of such agreements and other obligations not only adversely affects the security of States parties but can also create security risks for other States relying on the constraints and commitments stipulated in those agreements and other obligations,

Stressing also that any weakening of confidence in such agreements and other obligations diminishes their contribution to global or regional stability and to further disarmament and arms limitation efforts and undermines the credibility and effectiveness of the international legal system,

Recognizing, in this context, that full compliance by parties with existing agreements and the resolving of compliance concerns effectively can, inter alia, facilitate the conclusion of additional arms limitation and disarmament agreements,

Believing that compliance with arms limitation and disarmament agreements by States parties is a matter of interest and concern to all members of the international community, and noting the role that the United Nations has played and should continue to play in that regard,

Convinced that resolution of non-compliance questions that have arisen with regard to arms limitation and disarmament obligations would contribute to better relations among States and the strengthening of world peace and security,

Welcoming the universal recognition of the critical importance of the question of compliance with and verification of arms limitation and disarmament agreements and other obligations,

1. Urges all States parties to arms limitation and disarmament agreements to implement and comply with the entirety of the spirit and provisions of such agreements;

2. Calls upon all Member States to give serious consideration to the implications that non-compliance with arms limitation and disarmament obligations has for international security and stability, as well as for the prospects for further progress in the field of disarmament;

3. Also calls upon all Member States to support efforts aimed at the resolution of non-compliance questions, with a view to encouraging strict observance by all parties of the provisions of arms limitation and disarmament agreements and maintaining or restoring the integrity of such agreements;

4. Welcomes the role that the United Nations has played in restoring the integrity of certain arms limitation and disarmament agreements and in the removal of threats to peace;

5. Requests the Secretary-General to continue to provide assistance that may be necessary in restoring and protecting the integrity of arms limitation and disarmament agreements;

6. Encourages efforts by States parties to develop additional cooperative measures, as appropriate, that can increase confidence in compliance with existing arms limitation and disarmament obligations and reduce the possibility of misinterpretation and misunderstanding;

7. Notes the contribution that verification experiments and research can make and already have made in confirming and improving verification procedures for arms limitation and disarmament agreements under study or negotiation, thereby providing an opportunity, from the time that such agreements enter into force, for enhancing confidence in the effectiveness of verification procedures as a basis for determining compliance;

8. Decides to include in the provisional agenda of its fiftieth session an item entitled "Compliance with arms limitation and disarmament obligations".

Taking into account the Final Document of the Tenth Special Session of the General Assembly, 1/ in particular paragraph 106 thereof, in which the Assembly urged Governments and international governmental and non-governmental organizations to take steps to develop programmes of education for disarmament and peace studies at all levels,

Considering that paragraphs 99, 100 and 101 of the Final Document provide for the mechanisms of a programme to mobilize world public opinion to promote disarmament, including the dissemination of information and publicity to complement the educational work,

Also considering that the United Nations Disarmament Information Programme 2/ plays an important role in complementing the educational and information efforts for disarmament carried out by Member States within their own educational and cultural development systems,

Recognizing that the important changes that have taken place in the world aimed at promoting freedom, democracy, respect for and enjoyment of human rights, disarmament and social development contribute to the achievement of positive results in the promotion of education and information for disarmament,

3. Reaffirms that, in order to achieve positive results, it is indispensable to carry out educational and advisory programmes that promote peace and disarmament at all levels and that are aimed at changing basic attitudes with respect to aggression, violence, armaments and war, and that support regional and international measures geared to peace, security and cooperation;

4. Reiterates that the efforts of Member States, international governmental and non-governmental organizations and educational institutions for peace and disarmament, in the promotion of activities under the United Nations Disarmament Information Programme, will strengthen not only education and information for disarmament, as described in the second and third preambular paragraphs above, but also the arms reduction and disarmament processes or agreements that are being carried out at the regional and international levels;

5. Invites Member States and international governmental and non-governmental organizations and educational institutions for peace and disarmament to redouble their efforts to respond to the appeal made in paragraph 106 of the Final Document of the Tenth Special Session of the General Assembly and to submit to the Secretary-General a report on their activities in this regard;

6. Requests the Secretary-General to submit to the General Assembly at its fiftieth session, under the item entitled "Education and information for disarmament" and from within existing resources, the reports requested in paragraph 5 above.

and their impact on international security

The General Assembly,

Recalling that at its tenth special session, the first special session devoted to disarmament, it unanimously stressed the importance of both qualitative and quantitative measures in the process of disarmament,

Emphasizing that the proposal contained in its resolution 43/77 A of 7 December 1988 is without prejudice to research and development efforts being undertaken for peaceful purposes,

Noting the results of the United Nations Conference on New Trends in Science and Technology: Implications for International Peace and Security, held at Sendai, Japan, from 16 to 19 April 1990, 1/ and recognizing, in this regard, the need for the scientific and policy communities to work together in dealing with the complex implications of technological change,

Noting that qualitative improvements in science and technology with military applications have implications for international security and that States, in this regard, should assess carefully the impact of the use of science and technology on international security,

Recognizing also that progress in the application of science and technology contributes substantially to the implementation of arms control and disarmament agreements, inter alia, in the fields of weapons disposal, military conversion and verification,

2/ Ibid., para. 31.

3/ A/48/360.

Recalling that norms and guidelines for the transfer of high technology with military applications should take into account legitimate requirements for the maintenance of international peace and security, while ensuring that they do not deny access to high-technology products, services and know-how for peaceful purposes,

Emphasizing that commitment to, and the fulfilment of, comprehensive and balanced objectives of non-proliferation in all its aspects pertaining to the acquisition or transfer of high technology relevant to weapons of mass destruction are essential for the maintenance of international security and international cooperation and for the promotion of transfers of such technology for peaceful purposes,

Noting the interest of the international community in cooperation in the fields of disarmament-related science and technology and the transfer of high technology with military applications,

3. Invites Member States to undertake additional efforts to apply science and technology for disarmament-related purposes and to make disarmament-related technologies available to interested States;
4. Also invites Member States to widen multilateral dialogue, bearing in mind the proposal for seeking universally acceptable norms or guidelines that would regulate international transfers of high technology with military applications;
5. Encourages the United Nations to contribute, within existing mandates, to promoting the application of science and technology for peaceful purposes;
6. Decides to include in the provisional agenda of its forty-ninth session the item entitled "The role of science and technology in the context of international security, disarmament and other related fields".

48/69. Amendment of the Treaty Banning Nuclear  
Weapon Tests in the Atmosphere, in Outer  
Space and under Water

The General Assembly,

Recalling its resolutions 44/106 of 15 December 1989, 45/50 of  
4 December 1990, 46/28 of 6 December 1991 and 47/46 of 9 December 1992,

Reiterating its conviction that a comprehensive nuclear-test-ban treaty  
is the highest-priority measure for the cessation of the nuclear-arms race and  
for the achievement of the objective of nuclear disarmament,

Recalling the central role of the United Nations in the field of nuclear  
disarmament and in particular in the cessation of all nuclear-test explosions,  
as well as the persistent efforts of non-governmental organizations in the  
achievement of a comprehensive nuclear-test-ban treaty,

Conscious of the growing environmental concerns throughout the world and  
of the past and potential negative effects of nuclear testing on the  
environment,

Recalling its resolution 1910 (XVIII) of 27 November 1963, in which it  
noted with approval the Treaty Banning Nuclear Weapon Tests in the Atmosphere,  
in Outer Space and under Water, 1/ signed on 5 August 1963, and requested the  
Conference of the Eighteen-Nation Committee on Disarmament 2/ to continue with  
a sense of urgency its negotiations to achieve the objectives set forth in the  
preamble to the Treaty,

---

1/ United Nations, Treaty Series, vol. 480, No. 6964.

2/ On 26 August 1969, the Conference of the Eighteen-Nation Committee  
on Disarmament decided to change its name to the Conference of the Committee  
on Disarmament. That negotiating body became the Committee on Disarmament as  
from the tenth special session of the General Assembly. The Committee on  
Disarmament was redesignated the Conference on Disarmament as from  
7 February 1984.

Recalling also that more than one third of the parties to the Treaty requested the Depositary Governments to convene a conference to consider an amendment that would convert the Treaty into a comprehensive test-ban treaty,

Recalling further that a substantive session of the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water was held in New York from 7 to 18 January 1991,

Reiterating its conviction that the Amendment Conference will facilitate the attainment of the objectives set forth in the Treaty and thus serve to strengthen it,

Noting with satisfaction the unilateral nuclear-test moratoria announced by several nuclear-weapon States,

Welcoming the decision of the Conference on Disarmament to give its Ad Hoc Committee on a Nuclear Test Ban a mandate to negotiate a comprehensive test ban, 3/

Recalling its recommendation that arrangements be made to ensure that intensive efforts continue, under the auspices of the Amendment Conference, until a comprehensive nuclear-test-ban treaty is achieved, and its call that all parties participate in, and contribute to the success of, the Amendment Conference,

Recalling also the decision adopted by the Amendment Conference 4/ to the effect that, since further work needed to be undertaken on certain aspects of a comprehensive test-ban treaty, especially those with regard to verification of compliance and possible sanctions against non-compliance, the President of the Conference should conduct consultations with a view to achieving progress on those issues and to resuming the work of the Conference at an appropriate time,

Welcoming the ongoing consultations being conducted by the President of the Amendment Conference,

1. Notes the concluding statement 5/ made by the President of the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water at the special meeting of the States parties held on 10 August 1993, in which broad agreement was found for:

(a) Pursuing work for a comprehensive test ban in the Amendment Conference and the Conference on Disarmament in a mutually supportive and mutually complementary manner;

(b) Holding another special meeting early in 1994 to review developments and assess the situation regarding a comprehensive test ban and to examine the feasibility of resuming the work of the Amendment Conference later that year;

(c) Promoting universality of a comprehensive test ban by having the President of the Amendment Conference liaise closely with the Conference on Disarmament and the five nuclear-weapon States;

5/ A/48/381, annex.

2. Recommends that arrangements be made to ensure the fullest possible participation of non-governmental organizations in the Amendment Conference;

3. Reiterates its conviction that, pending the conclusion of a comprehensive nuclear-test-ban treaty, the nuclear-weapon States should suspend all nuclear-test explosions through an agreed moratorium or unilateral moratoria;

**48/70. Comprehensive test-ban treaty**

The General Assembly,

Recalling that a comprehensive nuclear-test ban is one of the priority objectives of the international community in the field of disarmament and non-proliferation,

Convinced that the most effective way to achieve an end to nuclear testing is through the conclusion of a multilaterally and effectively verifiable comprehensive test-ban treaty that will attract the adherence of all States and will contribute to the prevention of the proliferation of nuclear weapons in all its aspects, to the process of nuclear disarmament and therefore to the enhancement of international peace and security,

Convinced also that the exercise of utmost restraint in respect of nuclear testing would be consistent with the objective of an international negotiation of a comprehensive test ban,

Noting the aspirations expressed by the parties to the 1963 Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water 1/ to seek to achieve the discontinuance of all test explosions of nuclear weapons for all time, which are recalled in the preamble to the 1968 Treaty on the Non-Proliferation of Nuclear Weapons, 2/

Welcoming the willingness of all nuclear-weapon States as well as the rest of the international community to pursue the multilateral negotiation of a comprehensive test-ban treaty,

Noting with satisfaction the initiation in 1993 by the Conference on Disarmament of work under item 1 of its agenda, entitled "Nuclear Test Ban" and the programme of substantive work subsequently undertaken within its Ad Hoc Committee on a Nuclear Test Ban,

Noting also the ongoing activity of the Ad Hoc Group of Scientific Experts to Consider International Cooperative Measures to Detect and Identify Seismic Events,

1. Welcomes the decision 3/ taken by the Conference on Disarmament on 10 August 1993 to give its Ad Hoc Committee on a Nuclear Test Ban a mandate to negotiate a universal and internationally and effectively verifiable comprehensive test-ban treaty, and fully endorses the contents of that decision;

2. Calls upon participants in the Conference on Disarmament to approach the inter-sessional consultations mandated by that decision in a positive and constructive light;

3. Urges the Conference on Disarmament at the commencement of its 1994 session to re-establish, with an appropriate negotiating mandate, the Ad Hoc Committee on its agenda item entitled "Nuclear test ban";

4. Calls upon all States to support the multilateral negotiations in the Conference on Disarmament for a comprehensive test-ban treaty;

5. Also urges the Conference on Disarmament to proceed intensively, as a priority task, in its negotiation of such a universal and internationally and effectively verifiable treaty;

6. Requests the Secretary-General to ensure the provision to the Conference on Disarmament of additional administrative, substantive and conference support services for these negotiations;

7. Decides to include in the provisional agenda of its forty-ninth session an item entitled "Comprehensive test-ban treaty".

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Welcoming the progress achieved in recent years in both nuclear and conventional disarmament,

Noting that, despite recent progress in the field of nuclear disarmament, further efforts are necessary towards the achievement of the goal of general and complete disarmament under effective international control,

Also convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined strictly to abide by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

/...

Recognizing also that effective measures and arrangements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, 1/ the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Taking note further of the unilateral declarations made by all nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Noting also the greater willingness to overcome the difficulties encountered in previous years,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991 and 47/50 of 9 December 1992,

1. Reaffirms the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. Notes with satisfaction that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties as regards evolving a common approach acceptable to all have also been pointed out;

3. Appeals to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that bilateral negotiations, begun in 1985 between the Union of Soviet Socialist Republics and the United States of America, were conducted with the declared objective of working out effective agreements aimed, inter alia, at preventing an arms race in outer space,

Welcoming the re-establishment of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space at the 1993 session of the Conference on Disarmament, in the exercise of the negotiating responsibilities of this sole multilateral body on disarmament, to continue to examine and identify, through substantive and general consideration, issues relevant to the prevention of an arms race in outer space,

Noting also that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space, 4/ and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Emphasizing the mutually complementary nature of bilateral and multilateral efforts in the field of preventing an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

---

3/ See A/47/675-S/24816, annex, chap. II, para. 45.

4/ See Official Records of the General Assembly, Forty-eighth Session, Supplement No. 27 (A/48/27), para. 37 (para. 5 of the quoted text).

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling in this context its previous resolutions, in particular resolutions 45/55 B of 4 December 1990 and 47/51 of 9 December 1992, in which, inter alia, it reaffirmed the importance of confidence-building measures as means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

Recognizing that there was wide agreement in the Ad Hoc Committee that the conclusion of an international agreement or agreements to prevent an arms race in outer space remained the fundamental task of the Committee and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

1. Reaffirms the importance and urgency of preventing an arms race in outer space and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;

2. Reaffirms its recognition, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space by itself does not guarantee the prevention of an arms race in outer space, that this legal regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness, and that it is important strictly to comply with existing agreements, both bilateral and multilateral;

3. Emphasizes the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. Calls upon all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. Reiterates that the Conference on Disarmament, as the single multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

/...

6. Requests the Conference on Disarmament to consider as a matter of priority the question of preventing an arms race in outer space;

7. Also requests the Conference on Disarmament to intensify its consideration of the question of the prevention of an arms race in outer space in all its aspects, building upon areas of convergence and taking into account relevant proposals and initiatives, including those presented in the Ad Hoc Committee at the 1993 session of the Conference and at the forty-eighth session of the General Assembly;

8. Further requests the Conference on Disarmament to re-establish an ad hoc committee with an adequate mandate at the beginning of its 1994 session and to continue building upon areas of convergence, taking into account the work undertaken since 1985, with a view to undertaking negotiations for the conclusion of an agreement or agreements, as appropriate, to prevent an arms race in outer space in all its aspects;

9. Recognizes, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

10. Urges the Russian Federation and the United States of America to resume their bilateral negotiations with a view to reaching early agreement for preventing an arms race in outer space, and to advise the Conference on Disarmament periodically of the progress of their bilateral sessions so as to facilitate its work;

11. Decides to include in the provisional agenda of its forty-ninth session the item entitled "Prevention of an arms race in outer space".

1. Takes note of the report of the Secretary-General, 5/ the annex to which contains the study on the application of confidence-building measures in outer space;

2. Requests the Secretary-General to arrange for the reproduction of the study as a United Nations publication and to give it the widest possible distribution;

Bilateral nuclear-arms negotiations and  
nuclear disarmament

The General Assembly,

Recognizing the fundamental changes that have taken place with respect to international security, which have permitted agreements on deep reductions in the nuclear armaments of the States possessing the largest inventories of such weapons,

Mindful that it is the responsibility and obligation of all States to contribute to the process of the relaxation of international tension and to the strengthening of international peace and security,

missiles, 6/ and the treaties on the reduction and limitation of strategic offensive arms,

Noting that there are still significant nuclear arsenals and that the primary responsibility for nuclear disarmament, with the objective of the elimination of nuclear weapons, rests with the nuclear-weapon States, in particular those which possess the largest stockpiles,

Welcoming the steps that have already been taken by those States to begin the process of reducing the number of nuclear weapons and removing such weapons from a deployed status,

Noting also the new climate of relations between the United States of America and the States of the former Soviet Union, which permits them to intensify their cooperative efforts to ensure the safety, security and environmentally sound destruction of nuclear weapons,

Urging the further intensification of such efforts to accelerate the implementation of agreements and unilateral decisions relating to nuclear-arms reduction,

Welcoming also the reductions made by other nuclear-weapon States in some of their nuclear-weapon programmes, and encouraging all nuclear-weapon States to consider appropriate measures relating to nuclear disarmament,

Affirming that bilateral and multilateral negotiations on nuclear disarmament should facilitate and complement each other,

1. Welcomes the actions taken towards the ratification of the Treaty on the Reduction and Limitation of Strategic Offensive Arms signed in Moscow on 31 July 1991 by the former Union of Soviet Socialist Republics and the United States of America and the protocol to that Treaty signed at Lisbon on 23 May 1992 by the four parties thereto, and urges the parties to take the necessary steps to ensure its entry into force at the earliest possible date;

2. Also welcomes the signing of the Treaty between the Russian Federation and the United States of America on the Further Reduction and Limitation of Strategic Offensive Arms, in Moscow on 3 January 1993, and urges the parties to take the steps necessary to bring that Treaty into force at the earliest possible date;

3. Expresses its satisfaction at the continuing implementation of the treaty between the former Union of Soviet Socialist Republics and the United States of America on the elimination of their intermediate-range and shorter-range missiles, 6/ in particular at the completion by the parties of the destruction of all their declared missiles subject to elimination under the treaty;

1. Requests the Secretary-General to prepare a short report containing a brief description of the question of the non-proliferation of weapons of mass destruction and of vehicles for their delivery in all its aspects and to transmit it, no later than 1 May 1994, to a representative intergovernmental group of experts for its consideration and suggestions regarding further study of the question by the international community in various multilateral disarmament forums;

2. Also requests the Secretary-General to submit his report, together with the suggestions of the representative intergovernmental group of experts, to the General Assembly at its forty-ninth session;

Transparency in armamentsThe General Assembly,

Recalling its resolutions 46/36 L of 9 December 1991 and 47/52 L of 15 December 1992,

Continuing to take the view that an enhanced level of transparency in armaments contributes greatly to confidence-building and security among States and that the establishment of the Register of Conventional Arms 14/ constitutes an important step forward in the promotion of transparency in military matters,

Welcoming the report of the Secretary-General on the first year of operation of the Register of Conventional Arms, 15/

Encouraged by the response of Member States to the request contained in paragraphs 9 and 10 of its resolution 46/36 L to provide data on their imports and exports of arms, as well as available background information regarding their military holdings, procurement through national production and relevant policies,

Welcoming also the work of the Conference on Disarmament under the item of its agenda entitled "Transparency in armaments",

Welcoming further the organization by Member States of initiatives and seminars intended to promote transparency in military matters through a widespread reporting of data to the Register of Conventional Arms,

1. Reaffirms its determination to ensure the effective operation of the Register of Conventional Arms as provided for in paragraphs 7, 9 and 10 of its resolution 46/36 L;
2. Calls upon all Member States to provide the requested data and information for the Register to the Secretary-General by 30 April annually;
3. Reaffirms also its request to the Secretary-General to prepare a report, with the assistance of a group of governmental experts to be convened in 1994 on the basis of equitable geographical representation, on the continuing operation of the Register and its further development, taking into account the work of the Conference on Disarmament and the views expressed by Member States, so that a decision may be taken by the General Assembly at its forty-ninth session;

International arms transfers

The General Assembly,

Recalling its resolutions 43/75 I of 7 December 1988, 46/36 H of 6 December 1991 and 47/54 A of 9 December 1992, and its decisions 45/415 of 4 December 1990 and 47/419 of 9 December 1992,

Realizing the urgent need to resolve underlying conflicts, to diminish tensions and to accelerate efforts towards general and complete disarmament with a view to maintaining regional and international peace and security in a world free from the scourge of war and the burden of armaments,

Reaffirming the role of the United Nations in the field of disarmament and the commitment of Member States to take concrete steps in order to strengthen that role,

Recognizing that, in the context of international arms transfers, the illicit arms traffic is a disturbing, dangerous and increasingly common phenomenon, and that, with the technical sophistication and destructive capability of conventional weapons, the destabilizing effects of the illicit arms traffic increase,

Considering that, in the context of international arms transfers, the illicit arms traffic, by its clandestine nature, defies transparency and until now has escaped inclusion within the Register of Conventional Arms,

Realizing that arms obtained through the illicit arms traffic are most likely to be used for violent purposes, and that even small arms so obtained, directly or indirectly, by underground organizations such as mercenary groups can pose a threat to the security and political stability of the States affected,

/...

Stressing that effective control over the imports and exports of conventional weapons falls under the responsibility of Member States,

1. Takes note of the report of the Secretary-General; 16/
2. Calls upon all Member States to give priority to eradicating the illicit arms traffic associated with destabilizing activities, such as terrorism, drug trafficking and common criminal acts, and to take immediate action towards this end;
3. Urges Member States to monitor arms transfers effectively and to strengthen or adopt strict measures in an effort to prevent arms from falling into the hands of parties engaged in the illicit arms traffic;
4. Notes that the Disarmament Commission, at its organizational session in 1993, included the question of international arms transfers, with particular reference to General Assembly resolution 46/36 H, in the agenda of its substantive session in 1994, and requests the Commission to report thereon to the Assembly at its forty-ninth session;
5. Decides to include in the provisional agenda of its forty-ninth session an item entitled "International illicit arms traffic".

Regional disarmament

The General Assembly,

Recalling its resolutions 47/52 G and 47/52 J of 9 December 1992,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations and to international law in the conduct of their international relations,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Noting that regional arrangements for disarmament and arms limitation may free resources of participating States for peaceful purposes, inter alia, the promotion of their economic and social development,

Reaffirming its firm conviction that the regional approach to disarmament is essential to strengthening international peace and security at the regional and global levels,

Welcoming the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional level,

Noting with satisfaction the important progress made in various regions of the world through the adoption of arms limitation, peace, security and cooperation agreements, including those related to the prohibition of weapons of mass destruction, and encouraging States in the regions concerned to continue implementing those agreements,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments for all the participating States, would enhance the security of all States and would thus contribute to international peace and security,

Recognizing the useful role played by the United Nations regional centres,

Taking note of the report of the Disarmament Commission, containing the text, adopted by the Commission at its 1993 substantive session, of the guidelines and recommendations for regional approaches to disarmament within the context of global security, 17/

Expressing its appreciation for the work accomplished by the Disarmament Commission in finalizing the text of those guidelines and recommendations,

1. Endorses the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session, 17/ and recommends them to all Member States for implementation;

2. Affirms that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;

3. Affirms also that multifaceted cooperation among States of a region, especially encompassing the political, economic, social and cultural fields, can be conducive to the strengthening of regional security and stability;

4. Encourages States to reach, wherever possible, freely concluded agreements at the regional level on confidence- and security-building measures, disarmament and arms limitations, arrangements to prevent the proliferation in all its aspects of nuclear weapons and other weapons of mass destruction, zones of peace and zones free of nuclear weapons and other weapons of mass destruction, as well as consultative and cooperative arrangements;

---

17/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.

5. Supports and encourages efforts aimed at promoting confidence-building measures at the regional level in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at the regional level;

6. Also encourages States to address, in regional arrangements for disarmament and arms limitations, the question of the accumulation of conventional weapons beyond the legitimate self-defence requirements of States;

7. Encourages States of a region to examine the possibility of creating, on their own initiative, regional mechanisms and/or institutions for the establishment of measures in the framework of an effort of regional disarmament or for the prevention and peaceful settlement of disputes and conflicts with the assistance, if requested, of the United Nations;

8. Invites Member States and regions to bring to the attention of the General Assembly results achieved on regional disarmament, and requests the Secretary-General to submit a report to the Assembly at its forty-ninth session on the basis of the replies received;

9. Decides to include in the provisional agenda of its forty-ninth session the item entitled "Regional disarmament".

#### Measures to curb the illicit transfer and use of conventional weapons

##### The General Assembly,

Recalling its resolution 46/36 H of 6 December 1991 and its decision 47/419 of 9 December 1992 on international arms transfers,

Considering that the availability of massive quantities of conventional weapons is a contributory factor to armed conflicts around the world,

Stressing the need for measures that curb the illicit transfer and use of conventional weapons,

Recognizing that the excessive quantity of conventional weapons in a number of countries constitutes a source of destabilization of their national and their regional security,

Convinced that peace and security are imperatives for economic development and reconstruction,

1. Invites Member States to take appropriate enforcement measures directed at ending the illegal export of conventional weapons from their territories;

/...

2. Requests the Secretary-General to seek the views of Governments on effective ways and means of collecting weapons illegally distributed in countries, in the event that such countries so request, and to submit a report to the General Assembly at its forty-ninth session.

Regional disarmament

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991 and 47/52 J of 9 December 1992,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly, 1/

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session, 17/

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note also of the recent proposals for disarmament and nuclear non-proliferation at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of smaller States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. Stresses that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;

/...

2. Affirms that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;

3. Calls upon States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at regional and subregional levels;

4. Welcomes the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;

5. Supports and encourages efforts aimed at promoting confidence-building measures at regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at regional and subregional levels;

6. Decides to include in the provisional agenda of its forty-ninth session the item entitled "Regional disarmament".

Conventional arms control at the regional  
and subregional levels

The General Assembly,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Believing that militarily significant States, and States with larger military capabilities, have a special responsibility in promoting such agreements for regional security,

Believing also that one of the principal objectives of conventional arms control should be to prevent the possibility of military attack launched by surprise,

1. Decides to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;

/...

2. Requests the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;

3. Decides to include in the provisional agenda of its forty-ninth session an item entitled "Conventional arms control at the regional and subregional levels".

Moratorium on the export of anti-personnel land-mines

The General Assembly,

Noting that there are as many as 85 million uncleared land-mines throughout the world, particularly in rural areas,

Expressing deep concern that such mines kill or maim hundreds of people each week, mostly unarmed civilians, obstruct economic development and have other severe consequences, which include inhibiting the repatriation of refugees and the return of internally displaced persons,

Recalling with satisfaction its resolution 48/7 of 19 October 1993, by which it, inter alia, requested the Secretary-General to submit a comprehensive report on the problems caused by mines and other unexploded devices,

Convinced that a moratorium by States exporting anti-personnel land-mines that pose grave dangers to civilian populations would reduce substantially the human and economic costs resulting from the use of such devices and would complement the aforementioned initiative,

Noting with satisfaction that several States have already declared moratoriums on the export, transfer or purchase of anti-personnel land-mines and related devices,

1. Calls upon States to agree to a moratorium on the export of anti-personnel land-mines that pose grave dangers to civilian populations;

2. Urges States to implement such a moratorium;

3. Requests the Secretary-General to prepare a report concerning progress on this initiative, including possible recommendations regarding further appropriate measures to limit the export of anti-personnel land-mines, and to submit it to the General Assembly at its forty-ninth session under the item entitled "General and complete disarmament".

Prohibition of the production of fissile material for  
nuclear weapons or other nuclear explosive devices

The General Assembly,

Welcoming the significant progress in reducing nuclear-weapon arsenals as evidenced by the substantive bilateral agreements between the Russian Federation and the United States of America and their respective unilateral undertakings regarding the disposition of fissile material,

Welcoming also the initiative of the United States of America concerning a multilateral, internationally and effectively verifiable treaty on the prohibition of the production of fissile material for nuclear weapons or other nuclear explosive devices,

Welcoming further the decision taken by the Conference on Disarmament on 10 August 1993 to give its Ad Hoc Committee on a Nuclear Test Ban a mandate to negotiate a universal and internationally and effectively verifiable comprehensive nuclear test-ban treaty, 18/ and fully endorsing the contents of that decision,

Convinced that a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would be a significant contribution to nuclear non-proliferation in all its aspects,

1. Recommends the negotiation in the most appropriate international forum of a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices;

2. Requests the International Atomic Energy Agency to provide assistance for examination of verification arrangements for such a treaty as required;

3. Calls upon all States to demonstrate their commitment to the objectives of a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices;

4. Decides to include in the provisional agenda of its forty-ninth session an item entitled "Prohibition of the production of fissile material for nuclear weapons or other nuclear explosive devices".

#### Regional confidence-building measures

##### The General Assembly,

Recalling the purposes and principles of the United Nations and its primary responsibility for the maintenance of international peace and security in accordance with the Charter of the United Nations,

Bearing in mind the guidelines for general and complete disarmament adopted at its tenth special session, the first special session devoted to disarmament,

Recalling also its resolutions 43/78 H and 43/85 of 7 December 1988, 44/21 of 15 November 1989, 45/58 M of 4 December 1990, 46/37 B of 6 December 1991 and 47/53 F of 15 December 1992,

Considering the importance and effectiveness of confidence-building measures taken at the initiative and with the participation of all States concerned and taking into account the specific characteristics of each region, in that they can contribute to regional disarmament and to international security, in accordance with the principles of the Charter,

Convinced that the resources released by disarmament, including regional disarmament, can be devoted to economic and social development and to the protection of the environment for the benefit of all peoples, in particular those of the developing countries,

Bearing in mind the establishment by the Secretary-General on 28 May 1992 of the Standing Advisory Committee on Security Questions in Central Africa, the purpose of which is to encourage arms limitation, disarmament, non-proliferation and development in the subregion,

1. Takes note of the report of the Secretary-General on regional confidence-building measures, 1/ which deals chiefly with the meetings of the Standing Advisory Committee on Security Questions in Central Africa, held at Bujumbura in March 1993 and at Libreville in August and September 1993;
2. Reaffirms its support for efforts aimed at promoting confidence-building measures at the regional and subregional levels in order to ease regional tensions and to further disarmament, non-proliferation and the peaceful settlement of disputes in Central Africa;

## B

Convention on the Prohibition of the Use of Nuclear WeaponsThe General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Convinced also that a multilateral agreement prohibiting the use or threat of use of nuclear weapons should strengthen international security and contribute to the climate for negotiations leading to the ultimate elimination of nuclear weapons,

Welcoming the Treaty between the United States of America and the Russian Federation on Further Reduction and Limitation of Strategic Offensive Arms, signed at Moscow on 3 January 1993, aimed at reducing the strategic arsenals to an aggregate level not to exceed 3,500 deployed strategic warheads for each side no later than the year 2003,

Conscious that the recent steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly, 2/ it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Stressing that an international convention would be a step towards the complete elimination of nuclear weapons leading to general and complete disarmament under strict and effective international control,

Noting with regret that the Conference on Disarmament, during its 1993 session, was unable to undertake negotiations on this subject,

1. Reiterates its request to the Conference on Disarmament to commence negotiations, as a matter of priority, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances, taking as a possible basis the draft Convention on the Prohibition of the Use of Nuclear Weapons annexed to the present resolution;

---

2/ Resolution S-10/2.

2. Requests the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

#### United Nations disarmament fellowship, training and advisory services programme

The General Assembly,

Having considered the report of the Secretary-General on the United Nations disarmament fellowship, training and advisory services programme, 3/

Recalling its decision, contained in paragraph 108 of the Final Document of the Tenth Special Session of the General Assembly, 2/ the first special session devoted to disarmament, to establish a programme of fellowships on disarmament, as well as its decisions contained in annex IV to the Concluding Document of the Twelfth Special Session of the General Assembly, 4/ the second special session devoted to disarmament, in which it decided, inter alia, to continue the programme,

Noting with satisfaction that the programme has already trained an appreciable number of public officials selected from geographical regions represented in the United Nations system, most of whom are now in positions of responsibility in the field of disarmament affairs in their respective countries or Governments,

Recalling also its resolutions 37/100 G of 13 December 1982, 38/73 C of 15 December 1983, 39/63 B of 12 December 1984, 40/151 H of 16 December 1985, 41/60 H of 3 December 1986, 42/39 I of 30 November 1987, 43/76 F of 7 December

Noting also with satisfaction that the programme, as designed, has enabled an increased number of public officials, particularly from the developing countries, to acquire more expertise in the sphere of disarmament,

Believing that the forms of assistance available to Member States, particularly to developing countries, under the programme will enhance the capabilities of their officials to follow ongoing deliberations and negotiations on disarmament, both bilateral and multilateral,

Reaffirming its resolutions 46/36 F of 6 December 1991 and 47/52 G of 9 December 1992 on regional disarmament, including confidence-building measures,

Mindful of the provisions of Article 11, paragraph 1, of the Charter of the United Nations stipulating that a function of the General Assembly is to consider the general principles of cooperation in the maintenance of international peace and security, including the principles governing disarmament and arms limitation,

Bearing in mind that the changed international environment has created new opportunities for the pursuit of disarmament, as well as posed new challenges,

Taking note of the report of the Secretary-General containing the steps taken to strengthen the Office for Disarmament Affairs, 11/

Convinced that the initiatives and activities mutually agreed upon by Member States of the respective regions aimed at fostering confidence, as well as the implementation and coordination of regional activities under the United Nations Disarmament Information Programme, would encourage and facilitate the development of effective measures of confidence-building, arms limitation and disarmament in these regions,

Welcoming the programme of activities carried out by the regional centres, which have contributed substantially to understanding and cooperation among the States in each particular region and have thereby strengthened the role assigned to each regional centre in the areas of peace, disarmament and development,

Taking note of the views on the regional centres contained in the report of the Secretary-General on the Advisory Board on Disarmament Matters, 8/

Recognizing the need to provide the regional centres with financial viability and stability so as to facilitate the effective planning and implementation of their respective programmes of activities,

2. Encourages the regional centres to continue intensifying their efforts in promoting cooperation among the States in their respective regions to facilitate the development of effective measures of confidence-building, arms limitation and disarmament, with a view to strengthening peace and security;

3. Encourages also further use of the potential of the regional centres to maintain the increased interest in and momentum for revitalization of the Organization to meet the challenges of a new phase of international relations in order to fulfil the purposes and principles of the Charter of the United Nations related to peace, disarmament and development, taking into account the guidelines and recommendations for regional approaches to disarmament within the context of global security as adopted by the Disarmament Commission at its 1993 substantive session; 12/

6. Also requests the Secretary-General to report to the General Assembly at its forty-ninth session on the implementation of the present resolution;

The General Assembly,

Having considered the report of the Conference on Disarmament, 5/

---

5/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 27 (A/48/27).

Convinced that the Conference on Disarmament, as the single multilateral disarmament negotiating forum of the international community, has the primary role in substantive negotiations on priority questions of disarmament,

48/85.      Consolidation of the regime established by the Treaty  
for the Prohibition of Nuclear Weapons in Latin  
America and the Caribbean (Treaty of Tlatelolco)

The General Assembly,

Recalling that in its resolution 1911 (XVIII) of 27 November 1963 it expressed the hope that the States of Latin America would take appropriate measures to conclude a treaty that would prohibit nuclear weapons in Latin America,

Recalling also that in the same resolution it voiced its confidence that, once such a treaty was concluded, all States, and particularly the nuclear-weapon States, would lend it their full cooperation for the effective realization of its peaceful aims,

Considering that in its resolution 2028 (XX) of 19 November 1965 it established the principle of an acceptable balance of mutual responsibilities and obligations between nuclear-weapon States and those which do not possess such weapons,

Recalling that the Treaty for the Prohibition of Nuclear Weapons in Latin America and the Caribbean (Treaty of Tlatelolco) 1/ was opened for signature at Mexico City on 14 February 1967,

---

1/ United Nations, Treaty Series, vol. 634, No. 9068.

/...

Recalling also that in its preamble the Treaty of Tlatelolco states that military denuclearized zones are not an end in themselves but rather a means for achieving general and complete disarmament at a later stage,

Recalling further that in its resolution 2286 (XXII) of 5 December 1967 it welcomed with special satisfaction the Treaty of Tlatelolco as an event of historic significance in the efforts to prevent the proliferation of nuclear weapons and to promote international peace and security,

Bearing in mind that the Treaty of Tlatelolco is open for signature to all the sovereign States of Latin America and the Caribbean and that it contains two additional protocols that are open for signature, respectively, to the States that de jure or de facto are internationally responsible for territories located within the zone of application of the Treaty and to the nuclear-weapon States,

Bearing in mind also that, with the adherence in 1993 of Dominica, the Treaty of Tlatelolco is in force for twenty-five sovereign States of the region,

Recalling that since 1992 Additional Protocol I has been in force for all the States that de jure or de facto are internationally responsible for territories located within the zone of application of the Treaty,

Recalling also that since 1974 Additional Protocol II has been in force for the five nuclear-weapon States,

Mindful that international conditions are more propitious for the consolidation of the regime established by the Treaty of Tlatelolco,

Recalling that in 1992 the General Conference of the Agency for the Prohibition of Nuclear Weapons in Latin America and the Caribbean approved and opened for signature a set of amendments to the Treaty of Tlatelolco, submitted jointly by Argentina, Brazil, Chile and Mexico, 2/ with the aim of enabling the full entry into force of that instrument,

Noting with satisfaction the holding of the thirteenth regular session of the General Conference at Mexico City on 27 and 28 May 1993,

Noting that the Government of Cuba has declared that, in pursuit of regional unity, it would be ready to sign the Treaty of Tlatelolco once all the States of the region have assumed the undertakings of that Treaty,

Taking into account the declaration presented by the delegation of Brazil at the aforementioned session of the General Conference in which it was stated that the full entry into force of the Treaty of Tlatelolco for Argentina, Brazil and Chile was imminent,

Noting with satisfaction that on 1 September 1993 the Government of Mexico made that country the first State to deposit its instrument of ratification of the amendments to articles 14, 15, 16, 19 and 20 of the Treaty

**48/86. Establishment of a nuclear-weapon-free zone in Africa**

**The General Assembly,**

Bearing in mind the Declaration on the Denuclearization of Africa 1/ adopted by the Assembly of Heads of State and Government of the Organization of African Unity at its first ordinary session, held at Cairo from 17 to 21 July 1964, in which they solemnly declare their readiness to undertake, through an international agreement to be concluded under United Nations auspices, not to manufacture or acquire control of atomic weapons,

Recalling its resolutions 1652 (XVI) of 24 November 1961 and 47/76 of 15 December 1992, its earliest and latest on the subject, as well as all its previous resolutions on the implementation of the Declaration on the Denuclearization of Africa,

Desirous of ensuring the implementation of the provisions of paragraphs 60 to 63 of the Final Document of the Tenth Special Session of the General Assembly, 2/

Calling upon all States to consider and respect the continent of Africa and its surrounding areas as a nuclear-weapon-free zone,

2/ Resolution S-10/2.

Bearing in mind the provisions of resolutions CM/Res.1342 (LIV) 3/ and CM/Res.1395 (LVI) Rev.1 4/ on the implementation of the Declaration on the Denuclearization of Africa adopted by the Council of Ministers of the Organization of African Unity at its fifty-fourth and fifty-sixth ordinary sessions, held at Abuja from 27 May to 1 June 1991 and at Dakar from 22 to 28 June 1992, respectively,

Noting that the Government of South Africa acceded to the Treaty on the Non-Proliferation of Nuclear Weapons 5/ on 10 July 1991 and that it concluded a safeguards agreement with the International Atomic Energy Agency, which entered into force on 16 September 1991, and committed itself to early and full implementation of that agreement,

Noting also the announcement by South Africa that it had voluntarily abandoned its nuclear deterrent capability before accession to the Treaty on the Non-Proliferation of Nuclear Weapons, and its standing invitation to the Agency to inspect past nuclear-weapon-programme activities and facilities and to verify its disclosure,

Recalling resolution GC(XXXVII)/RES/625 on an African nuclear-weapon-free zone, adopted on 1 October 1993 by the General Conference of the Agency, 6/

Stressing that the full disclosure of South Africa's nuclear installations and materials is essential to the peace and security of the region and to the success of the commendable efforts exerted by the African States towards the establishment of a nuclear-weapon-free zone in Africa,

Welcoming the progress made at the Third Meeting of the Group of Experts to Draw up a Draft Treaty or Convention on the Denuclearization of Africa, which was organized by the United Nations in cooperation with the Organization of African Unity and held at Harare from 5 to 8 April 1993,

1. Takes note of the report of the Third Meeting of the Group of Experts to Draw up a Draft Treaty or Convention on the Denuclearization of Africa; 7/

2. Reaffirms that the implementation of the Declaration on the Denuclearization of Africa adopted by the Assembly of Heads of State and Government of the Organization of African Unity would be an important measure to prevent the proliferation of nuclear weapons and to promote international peace and security;
