I. INTRODUCTION

1. In its resolution 918 (1994) of 17 May 1994, the Security Council, inter alia, decided to expand the mandate of the United Nations Assistance Mission for Rwanda (UNAMIR) to include additional humanitarian responsibilities; authorized in that context an expansion of the UNAMIR force level up to 5,500 troops; and requested the Secretary-General immediately to redeploy to Rwanda the UNAMIR military observers currently in Nairobi and to bring up to full strength the elements of the mechanized infantry battalion currently in Rwanda.

2. By its resolution 925 (1994) of 8 June 1994, the Security Council, inter alia, having considered a further report by the Secretary-General, 1/ endorsed his proposals for the deployment of the expanded UNAMIR and decided to extend the mandate of the Mission until 9 December 1994.

3. In a further report to the Security Council dated 3 August 1994, 2/ the Secretary-General reported that UNAMIR had adjusted its operational plans to cope with the altered circumstances in Rwanda within the framework of the mandate established by the Council in its resolution 925 (1994). The principal tasks of UNAMIR are now as follows:

(a) To ensure stability and security in the north-western and south-western regions of Rwanda;

(b) To stabilize and monitor the situation in all regions of Rwanda in order to encourage the return of refugees and the displaced population;

(c) To provide security and support for humanitarian assistance operations inside Rwanda as humanitarian organizations arrange the return of refugees;

(d) To promote, through mediation and good offices, national reconciliation in Rwanda.

4. In its resolution 48/248 of 5 April 1994, the General Assembly authorized the Secretary-General to enter into commitments for the maintenance of UNAMIR at a rate not to exceed \$9,082,600 gross (\$8,881,000 net) per month for the period from 5 April to 31 October 1994, subject to the decision of the Security Council to extend the mandate of the Mission beyond 4 April 1994, that amount to be apportioned among Member States. The commitment authority also takes into consideration costs related to the operation of the United Nations Observer Mission Uganda-Rwanda (UNOMUR).

5. The commitment authority provided for by the General Assembly in its resolution 48/248 was based on the revised cost estimates contained in annex III to the report of the Secretary-General on the financing of UNAMIR of 24 March 1994, 3/ and did not provide for the expanded mandate and enlarged strength of the force, as subsequently authorized by the Security Council in its resolutions 918 (1994) and 925 (1994).

6. The present report is submitted on an emergency basis to meet the immediate operational requirements of UNAMIR until 30 September 1994, in the light of the

/...

developments indicated above. Pending the Secretary-General's report on the financing of UNAMIR to the General Assembly at its forty-ninth session, the present report contains the revised cost estimate for UNAMIR for the period from 5 April to 30 September 1994 and includes the additional resources that will be required on an immediate basis to enable the Mission to execute its expanded mandate.

II. REVISED COST ESTIMATE OF THE UNITED NATIONS ASSISTANCE
MISSION FOR RWANDA FOR THE PERIOD FROM 5 APRIL TO
30 SEPTEMBER 1994

7. The revised cost estimate for the immediate operational requirements of UNAMIR for the period from 5 April to 30 September 1994 amounts to \$99,549,200 gross (\$99,011,400 net) and includes additional requirements totalling \$37,182,100 gross (\$38,043,200 net) in excess of the commitment authority provided for by the General Assembly in its resolution 48/248 for the period from 5 April to 31 October 1994. In an effort to minimize the additional financial resources requested, surplus rations, equipment and miscellaneous supplies in the amount of \$22.5 million have been transferred to UNAMIR from the United Nations Operation in Somalia (UNOSOM), and that transfer of supplies and equipment has been taken into account in arriving at the revised cost estimate.

8. A summary statement of the revised cost estimate for the period from 5 April to 30 September 1994 is contained in annex I and supplementary information thereon is contained in annex II. Annex I contains the authorized commitment for the period from 5 April to 31 October 1994 provided by resolution 48/248 (column 1), the additional requirements for the period from 5 April to 30 September 1994 (column 2) and the total requirements for the period from 5 April to 30 September 1994 (column 3). Annex III provides the estimated deployment schedule for military and civilian personnel and annex IV shows the breakdown of air transportation costs for the emplacement of military personnel and vital military equipment to the mission area.

9. The Secretary-General's report on the financing of UNAMIR to the General Assembly at its forty-ninth session is currently in preparation and will include the detailed cost estimate for UNAMIR for the mandate period from 5 April to 9 December 1994. Pending the Assembly's decision on that report, it is proposed that the Secretary-General be authorized to enter into additional commitments in the amount of \$37,182,100 gross (\$38,043,200 net) to cover costs related to the emplacement of additional military personnel and contingent-owned equipment, the acquisition of military and other capital equipment and for the immediate operational requirements of UNAMIR for the period ending 30 September 1994.

/...

III. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY AT ITS
FORTY-EIGHTH SESSION

10. In order to provide UNAMIR with the resources required to execute its expanded mandate, the General Assembly is requested to approve a commitment authority in the additional amount of \$37,182,100 gross (\$38,043,200 net) to meet the immediate operational requirements of UNAMIR for the period from 5 April to 30 September 1994.
