NOTE

The resolutions and decisions of the Economic and Social Council are identified as follows:

Resolutions

Until 1977 (up to and including the resumed sixty-third session), the resolutions of the Economic and Social Council were numbered consecutively and were identified by an arabic numeral followed by an indication of the session in parentheses (for example: resolution 1733 (LIV), resolution 1915 (ORG-75), resolution 2046 (S-III), adopted at the fifty-fourth session, the organizational session for 1975 and the third special session, respectively). When several resolutions were adopted under the same number, each of them was identified by a capital letter (for example: resolution 1926 B (LVIII), resolutions 1954 A to D (LIX)). The last resolution so numbered is resolution 2130 (LXIII), of 14 December 1977.

Since 1978, as part of the new system adopted for symbols of Council documents, the resolutions have been numbered on a yearly basis and identified by two arabic numerals separated by an oblique stroke, the first numeral indicating the year, the second the number of the resolution in the annual series (for example: resolution 1990/47).

Decisions

Until 1973 (up to and including the resumed fifty-fifth session), the decisions of the Council were not numbered. From 1974 to 1977 (up to and including the resumed sixty-third session), the decisions were

numbered consecutively and were identified by an arabic numeral followed by an indication of the session in parentheses (for example: decision 64 (ORG-75), decision 78 (LVIII), adopted at the organizational session for 1975 and the fifty-eighth session, respectively). The last decision so numbered is decision 293 (LXIII), of 2 December 1977.

Since 1978, as part of the new system adopted for symbols of Council documents, the decisions have been numbered on a yearly basis and identified by two arabic numerals separated by an oblique stroke, the first numeral indicating the year, the second the number of the decision in the annual series (for example: decision 1990/224).

In 1991, the resolutions and decisions adopted by the Council are being published in two supplements to the *Official Records of the Economic and Social Council, 1991*, as follows:

Supplement No. 1 (organizational session for 1991, resumed organizational session for 1991, first regular session of 1991 and resumed first regular session of 1991);

Supplement No. 1A (second regular session of 1991 and resumed second regular session of 1991).

1991/2. Implementation of the Programme of Action for the Second Decade to Combat Racism and Racial Discrimination

The Economic and Social Council,

Recalling its resolution 1990/49 of 25 May 1990,

Reaffirming the purpose set forth in the Charter of the United Nations of achieving international cooperation in solving international problems of an economic, social, cultural or humanitarian character and in promoting and encouraging respect for human rights and fundamental freedoms for all, without distinction as to race, sex, language or religion,

Recalling the proclamation by the General Assembly, in its resolution 38/14 of 22 November 1983, of the Second Decade to Combat Racism and Racial Discrimination,

Recalling also the Programme of Action for the Second Decade to Combat Racism and Racial Discrimination, approved by the General Assembly in its resolution 38/14 and contained in the annex thereto, to achieve the objectives of the Second Decade,

Reaffirming the plan of activities for the period 1990-1993, to be implemented by the Secretary-General in accordance with General Assembly resolution 42/47 of 30 November 1987, to which it is annexed, and recalling the activities that were proposed for the period 1985-1989,

Conscious of the responsibility conferred upon it by the General Assembly for coordinating and, in particular, evaluating the activities undertaken in the implementation of the Programme of Action for the Second Decade,

Bearing in mind, in particular, its mandate under General Assembly resolution 41/94 of 4 December 1986 to submit to the Assembly, during the period of the Second Decade, annual reports on the activities undertaken or contemplated to achieve the objectives of the Second Decade,

Having examined the report of the Secretary-General on the implementation of the Programme of Action for the Second Decade,²

Noting that despite the efforts of the international community, the principal objectives of the first Decade for Action to Combat Racism and Racial Discrimination and the first years of the Second Decade have not been attained, and that millions of human beings continue to be victims of varied forms of racism, racial discrimination and apartheid,

Bearing in mind the Declaration on Apartheid and its Destructive Consequences in Southern Africa, adopted by the General Assembly in its resolution S-16/1 of 14 December 1989 and contained in the annex thereto,

Noting with deep concern the decision of certain Governments to relax the existing measures even before apartheid is eradicated and a non-racial democratic society is established in South Africa,

Expressing deep concern that the lack of resolve on the part of the South African regime to end the violence in that country could lead to further escalation of tension and loss of more lives,

Stressing the need to continue the coordination of activities undertaken by various United Nations bodies and specialized agencies for the purpose of implementing the Programme of Action for the Second Decade,

1. *Reaffirms* the importance of achieving the objectives of the Second Decade to Combat Racism and Racial Discrimination;

2. *Takes note with appreciation* of the report of the Secretary-General on the implementation of the Programme of Action for the Second Decade to Combat Racism and Racial Discrimination, in particular the recommendations contained therein;

¹ E/1990/121.

² E/1991/39.

3. *Calls upon* the South African regime to exercise its responsibility to end the violence in that country and thus sustain the emerging political climate, which has the potential to create conditions that are conducive to the abolition of the system of apartheid;

4. *Calls upon* Governments to encourage positive change in South Africa based on the guidelines set out in the Declaration on Apartheid and its Destructive Consequences in Southern Africa, in particular by maintaining existing measures against South Africa until there is clear evidence of profound and irreversible change;

5. *Requests* the Secretary-General to continue with the implementation of the activities for the period 1990-1993, and further requests him to continue to accord the highest priority to measures to combat apartheid;

6. *Invites* all Governments to take or continue to take all necessary measures to combat all forms of racism and racial discrimination and to support the work of the Second Decade by making contributions to the Trust Fund for the Programme for the Decade for Action to Combat Racism and Racial Discrimination, in order to ensure further implementation of the activities for the Second Decade;

7. *Welcomes* the adoption by the General Assembly of the International Convention on the Protection of the Rights of All Migrant Workers and Members of Their Families, contained in the annex to Assembly resolution 45/158 of 18 December 1990;

8. *Also welcomes* the proclamation of the International Year for the World's Indigenous People by the General Assembly in its resolution 45/164 of 18 December 1990;

9. *Reaffirms* the need to continue giving particular attention to the specific activities of the Programme of Action for the Second Decade that are directed towards the elimination of apartheid, which is the most destructive and vicious form of institutionalized racism;

10. *Also reaffirms* the importance of public information activities in combating racism and racial discrimination and in mobilizing public support for the objectives of the Second Decade, and commends the efforts of the Coordinator for the Second Decade to Combat Racism and Racial Discrimination;

11. *Requests* the Secretary-General to ensure the effective and immediate implementation of the activities proposed for the first half of the Second Decade that have not yet been undertaken;

1991/3. Emergency assistance to Somalia

The Economic and Social Council,

Recalling its decision 1989/111 of 22 May 1989 and General Assembly resolutions 44/178 of 19 December 1989 and 45/229 of 21 December 1990,

Welcoming the action taken by the Secretary-General of sending a mission to Somalia to ascertain security conditions in preparation for the resumption of an emergency assistance programme,

Having heard the report of the Special Coordinator for Emergency Relief Operations in Somalia,³

Extremely concerned at the massive displacement of the population in the affected regions of Somalia, the extensive damage to and destruction of villages, towns and cities, the heavy damage inflicted by the civil conflict on the country's infrastructure and the widespread disruption of public facilities and services,

Noting with great satisfaction the humanitarian efforts being deployed by various national and international non-governmental organizations,

Deeply appreciative of the humanitarian assistance rendered by a number of Member States to ameliorate the hardship and suffering of the affected population,

Aware of the complex political situation prevailing throughout the country and the continuation of civil strife in several areas,

1. *Strongly appeals* to Somalia's national leaders to do their utmost to bring about national reconciliation and to restore and promote peace and stability throughout the country;

2. *Expresses its appreciation* to the Secretary-General for the action taken in preparing for the resumption of United Nations assistance programmes in Somalia;

3. *Also expresses its appreciation* for the humanitarian assistance provided to Somalia by several countries, as well as by members of the community of non-governmental organizations;

4. *Requests* the Secretary-General to assist in the formulation of medium- and long-term programmes for the rehabilitation and development of Somalia;

5. *Also requests* the Secretary-General to dispatch, without delay, an inter-agency assessment mission to determine the emergency and medium-term needs of the affected population and to make recommendations on the financial and material resources required for the restoration of basic social services and physical infrastructure, including power, water, shelter, transport and communications;

6. *Appeals* to Member States and to international governmental and non-governmental organizations to extend generous assistance, in particular food, medicines and shelter, to the affected population through the appropriate humanitarian channels;

7. *Urges* the appropriate specialized agencies and organizations of the United Nations system, in particular the United Nations Children's Fund, the United Nations Development Programme, the United Nations

Environment Programme, the United Nations Centre for Human Settlements (Habitat), the Office of the United Nations High Commissioner for Refugees, the World Food Programme, the Food and Agriculture Organization of the United Nations and the World Health Organization, to resume their assistance programmes in Somalia in their respective fields of competence;

8. *Calls upon* the Secretary-General to mobilize, on an urgent basis, international humanitarian assistance to provide for the immediate needs both of the internally displaced population and of those refugees who still remain in the country;

9. *Strongly recommends* that relief assistance be made available to all persons who are in need, that adequate measures be taken to ensure the safe delivery of relief supplies and the safety of relief workers, and that distribution of those supplies take place under the supervision of United Nations staff members in order to ensure impartiality and fairness;

10. *Requests* the Secretary-General, in view of the urgency of the situation, to endeavour to apprise the Council, at its second regular session of 1991, of the progress made in the implementation of the present resolution and to arrange for a comprehensive report to be submitted to the General Assembly at its forty-seventh session.

1991/4. World social situation

The Economic and Social Council,

Recalling General Assembly resolutions 2542 (XXIV) of 11 December 1969, 40/100 of 13 December 1985 and 45/87 of 14 December 1990 and Council resolutions 1987/52 of 28 May 1987, 1989/72 of 24 May 1989 and 1990/28 of 24 May 1990,

Recalling also General Assembly resolution 44/56 of 8 December 1989, in which the Assembly requested the Secretary-General to submit an interim report to it in 1991, through the Commission for Social Development and the Council,

Bearing in mind the primary importance of a well-balanced report on the world social situation for increasing international awareness of the efforts being made towards achieving the goals of social progress and better standards of living, established in the Charter of the United Nations, and of the obstacles to further progress,

Deeply concerned about the continued worsening of the economic situation in many developing countries, particularly the least developed countries, as evidenced by the significant decline in living conditions, the persistence and increase of widespread poverty in a large number of those countries and the decline of their main social and economic indicators,

Bearing in mind that certain developing countries have been able to achieve some economic and social progress,

Desirous that the pace of development in the developing countries be accelerated substantially in order to

enable those countries to achieve their social objectives, especially those of meeting the basic need for food, housing, education, employment and health care and winning the struggle against the scourges that endanger the health and well-being of their populations,

Recognizing that progress in the social and economic fields constitutes an essential priority for national policies, the United Nations and the international community, as well as a prerequisite for international development and peace,

Believing that there is a need for greater effort by the United Nations system to study and disseminate accurate and balanced data and material on the existing world social situation, particularly with regard to emerging trends and institutional structures that have an impact on social development,

Having considered the interim report of the Secretary-General on the world social situation,⁴

Mindful of the need to reflect objectively on the sensitivity and importance of the social problems of developing countries.

1. *Notes with concern* that the interim report of the Secretary-General on the world social situation did not adequately focus on the continuing deterioration of the economic and social situation in many developing countries, in particular the least developed among them, which is the prevailing problem in many of those countries;

2. *Also notes with concern* that the interim report did not sufficiently take into account the concerns and guidelines specified in paragraph 4 of Council resolution 1989/72;

3. *Reaffirms* the request set forth in paragraph 4 of Council resolution 1989/72 that, in preparing the next report on the world social situation, the Secretary-General should give high priority to an analysis of the main indicators of social progress and standards of living and make a comprehensive analysis of the main causes and circumstances that explain negative trends in those indicators, and reaffirms also that chapters devoted to the study of specific social problems must be related to global economic and social situations, taking into account both national and international conditions;

4. *Requests* the Secretary-General to reorient the draft framework for the 1993 report on the world social situation⁵ so that it is in consonance with the requests set forth in paragraph 4 of Council resolution 1989/72, and to submit it to the Council for consideration at its regular session of 1992;

5. *Also requests* the Secretary-General, in preparing the 1993 report, to take into account the intrinsic relationship between economic growth and social development and to analyse in depth the economic problems of the developing countries and the impact of those problems on the world social situation;

6. *Recommends* that the draft of the 1993 report be reviewed by the Administrative Committee on Coordination to ensure that an integrated interdisciplinary focus is given and to provide a source of information for the report;

⁴ A/46/56-E/1991/6 and Corr.1.

⁵ *Ibid.*, annex.

7. *Invites* all appropriate organs, organizations and bodies of the United Nations system to cooperate fully with the Secretary-General in the preparation of the 1993 report by making available all relevant information pertaining to their respective areas of competence.

1991/5. Humanitarian assistance to Iraqi refugees and displaced persons

The Economic and Social Council,

Expressing deep concern about the plight of Iraqi refugees and displaced persons,

Aware that the majority of Iraqi refugees and displaced persons are women, the elderly and children, who are particularly vulnerable to hardship,

Acknowledging the fact that coping with the enormous needs of Iraqi refugees is far beyond the capacities of host countries,

Recognizing the importance of international cooperation in responding to the emergency needs of Iraqi refugees and displaced persons and the alleviation of human suffering,

Noting the heavy burden placed on the people and Governments of host countries,

1. *Commends* the efforts of the Governments of the Islamic Republic of Iran and Turkey to provide Iraqi refugees with shelter, protection, food, health care and other humanitarian services, and welcomes the cooperation extended by host countries to the humanitarian agencies of the United Nations system and non-governmental organizations;

2. *Expresses its appreciation* for the assistance rendered by States, various organizations of the United Nations system and governmental and non-governmental organizations to Iraqi refugees and displaced persons;

3. *Welcomes with appreciation* the initiatives taken by the Secretary-General to alleviate the human suffering of Iraqi refugees and displaced persons, including the designation of an Executive Delegate of the Secretary-General for the United Nations Humanitarian Programme for Iraq, Kuwait and the Iraq/Iran and Iraq/Turkey Border Areas;

4. *Appeals* to all States, appropriate organs and organizations of the United Nations system, intergovernmental and non-governmental organizations and the international financial institutions to continue to provide the necessary resources for responding to the enormous needs of Iraqi refugees and displaced persons and recognizes the need to continue and improve further the coordination between host countries, the humanitarian agencies of the United Nations system and non-governmental organizations;

5. *Calls upon* States concerned and the United Nations system to facilitate the safe and honourable return of Iraqi refugees and displaced persons to their homes;

6. *Requests* the Secretary-General to continue his efforts to mobilize the necessary financial and material assistance;

7. *Requests* the Executive Delegate of the Secretary-General for the United Nations Humanitarian Programme for Iraq, Kuwait and the Iraq/Iran and Iraq/Turkey Border Areas to continue coordination with the appropriate specialized agencies in order to ensure the continuation and consolidation of essential services to Iraqi refugees and displaced persons;

1991/6. Critical social situation in Africa

The Economic and Social Council,

Recalling General Assembly resolution 2542 (XXIV) of 11 December 1969 containing the Declaration on Social Progress and Development, which provides the framework for international cooperation in the field of social development,

Recalling also General Assembly resolutions 39/29 of 3 December 1984 and 40/40 of 2 December 1985, which led to the convening of the thirteenth special session of the General Assembly, devoted to the critical economic situation in Africa, at which the Assembly adopted by consensus resolution S-13/2 of 1 June 1986, to which the United Nations Programme of Action for African Economic Recovery and Development 1986-1990 is annexed,

Recalling further its resolution 1989/46 of 24 May 1989, in which the Secretary-General was requested, in consultation with the Organization of African Unity, the Economic Commission for Africa and the African Development Bank, to prepare a report providing an in-depth evaluation of the critical social situation in Africa, paying particular attention to the obstacles to the implementation of the United Nations Programme of Action,

Recognizing that progress in the social and economic fields is an essential priority for developing countries,

Taking into account the fact that in Africa's Priority Programme for Economic Recovery 1986-1990,⁶ the Governments of African States reaffirmed their primary responsibility for the economic and social development of their countries, identified areas for priority action, and undertook to mobilize and utilize domestic resources for the achievement of their priority objectives,

Reiterating that the African social and economic crisis is a development crisis that concerns the international community as a whole and that greater realization of the rich physical and human potential of the continent should be an integral part of a common strategy to promote the economic and social advancement of peoples,

Recognizing the efforts being made by African Governments to redress some of the acute social problems confronting them,

Stressing that the prospects for concerted implementation of Africa's Priority Programme for Eco-

conomic Recovery 1986-1990 are being affected by an unfavourable external economic environment, debt-servicing obligations and the rate of flow of development finance,

1. *Takes note* of the interim report of the Secretary-General on the world social situation;⁴

2. *Appeals* to the international community, the States members of the specialized agencies and non-governmental organizations to increase their cooperation and assistance to enhance the efforts made by the African countries to establish or improve their infrastructure, through the creation of a favourable economic environment;

3. *Regrets* that the report of the Secretary-General on the critical social situation in Africa,⁷ prepared in response to Council resolution 1989/46, failed to meet the requirements set out in paragraph 3 of that resolution;

4. *Requests* the Secretary-General to direct the Executive Secretary of the Economic Commission for Africa, in cooperation with the African Development Bank and, as appropriate, the Organization of African Unity, to prepare once again, for submission to the Commission for Social Development at its thirty-third session, a report providing an in-depth evaluation of the critical social situation in Africa, paying particular attention to the obstacles to the implementation of the United Nations Programme of Action for African Economic Recovery and Development 1986-1990, including the impact of structural adjustment policies on the social situation in Africa;

5. *Decides* that the Commission for Social Development should consider at its thirty-third session the report on the critical social situation in Africa, in the context of its review of the world social situation.

The Economic and Social Council

Recommends to the General Assembly the adoption of the following draft resolution:

"The General Assembly,

"Recalling its resolution 42/125 of 7 December 1987, in which it endorsed the Guiding Principles for Developmental Social Welfare Policies and Programmes in the Near Future⁸ and requested the Secretary-General to take the necessary steps to ensure the implementation of, and follow-up action to, the Guiding Principles,

1991/8. Establishing and strengthening national coordinating committees on disability or similar bodies

The Economic and Social Council,

Recalling relevant resolutions in which the General Assembly and the Council requested the Secretary-General to assist Member States in establishing and strengthening national committees on disability or similar coordinating bodies,¹⁷ in particular, Assembly resolution 42/58 of 30 November 1987, in which the Assembly also requested the Secretary-General to consider convening during the second half of the United Nations Decade of Disabled Persons, within existing resources, an interregional meeting of representatives of those committees or similar bodies, to enhance their capabilities,

Aware of the important role of national coordinating committees in furthering the implementation of the World Programme of Action concerning Disabled Persons,¹⁸

Noting with concern that the great majority of disabled people live in developing countries and noting especially the deteriorating economic and social conditions of many developing countries, which adversely affect vulnerable groups, including disabled people, and the special difficulties they have in tackling the problems related to disability,

Taking into account the fact that countries have different cultures, customs, traditions and socio-economic levels and that national programmes are most effective when they are best suited to the country's circumstances,

Noting with appreciation the convening of the International Meeting on the Roles and Functions of National Coordinating Committees on Disability in Developing Countries at Beijing from 5 to 11 November 1990,

Having considered the Guidelines for the Establishment and Development of National Coordinating Committees on Disability or Similar Bodies, adopted by the International Meeting,¹⁹

1. "Recalling also that in resolution 45/106, it recognized the complexity and rapidity of the ageing of the world's population and the need to have a common

"7. *Requests* the Secretary-General to designate the Director-General of the United Nations Office at Vienna as coordinator for the preparations for the tenth anniversary of the adoption of the International Plan of Action on Ageing and for the implementation of the action programme on ageing for 1992 and beyond;

"9. *Invites* the United Nations to examine the feasibility of launching a service composed of experts who are elderly, modelled on the United Nations Volunteers;

²² A/45/420.

"10. Urges the United Nations Postal Administration, as called upon in General Assembly resolution 44/67 of 8 December 1989, to issue a stamp to mark the tenth anniversary of the adoption of the International Plan of Action on Ageing;

"11. Also urges the United Nations Postal Administration to consider, on an exceptional basis, issuing a medal on ageing bearing the emblem of the World Assembly on Ageing to mark activities planned for the decade 1992-2001;

"12. Decides to launch a global information campaign on the action programme on ageing for 1992 and beyond, and welcomes the cooperation of the Department of Public Information of the Secretariat and the Centre for Social Development and Humanitarian Affairs and other United Nations bodies, specialized agencies and non-governmental organizations in this endeavour;

"14. Adopts the United Nations Principles for Older Persons, based on the International Plan of Action on Ageing, annexed to the present resolution.

"ANNEX

"United Nations Principles for Older Persons"²³

"To add life to the years that have been added to life

"The General Assembly,

"Appreciating the contribution that older persons make to their societies,

"Recognizing that, in the Charter of the United Nations, the peoples of the United Nations declare, inter alia, their determination to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women and of nations large and small and to promote social progress and better standards of life in larger freedom,

"Noting the elaboration of those rights in the Universal Declaration of Human Rights,⁹ the International Covenant on Economic, Social and Cultural Rights¹⁰ and the International Covenant on Civil and Political Rights¹⁰ and other declarations to ensure the application of universal standards to particular groups,

"In pursuance of the International Plan of Action on Ageing, adopted by the World Assembly on Ageing and endorsed by the General Assembly in its resolution 37/51 of 3 December 1982,

"Appreciating the tremendous diversity in the situation of older persons, not only between countries but within countries and between individuals, which requires a variety of policy responses,

"Aware that in all countries, individuals are reaching an advanced age in greater numbers and in better health than ever before,

"Aware of the scientific research disproving many stereotypes about inevitable and irreversible declines with age,

"Convinced that in a world characterized by an increasing number and proportion of older persons, opportunities must be provided for willing and capable older persons to participate in and contribute to the ongoing activities of society,

"Mindful that the strains on family life in both developed and

developing countries require support for those providing care to frail older persons,

"Bearing in mind the standards already set by the International Plan of Action on Ageing and the conventions, recommendations and resolutions of the International Labour Organisation, the World Health Organization and other United Nations entities,

"Encourages Governments to incorporate the following principles into their national programmes whenever possible:

"4. Older persons should have access to appropriate educational and training programmes.

"5. Older persons should be able to live in environments that are safe and adaptable to personal preferences and changing capacities.

"6. Older persons should be able to reside at home for as long as possible.

"PARTICIPATION

"7. Older persons should remain integrated in society, participate actively in the formulation and implementation of policies that directly affect their well-being and share their knowledge and skills with younger generations.

"8. Older persons should be able to seek and develop opportunities for service to the community and to serve as volunteers in positions appropriate to their interests and capabilities.

"9. Older persons should be able to form movements or associations of older persons.

"CARE

"10. Older persons should benefit from family and community care and protection in accordance with each society's system of cultural values.

"11. Older persons should have access to health care to help them to maintain or regain the optimum level of physical, mental and emotional well-being and to prevent or delay the onset of illness.

"12. Older persons should have access to social and legal services to enhance their autonomy, protection and care.

"13. Older persons should be able to utilize appropriate levels of institutional care providing protection, rehabilitation and social and mental stimulation in a humane and secure environment.

"14. Older persons should be able to enjoy human rights and fundamental freedoms when residing in any shelter, care or treatment facility, including full respect for their dignity, beliefs, needs and privacy and for their right to make decisions about their care and the quality of their lives.

"SELF-FULFILMENT

"15. Older persons should be able to pursue opportunities for the full development of their potential.

"16. Older persons should have access to the educational, cultural, spiritual and recreational resources of society.

"DIGNITY

"17. Older persons should be able to live in dignity and security and be free of exploitation and physical or mental abuse.

"18. Older persons should be treated fairly regardless of age, gender, racial or ethnic background, disability or other status, and be valued independently of their economic contribution."

The Economic and Social Council,

Aware of the responsibility assumed by the United Nations in the field of crime prevention and criminal justice under Council resolution 155 C (VII) of 13 August 1948 and General Assembly resolution 415 (V) of 1 December 1950,

Bearing in mind the important role of the United Nations in assisting Member States to formulate more effective strategies and policies to combat crime and humanize criminal justice systems,

Concerned about the escalation of crime in all its forms, particularly in its new dimensions and transnational aspects, and the violence in many parts of the world, which threatens the international community, impinges on the enjoyment of basic human rights and has a negative impact on the development process,

Recognizing the urgent need for an adequate global response to those crimes that transcend national boundaries or for any other reasons require coordinated action between States, including strengthened international mechanisms to provide criminal justice personnel with ready access to information, facilitate the exchange of technical know-how, further promote international cooperation in this field and ensure adequate coordination for practical action programmes,

Determined to ensure the continued focus on the conclusions and recommendations of the Eighth United Nations Congress on the Prevention of Crime and the Treatment of Offenders³¹ and to make steady progress in their practical application,

Noting with concern the continuing increase in the workload of the Crime Prevention and Criminal Justice Branch of the Centre for Social Development and Humanitarian Affairs of the Secretariat, particularly in relation to the mandates entrusted to it by the Eighth Congress and by the General Assembly in its resolution 45/108 of 14 December 1990, and the need to prioritize its programme and to confine its activities to the areas where a positive contribution can be made through international action,

4. *Stresses* the importance of General Assembly resolution 45/108, on the review of the functioning and programme of work of the United Nations in crime prevention and criminal justice, in determining mechanisms for the more efficient focusing of the programme on those activities where the United Nations can make a positive contribution to the control of crime, and requests the Secretary-General to assist in the proper organization of the intergovernmental working group and the ministerial meeting to consider the creation of an effective international crime and justice programme, called for in that resolution;

5. *Notes with appreciation* the offer of the Government of France to act as host for the ministerial meeting in the second half of 1991;

6. *Recommends* that adequate provision be made for the participation of the representatives of the least developed countries that are members of the intergovernmental working group, as well as to ensure their participation in the ministerial meeting;

7. *Requests* the Secretary-General to use his best endeavours to provide resources within the existing level of the regular budget, as required, for public information activities related to the preparation and servicing of the meeting of the intergovernmental working group and the ministerial meeting;

8. *Invites* Governments to be actively involved and to provide their support to ensure the success of the ministerial meeting;

9. *Welcomes* the initiative taken by the Government of Canada to establish in Canada a new international centre for criminal law reform and criminal justice policy as an institute affiliated with the United Nations, and invites the Secretary-General to conclude an agreement with the Government, as appropriate;

10. *Requests* the General Assembly to give priority attention to the conclusions and recommendations of the ministerial meeting, with a view to taking appropriate action thereon that would lead to the creation of an effective international crime and justice programme;

11. *Recommends* that the General Assembly, in the light of this review, consider requesting the Secretary-General to enter into a commitment for the upgrading of the status of the Crime Prevention and Criminal Justice Branch of the Centre for Social Development and Humanitarian Affairs of the Secretariat, as called for in numerous General Assembly and Economic and Social Council resolutions, the most recent of which being Assembly resolution 45/108, in a way commensurate with

Council and other bodies that have been adopted since Assembly resolution 2715 (XXV) of 15 December 1970,

Recalling further the report of the Secretary-General on the improvement of the status of women in the Secretariat,³⁵

Noting that the Steering Committee for the Improvement of the Status of Women in the Secretariat has submitted its report to the Secretary-General,

Noting with satisfaction that the question of the improvement of the status of women in the Secretariat continues to be an item on the agenda of the Administrative Committee on Coordination,

Taking note of the relevant chapter of the report of the International Civil Service Commission,³⁶

Noting with concern that the goal of an overall participation rate for women of 30 per cent by 1990 in posts subject to geographical distribution was not achieved and that their representation in senior policy-level and decision-making posts did not improve,

Noting the new goal of achieving by 1995 an overall participation rate of 35 per cent of all posts subject to geographical distribution, and of increasing the number of women in senior policy-level and decision-making posts,

1. *Urges* the Secretary-General to accord greater priority to increasing the number of women in posts subject to geographical distribution, particularly in senior policy-level and decision-making posts, in order to achieve an overall participation rate of 35 per cent by 1995, taking into consideration the need to increase the representation of women from the developing countries and those countries with a low representation of women;

2. *Also urges* the Secretary-General to accord priority to increasing to 25 per cent, by 1995, the participation rate for women in posts at the D-1 level and above, within the overall participation rate for women of 35 per cent in posts subject to geographical distribution, taking into consideration the need to increase the representation of women from the developing countries and those countries with a low representation of women;

3. *Welcomes* the request of the General Assembly, in resolutions 45/125 of 14 December 1990 and 45/239 C of 21 December 1990, that the Secretary-General develop an action programme for the advancement of women in the Secretariat for the period 1991-1995, incorporating, as necessary, the unfulfilled points of the 1985-1990 action programme and taking into account the recommendations of the Steering Committee for the Improvement of the Status of Women in the Secretariat, as appropriate, and the special measures to implement them;

4. *Requests* the Secretary-General to include in the action programme for the advancement of women in the Secretariat for the period 1991-1995: (a) a comprehensive evaluation and analysis of the main obstacles to the improvement of the status of women in the Organization; (b) proposed measures to overcome the

underrepresentation of women from certain Member States; and (c) a detailed programme of activities, including monitoring procedures and a timetable for their completion;

5. *Also requests* the Secretary-General, within existing resources, to ensure that adequate machinery, with the authority of enforcement and the responsibility of accountability, and including a senior-level official devoted to implementation of the action programme, is maintained and, to the extent possible, strengthened during the course of the action programme for the period 1991-1995;

6. *Requests* Member States to continue to support the efforts of the United Nations, including the regional commissions, and of the specialized agencies and related organizations to increase the participation of women in the Professional category and above by, *inter alia*, nominating more women candidates, especially for senior policy-level and decision-making posts, by encouraging women to apply for vacant posts and by creating national rosters of women candidates to be shared with the Secretariat and the executive bodies of the specialized agencies and related organizations;

7. *Requests* the Secretary-General to ensure that his annual report on progress achieved, updated as appropriate, includes strategies and modalities for implementing the action programme and the relevant mandates adopted by the General Assembly and the Council, and to submit the report to the Commission on the Status of Women at its thirty-sixth session and to the General Assembly at its forty-sixth session, as well as to those bodies that have administrative, budgetary and personnel responsibilities for the improvement of the status of women in the Secretariat.

1991/18. Violence against women in all its forms

The Economic and Social Council,

Recalling the Nairobi Forward-looking Strategies for the Advancement of Women, in paragraph 258 of which it was stated that violence against women was a major obstacle to the achievement of the objectives of the United Nations Decade for Women: Equality, Development and Peace,³⁴

Bearing in mind the recommendations and conclusions arising from the first review and appraisal of the implementation of the Nairobi Forward-looking Strategies, contained in the annex to its resolution 1990/15 of 24 May 1990, in particular the conclusion that violence against women in the family and society was pervasive and crossed lines of income, class and culture, and specifically recommendation XXII, which called for immediate action on the part of Governments, relevant agencies, women's organizations, non-governmental organizations and the private sector to address the issue of violence against women,

Recalling its resolution 1988/27 of 26 May 1988, in which it called for the continuation of the consolidation of efforts to eradicate violence against women within the family and society,

Bearing in mind the relevant recommendations of the Sixth United Nations Congress on the Prevention of Crime and the Treatment of Offenders³⁷ and of the Eighth Congress,³¹ as well as the relevant observations of the Seventh Congress,³⁸

Noting, however, that the Convention on the Elimination of All Forms of Discrimination against Women does not explicitly address violence against women,

1. *Calls upon* Member States to recognize that violence against women must be countered by a wide variety of measures;

2. *Reminds* Member States that violence against women is an issue of equal rights that derives from a power imbalance between women and men in society;

3. *Urges* Member States to adopt, strengthen and enforce legislation prohibiting violence against women;

4. *Also urges* Member States to take all appropriate administrative, social and educational measures to protect women from all forms of physical or mental violence;

5. *Recommends* that a framework for an international instrument be developed in consultation with the Committee on the Elimination of Discrimination against Women that would address explicitly the issue of violence against women;

6. *Requests* the Secretary-General, through the Division for the Advancement of Women of the Centre for Social Development and Humanitarian Affairs of the Secretariat, to convene in 1991 or 1992 a meeting, to be funded from extrabudgetary resources, of experts representing all regions and including representatives of the Committee on the Elimination of Discrimination against Women and the Committee on Crime Prevention and Control, to address the issue of violence against women and to discuss the possibilities of preparing an international instrument and the elements to

Deeply alarmed by the continuation of the practice of settling Jewish immigrants in the territory occupied by Israel since 1967, including Jerusalem, which is illegal and contravenes the relevant provisions of the Geneva Convention,

35/3 of 8 March 1991 of the Commission on the Status of Women,⁵⁸

Taking note with appreciation of the report of the Secretary-General on the implementation of Council resolution 1983/30 on the suppression of the traffic in persons and of the exploitation of the prostitution of others,⁸⁰

Noting that only a few Member States, United Nations organizations and other intergovernmental organizations have submitted information on the steps taken to implement the recommendations contained in Council resolution 1983/30,

Recognizing the important role of the Centre for Human Rights in the promotion, protection and implementation of human rights and the need to provide sufficient human resources to the Centre, particularly in view of the fact that its workload has greatly increased while resources have failed to keep pace with the expansion of its responsibilities,⁸²

1. *Notes with regret* that the report requested in paragraph 3 of Commission on Human Rights resolution 1991/23 has not been submitted to the Council;

2. *Expresses its appreciation* to the Secretary-General for persisting in his efforts to ensure the implementation of paragraph 9 of Council resolution 1989/82;

4. *Decides* to transmit to the Fact-finding and Conciliation Commission on Freedom of Association, through the Governing Body of the International Labour Office, the allegations of infringement of trade union rights made by the Congress of South African Trade Unions in May 1988;

RESUMED FIRST REGULAR SESSION OF 1991

1991/38. Terms of reference of the Commission on Narcotic Drugs

The Economic and Social Council,

Recalling that the General Assembly, in its resolution 45/179 of 21 December 1990, requested the Commission on Narcotic Drugs to consider ways and means of improving its functioning as a policy-making body and to submit its recommendations to the Council at its first regular session of 1991,

Taking into account the report of the Commission on Narcotic Drugs on its thirty-fourth session,⁸⁵

Considering that the terms of reference of the Commission on Narcotic Drugs, as laid down in Council resolution 9 (I) of 16 February 1946, need to be adjusted and broadened in the light of the intensification of international cooperation against illicit cultivation, production, manufacture, supply, demand, trafficking and distribution of narcotic drugs and psychotropic substances, as well as against money-laundering and in the control of chemicals used in the illicit production of narcotic drugs and psychotropic substances,

Considering the functions of the Commission on Narcotic Drugs under the international drug control treaties,

Considering also that in its future activities the Commission should apply an integral and balanced approach to the drug problem, taking into account all its aspects,

Reaffirming that, in fulfilling its mandate, the Commission should apply the principles underlying current international cooperation in this field, in particular, shared responsibility and balanced attention to supply and demand, and taking into account the relation in a number of countries between the drug problem and development issues, as well as the need for all international activities in this field to be conducted according to the principles of the Charter of the United Nations,

Noting with satisfaction that the Secretary-General has taken the necessary steps to implement General Assembly resolution 45/179, in which the Assembly requested him to create the United Nations International Drug Control Programme,

Having regard to paragraph 2 (e) of Council resolution 9 (I),

1. *Calls upon* the Commission on Narcotic Drugs:

1991/40. Control of chemicals used in the production of cocaine, heroin and other illicit drugs

The Economic and Social Council,

Aware that chemicals are essential to the processing of illicit drugs, that such chemicals are produced worldwide and are shipped to Latin America and that a large percentage of the chemicals are being diverted to drug cartels,

Welcoming the escalated efforts of Latin American States to restrict the import, export and production of

⁸⁷ See *Official Records of the Economic and Social Council, 1991, Supplement No. 4 (E/1991/24)*, sect. XIV.A.

such chemicals, as demonstrated by the model regulations to control chemical precursors and chemical substances, machines and materials,⁸⁸ recommended by the General Assembly of the Organization of American States in June 1990,

Noting that six Latin American States have incorporated the model regulations into their national legislation and that others are considering similar action,

Recognizing the importance of controlling the export of such chemicals, as illustrated by the fact that the issue of chemical control was raised at the drug summit held at Cartagena, Colombia, on 15 February 1990, and at the sixteenth annual economic summit, held at Houston, Texas, in July 1990,

Considering that the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988,⁸⁹ which entered into force on 11 November 1990, specifically deals with chemical control,

Noting that the United States of America took positive action in passing the Chemical Diversion and Trafficking Act of 1988, which gives its Drug Enforcement Administration the authority to stop shipments of chemicals not destined for legitimate industrial, commercial or scientific use,

Convinced that it is vital to the world-wide effort to combat drug abuse that chemicals used to process illicit drugs are controlled and monitored at their source and destination and that the resulting information is communicated to the competent authorities of the country concerned,

Bearing in mind that the Council of Ministers of the European Community is currently considering a draft directive for the control of chemicals, which, if adopted, will be the standard used by each State member of the Community in developing national legislation on chemical control,

Wishing to ensure that measures to control precursor chemicals are both specific and comprehensive in designating the chemicals subject to monitoring and control, including, for example, 2-butanone (methyl ethyl ketone) and potassium permanganate,

1. *Urges* all Governments that have not approved legislation for the control and monitoring of precursors and essential chemicals to do so as soon as possible, using as one of their references the model regulations to control chemical precursors and chemical substances, machines and materials recommended by the General Assembly of the Organization of American States in June 1990;

2. *Urges* States that are the main producers of precursors and essential chemicals in Europe and elsewhere to work with the International Narcotics Control Board and heads of national drug law enforcement agencies in drafting and enacting suitably comprehensive laws, taking into account the model regulations recommended by the Organization of American States;

3. *Requests* the relevant United Nations entities and the competent regional and interregional organizations

to make available the funds and support required for the provision of training in the application of regulations for the control and monitoring of precursors and essential chemicals, as well as resources for establishing specialized offices in that field.

1991/41. Establishment of regional drug law enforcement countermeasures in the Near and Middle East in the context of socio-economic and cultural development

The Economic and Social Council,

Recalling and reaffirming Commission on Narcotic Drugs resolution 3 (XXXIII) of 17 February 1989,⁹⁰

Recognizing drug law enforcement training as being central to the fight against illicit drugs,

Desiring to bring about high-calibre training of drug law enforcement personnel throughout the Near and Middle East,

Emphasizing the urgent need for a regionally focused, comprehensive training plan, based on the requirements, concerns, priorities and prevailing socio-economic and cultural conditions of the region,

Expressing its appreciation to the Secretariat for the development of the United Nations drug law enforcement training manual,

Considering the manual to be a milestone in the field of drug law enforcement and a new international instrument of paramount significance that provides States with a model and a set of guidelines that reflect the best practice, methods and techniques to be pursued,

Considering also that the manual will standardize training at an upgraded level, enhance specialized skills and improve operational performance, which will result in overall compatibility and greater cooperative drug law enforcement interaction and counteraction,

1. *Requests* the Secretary-General to undertake, as a matter of high priority and as soon as possible, in close cooperation with the Arab Security Studies and Training Centre, the Colombo Plan Bureau, the International Criminal Police Organization and other interested parties, for the benefit of all States in the Near and Middle East, in the context of socio-economic and cultural development:

(a) To disseminate and to promote the widest possible use of the United Nations drug law enforcement training manual at all levels and to intensify training activities based on its content;

(b) To assess training needs, priorities and concerns, in consultation with relevant officials and institutions in the region;

(c) To establish and coordinate a region-wide drug law enforcement training plan and programme and to design and conduct courses to meet the challenge of the ever-changing patterns of illicit traffic in a more effective, cooperative and interactive way;

(d) To conduct research and impact studies on the use of the manual;

(e) To continually update and develop supplementary, specialized drug law enforcement training material;

(f) To establish collaborative subregional training centres for drug law enforcement officials;

2. *Invites* the Arab Security Studies and Training Centre, the Colombo Plan Bureau, the Customs Co-operation Council, the International Criminal Police Organization and other parties concerned to work jointly with the Secretariat in the implementation of the present resolution.

1991/42. Convening of a meeting at the ministerial level in the Near and Middle East to enhance the effectiveness of cooperation in resolving matters related to illicit trafficking and drug abuse

The Economic and Social Council,

Considering the alarming increase in the illicit traffic in narcotic drugs in the Near and Middle East,

Aware of the supply of illicit narcotic drugs in certain States in the region and the spill-over effects it may have on transit and neighbouring States in the region,

Convinced of the importance of concerted efforts by States to cooperate in combating these problems,

1. *Recommends* that all States members of the Subcommittee on Illicit Drug Traffic and Related Matters in the Near and Middle East should ensure that their delegations at the twenty-eighth session and at all subsequent sessions of the Subcommittee held in the region include the heads of operational law enforcement units, with a view to elaborating practical recommendations to resolve matters related to illicit trafficking;

2. *Requests* the Secretary-General to convene a meeting at the ministerial level in the Near and Middle East to enhance the effectiveness of regional cooperation by considering the early implementation of the recommendations made by the Subcommittee at its twenty-eighth session, particularly in respect of transit routes, including the Balkan route.

1991/43. Demand for and supply of opiates for medical and scientific needs

The Economic and Social Council,

Recalling its resolutions 1979/8 of 9 May 1979, 1980/20 of 30 April 1980, 1981/8 of 6 May 1981, 1982/12 of 30 April 1982, 1983/3 of 24 May 1983, 1984/21 of 24 May 1984, 1985/16 of 28 May 1985, 1986/9 of 21 May 1986, 1987/31 of 26 May 1987, 1988/10 of 25 May 1988, 1989/15 of 22 May 1989 and 1990/31 of 24 May 1990,

Emphasizing once again that achieving a balance between the licit supply of opiates and the legitimate de-

mand for opiates for medical and scientific purposes constitutes an important aspect of the international strategy and policy of drug abuse control and that resolving the problem of excess stocks of opiate raw materials is an essential step in that direction,

Noting the fundamental need for international cooperation and solidarity in overcoming the problem of excess stocks, which imposes heavy financial and other burdens on the traditional supplier countries,

Having considered the special report of the International Narcotics Control Board for 1989 on the demand for and supply of opiates for medical and scientific needs, and the recommendations contained therein,⁹¹

1. *Urges* all Governments to give serious consideration to ways to bring about a rapid improvement in solving the problem of excess stocks of opiate raw materials held by the traditional supplier countries;

2. *Commends* the International Narcotics Control Board for its special report on the demand for and supply of opiates for medical and scientific needs, in which the Board, *inter alia*, highlighted the impediments to the availability of opiates for medical use, impediments which make it difficult to assess the full licit medical needs for opiates realistically;

3. *Requests* the International Narcotics Control Board to accord priority to monitoring the implementation of the recommendations contained in the above-mentioned report;

4. *Requests* the World Health Organization to develop guidelines on the rational use of opiates and on the treatment of conditions for which opiates may be prescribed, with a view to assisting Governments in evolving national policy in this regard;

5. *Requests* the Secretary-General to transmit the present resolution to all Governments for consideration and implementation.

1991/44. Prevention of diversion from international trade into illicit channels of psychotropic substances listed in Schedules III and IV of the Convention on Psychotropic Substances of 1971

The Economic and Social Council,

Noting with concern the widespread and increasing abuse of psychotropic substances in many countries and the related trafficking, which often involves diversion from licit channels,

Alarmed by the large quantities of substances listed in Schedules III and IV of the Convention on Psychotropic Substances of 1971⁹² that have been diverted from international trade into illicit channels,

Recognizing that the present control mechanisms for international trade set forth in the Convention require further strengthening if diversion into illicit channels of

substances listed in Schedules III and IV is to be prevented,

Recalling targets 8 and 10 of the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control,⁹³

Bearing in mind the Political Declaration and the Global Programme of Action adopted by the General Assembly at its seventeenth special session,⁹⁴ in particular the section of the Global Programme of Action on the control of the supply of narcotic drugs and psychotropic substances,

Reiterating its request, contained in its resolutions 1985/15 of 28 May 1985 and 1987/30 of 26 May 1987, to all Governments, to the extent possible, voluntarily to extend the system of import and export authorizations provided for in article 12, paragraph 1, of the Convention to cover international trade in substances listed in Schedules III and IV,

Recalling its resolution 1981/7 of 6 May 1981, in which it invited all Governments to assess from time to time their medical and scientific requirements for substances listed in Schedule II of the Convention,

Noting with satisfaction that the system of assessment of annual medical and scientific requirements for substances listed in Schedule II of the Convention has contributed effectively to the prevention of diversion of those substances from licit international trade into illicit channels,

Having considered the report of the International Narcotics Control Board for 1990,⁹⁵ in particular paragraph 38, concerning the successful operation of the simplified estimate system with regard to substances listed in Schedule II of the Convention,

1. *Invites* all Governments to extend the system of voluntary assessments of annual medical and scientific requirements for substances listed in Schedule II to include also substances listed in Schedules III and IV of the Convention on Psychotropic Substances of 1971;

2. *Calls upon* importing countries to exercise continuing vigilance to ensure that imports of psychotropic substances are in accordance with requirements for medical and scientific purposes and to cooperate with exporting countries and with the International Narcotics Control Board in order to prevent the diversion of such substances into illicit channels;

3. *Invites* all Governments to communicate from time to time their assessments of annual medical and scientific requirements for substances listed in Schedules III and IV of the Convention to the International Narcotics Control Board for publication, with a view to providing guidance for manufacture and export;

4. *Also invites* all Governments to develop mechanisms to ensure that exports of psychotropic substances are in line with the assessments of importing countries and, if necessary, to consult with the Governments of such countries or with the International Narcotics Control Board on such matters;

1991/45. Implementation of the International Drug Abuse Assessment System

The Economic and Social Council,

Bearing in mind that the parties to the international drug control treaties have an obligation to submit to the Secretary-General an annual report on the workings of the treaties within their territories,

Recognizing that an assessment of the nature and extent of drug abuse constitutes the basis of drug demand reduction policies and programmes at the local, national and international levels,

Recalling Commission on Narcotic Drugs resolution 3 (S-X) of 19 February 1988⁹⁶ on the establishment of an international drug abuse assessment system,

Recalling also that the General Assembly, in paragraph 13 of the Global Programme of Action annexed to its resolution S-17/2 of 23 February 1990, requested States to establish databases consistent with the international drug abuse assessment system being developed by the Division of Narcotic Drugs of the Secretariat,

Having considered the report of the Commission on Narcotic Drugs on its thirty-fourth session,⁹⁵

1. *Urges* all States to give high priority to the collection of quality drug abuse data for use, *inter alia*, in annual reports to the Secretary-General;

2. *Notes with appreciation* the work done by the Division of Narcotic Drugs of the Secretariat, with the expert assistance of and in cooperation with the International Narcotics Control Board, the United Nations Fund for Drug Abuse Control, the World Health Organization and other international and regional organizations, on the development of the International Drug Abuse Assessment System;

3. *Expresses its gratitude* to Governments that have contributed to the development and field testing of the International Drug Abuse Assessment System;

4. *Endorses* Commission on Narcotic Drugs decision 1 (XXXIV) of 9 May 1991,⁹⁷ in which the Commission decided to use, beginning with the annual reports questionnaire for the calendar year 1991, the revised version of part B of the annual reports questionnaire, incorporating the changes recommended by the Expert Group Meeting on the Establishment of an International Drug Abuse Assessment System, held at Vienna from 29 to 31 October 1990;⁹⁸

5. *Requests* the Secretary-General to revise also other parts of the annual reports questionnaire and, using modern presentation techniques, to make such

6. *Also requests* the Secretary-General to allocate adequate resources from existing regular budget appropriations, as of the biennium 1992-1993, to implement the International Drug Abuse Assessment System and to ensure its continued viability;

7. *Invites* the specialized agencies, as well as other relevant intergovernmental and regional organizations, to contribute to the provision of data to the International Drug Abuse Assessment System and to collaborate with the United Nations International Drug Control Programme in its implementation;

1991/46. Reduction of the demand for narcotic drugs and psychotropic substances

The Economic and Social Council,

Recognizing the crucial importance of demand reduction as part of a balanced approach to combat the drug problem,

Welcoming the work currently being undertaken in demand reduction by the United Nations International Drug Control Programme and the specialized agencies and the establishment by the World Health Organization of its Programme on Substance Abuse,

Recognizing the important role that regional and intergovernmental organizations can play in the development of demand reduction programmes adapted to specific regional conditions,

Noting the results being achieved by the Declaration⁹⁹ and the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control⁹³ adopted by the International Conference on Drug Abuse and Illicit Trafficking, the Global Programme of Action⁹⁴ adopted by the General Assembly at its seventeenth special session and the Declaration adopted at the World Ministerial Summit to Reduce the Demand for Drugs and to Combat the Cocaine Threat, held in London from 9 to 11 April 1990,¹⁰⁰

Recalling its earlier resolutions on the subject, especially resolution 1989/14 of 22 May 1989,

Welcoming the analysis of the replies to the questionnaire on the implementation of the seven targets set out in chapter I of the Comprehensive Multidisciplinary Outline, as contained in the report of the Secretary-General on the review of drug abuse and measures to reduce illicit demand,¹⁰¹

Recognizing the benefits of sharing information on demand reduction strategies and their effectiveness,

Welcoming the establishment of mechanisms such as

the United Kingdom demand reduction task force announced at the World Ministerial Summit,

Noting the development in some countries of needle exchange schemes as a means of harm reduction, particularly the containment of the human immunodeficiency virus (HIV) infection, and the claims of some countries that this approach is of value,

Considering the importance of education in helping young people and others to resist the pressures to take drugs and the fact that such education is best set in the context of continuing progressive programmes of preventive health education and health promotion,

Recognizing the major role that non-governmental organizations continue to play in the development and implementation of demand reduction strategies,

1. *Urges* all Governments, particularly Governments of countries where serious problems of drug misuse exist, to consider adopting or further developing national strategies for demand reduction and to give such strategies at least the same priority as those to combat the illicit traffic in drugs;

2. *Recognizes* the importance of giving due attention to the underlying causes of the demand for drugs, in particular the disadvantages that youth and other groups at risk often experience in inner-city areas;

3. *Encourages* all Governments to continue to develop education through schools, colleges and youth organizations and, in the wider community, to enable young people and others to acquire the necessary information, skills and attitudes to resist pressures to take drugs, and to live healthy lives;

4. *Urges* all Governments to provide or support preventive education and training opportunities for teachers, youth leaders and other professionals who work with young people in order to equip them to educate and otherwise help young people who are at risk because of current or likely drug use;

5. *Emphasizes* the importance of providing information and education materials to encourage and to help parents to understand their own influence as role models and to help promote the health of their children;

6. *Emphasizes also* the grave impact of drug-taking on health, safety and costs in the workplace;

7. *Invites* all Governments to encourage employers and employees to develop joint action programmes which publicize information in the workplace, warning of the risks of drug use, and which help employees to obtain advice and appropriate treatment;

8. *Emphasizes* the importance of coordinated and consistent action between governmental and non-governmental organizations at the local and national levels in fostering education, training and treatment initiatives;

9. *Stresses* the need to develop comprehensive treatment, rehabilitation and social reintegration options, including services tailored to the specific needs of different groups of drug users;

10. *Urges* all Governments to reflect in education campaigns the serious implications of drug-injecting for the spread of HIV infection and acquired immunodeficiency syndrome (AIDS);

11. *Encourages* Governments, in the light of the spread of HIV infection, to work strenuously to bring greater numbers of drug abusers, particularly those who inject, into contact with treatment services and agencies;

12. *Urges* Governments that have chosen to make available sterile syringes and needles to conduct such schemes under close monitoring and, to the extent possible, to evaluate the efficacy of those schemes in reducing the spread of HIV infection, as well as their usefulness as contact opportunities to encourage drug-dependent persons to enter or remain in treatment;

13. *Encourages* Governments with appropriate expertise to consider establishing mechanisms to share with interested States knowledge and expertise on the development and evaluation of demand reduction strategies, in coordination with the United Nations International Drug Control Programme and the specialized agencies and utilizing the experience of relevant non-governmental organizations where appropriate;

14. *Encourages* the United Nations International Drug Control Programme to continue to develop the work undertaken by the former United Nations Fund for Drug Abuse Control, in particular by elaborating master plans that give due attention to demand reduction activities tailored to regional and local needs and by providing a greater proportion of extrabudgetary resources for related intervention programmes;

15. *Urges* States that are able to do so to increase substantially their voluntary contributions to the United Nations International Drug Control Programme to enable it to expand further its operational and technical assistance programmes, especially in the demand reduction sector;

16. *Requests* the United Nations International Drug Control Programme to utilize the database of its International Drug Abuse Assessment System to disseminate the demand reduction information received from Governments, specialized agencies, intergovernmental organizations and non-governmental organizations in such a way that it helps Governments and those organizations to develop their demand reduction policies;

17. *Encourages* non-governmental organizations to continue to develop their work on demand reduction in coordination with the United Nations International Drug Control Programme;

18. *Invites* the New York Non-Governmental Organization Committee on Narcotics and Substance Abuse and the Vienna Non-Governmental Organization Committee on Narcotic Drugs to coordinate the preparation of an annual report, for submission to the Commission on Narcotic Drugs, on activities of international non-governmental organizations within the relevant terms of reference of the Commission;

19. *Requests* the Executive Director of the United Nations International Drug Control Programme to continue the analytical work on progress achieved in implementing targets 1 to 7 of the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control and to prepare a succinct report for consideration by the Commission on Narcotic Drugs at its thirty-fifth session on progress achieved at the national and

international levels in implementing targets 29 to 35 of the Comprehensive Multidisciplinary Outline;

20. *Requests* the Secretary-General to transmit the text of the present resolution to all Governments, specialized agencies and relevant non-governmental organizations in consultative status with the Economic and Social Council for consideration and implementation as appropriate.

1991/47. United Nations International Drug Control Programme

The Economic and Social Council,

Reaffirming that the new dimensions of illicit production, abuse and traffic in narcotic drugs and psychotropic substances in all regions of the world necessitate a more comprehensive and integrated approach to international drug control and an efficient structure in order to enable the United Nations to play a central and greatly enhanced role in that field,

Mindful of General Assembly resolution 45/179 of 21 December 1990, entitled "Enhancement of the United Nations structure for drug abuse control", in which the Secretary-General was requested to create a single drug control programme, to be called the United Nations International Drug Control Programme, and to appoint a senior official who would execute the integration process and head the new Programme,

Recalling that the General Assembly, in its resolution 45/179, invited the Secretary-General to ensure that adequate financial and other resources from within the regular budget were allocated to the Programme to enable it to discharge its functions effectively,

Bearing in mind Commission on Narcotic Drugs resolutions 1 (XXXIV), 2 (XXXIV) and 3 (XXXIV) of 9 May 1991,⁸⁷ concerning, respectively, the strengthening of the role of the Programme as the main focus for concerted international action for drug abuse control, the development of proposals to address priority themes, and the provision of support to the Programme,

1. *Welcomes* the prompt appointment of a senior official, at the level of Under-Secretary-General, in the position of Executive Director of the United Nations International Drug Control Programme with exclusive responsibility for coordinating and providing effective leadership for all the United Nations drug control activities, in order to ensure coherence of actions within the Programme as well as coordination, complementarity and non-duplication of such activities across the United Nations system;

2. *Commends* the Executive Director for his ongoing efforts to fully integrate the structures and functions of the Division of Narcotic Drugs of the Secretariat, the secretariat of the International Narcotics Control Board and the United Nations Fund for Drug Abuse Control into the new Programme;

3. *Strongly urges* all Governments to provide the fullest possible financial and political support to the Programme in order to enable it to fulfil all of its mandates and functions deriving from the Global Pro-

gramme of Action adopted by the General Assembly at its seventeenth special session,⁹⁴ the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control⁹⁵ and the international drug control treaties, particularly by increasing their extrabudgetary contributions to the Programme, with a view to expanding and strengthening its programmes for technical cooperation with developing countries;

4. *Requests* the specialized agencies and the programmes of the United Nations system to take an active part in the international struggle against narcotic drugs and to fully coordinate their efforts with the Programme to enable the Executive Director to fully exercise his exclusive responsibility for coordinating and providing effective leadership for all United Nations drug control activities, in compliance with paragraph 4 of General Assembly resolution 45/179;

5. *Urges* all intergovernmental organizations having specific competence in drug control matters to collaborate fully with the Executive Director to ensure coordination, coherence of action, complementarity and non-duplication of activities with the Programme;

6. *Requests* the Executive Director to complete, as a matter of priority, the integration process of the Programme.

1991/48. Administrative arrangements to ensure the full technical independence of the International Narcotics Control Board

The Economic and Social Council,

Noting the establishment, pursuant to General Assembly resolution 45/179 of 21 December 1990 on the enhancement of the United Nations structure for drug abuse control, of the United Nations International Drug Control Programme as the single drug control programme into which the structures and functions of the Division of Narcotic Drugs of the Secretariat, the secretariat of the International Narcotics Control Board and the United Nations Fund for Drug Abuse Control are to be fully integrated, with the objective of enhancing the effectiveness and efficiency of the United Nations structure for drug abuse control in keeping with the functions and mandates of the Organization in this field,

Noting that the General Assembly invited the Secretary-General to structure the United Nations International Drug Control Programme along the following lines:

(a) Treaty implementation, which would integrate, with due consideration to treaty arrangements, the functions of the secretariat of the International Narcotics Control Board and the treaty implementation functions of the Division of Narcotic Drugs, taking into account the independent role of the Board;

(b) Policy implementation and research, with responsibility for implementing policy decisions of the relevant legislative bodies and conducting analytical work;

(c) Operational activities, with responsibility for co-

ordinating and carrying out the technical cooperation projects currently being executed mainly by the United Nations Fund for Drug Abuse Control, the Division of Narcotic Drugs and the secretariat of the International Narcotics Control Board,

Noting also the appointment by the Secretary-General of the Executive Director of the United Nations International Drug Control Programme, who assumed his functions on 1 March 1991 and who will execute the integration process and head the new integrated Programme, with the exclusive responsibility for coordinating and providing effective leadership for all United Nations drug control activities, in order to ensure coherence of actions within the Programme as well as coordination, complementarity and non-duplication of such activities across the United Nations system,

Noting with appreciation the steps taken so far in the integration of the structures and functions of the Division of Narcotic Drugs, the secretariat of the International Narcotics Control Board and the United Nations Fund for Drug Abuse Control and in the organizational and managerial arrangements for the United Nations International Drug Control Programme,

Taking into account the provisions of article 9, paragraph 2, of the Single Convention on Narcotic Drugs of 1961,¹⁰² according to which the Economic and Social Council shall, in consultation with the International Narcotics Control Board, make all arrangements necessary to ensure the full technical independence of the Board in carrying out its functions,

Considering the importance of such independence in view of the functions of the International Narcotics Control Board,

Recalling its resolution 1196 (XLII) of 16 May 1967, the administrative arrangements contained in the annex to that resolution, and its resolutions 1775 (LIV) of 18 May 1973 and 2017 (LXI) of 3 August 1976, by which those administrative arrangements were continued,

Convinced that revised administrative arrangements are necessary in the light of developments and that such arrangements will ensure the full technical independence of the International Narcotics Control Board to the full satisfaction of the international community,

Having considered the draft of the revised arrangements agreed upon by the Executive Director of the Programme and the International Narcotics Control Board,

1. *Recognizes* its obligations to ensure the full technical independence of the International Narcotics Control Board;

2. *Approves* the administrative arrangements prepared on behalf of the Secretary-General by the Executive Director of the United Nations International Drug Control Programme in agreement with the International Narcotics Control Board and contained in the annex to the present resolution;

3. *Requests* the Executive Director to implement those arrangements, taking into account the character, powers and functions of the International Narcotics Control Board and the importance of its full technical independence in the performance of its tasks;

¹⁰² United Nations, *Treaty Series*, vol. 520, No. 7515.

4. *Also requests* the Executive Director to report to the Council through the Commission on Narcotic Drugs at its thirty-sixth session, in 1993, on the implementation of the present resolution.

*15th plenary meeting
21 June 1991*

1. At its 13th plenary meeting, on 31 May 1991, the Economic and Social Council, deeply concerned about the protection of human rights in Cambodia, endorsed Commission on Human Rights decision 1991/104 of 15 February 1991¹³⁹ and reaffirmed the right of the people of Cambodia to exercise their fundamental freedoms and human rights, including their right to self-determination.

ence on Cambodia and members of the Supreme National Council of Cambodia.

3. The Council further welcomed the formation of a Supreme National Council as the unique legitimate body and source of authority in which, throughout the transitional period, the independence, national sovereignty and unity of Cambodia is embodied. The Council urged that, in working towards the goal of a comprehensive political settlement, the Cambodian leaders should cooperate in assuming their responsibilities in order to achieve national reconciliation.

4. The Council also urged all parties to the conflict to exercise maximum self-restraint so as to create a climate conducive to the achievement and implementation of a comprehensive political settlement, as reiterated in the appeal of the co-chairmen of the Paris Conference on Cambodia and the Secretary-General of the United Nations on 22 April 1991 for a voluntary cease-fire in Cambodia.¹⁴³

5. The Council expressed the hope that the Paris Conference on Cambodia would be reconvened as soon as possible in order to adopt the agreement on a comprehensive political settlement and that a detailed plan of implementation would be drawn up in accordance with the agreement, providing, *inter alia*, for the full restoration of the human rights of the Cambodian people, including their inalienable right to self-determination in free and fair elections organized and conducted by the United Nations in a neutral political environment
