1/ See The UN Disarmament Yearbook, vol. 5: 1980 (United Nations publication, Sales No. G.81.IX.4), appendix VII.

Recalling the role played by the International Committee of the Red Cross in the elaboration of the aforementioned Convention and its Protocols,

Noting with satisfaction that, the conditions set forth in article 5 of the Convention having been met, the Convention and the three Protocols annexed thereto entered into force on 2 December 1983,

Recalling the commitment to respect the objectives and the provisions of the Convention and its Protocols by the States that are parties to it,

Noting that, under article 8 of the Convention, conferences may be convened to examine amendments to the Convention or to any of the Protocols annexed thereto, to examine additional protocols concerning other categories of conventional weapons not covered by the existing Protocols or to review the scope and application of the Convention and its Protocols and to examine any proposed amendment or additional protocol,

Noting with satisfaction that a State party has asked the Secretary-General of the United Nations to convene, in conformity with article 8, paragraph 3, of the Convention of 10 October 1980, a Conference to review the Convention and its Protocols, with priority given to anti-personnel land mines,

Noting that international meetings have discussed possible restrictions of the use of other weapon categories presently not covered by the Convention and its annexed Protocols,

Reaffirming its conviction that a general and verifiable agreement on prohibitions or restrictions on the use of certain conventional weapons would significantly reduce the suffering of civilians and combatants,

Being desirous of reinforcing international cooperation in the area of prohibitions or restrictions on the use of certain conventional weapons, and particularly for the removal of minefields, mines and booby-traps,

Recalling in this respect resolution 48/7 of 19 October 1993 on assistance in mine clearance,

1. Registers its satisfaction with the report of the Secretary-General; 2/

2. Notes with satisfaction that additional States have signed, ratified or accepted the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, 1/ which was opened for signature in New York on 10 April 1991, or have acceded to this Convention;

3. Urgently calls upon all States that have not yet done so to take all measures to become parties, as soon as possible, to the Convention and on successor States to take appropriate measures so that ultimately access to this instrument will be universal;

4. Calls upon the Secretary-General of the United Nations, in his capacity as depositary of the Convention and the three Protocols annexed thereto, to inform it periodically of accessions to the Convention and its Protocols;

5. Welcomes the request to the Secretary-General to convene at an appropriate time, if possible in 1994, in accordance with article 8, paragraph 3, of the Convention of 10 October 1980, a review conference of the said Convention;

6. Also welcomes the request by the States parties to the Secretary-General to establish as soon as possible a group of governmental experts to prepare the Review Conference of the Convention and to furnish needed assistance and assure services, including the preparation of analytical reports which the review conference and the group of experts might need;

7. Calls upon the maximum number of States to attend the Conference, to which the States parties may invite interested non-governmental organizations, in particular the International Committee of the Red Cross;

8. Decides to include in the provisional agenda of its forty-ninth session an item entitled "Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects".
