PROGRAMME BUDGET FOR THE BIENNIUM 1994-1995

PROPOSED PROGRAMME BUDGET FOR THE BIENNIUM 1996-1997

THE SITUATION IN CENTRAL AMERICA: PROCEDURES FOR
THE ESTABLISHMENT OF A FIRM AND LASTING PEACE AND
PROGRESS IN FASHIONING A REGION OF PEACE, FREEDOM,
DEMOCRACY AND DEVELOPMENT

Programme budget implications of draft resolution A/50/L.7

Statement submitted by the Secretary-General in accordance with
rule 153 of the rules of procedure of the General Assembly

A. Requests contained in the draft resolution

1. Under the terms of operative paragraph 4 of draft resolution A/50/L.7, the General Assembly would approve the Secretary-General's proposal to extend the Mission of the United Nations in El Salvador (MINUSAL) for a further period of six months, with a gradual reduction of its strength and costs.

B. Activities by which the proposed requests
would be implemented

2. Should the General Assembly adopt draft resolution A/50/L.7, the Secretary-General would continue, in consultation with the Government of El Salvador, the Member States and the specialized agencies, to devise procedures for providing El Salvador, in the context of the peace agreements, with the necessary cooperation and assistance in the period after the United Nations Observer Mission to El Salvador (ONUSAL), in order to safeguard peace and strengthen and consolidate national reconciliation, democracy and sustainable development.

3. As indicated in the report of the Secretary-General (A/50/517), on 27 April 1995, the parties to the Chapultepec peace agreements signed a programme of work for the completion of all outstanding areas of peace accords (S/1995/407). On the following day, the Security Council adopted resolution 991 (1995), formally marking the end of the mandate of ONUSAL, effective 30 April 1995. In response to General Assembly resolution 49/137 of 19 December 1994, the Secretary-General, in his letter dated 6 February 1995 to the President of the Security Council (S/1995/143), proposed to establish a small team of professionals for an initial period of six months from the end of the mandate of ONUSAL. Subsequently, on 1 May 1995, the Secretary-General, under the authority granted to him under General Assembly resolution 48/229 of 23 December 1993 on unforeseen and extraordinary expenses, established MINUSAL for a period of six months. MINUSAL is composed of a team of 11 Professionals, headed by the Special Representative of the Secretary-General at the Assistant Secretary-General level, supported by eight civilian police, one international General Service staff and 15 local-level staff. Their functions are to implement and support the programme of work for the completion of all outstanding areas of the peace accords relating to public security, land transfer, human settlements, reinsertion programmes, the Fund for the Protection of the Wounded and Disabled and legislative reforms. The activities of MINUSAL have also been supplemented by voluntary contributions to the Trust Fund established by the Secretary-General for MINUSAL.

C. Indication of additional requirements

4. Should the General Assembly adopt draft resolution A/50/L.7, the requirements for the extension of the mandate of MINUSAL from 1 November 1995 through 30 April 1996 are estimated at \$1,366,200 (\$452,500 relating to 1995 and \$913,700 for 1996). These costs include 10 Professionals (one D-2, one P-5 and eight P-4s), one General Service, 15 local-level staff and four civilian police.

5. The D-2 post would be used for the Representative of the Secretary-General and the head of the Mission. The P-5 (Coordinator) would follow military affairs, carry out verification and good offices functions, manage day-to-day relations of an administrative and logistical nature with the United Nations Development Programme (UNDP), establish and supervise security arrangements, maintain protocol arrangements with the Ministry of Foreign Affairs and oversee the smooth functioning of the office in accordance with the directives of the Representative of the Secretary-General. Eight posts at the P-4 level would be required to follow up on outstanding peace accords and work programme issues, consisting of five Political Affairs Officers, two Human Rights Officers and one Legal Officer, as follows:

(a) One Political Affairs Officer would serve as the Special Assistant to the Representative of the Secretary-General and would follow electoral reform;

(b) Three Political Affairs Officers would be assigned for regional verification and cooperation of land transfer and human settlements;

(c) One Political Affairs Officer would be utilized for activities related to demobilization and reintegration;

/...

(d) Two Human Rights Officers would be assigned to issues relating to administration of justice, legislative reform and human rights;

(e) One Legal Officer would coordinate public security and provide legal counsel on all issues.

6. The estimated requirements are summarized in the table below. Details are contained in the annex.

D. Potential for absorption

7. It is not anticipated that the requirements of \$452,500 for 1995 could be absorbed from within the resources appropriated under section 4 (Peace-keeping operations and special missions) of the programme budget for the biennium 1994-1995; 1/ nor could the requirements of \$913,700 be absorbed under section 3 (Peace-keeping operations and special missions) of the proposed programme budget for the biennium 1996-1997. 2/

8. Based on the balance available from the Trust Fund for MINUSAL, however, it is estimated that \$70,000 of the \$452,500 required for 1995 could be accommodated from the Trust Fund. As to the additional requirements for 1996, the Secretary-General would continue to seek voluntary contributions for the purpose of providing financial support for the verification and good offices activities undertaken by MINUSAL. At this stage, however, it is estimated that an additional amount of \$913,700 for the biennium 1996-1997 would be required under the regular budget.

E. Contingency fund

9. The Secretary-General is of the view that the activities relating to MINUSAL are of an extraordinary nature and should be dealt with outside the procedures related to the contingency fund, as provided for in paragraph 11 of annex I to General Assembly resolution 41/213 of 19 December 1986.

F. Summary

1. Requirements for the biennium 1994-1995

10. Should the General Assembly adopt draft resolution A/50/L.7, an additional appropriation of \$382,500 would be required under section 4 of the programme budget for the biennium 1994-1995 for activities during the period 1 November to 31 December 1995. An additional appropriation of \$52,500 would also be required under section 28 (Staff assessment), offset by the same amount under Income section 1 (Income from staff assessment).

11. For the additional requirements during the biennium 1994-1995, it is proposed that the Secretary-General be authorized to enter into commitments to implement the activities of the Mission and request the additional appropriation, as may be necessary, in the context of the second performance report for the biennium 1994-1995, which will be considered by the General Assembly during its fiftieth session.

2. Requirements for the biennium 1996-1997

12. For the biennium 1996-1997, an additional appropriation of \$913,700 would be required under section 3 of the proposed programme budget for the biennium 1996-1997 for the period 1 January to 30 April 1996. An additional appropriation of \$105,000 would also be required under section 32 (Staff assessment), offset by the same amount under Income section 1 (Income from staff assessment).
