Nuclear disarmament

The General Assembly,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

Determined to achieve the objective of prohibiting the development, production, stockpiling and use of nuclear weapons and their destruction, and to conclude such an international treaty or treaties at an early date,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly, 1/ the first special session devoted to disarmament, calling for urgent negotiation of agreements for cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time-frames, wherever feasible, for progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

1/ Resolution S-10/2.

Recognizing that a comprehensive nuclear-test-ban treaty, the proposed treaty on fissile material for nuclear weapons or other nuclear explosive devices and a convention prohibiting the use of nuclear weapons constitute important steps towards the elimination of the nuclear threat, and will contribute to the achievement of the goal of nuclear disarmament within a time-bound framework,

Recognizing also that the end of the cold war has brought about favourable conditions for creating a world free of nuclear weapons,

Welcoming the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms (START I), to which Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America are States Parties, as well as the conclusion of the START II Treaty by the Russian Federation and the United States of America, and looking forward to full implementation of these treaties and to further concrete steps for nuclear disarmament by all nuclear-weapon States,

Noting with appreciation the unilateral measures of nuclear-weapon States for nuclear arms limitation,

Recognizing the complementarity of bilateral and multilateral negotiations on nuclear disarmament and that bilateral negotiations can never replace multilateral negotiations in this respect,

Recognizing also that a comprehensive nuclear-test-ban treaty and the proposed treaty on fissile material for nuclear weapons or other explosive devices must both constitute disarmament measures and not only non-proliferation measures, and that they must be important steps leading to the total elimination of nuclear weapons within a time-bound framework,

Taking note of the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Recalling its resolution 49/75 E of 15 December 1994 on a step-by-step reduction of the nuclear threat,

Taking note of paragraph 84 and other relevant recommendations in the Final Document of the Eleventh Conference of Heads of State or Government of Non-Aligned Countries, held at Cartagena de Indias from 18 to 20 October 1995, calling on the Conference on Disarmament to establish, on a priority basis, an ad hoc committee to commence negotiations early in 1996 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework,

1. Recognizes that, in view of the end of the cold war and recent political developments, time is now opportune for all nuclear-weapon States to undertake effective nuclear disarmament measures with a view to the total elimination of these weapons within a time-bound framework;

/...

2. Recognizes also that there is a genuine need to de-emphasize the role of nuclear weapons, and to review and revise the nuclear doctrines accordingly;

3. Urges the nuclear-weapon States to stop immediately the qualitative improvement, development, stockpiling and production of nuclear warheads and their delivery systems;

4. Calls upon the nuclear-weapon States to undertake step-by-step reduction of the nuclear threat and a phased programme of progressive and balanced deep reductions of nuclear weapons, and to carry out effective nuclear disarmament measures with a view to the total elimination of these weapons within a time-bound framework;

5. Also calls upon the Conference on Disarmament to establish, on a priority basis, an ad hoc committee on nuclear disarmament to commence negotiations early in 1996 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework;

6. Expresses its support for the efforts of the Member States of the Conference on Disarmament to this end;

7. Requests the Secretary-General to submit to the General Assembly at its fifty-first session a report on the implementation of the present resolution;

8. Decides to include in the provisional agenda of its fifty-first session the item entitled "Nuclear disarmament".
