RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/50/577)]

50/60. Compliance with arms limitation and
disarmament agreements

The General Assembly,

Recalling its resolution 48/63 of 16 December 1993 and other relevant resolutions on the question,

Recognizing the abiding concern of all Member States for maintaining respect for rights and obligations arising from treaties and other sources of international law,

Convinced that observance of the Charter of the United Nations, relevant treaties and other sources of international law is essential for the strengthening of international security,

Mindful, in particular, of the fundamental importance of full implementation and strict observance of agreements and other obligations on arms limitation and disarmament if individual nations and the international community are to derive enhanced security from them,

Stressing that any violation of such agreements and other obligations not only adversely affects the security of States parties but can also create security risks for other States relying on the constraints and commitments stipulated in those agreements and other obligations,

Stressing also that any weakening of confidence in such agreements and other obligations diminishes their contribution to global or regional stability and to further disarmament and arms limitation efforts and undermines the credibility and effectiveness of the international legal system,

Recognizing, in this context, that full compliance by parties with all provisions of existing agreements and the resolving of compliance concerns effectively by means consistent with such agreements and international law can, inter alia, facilitate the conclusion of additional arms limitation and disarmament agreements, and thereby contribute to better relations among States and the strengthening of world peace and security,

Believing that compliance with all provisions of arms limitation and disarmament agreements by States parties is a matter of interest and concern to all members of the international community, and noting the role that the United Nations has played and should continue to play in that regard,

Welcoming the universal recognition of the critical importance of the question of compliance with and verification of arms limitation and disarmament agreements and other obligations,

1. Urges all States parties to arms limitation and disarmament agreements to implement and comply with the entirety of the spirit and all provisions of such agreements;

2. Calls upon all Member States to give serious consideration to the implications that non-compliance with any provisions of arms limitation and disarmament obligations has for international security and stability, as well as for the prospects for further progress in the field of disarmament;

3. Also calls upon all Member States to support efforts aimed at the resolution of compliance questions by means consistent with such agreements and international law, with a view to encouraging strict observance by all parties of the provisions of arms limitation and disarmament agreements and maintaining or restoring the integrity of such agreements;

4. Welcomes the role that the United Nations has played in restoring the integrity of, and fostering negotiations on, certain arms limitation and disarmament agreements and in the removal of threats to peace;

5. Requests the Secretary-General to continue to provide assistance that may be necessary in restoring and protecting the integrity of arms limitation and disarmament agreements;

6. Encourages efforts by States parties to develop additional cooperative measures, as appropriate, that can increase confidence in compliance with existing arms limitation and disarmament obligations and reduce the possibility of misinterpretation and misunderstanding;

7. Notes the contribution that verification experiments and research can make and already have made in confirming and improving verification procedures for arms limitation and disarmament agreements under study or negotiation, thereby providing an opportunity, from the time that such agreements enter into force, for enhancing confidence in the effectiveness of verification procedures as a basis for determining compliance;

8. Decides to include in the provisional agenda of its fifty-second session the item entitled "Compliance with arms limitation and disarmament obligations".

50/61. Verification in all its aspects, including
the role of the United Nations in the
field of verification

The General Assembly,

Affirming its continued support for the sixteen principles of verification drawn up by the Disarmament Commission, 1/

Stressing that the critical importance of verification of and compliance with arms limitation and disarmament agreements is universally recognized and that the issue of verification is a matter of concern to all nations,

Recalling its resolution 48/68 of 16 December 1993, in which it requested the Secretary-General, as a further follow-up to the 1990 study on the role of the United Nations in the field of verification 2/ and in view of significant developments in international relations since that study, to undertake, with the assistance of a group of qualified governmental experts, an in-depth study on verification issues identified in that resolution,

Also recalling that, in its resolution 48/68, it requested the Secretary-General to submit a report on the subject to the General Assembly at its fiftieth session,

1/ See Official Records of the General Assembly, Fifteenth Special Session, Supplement No. 3 (A/S-15/3), para. 60 (para. 6, sect. I, of the quoted text).

2. Requests the Secretary-General to give the report the widest possible circulation and to seek the views of Member States on the report;
3. Encourages Member States to consider the recommendations contained in the report and to assist the Secretary-General in their implementation where they consider it appropriate;

50/62. The role of science and technology in the
context of international security and
disarmament

The General Assembly,

Recognizing that scientific and technological developments can have both civilian and military applications and that progress in science and technology for civilian applications needs to be maintained and encouraged,

Stressing the interests of the international community in the subject and the need to follow closely the scientific and technological developments that may have a negative impact on the security environment and on the process of arms limitation and disarmament, and to channel scientific and technological developments for beneficial purposes,

Cognizant that the international transfer of high-technology products, services and know-how for peaceful purposes is important for the economic and social development of States,

Recalling that the Final Declaration of the Eleventh Conference of Heads of State or Government of Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995, noted that restrictions being placed on access to technology through the imposition of non-transparent ad hoc export control regimes with exclusive membership tended to impede the economic and social development of developing countries,

Emphasizing that the internationally negotiated guidelines for the transfer of high technology with military applications should take into account the legitimate defence requirements of all States, while ensuring that

access to high-technology products and services and know-how for peaceful purposes is not denied,

1. Affirms that scientific and technological achievements should be used for the benefit of all mankind to promote the sustainable economic and social development of all States and to safeguard international security, and that international cooperation in the use of science and technology through the transfer and exchange of technological know-how for peaceful purposes should be promoted;

2. Invites Member States to undertake additional efforts to apply science and technology for disarmament-related purposes and to make disarmament-related technologies available to interested States;

3. Urges Member States to undertake multilateral negotiations with the participation of all interested States in order to establish universally acceptable, non-discriminatory guidelines for international transfers of high technology with military applications;

4. Requests the Secretary-General to develop a database of concerned research institutions and experts with a view to promoting transparency and international cooperation in the applications of the scientific and technological developments for pursuing disarmament objectives such as disposal of weapons, conversion and verification, among others;

5. Encourages the United Nations to contribute, within existing mandates, to promoting the application of science and technology for peaceful purposes;

6. Invites all Member States to communicate to the Secretary-General their views and assessment;

7. Decides to include in the provisional agenda of its fifty-first session an item entitled "The role of science and technology in the context of international security and disarmament".

The General Assembly,

Recalling its previous resolutions on the subject of the role of science and technology in the context of international security, disarmament and other related fields, in which, inter alia, it recognized that scientific and technological developments could have both civilian and military applications and that progress in science and technology for civilian applications needed to be maintained and encouraged,

1. Invites Member States to enhance bilateral and multilateral dialogue on the role of science and technology in the context of international security, disarmament and other related fields, with a view to:

50/64. Amendment of the Treaty Banning Nuclear
Weapon Tests in the Atmosphere, in Outer
Space and under Water

The General Assembly,

Recalling its resolution 46/28 of 6 December 1991, in which it noted the convening of the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water from 7 to 18 January 1991, its resolution 48/69 of 16 December 1993, in which it noted the convening of a special meeting of the States parties to that Treaty on 10 August 1993, and its resolution 49/69 of 15 December 1994, in which it noted with satisfaction the commencement of multilateral negotiations for a comprehensive nuclear-test-ban treaty in the Conference on Disarmament on 1 February 1994,

Reiterating its conviction that a comprehensive nuclear-test-ban treaty is the highest-priority measure for the cessation of the nuclear-arms race and for the achievement of the objective of nuclear disarmament,

Recalling the central role of the United Nations in the field of nuclear disarmament and in particular in the cessation of all nuclear-test explosions, as well as the persistent efforts of non-governmental organizations in the achievement of a comprehensive nuclear-test-ban treaty,

Convinced that the Amendment Conference will facilitate the attainment of the objectives set forth in the Treaty and thus serve to strengthen it,

Recalling its recommendation that arrangements be made to ensure that intensive efforts continue, under the auspices of the Amendment Conference, until a comprehensive nuclear-test-ban treaty is achieved, and its call that all parties participate in, and contribute effectively to the success of, the Amendment Conference,

1. Urges all States that have not already done so to adhere to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water 1/ at the earliest possible date;

2. Urges all States parties to the Treaty to contribute to the conclusion of a comprehensive nuclear-test-ban treaty as soon as possible and no later than 1996 and to its expeditious entry into force;

3. Requests the President of the Amendment Conference to conduct consultations to those ends;

4. Decides to include in the provisional agenda of its fifty-first session the item entitled "Amendment of the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water".

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/50/585 and Corr.1)]

50/65. Comprehensive nuclear-test-ban treaty

The General Assembly,

Recalling its resolutions 48/70 of 16 December 1993 and 49/70 of 15 December 1994, in which the entire international community supported the multilateral negotiations on a comprehensive nuclear-test-ban treaty,

Reaffirming that a comprehensive nuclear-test ban is one of the highest priority objectives of the international community in the field of disarmament and non-proliferation,

Convinced that the most effective way to achieve an end to nuclear testing is through the conclusion of a universal and internationally and effectively verifiable comprehensive nuclear-test-ban treaty that will attract the adherence of all States and will contribute to the prevention of the proliferation of nuclear weapons in all its aspects, to the process of nuclear disarmament and therefore to the enhancement of international peace and security,

Noting the aspirations expressed by the parties to the 1963 Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water ^{1/} to seek to achieve the discontinuance of all test explosions of nuclear weapons for all time, which are recalled in the preamble to the 1968 Treaty on the Non-Proliferation of Nuclear Weapons, ^{2/}

^{1/} United Nations, Treaty Series, vol. 480, No. 6964.

^{2/} Ibid., vol. 729, No. 10485.

Welcoming the further elaboration of the rolling text in the Ad Hoc Committee on a Nuclear Test Ban of the Conference on Disarmament, as reflected in the report of the Conference and its appendix, 3/ and the decision of the Conference to continue its work in inter-sessional meetings,

1. Welcomes the continuing efforts in the multilateral negotiations on a comprehensive nuclear-test-ban treaty in the Ad Hoc Committee on a Nuclear Test Ban of the Conference on Disarmament, the significant contributions to the rolling text made by States participating in those negotiations and progress in key areas;

2. Calls upon all States participating in the Conference on Disarmament, in particular the nuclear-weapon States, to conclude, as a task of the highest priority, a universal and multilaterally and effectively verifiable comprehensive nuclear-test-ban treaty which contributes to nuclear disarmament and the prevention of the proliferation of nuclear weapons in all its aspects, so as to enable its signature by the outset of the fifty-first session of the General Assembly;

3. Also calls upon participants in the Conference on Disarmament to advance work on the basis of the rolling text during the inter-sessional negotiating period so as to proceed to the final phase of the negotiations at the beginning of 1996;

4. Further calls upon the Conference on Disarmament to re-establish the Ad Hoc Committee at the commencement of its 1996 session, and to renew its mandate in order to complete the final text of the treaty as soon as possible in 1996;

5. Urges all States to support the multilateral negotiations in the Conference on Disarmament for a comprehensive nuclear-test-ban treaty and their prompt conclusion;

6. Declares its readiness to resume consideration of this item, as necessary, before its fifty-first session in order to endorse the text of a comprehensive nuclear-test-ban treaty;

Bearing in mind the consensus reached by the General Assembly at its thirty-fifth session that the establishment of a nuclear-weapon-free zone in the region of the Middle East would greatly enhance international peace and security,

Desirous of building on that consensus so that substantial progress can be made towards establishing a nuclear-weapon-free zone in the region of the Middle East,

Reiterating its conviction that the establishment of nuclear-weapon-free zones in various regions of the world is one of the measures that can contribute effectively to the objectives of non-proliferation of nuclear weapons and general and complete disarmament,

Believing that the establishment of a nuclear-weapon-free zone in South Asia, as in other regions, will assist in the strengthening of the security of the States of the region against the use or threat of use of nuclear weapons,

Taking note with appreciation of the declarations issued at the highest level by the Governments of South Asian States that are developing their peaceful nuclear programmes, reaffirming their undertaking not to acquire or manufacture nuclear weapons and to devote their nuclear programmes exclusively to the economic and social advancement of their peoples,

Welcoming the recent proposal for the conclusion of a bilateral or regional nuclear-test-ban agreement in South Asia,

Noting also the proposal to hold consultations among five nations with a view to ensuring nuclear non-proliferation in the region,

Considering that the eventual participation of other States, as appropriate, in this process could be useful,

Taking note of the report of the Secretary-General, 2/

2. Urges once again the States of South Asia to continue to make all possible efforts to establish a nuclear-weapon-free zone in South Asia and to refrain, in the meantime, from any action contrary to that objective;

3. Welcomes the support of all the five nuclear-weapon States for this proposal, and calls upon them to extend the necessary cooperation in the efforts to establish a nuclear-weapon-free zone in South Asia;

4. Requests the Secretary-General to communicate with the States of the region and other concerned States in order to ascertain their views on the issue and to promote consultations among them with a view to exploring the best possibilities of furthering the efforts for the establishment of a nuclear-weapon-free zone in South Asia;

[on the report of the First Committee (A/50/588)]

50/68. Conclusion of effective international
arrangements to assure non-nuclear-weapon
States against the use or threat of use of
nuclear weapons

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Welcoming the progress achieved in recent years in both nuclear and conventional disarmament,

Noting that, despite recent progress in the field of nuclear disarmament, further efforts are necessary towards the achievement of the goal of general and complete disarmament under effective international control,

Also convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined strictly to abide by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing also that effective measures and arrangements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, 1/ the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Recalling the relevant parts of the special report of the Committee on Disarmament, 2/ submitted to the General Assembly at its twelfth special session, 3/ the second special session devoted to disarmament, and of the special report of the Conference on Disarmament submitted to the Assembly at its fifteenth special session, 4/ the third special session devoted to disarmament, as well as of the report of the Conference on its 1992 session, 5/

Recalling also paragraph 12 of the Declaration of the 1980s as the Second Disarmament Decade, contained in the annex to its resolution 35/46 of 3 December 1980, which states, inter alia, that all efforts should be exerted by the Committee on Disarmament urgently to negotiate with a view to reaching agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Noting the in-depth negotiations undertaken in the Conference on Disarmament and its Ad Hoc Committee on Effective International Arrangements to Assure Non-Nuclear-Weapon States against the Use or Threat of Use of Nuclear Weapons, 6/ with a view to reaching agreement on this item,

Taking note of the proposals submitted under that item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the relevant decision of the Eleventh Conference of Heads of State or Government of Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995, and also of the decision adopted by the Tenth Conference of Heads of State or Government of Non-Aligned

Countries, held at Jakarta from 1 to 6 September 1992, 7/ as well as the relevant recommendations of the Organization of the Islamic Conference reiterated in the Final Communiqué of the Twentieth Islamic Conference of Foreign Ministers, held at Istanbul from 4 to 8 August 1991, 8/ calling upon the Conference on Disarmament to reach an urgent agreement on an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Taking note further of the unilateral declarations made by all nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Noting also the greater willingness to overcome the difficulties encountered in previous years,

Noting further Security Council resolution 984 (1995) of 11 April 1995 and the views expressed on it,

Recalling its relevant resolutions adopted in previous years, in particular resolutions 45/54 of 4 December 1990, 46/32 of 6 December 1991, 47/50 of 9 December 1992, 48/73 of 16 December 1993 and 49/73 of 15 December 1994,

1. Reaffirms the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. Notes with satisfaction that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties as regards evolving a common approach acceptable to all have also been pointed out;

3. Appeals to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. Recommends that further intensive efforts should be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, should be further explored in order to overcome the difficulties;

5. Also recommends that the Conference on Disarmament should actively continue intensive negotiations with a view to reaching early agreement and concluding effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

6. Decides to include in the provisional agenda of its fifty-first session the item entitled "Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons".

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/50/589)]

50/69. Prevention of an arms race in outer space

The General Assembly,

Recognizing the common interest of all mankind in the exploration and use of outer space for peaceful purposes,

Reaffirming the will of all States that the exploration and use of outer space, including the Moon and other celestial bodies, shall be for peaceful purposes, shall be carried out for the benefit and in the interest of all countries, irrespective of their degree of economic or scientific development, and shall be the province of all mankind,

Reaffirming also provisions of articles III and IV of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies, 1/

Recalling the obligation of all States to observe the provisions of the Charter of the United Nations regarding the use or threat of use of force in their international relations, including in their space activities,

Reaffirming further paragraph 80 of the Final Document of the Tenth Special Session of the General Assembly, 2/ in which it is stated that in order to prevent an arms race in outer space further measures should be taken and appropriate international negotiations held in accordance with the spirit of the Treaty,

Recalling also its previous resolutions on this issue and taking note of the proposals submitted to the General Assembly at its tenth special session

1/ Resolution 2222 (XXI), annex.

2/ Resolution S-10/2.

and at its regular sessions, and of the recommendations made to the competent organs of the United Nations and to the Conference on Disarmament,

Recognizing the grave danger for international peace and security of an arms race in outer space and of developments contributing to it,

Emphasizing the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that bilateral negotiations, begun in 1985 between the Union of Soviet Socialist Republics and the United States of America, were conducted with the declared objective of working out effective agreements aimed, inter alia, at preventing an arms race in outer space,

Welcoming the re-establishment of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space at the 1994 session of the Conference on Disarmament, in the exercise of the negotiating responsibilities of this sole multilateral body on disarmament, to continue to examine and identify, through substantive and general consideration, issues relevant to the prevention of an arms race in outer space,

Noting that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space, 3/ and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Regretting the inability of the Conference on Disarmament to re-establish the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space in 1995,

Emphasizing the mutually complementary nature of bilateral and multilateral efforts in the field of preventing an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling in this context its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, inter alia, it reaffirmed the importance of

confidence-building measures as means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

Recognizing that there has been agreement in the Ad Hoc Committee that the conclusion of an international agreement or agreements to prevent an arms race in outer space remained the fundamental task of the Committee and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

1. Reaffirms the importance and urgency of preventing an arms race in outer space and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies; 1/

2. Reaffirms its recognition, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space by itself does not guarantee the prevention of an arms race in outer space, that this legal regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness, and that it is important strictly to comply with existing agreements, both bilateral and multilateral;

3. Emphasizes the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. Calls upon all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. Reiterates that the Conference on Disarmament, as the single multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

6. Requests the Conference on Disarmament to re-establish the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space in 1996 and to consider the question of preventing an arms race in outer space;

7. Also requests the Conference on Disarmament to intensify its consideration of the question of the prevention of an arms race in outer space in all its aspects, building upon areas of convergence and taking into account relevant proposals and initiatives, including those presented in the Ad Hoc Committee at the 1994 session of the Conference and at the forty-ninth and fiftieth sessions of the General Assembly;

8. Further requests the Conference on Disarmament to re-establish an ad hoc committee with an adequate mandate at the beginning of its 1996 session and to continue building upon areas of convergence, taking into account the work undertaken since 1985, with a view to undertaking negotiations for the conclusion of an agreement or agreements, as appropriate, to prevent an arms race in outer space in all its aspects;

/...

9. Recognizes, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

10. Urges the Russian Federation and the United States of America to resume their bilateral negotiations with a view to reaching early agreement for preventing an arms race in outer space and to advise the Conference on Disarmament periodically of the progress of their bilateral sessions so as to facilitate its work;

11. Decides to include in the provisional agenda of its fifty-first session the item entitled "Prevention of an arms race in outer space".

50/70. General and complete disarmament

A

Nuclear testing

The General Assembly,

Welcoming the easing of international tension and the strengthening of trust between States that have prevailed following the end of the cold war,

Reaffirming that the cessation of all nuclear testing will contribute to the non-proliferation of nuclear weapons in all its aspects, to the process of nuclear disarmament leading to the ultimate objective of the complete elimination of nuclear weapons and therefore to the further enhancement of international peace and security,

Convinced that the cessation of all nuclear testing will provide a favourable climate for the conclusion of negotiations on a comprehensive nuclear-test-ban treaty,

Considering that nuclear testing is not consistent with undertakings by the nuclear-weapon States at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

Deeply concerned about the potential negative effects of underground nuclear testing on health and the environment,

Sharing alarm expressed internationally, regionally and nationally at recent nuclear tests,

1. Commends those nuclear-weapon States observing nuclear testing moratoria, and urges them to continue those moratoria pending the entry into force of a comprehensive nuclear-test-ban treaty;

2. Strongly deplores all current nuclear testing;
3. Strongly urges the immediate cessation of all nuclear testing.

B

Small arms

The General Assembly,

Reaffirming the role of the United Nations in the field of disarmament and the commitment of Member States to take concrete steps in order to strengthen that role,

Realizing the urgent need to resolve underlying conflicts, to diminish tensions and to accelerate efforts towards general and complete disarmament under strict and effective international control with a view to maintaining regional and international peace and security in a world free from the scourge of war and the burden of armaments,

Reaffirming the inherent right to individual or collective self-defence recognized in Article 51 of the Charter of the United Nations, which implies that States also have the right to acquire arms with which to defend themselves,

Reaffirming also the right of self-determination of all peoples, in particular peoples under colonial or other forms of alien domination or foreign occupation, and the importance of the effective realization of this right, as enunciated, inter alia, in the Vienna Declaration and Programme of Action, adopted by the World Conference on Human Rights on 25 June 1993, 1/

Realizing that arms obtained through the illicit arms trade are most likely to be used for violent purposes and that even small arms when so obtained, directly or indirectly, by terrorist groups, drug traffickers or underground organizations can pose a danger to regional and international security, and certainly to the security and political stability of the countries affected,

Taking note of the report of the Secretary-General to the Security Council entitled "Supplement to an Agenda for Peace", 2/ which stressed the urgent need for practical disarmament in the context of the conflicts the United Nations is actually dealing with and of the weapons, most of them light weapons, that are actually killing people in the hundreds of thousands, 3/ and which identified light weapons as including, inter alia, small arms and anti-personnel land-mines,

Recalling its resolution 49/75 G of 15 December 1994, in which it welcomed the initiative taken by Mali concerning the question of the illicit

circulation of small arms and their collection in the affected States of the Saharo-Saharan subregion, as well as the action taken by the Secretary-General in implementation of this initiative,

Noting the work of the Disarmament Commission on international arms transfers,

1. Requests the Secretary-General, within the existing resources, to prepare a report, with the assistance of a panel group of qualified governmental experts to be nominated by him on the basis of equitable geographical representation, on:

(a) The types of small arms and light weapons actually being used in conflicts being dealt with by the United Nations;

(b) The nature and causes of the excessive and destabilizing accumulation and transfer of small arms and light weapons, including their illicit production and trade;

(c) The ways and means to prevent and reduce the excessive and destabilizing accumulation and transfer of small arms and light weapons, in particular as they cause or exacerbate conflict;

with particular attention to the role of the United Nations in this field and to the complementary role of regional organizations, and taking into account views and proposals of Member States and all other relevant information, for submission to the General Assembly at its fifty-second session;

2. Also requests the Secretary-General to seek the views and proposals of Member States on the matters mentioned in paragraph 1 above, to collect all other relevant information and to make them available for consideration by the panel of governmental experts referred to in paragraph 1 above;

3. Decides to include in the provisional agenda of its fifty-second session an item entitled "Small arms".

Nuclear disarmament with a view to the ultimate
elimination of nuclear weapons

The General Assembly,

Appreciating the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms, ^{4/} to which Belarus, Kazakstan, the Russian Federation, Ukraine and the United States of America are party, and

looking forward to the early entry into force of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms, 5/

Welcoming the reductions in the nuclear arsenals of other nuclear-weapon States,

Welcoming also the decision of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons to extend the Treaty indefinitely, 6/ taken without a vote, as well as the decisions on strengthening the review process for the Treaty 7/ and on the principles and objectives for nuclear non-proliferation and disarmament, 8/

Noting the reference in the decision on the principles and objectives for nuclear non-proliferation and disarmament to the importance of the following measures for the full realization and effective implementation of article VI of the Treaty on the Non-Proliferation of Nuclear Weapons, 9/ including the programme of action as reflected below:

(a) The completion by the Conference on Disarmament of the negotiations on a universal and internationally and effectively verifiable comprehensive nuclear-test-ban treaty no later than 1996, and utmost restraint that should be exercised by the nuclear-weapon States pending the entry into force of that treaty;

(b) The immediate commencement and early conclusion of negotiations on a non-discriminatory and universally applicable convention banning the production of fissile material for nuclear weapons or other nuclear explosive devices in accordance with the statement of the Special Coordinator of the Conference on Disarmament and the mandate contained therein;

(c) The determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons, and by all States of general and complete disarmament under strict and effective international control,

Welcoming positive developments as well as the efforts being made by the States members of the Conference on Disarmament in the negotiations on a comprehensive nuclear-test-ban treaty at the Conference on Disarmament at Geneva,

Recalling that nuclear non-proliferation and the promotion of nuclear disarmament are key elements in the maintenance of international peace and security, which is one of the most important purposes of the United Nations,

Welcoming the consolidated report of the Secretary-General on the Register, 11/ which includes the returns of Member States for 1994,

Welcoming also the response of Member States to the requests contained in paragraphs 9 and 10 of resolution 46/36 L to provide data on their imports and exports of arms, as well as available background information regarding their military holdings, procurement through national production and relevant policies,

Conference of Heads of State or Government of the Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995, which supported the convening of the fourth special session of the General Assembly devoted to disarmament in 1997, which would offer an opportunity to review, from a perspective more in tune with the current international situation, the most critical aspects of the process of disarmament and to mobilize the international community and public opinion in favour of the elimination of weapons of mass destruction and of the control and reduction of conventional weapons,

Expecting that, since negotiations and action on important disarmament issues will be completed by the end of 1996, the year 1997 would be an opportune time to review the progress in the entire field of disarmament in the post-cold-war era,

1. Decides to convene its fourth special session on disarmament in 1997, if possible; the exact date and agenda to be decided upon before the end of the current session of the General Assembly through consultations;

Considering that the circulation of massive quantities of small arms throughout the world impedes development and is a source of increased insecurity,

Considering also that the illicit international transfer of small arms and their accumulation in many countries constitute a threat to the populations and to national and regional security and are a factor contributing to the destabilization of States,

Basing itself on the statement of the Secretary-General relating to the request of Mali concerning United Nations assistance for the collection of small arms,

Gravely concerned at the extent of the insecurity and banditry linked to the illicit circulation of small arms in Mali and the other affected States of the Saharo-Sahelian subregion,

Taking note of the first conclusions of the United Nations advisory missions sent to the affected countries of the subregion by the Secretary-General to study the best way of curbing the illicit circulation of small arms and ensuring their collection,

Taking note also of the interest shown by other States of the subregion in receiving the United Nations Advisory Mission,

Noting the actions taken and those recommended at the meetings of the States of the subregion held at Banjul, Algiers and Bamako to establish close regional cooperation with a view to strengthening security,

5. Invites Member States to implement national control measures in order to check the illicit circulation of small arms, in particular by curbing the illegal export of such arms;
6. Invites the international community to give appropriate support to the efforts made by the affected countries to suppress the illicit circulation of small arms, which is likely to hamper their development;

Bilateral nuclear arms negotiations and nuclear disarmament

The General Assembly,

Recalling its previous relevant resolutions,

Recognizing the fundamental changes that have taken place with respect to international security, which have permitted agreements on deep reductions in the nuclear armaments of the States possessing the largest inventories of such weapons,

Mindful that it is the responsibility and obligation of all States to contribute to the process of the relaxation of international tension and to the strengthening of international peace and security,

Stressing the importance of strengthening international peace and security through general and complete disarmament, under strict and effective international control,

Stressing also that it is the responsibility of all States to adopt and implement measures towards the attainment of general and complete disarmament under strict and effective international control,

Appreciating a number of positive developments in the field of nuclear disarmament, in particular the Treaty between the United States of America and the Union of Soviet Socialist Republics on the Elimination of Their Intermediate-Range and Shorter-Range Missiles, 25/ and the treaties on the reduction and limitation of strategic offensive arms,

Appreciating also the indefinite extension of the Treaty on the Non-Proliferation of Nuclear Weapons 9/ and acknowledging the importance of the determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons, and by all States of general and complete disarmament under strict and effective international control,

Welcoming the steps that have already been taken by the Russian Federation and the United States of America to begin the process of reducing the number of nuclear weapons and removing such weapons from a deployed status, and bilateral agreements on the issue of de-targeting strategic nuclear missiles,

Noting the new climate of relations between the United States of America and the States of the former Union of Soviet Socialist Republics, which permits them to intensify their cooperative efforts to ensure the safety, security and environmentally sound destruction of nuclear weapons,

25/ The United Nations Disarmament Yearbook, vol. 12: 1987 (United Nations publication, Sales No. E.88.IX.2), appendix VII.

Noting also that the Russian Federation and the United States of America concurred that, once the Treaty between them on Further Reduction and Limitation of Strategic Offensive Arms 5/ was ratified, they would proceed to deactivate all nuclear delivery systems to be reduced under the Treaty by removing their nuclear warheads or taking other steps to remove them from alert status,

Noting further the commitment between the Russian Federation and the United States of America to intensify their dialogue to compare conceptual approaches and to develop concrete steps to adapt the nuclear forces and practices on both sides to the changed international security situation, including the possibility, after ratification of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms, of further reductions of and limitations on remaining nuclear forces,

Taking note of the joint statement of 10 May 1995 by the Russian Federation and the United States of America on the Treaty on the Limitation of Anti-Ballistic Missile Systems,

Urging the early ratification of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms and further intensification of such efforts to accelerate the implementation of agreements and unilateral decisions relating to nuclear arms reduction,

Welcoming the significant reductions made by other nuclear-weapon States, and encouraging all nuclear-weapon States to consider appropriate measures relating to nuclear disarmament,

1. Welcomes the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms, 4/ signed in Moscow on 31 July 1991 by the former Union of Soviet Socialist Republics and the United States of America, including the Protocol to that Treaty signed at Lisbon on 23 May 1992 by the parties thereto, and the exchange of documents of ratification between the United States of America, Belarus, Kazakstan, the Russian Federation and Ukraine on 5 December 1994 at Budapest;

2. Also welcomes the signing of the Treaty between the United States of America and the Russian Federation on Further Reduction and Limitation of Strategic Offensive Arms in Moscow on 3 January 1993, 5/ and urges the parties to take the steps necessary to bring that Treaty into force at the earliest possible date;

3. Expresses its satisfaction at the fact that the entry into force of the 1991 Treaty on the Reduction and Limitation of Strategic Offensive Arms clears the way for prompt ratification by the Russian Federation and the United States of America of the 1993 Treaty;

4. Also expresses its satisfaction at the continuing implementation of the Treaty between the United States of America and the Union of Soviet Socialist Republics on the Elimination of Their Intermediate-Range and Shorter-Range Missiles, 25/ in particular at the completion by the parties of the destruction of all their declared missiles subject to elimination under the Treaty;

5. Encourages the United States of America, the Russian Federation, Belarus, Kazakstan, and Ukraine to continue their cooperative efforts aimed at eliminating nuclear weapons and strategic offensive arms on the basis of existing agreements, and welcomes the contributions that other States are making to such cooperation as well;

/...

6. Welcomes the accession to the Treaty on the Non-Proliferation of Nuclear Weapons 9/ of Belarus, Kazakstan and Ukraine as non-nuclear-weapon States, which thereby provided a notable enhancement to the non-proliferation regime;

7. Encourages and supports the Russian Federation and the United States of America in their efforts to reduce their nuclear weapons and to continue to give those efforts the highest priority in order to contribute to the ultimate goal of eliminating those weapons;

8. Invites the Russian Federation and the United States of America to keep other States Members of the United Nations duly informed of progress in their discussions and in the implementation of their strategic offensive arms agreements and unilateral decisions.

Measures to curb the illicit transfer and use of
conventional arms

The General Assembly,

Recalling its resolution 46/36 H of 6 December 1991 and its decision 47/419 of 9 December 1992 on international arms transfers,

Recalling also its resolutions 48/75 F and H of 16 December 1993 and 49/75 M of 15 December 1994 on measures to curb the illicit transfer and use of conventional arms,

Recognizing that the availability of massive quantities of conventional weapons and especially their illicit transfer, often associated with destabilizing activities, are most disturbing and dangerous phenomena, in particular for the internal situation of affected States and the violation of human rights,

Bearing in mind that in certain situations mercenaries, terrorists and child soldiers are supplied with weapons acquired from illicit transfers of conventional arms,

Convinced that peace and security are inextricably interlinked with and in some cases imperative for economic development and reconstruction, including in war-stricken countries,

Realizing the urgent need to resolve conflicts and to diminish tension, and to accelerate efforts towards general and complete disarmament with a view to maintaining regional and international peace and security,

Recognizing the curbing of the illicit transfer of arms as an important contribution to the relaxation of tension and peaceful reconciliation processes,

Stressing the need for effective national control measures on the transfer of conventional weapons,

Convinced that effective measures to curb the illicit transfer and use of conventional arms will help enhance regional and international peace,

/...

security and economic development,

1. Invites Member States:

(a) To take appropriate and effective enforcement measures to seek to ensure that illicit transfers of arms are immediately discontinued;

(b) To provide the Secretary-General promptly with relevant information on national control measures on arms transfers with a view to preventing illicit arms transfers;

2. Requests the Disarmament Commission:

(a) To expedite its consideration of the agenda item on international arms transfers, with special emphasis on the adverse consequences of the illicit transfer of arms and ammunition;

(b) To study and report on measures to curb the illicit transfer and use of conventional arms, bearing in mind concrete problems in various regions of the world;

3. Requests the Secretary-General:

(a) To seek the views of Member States on effective ways and means of collecting weapons transferred illicitly, in particular in the light of experience gained by the United Nations;

(b) To seek the views of Member States on concrete proposals concerning measures at the national, regional and international levels to curb the illicit transfer and use of conventional arms;

(c) To submit to the General Assembly at its fifty-first session a report containing the views expressed by Member States;

4. Also requests the Secretary-General to report to the General Assembly at its fifty-first session on the effective implementation of the present resolution;

5. Decides to include in the provisional agenda of its fifty-first session the item entitled "Measures to curb the illicit transfer and use of conventional arms".

Regional disarmament

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992, 48/75 I of 16 December 1993 and

/...

49/75 N of 15 December 1994 on regional disarmament,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly, the first special session devoted to disarmament, 19/

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session, 26/

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note of the recent proposals for disarmament and nuclear non-proliferation at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of smaller States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. Stresses that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;
2. Affirms that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;
3. Calls upon States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at the regional and subregional levels;
4. Welcomes the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;
5. Supports and encourages efforts aimed at promoting confidence-building measures at the regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation

Conventional arms control at the regional and subregional levels

The General Assembly,

Recalling its resolutions 48/75 J of 16 December 1993 and 49/75 O of 15 December 1994,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Believing that militarily significant States, and States with larger military capabilities, have a special responsibility in promoting such agreements for regional security,

Believing also that two of the principal objectives of conventional arms control should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

1. Decides to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;

2. Requests the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;

3. Decides to include in the provisional agenda of its fifty-first session the item entitled "Conventional arms control at the regional and subregional levels".

Observance of environmental norms in the drafting
and implementation of agreements on disarmament
and arms control

The General Assembly,

Recognizing the importance of the observance of environmental norms in the drafting and implementation of agreements on disarmament and arms limitation,

Taking note of the relevant provisions of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction 27/ regarding the environment,

Convinced of the importance of the environmentally sound implementation of the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction, 28/

Mindful of the detrimental environmental effects of the use of nuclear weapons,

Conscious of the positive potential implications for the environment of a future comprehensive nuclear-test-ban treaty,

Desirous of banning effectively military or any other hostile use of environment modification techniques, with a view to removing the dangers for mankind that might arise from such uses,

1. Invites the Conference on Disarmament to take every necessary measure to include in negotiating treaties and agreements on disarmament and arms limitation the corresponding environmental norms, with a view to ensuring that the process of implementation of such treaties and agreements is environmentally sound, in particular the destruction of weapons covered by them;

2. Emphasizes the importance of the compliance of all States parties to the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, and calls upon them to cooperate and ensure that the process of implementation of the Convention in all relevant aspects is environmentally sound;

3. Urges all States parties to consider all relevant norms related to the protection of the environment in implementing the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction;

4. Calls upon the Conference on Disarmament to conclude, as a task of the highest priority, a comprehensive nuclear-test-ban treaty as soon as possible in 1996;

27/ Official Records of the General Assembly, Forty-seventh Session, Supplement No. 27 (A/47/27), appendix I.

28/ Resolution 2826 (XXVI), annex.

Noting that there are still significant nuclear arsenals and that the primary responsibility for nuclear disarmament, with the objective of the elimination of nuclear weapons, rests with the nuclear-weapon States, in particular those which possess the largest stockpiles,

Urging the early ratification of the Treaty on the Further Reduction and Limitation of Strategic Offensive Arms and further intensification of such efforts to accelerate the implementation of agreements and unilateral decisions relating to nuclear-arms reduction,

Welcoming the reduction made by other nuclear-weapon States, in some of their nuclear-weapon programmes, and encouraging all nuclear-weapon States to consider appropriate measures relating to nuclear disarmament,

Affirming that bilateral and multilateral negotiations on nuclear disarmament should facilitate and complement each other,

1. Welcomes the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms, 4/ signed in Moscow on 31 July 1991 by the former Union of Soviet Socialist Republics and the United States of America, including the Protocol to that Treaty signed at Lisbon on 23 May 1992 by the parties thereto, and the exchange of documents of ratification between the United States of America, Belarus, Kazakstan, the Russian Federation and Ukraine on 5 December 1994 at Budapest;

Moratorium on the export of anti-personnel land-mines

The General Assembly,

Recalling with satisfaction its resolutions 48/75 K of 16 December 1993 and 49/75 D of 15 December 1994, in which it, inter alia, called upon States to agree to a moratorium on the export of anti-personnel land-mines that pose grave dangers to civilian populations, and urged States to implement moratoria on the export of anti-personnel land-mines,

Also recalling with satisfaction its resolution 49/75 D, in which it, inter alia, established as a goal of the international community the eventual elimination of anti-personnel land-mines,

Noting that, according to the 1994 report of the Secretary-General entitled "Assistance in mine clearance", 30/ it is estimated that there are more than one hundred and ten land-mines in the ground in more than sixty countries throughout the world,

Noting also that, according to the same report, the global land-mine crisis continues to worsen as an estimated two to five million new land-mines are laid each year, while only an estimated one hundred thousand were cleared in 1994,

Expressing deep concern that anti-personnel land-mines kill or maim hundreds of people every week, mostly innocent and defenceless civilians, obstruct economic development and reconstruction, and have other severe consequences for years after emplacement, which include inhibiting the repatriation of refugees and the return of internally displaced persons,

Gravely concerned over the suffering and casualties caused to

non-combatants as a result of the proliferation, as well as the indiscriminate and irresponsible use, of anti-personnel land-mines,

Recalling with satisfaction its resolutions 48/7 of 19 October 1993 and 49/215 A of 23 December 1994 calling for assistance in mine clearance,

Welcoming the programmes of assistance that exist for demining and humanitarian support for the victims of anti-personnel land-mines,

Welcoming also the International Meeting on Mine Clearance, held at Geneva from 5 to 7 July 1995, and noting the statement of the Secretary-General at the meeting that the international community must take specific and tangible steps to address the intolerable situation caused by the proliferation of anti-personnel land-mines throughout the world,

Recalling with satisfaction the report of the Secretary-General concerning progress on the initiative in resolution 49/75 D, 31/

Convinced that moratoria by States on the export of anti-personnel land-mines that pose grave dangers to civilian populations are important measures in helping to reduce substantially the human and economic costs resulting from the proliferation, as well as the indiscriminate and irresponsible use, of such devices,

Noting with satisfaction that more than twenty-five States already have declared moratoria on the export, transfer or sale of anti-personnel land-mines, with many of these moratoria being declared as a result of the aforementioned resolutions,

Believing that ongoing efforts to strengthen the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects, 32/ in particular Protocol II thereto, 33/ are an essential part of the overall effort to address problems caused by the proliferation, as well as the indiscriminate and irresponsible use, of anti-personnel land-mines,

Noting the efforts that were made at the Review Conference of the States Parties to the Convention, held at Vienna from 25 September to 13 October 1995, to strengthen prohibitions and restrictions in Protocol II governing land-mine use and transfer, and urging parties to build consensus towards agreement on such prohibitions and restrictions when the Review Conference reconvenes in January and April 1996,

Believing that, in addition to Protocol II, other measures to control the production, stockpiling and transfer of anti-personnel land-mines are also necessary to address problems caused by anti-personnel land-mines, especially the indiscriminate or illegal use of anti-personnel land-mines that continue to inflict harm on civilian populations long after emplacement,

Recognizing that States can move most effectively towards the goal of

the eventual elimination of anti-personnel land-mines as viable alternatives are developed that significantly reduce the risk to the civilian population, and emphasizing the need for States to work on developing such alternatives on an urgent basis,

1. Welcomes the moratoria already declared by certain States on the export of anti-personnel land-mines;
2. Urges States that have not yet done so to declare such moratoria at the earliest possible date;
3. Requests the Secretary-General to prepare a report on steps taken by Member States to implement such moratoria, and to submit it to the General Assembly at its fifty-first session under the item entitled "General and complete disarmament";
4. Emphasizes the importance of the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects and Protocol II thereto as the authoritative international instrument governing the responsible use of anti-personnel land-mines and related devices, and urges parties to build consensus towards an agreement when the Review Conference reconvenes;
5. Encourages the widest possible accession to the Convention and to Protocol II thereto, and further urges all States to comply immediately and fully with the applicable rules of Protocol II;
6. Also encourages further immediate international efforts to seek solutions to the problems caused by anti-personnel land-mines, with a view to the eventual elimination of anti-personnel land-mines.

Nuclear disarmament

The General Assembly,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

Determined to achieve the objective of prohibiting the development, production, stockpiling and use of nuclear weapons and their destruction, and to conclude such an international treaty or treaties at an early date,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly, 19/ the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time-frames, wherever feasible, for progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete

/...

elimination at the earliest possible time,

Recognizing that a comprehensive nuclear-test-ban treaty, the proposed treaty on fissile material for nuclear weapons or other nuclear explosive devices and a convention prohibiting the use of nuclear weapons constitute important steps towards the elimination of the nuclear threat, and will contribute to the achievement of the goal of nuclear disarmament within a time-bound framework,

Recognizing also that the end of the cold war has brought about favourable conditions for creating a world free of nuclear weapons,

Welcoming the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms, 4/ to which Belarus, Kazakstan, the Russian Federation, Ukraine and the United States of America are States parties, as well as the conclusion of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms 5/ by the Russian Federation and the United States of America, and looking forward to full implementation of these treaties and to further concrete steps for nuclear disarmament by all nuclear-weapon States,

Noting with appreciation the unilateral measures of nuclear-weapon States for nuclear arms limitation,

Recognizing the complementarity of bilateral and multilateral negotiations on nuclear disarmament and that bilateral negotiations can never replace multilateral negotiations in this respect,

Recognizing also that a comprehensive nuclear-test-ban treaty and the proposed treaty on fissile material for nuclear weapons or other explosive devices must both constitute disarmament measures and not only non-proliferation measures, and that they must be important steps leading to the total elimination of nuclear weapons within a time-bound framework,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Recalling its resolution 49/75 E of 15 December 1994 on a step-by-step reduction of the nuclear threat,

Taking note of paragraph 84 and other relevant recommendations in the Final Document of the Eleventh Conference of Heads of State or Government of the Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995, calling on the Conference on Disarmament to establish, on a priority basis, an ad hoc committee to commence negotiations early in 1996 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework,

1. Recognizes that, in view of the end of the cold war and recent political developments, the time is now opportune for all nuclear-weapon States to undertake effective nuclear disarmament measures with a view to the total elimination of these weapons within a time-bound framework;

2. Also recognizes that there is a genuine need to de-emphasize the role of nuclear weapons, and to review and revise nuclear doctrines accordingly;

/...

3. Urges the nuclear-weapon States to stop immediately the qualitative improvement, development, stockpiling and production of nuclear warheads and their delivery systems;

4. Calls upon the nuclear-weapon States to undertake step-by-step reduction of the nuclear threat and a phased programme of progressive and balanced deep reductions of nuclear weapons, and to carry out effective nuclear disarmament measures with a view to the total elimination of these weapons within a time-bound framework;

5. Calls upon the Conference on Disarmament to establish, on a priority basis, an ad hoc committee on nuclear disarmament to commence negotiations early in 1996 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework;

6. Expresses its support for the efforts of the Member States of the Conference on Disarmament to this end;

7. Requests the Secretary-General to submit to the General Assembly at its fifty-first session a report on the implementation of the present resolution;

8. Decides to include in the provisional agenda of its fifty-first session the item entitled "Nuclear disarmament".

The General Assembly,

Recalling its resolution 47/52 A of 9 December 1992, in which it, inter alia, took note of the decision of the parties to the Treaty on the Non-Proliferation of Nuclear Weapons, 9/ following appropriate consultations, to form a preparatory committee for a conference to review the operation of the Treaty and to decide on its extension, as provided for in article VIII, paragraph 3, and also called for in article X, paragraph 2, of the Treaty,

Recalling also that the parties to the Treaty on the Non-Proliferation of Nuclear Weapons convened in New York from 17 April to 12 May 1995 in accordance with article VIII, paragraph 3, and article X, paragraph 2, of the Treaty,

2. Takes note of the resolution on the Middle East adopted on 11 May 1995 by the parties to the Treaty; 35/

3. Notes that the States parties to the Treaty participating in the Review Conference:

(a) Agreed to strengthen the review process for the operation of the Treaty with a view to assuring that the purposes of the preamble and the provisions of the Treaty were being realized, and decided that, in accordance with article VIII, paragraph 3, the Review Conferences should continue to be held every five years, and that, accordingly, the next Review Conference should be held in the year 2000, and that the first meeting of the Preparatory Committee should be held in 1997;

(b) Affirmed the need to continue to move with determination towards the full realization and effective implementation of the provisions of the Treaty, and accordingly adopted a set of principles and objectives;

(c) Decided that, as a majority existed among States parties to the Treaty for its indefinite extension, in accordance with its article X, paragraph 2, the Treaty should continue in force indefinitely;

4. Notes that the three decisions and the resolution were adopted without a vote.

Recalling its resolutions 48/76 E of 16 December 1993 and 49/76 D of 15 December 1994 on the regional disarmament centres,

Mindful of the provisions of Article 11, paragraph 1, of the Charter of the United Nations stipulating that a function of the General Assembly is to consider the general principles of cooperation in the maintenance of international peace and security, including the principles governing disarmament and arms limitation,

Bearing in mind that the changed international environment has created new opportunities for the pursuit of disarmament, as well as posed new challenges,

Convinced that the initiatives and activities mutually agreed upon by Member States of the respective regions aimed at fostering mutual confidence and security, as well as the implementation and coordination of regional activities under the United Nations Disarmament Information Programme, would encourage and facilitate the development of effective measures of confidence-building, arms limitation and disarmament in these regions,

Welcoming the programme of activities carried out by the regional

/...

centres, which have contributed substantially to understanding and cooperation among the States in each particular region and have thereby strengthened the role assigned to each regional centre in the areas of peace, disarmament and development,

Bearing in mind the importance of education for peace, disarmament and development for understanding and cooperation among States and for the promotion of international peace and security,

Recognizing with concern the financial situation of the regional centres as described in the 1994 report of the Secretary-General on the activities of the regional centres, 6/

Underlining, therefore, the need to provide the centres with financial viability and stability so as to facilitate the effective planning and implementation of their respective programmes of activities,

2. Reaffirms its strong support for the further operation and strengthening of the two regional centres and encourages them to continue intensifying their efforts in promoting cooperation with subregional and regional organizations and among the States in their respective regions to facilitate the development of effective measures of confidence-building, arms limitation and disarmament, with a view to promoting peace and security;

3. Also encourages further use of the potential of the regional centres to maintain the increased interest in and momentum for revitalization of the Organization to meet the challenges of a new phase of international relations in order to fulfil the purposes and principles of the Charter of the United Nations related to peace, disarmament and development, taking into account the guidelines and recommendations for regional approaches to disarmament within the context of global security as adopted by the Disarmament Commission at its 1993 substantive session; 7/

4. Requests the Secretary-General, in consultation with the Director-General of the United Nations Educational, Scientific and Cultural Organization, to promote the development of activities within the programmes of the United Nations regional disarmament centres related to education for disarmament;

6/ A/49/389.

7/ Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.

9. United Nations Regional Centre for Peace and Disarmament
in Asia and the Pacific

The General Assembly,

Recalling its resolution 39/63 J of 12 December 1984, in which it requested the Secretary-General to provide assistance to such Member States in the regions concerned as might request it with a view to establishing regional and institutional arrangements for the implementation of the World Disarmament Campaign, on the basis of existing resources and of voluntary contributions that Member States might make to that end,

Recalling also its resolution 42/39 D of 30 November 1987, by which it established the United Nations Regional Centre for Peace and Disarmament in Asia, with headquarters at Kathmandu and with the mandate of providing, on request, substantive support for the initiatives and other activities mutually agreed upon by the Member States of the Asian region for the implementation of measures for peace and disarmament, through appropriate utilization of available resources,

Mindful of its resolution 44/117 F of 15 December 1989, in which it decided to rename the United Nations Regional Centre for Peace and Disarmament in Asia as the United Nations Regional Centre for Peace and Disarmament in Asia and the Pacific,

Commending the useful activities carried out by the Regional Centre in encouraging regional and subregional dialogue for the enhancement of openness, transparency and confidence-building, as well as the promotion of disarmament and security through the organization of regional meetings, which has come to be widely known within the Asia-Pacific region as the "Kathmandu process",

Noting that trends in the post-cold-war era have emphasized the function of the Regional Centre in assisting Member States as they deal with new security concerns and disarmament issues emerging in the region,

/...

Noting also the efforts of the Member States to respond to these concerns and issues through the formulation of a common approach,

Appreciating highly the important role Nepal has played as the host nation of the headquarters of the Regional Centre,

Recognizing the need for the Regional Centre to pursue effectively its above-mentioned expanded function,

Expressing its appreciation to the Regional Centre for its organization of substantive regional meetings at Kathmandu and at Nagasaki and Kanazawa, Japan, in 1995,

Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Convinced also that a multilateral agreement prohibiting the use or threat of use of nuclear weapons would strengthen international security and contribute to the climate for negotiations leading to the ultimate elimination of nuclear weapons,

Conscious that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of complete elimination of nuclear weapons,

Recalling that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly, 1/ it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Stressing that an international convention would be an important step in a phased programme towards the complete elimination of nuclear weapons within a time-bound framework,

Noting with regret that the Conference on Disarmament, during its 1995 session, was unable to undertake negotiations on this subject,

1. Reiterates its request to the Conference on Disarmament to commence negotiations, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances, taking as a possible basis the draft Convention on the Prohibition of the Use of Nuclear Weapons annexed to the present resolution;

2. Requests the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

Noting the fundamental change that has been brought about by the end of the cold war and bipolar confrontation, and welcoming the important achievements of late in the areas of arms limitation and disarmament,

Noting with satisfaction that this year's observance of Disarmament Week coincides with the fiftieth anniversary of the United Nations,

Stressing the increasing role and prestige of the United Nations as a focal point for coordinating and harmonizing the efforts of States,

Emphasizing anew the need for and the importance of world public opinion in support of disarmament efforts in all their aspects,

Noting with satisfaction the broad and active support by Governments and international and national organizations of the decision taken by the General Assembly at its tenth special session, the first special session devoted to disarmament, regarding the proclamation of the week starting 24 October, the day of the founding of the United Nations, as a week devoted to fostering the objectives of disarmament, ^{3/}

Expansion of the membership of the Conference on Disarmament

The General Assembly,

Having considered the report of the Conference on Disarmament, 1/ and in particular the part concerning expansion of the membership of the Conference,

Stressing the role of the Conference on Disarmament as the sole multilateral global negotiating body on disarmament,

Emphasizing the fact that, notwithstanding dramatic changes in the

international situation and continuous consultations, there has been no expansion of the membership of the Conference during the last seventeen years,

Fully convinced that an enlarged membership is desirable in order to take advantage of the current propitious international climate to negotiate and conclude, on the solid basis of a more representative participation, a comprehensive nuclear-test-ban treaty and other important agreements requiring universal adherence,

Recognizing the legitimate aspirations of all candidate countries to participate fully in the work of the Conference on Disarmament, and recalling relevant decisions taken to review the composition of the Conference, including the agreement reached among Member States during the first special session of the General Assembly devoted to disarmament on a further expansion and on the wish to review the membership of the then Committee on Disarmament at regular intervals,

Recalling in particular its resolution 49/77 B of 15 December 1994, adopted without a vote, urging the Conference on Disarmament to make every effort to reach a solution resulting, by the beginning of 1995, in a significant expansion of its composition, which would then include at least sixty countries,

Strongly regretting, nevertheless, that the decision of the Conference on Disarmament to adopt the report of the then Special Coordinator for Membership, and the recommended composition attached to it, taken at the end of the 1995 session did not result in the immediate expansion of its membership,

1. Recalls the report of 12 August 1993 of the Special Coordinator for Membership 7/ designated by the Conference on Disarmament and the subsequent statement made by the Special Coordinator on 26 August 1993, recommending a dynamic solution to the question of membership;

3. Acknowledges decision CD/1356, taken at the 719th plenary meeting of the Conference on Disarmament on 21 September 1995, 2/ including the commitment to implement the decision at the earliest possible date;
4. Calls for the implementation of decision CD/1356 on the expansion of membership of the Conference on Disarmament on an urgent basis;
5. Strongly urges that the new members should, in pursuance of decision CD/1356 and with particular reference to the provisions contained in the second paragraph of that decision, all assume together membership of the Conference at the start of the 1996 session of the Conference;
6. Calls on the Conference on Disarmament, in accordance with its

50/77. Consolidation of the regime established by
the Treaty for the Prohibition of Nuclear
Weapons in Latin America and the Caribbean
(Treaty of Tlatelolco)

The General Assembly,

Recalling that in its resolution 1911 (XVIII) of 27 November 1963 it expressed the hope that the States of Latin America would take appropriate measures to conclude a treaty that would prohibit nuclear weapons in Latin America,

Recalling also that in the same resolution it voiced its confidence that, once such a treaty was concluded, all States, and in particular the nuclear-weapon States, would lend it their full cooperation for the effective realization of its peaceful aims,

Considering that in its resolution 2028 (XX) of 19 November 1965 it established the principle of an acceptable balance of mutual responsibilities and obligations between nuclear-weapon States and those which do not possess such weapons,

Recalling that the Treaty for the Prohibition of Nuclear Weapons in Latin America and the Caribbean (Treaty of Tlatelolco) 1/ was opened for signature at Mexico City on 14 February 1967,

Recalling also that in its preamble the Treaty of Tlatelolco states that military denuclearized zones are not an end in themselves but rather a means for achieving general and complete disarmament at a later stage,

Recalling further that in its resolution 2286 (XXII) of 5 December 1967

1/ United Nations, Treaty Series, vol. 634, No. 9068.

it welcomed with special satisfaction the Treaty of Tlatelolco as an event of historic significance in the efforts to prevent the proliferation of nuclear weapons and to promote international peace and security,

Recalling that in 1990, 1991 and 1992 the General Conference of the Agency for the Prohibition of Nuclear Weapons in Latin America and the Caribbean approved and opened for signature a set of amendments to the Treaty of Tlatelolco, 2/ with the aim of enabling the full entry into force of that instrument,

Bearing in mind that, with the full adherence in 1995 of Saint Lucia, the Treaty of Tlatelolco is in force for thirty sovereign States of the region,

Noting with satisfaction that the Government of Saint Kitts and Nevis ratified the Treaty of Tlatelolco on 18 April 1995,

Also noting with satisfaction that the Government of Cuba subscribed to the Treaty of Tlatelolco on 25 March 1995, thus contributing to a greater integration among the peoples of Latin America and the Caribbean for the attainment of the aims of the Treaty,

Further noting with satisfaction that the amended Treaty of Tlatelolco is fully in force for Argentina, Brazil, Chile, Jamaica, Mexico, Peru, Suriname and Uruguay,

1. Welcomes the concrete steps taken by several countries of the region during the past year for the consolidation of the regime of military denuclearization established by the Treaty for the Prohibition of Nuclear Weapons in Latin America and the Caribbean (Treaty of Tlatelolco);

2. Notes with satisfaction the full adherence of Saint Lucia to the Treaty of Tlatelolco;

3. Urges the countries of the region that have not yet done so to deposit their instruments of ratification of the amendments to the Treaty of Tlatelolco approved by the General Conference of the Agency for the Prohibition of Nuclear Weapons in Latin America and the Caribbean in its resolutions 267 (E-V) of 3 July 1990, 268 (XII) of 10 May 1991 and 290 (VII) of 26 August 1992;

50/78. Final text of the African Nuclear-Weapon-Free Zone Treaty (the Pelindaba Treaty)

The General Assembly,

Bearing in mind the Declaration on the Denuclearization of Africa 1/ adopted by the Assembly of Heads of State and Government of the Organization of African Unity at its first ordinary session, held at Cairo from 17 to 21 July 1964, in which they solemnly declare their readiness to undertake, through an international agreement to be concluded under United Nations auspices, not to manufacture or acquire control of atomic weapons,

Recalling its resolution 2033 (XX) of 3 December 1965, in which it endorsed the above-mentioned Declaration and expressed the hope that the African States would initiate studies, as they deemed appropriate, with a view to implementing the denuclearization of Africa, and take the necessary measures, through the Organization of African Unity, to achieve that end,
