draft resolution

The Security Council,

Reaffirming its resolution 687 (1991) of 8 April 1991, and in particular section C thereof, its resolution 707 (1991) of 15 August 1991 and its resolution 715 (1991) of 11 October 1991 and the plans for ongoing monitoring and verification approved thereunder,

Recalling the request in paragraph 7 of its resolution 715 (1991) to the Committee established under resolution 661 (1990), the Special Commission and the Director General of the International Atomic Energy Agency (IAEA) to develop in cooperation a mechanism for monitoring any future sales or supplies by other countries to Iraq of items relevant to the implementation of section C of resolution 687 (1991) and other relevant resolutions, including resolution 715 (1991) and the plans approved thereunder,

Having considered the letter of 7 December 1995 (S/1995/1017) to the President of the Council from the Chairman of the Committee established under resolution 661 (1990), annex I of which contains the provisions for the mechanism for export/import monitoring called for in paragraph 7 of resolution 715 (1991),

Recognizing that the export/import monitoring mechanism is an integral part of ongoing monitoring and verification by the Special Commission and the IAEA,

Recognizing that the export/import mechanism is not a regime for international licensing, but rather for the timely provision of information by States in which companies are located which are contemplating sales or supplies to Iraq of items covered by the plans for ongoing monitoring and verification and will not impede Iraq's legitimate right to import or export for non-proscribed purposes, items and technology necessary for the promotion of its economic and social development,

Acting under Chapter VII of the Charter of the United Nations,

1. Approves, pursuant to the relevant provisions of its resolutions 687 (1991) and 715 (1991), the provisions for the monitoring mechanism contained in annex I of the aforementioned letter of 7 December 1995 (S/1995/1017), subject to the terms of this resolution;

2. Approves also the general principles to be followed in implementing the monitoring mechanism contained in the letter of 17 July 1995 from the Chairman of the Special Commission to the Chairman of the Committee established under resolution 661 (1990) which is contained in annex II of the aforementioned letter of 7 December 1995 (S/1995/1017);

3. Affirms that the mechanism approved by this resolution is without prejudice to and shall not impair the operation of existing or future non-proliferation agreements or regimes on the international or regional level including arrangements referred to in resolution 687 (1991), nor shall such agreements or regimes impair the operation of the mechanism;

4. Confirms, until the Council decides otherwise under its relevant resolutions, that requests by other States for sales to Iraq or requests by Iraq for import of any item or technology to which the mechanism applies shall continue to be addressed to the Committee established under resolution 661 (1990) for decision by that Committee in accordance with paragraph 4 of the mechanism;

5. Decides, subject to paragraphs 4 and 7 of this resolution, that all States shall:

(a) Transmit to the joint unit constituted by the Special Commission and the Director General of the IAEA under paragraph 16 of the mechanism the notifications, with the data from potential exporters, and all other relevant information when available to the States, as requested in the mechanism on the intended sale or supply from their territories of any items or technologies which are subject to such notification in accordance with paragraphs 9, 11, 13, 24, 25, 27 and 28 of the mechanism;

(b) Report to the joint unit, in accordance with paragraphs 13, 24, 25, 27 and 28 of the mechanism, any information they may have at their disposal or may receive from suppliers in their territories of attempts to circumvent the mechanism or to supply Iraq with items prohibited to Iraq under the plans for ongoing monitoring and verification approved by resolution 715 (1991), or where the procedures for special exceptions laid down in paragraphs 24 and 25 of the mechanism have not been followed by Iraq;

6. Decides that the notifications required under paragraph 5 above shall be provided to the joint unit by Iraq, in respect of all items and technologies referred to in paragraph 12 of the mechanism, as from the date agreed upon between the Special Commission and the Director General of the IAEA and Iraq, and in any event not later than sixty days after the adoption of this resolution;

9. Affirms, if experience over time demonstrates the need for new technologies so require, that the Council would be prepared to review the mechanism in order to determine whether any changes are required and that the annexes to the plans for ongoing monitoring and verification approved under resolution 715 (1991), which identify the items and technologies to be notified under the mechanism, may be amended in accordance with the plans, after appropriate consultations with interested States and, as laid down in the plans, after notification to the Council;

10. Decides also that the Committee established under resolution 661 (1990) and the Special Commission shall carry out the functions assigned to them under the mechanism, until the Council decides otherwise;
