I. FINANCIAL REPORT FOR THE BIENNIUM ENDED 31 DECEMBER 1995

Introduction

1. The Executive Director of the United Nations Children's Fund (UNICEF) submits herewith the financial report of the accounts of UNICEF for the biennium ended 31 December 1995, comprising 12 statements and 13 schedules. Of these, statements I, II, III and VII are now presented in line with the formats agreed upon by the Administrative Committee on Coordination (ACC) as a step towards the harmonization of the accounts of agencies in the United Nations system. The financial report provides the details of the financial results of UNICEF activities in 1994 and 1995. Highlights are summarized in the following paragraphs.

Income

2. UNICEF income in the biennium 1994-1995 totalled \$2,017 million. Virtually all Governments of both industrialized and developing countries contributed to UNICEF in the period 1994-1995. Income comprised \$1,072 million for general resources, \$568 million for supplementary funds and \$377 million in emergency contributions. The breakdown of UNICEF income by source is: 82 per cent (\$1,654 million) from Governments and intergovernmental organizations; 12 per cent (\$245 million) from fund-raising campaigns, greeting card income and individual donations; 1 per cent (\$26 million) from the United Nations system; and 5 per cent (\$92 million) from miscellaneous sources, including interest and exchange rate revaluation of assets and liabilities.

Expenditures

3. UNICEF expenditures in the biennium 1994-1995 were \$2,003 million. This amount consisted of \$954 million for programme cooperation from general resources, \$490 million for programme cooperation from supplementary funds and \$368 million for emergency relief and rehabilitation. The remaining expenditures of \$191 million were for administrative services.

Donations-in-kind

4. Donations-in-kind valued by donors at \$51 million were delivered by UNICEF to projects during the biennium 1994-1995. These deliveries are not reflected in the financial accounts of UNICEF, although they are handled through the administrative structures of the organization.

Special accounts

5. Special accounts are not related to programmes approved by the UNICEF Executive Board and are not entered in the financial accounts of UNICEF as income and expenditures. These funds are used mainly to cover the cost of goods and services purchased and delivered on a reimbursable basis by UNICEF on behalf of Governments, other agencies in the United Nations system and non-governmental organizations (NGOs). In the biennium 1994-1995, UNICEF received cash or pledges of \$265 million for these special accounts. Disbursements and obligations totaled \$218 million, and \$25 million were either returned to donors or approved by donors for other services.

Cash holdings

6. UNICEF has total cash of \$424 million (which includes the unspent balances from special accounts in the amount of \$98 million). An amount of \$419 million is held in first-class banks comprising \$385 million in interest-bearing time deposit accounts and \$34 million in current bank accounts. Cash-on-hand accounts amount to \$5 million. The total cash holdings of UNICEF included \$13 million in currencies restricted for use in the donor countries for purchases and other local expenditures.

Approved programmes

7. During the biennium 1994-1995, the Executive Board approved the amount of \$2,291 million for new programmes for children in countries with which UNICEF cooperates, as well as for regional and interregional projects. This total includes \$1,325 million in programmes to be funded from UNICEF general resources and \$597 million for projects that the Board approved as worthy of support and that were financed by pledges of supplementary funds made in 1994-1995. The total also includes \$369 million for projects financed by pledges for emergency relief and rehabilitation.

Notes to the financial statements

Note 1: Statement of the objectives and activities of UNICEF

1. UNICEF is mandated by the United Nations General Assembly to advocate for the protection of children's rights, to help meet their basic needs and to expand their opportunities to reach their full potential. The organization mobilizes political will and material resources to help countries, particularly developing countries, ensure a "first call for children" and build their capacity to form appropriate policies and deliver services for children and their families.

Note 2: Summary of significant accounting policies

2. Until 31 December 1987, UNICEF accounts were maintained in accordance with the Financial Regulations of the United Nations, with such modifications as required by the nature of the work of UNICEF. By its decision 1987/13 (E/ICEF/1987/11), taken at its 1987 regular session, the Executive Board adopted the UNICEF Financial Regulations and Rules in accordance with Economic and Social Council decision 1986/1981 of 23 July 1986, as approved by the General Assembly in its decision 41/461 of 11 December 1986.

3. In line with the goal of achieving harmonization of the presentation of the accounts by the agencies in the United Nations system, statements I, II, III and VII are now shown in line with the formats agreed upon by ACC. The amounts on relevant statements and schedules for the biennium ended 31 December 1993 have been regrouped to conform with the new formats.

Accounting period

4. By its decision 1987/2 (E/ICEF/1987/11), taken at its 1987 regular session, the Executive Board decided that effective 1 January 1988, UNICEF would commence its financial reporting on a biennial basis. Since 1 January 1988, the accounts have been maintained on a biennial basis in accordance with the UNICEF Financial Regulations and Rules.

Unit of account

5. The accounting unit is the United States dollar. The equivalent in United States dollars of other currencies is established on the basis of the United Nations operational rates of exchange.

Translation of currencies

6. Differences between the valuation of the currencies when entered into the accounts and when actual transactions are completed are accounted for as gains or losses on exchange transactions.

7. Periodically, assets and liabilities in currencies other than United States dollars are revalued for accounting purposes at the prevailing United Nations operational rates of exchange. Any variance due to fluctuation of those rates is accounted for as income or loss and shown separately in the statement of income and expenditure. In accordance with UNICEF Executive Board decision 1990/28 (E/ICEF/1990/13), differences resulting from the payment of contributions pledged in currencies other than United States dollars are recorded against the contributions.

Income

8. Income consists of general resources, supplementary funds and emergency relief and rehabilitation. General resources include funds from the voluntary annual contributions of Governments, intergovernmental organizations, NGOs, the net income from Greeting Card and related Operations (GCO), unearmarked funds contributed by the public and other income. Supplementary funds are those contributed to UNICEF by Governments, intergovernmental organizations, NGOs and United Nations agencies for specific purposes within the programmes approved by the UNICEF Executive Board. Emergency relief and rehabilitation funds include those contributed for emergency operations.

9. Income is recorded on the basis of funds or pledges received for the current year. Pledges received for future years for purposes specified by donors are considered deferred income and recorded as "pledged and received in advance".

10. Contributions income received from National Committees for UNICEF and NGOs is accounted for on a cash basis of accounting, with the exception of contributions for supplementary funds and for emergency relief and rehabilitation, which may be recorded on the basis of a valid pledge from a National Committee. The validity of the pledge is determined by the existence of funds raised and a statement from the National Committee that it is committing funds to UNICEF in the form of a pledge.

11. All other income received by UNICEF is classified as miscellaneous income and is credited as general resources.

12. The statement of income and expenditure does not include funds received and expenditures made from special accounts. Those transactions which do not require commitments by the Executive Board are maintained as special accounts.

13. Donations-in-kind, which are recorded as memorandum entries in the books of accounts, are not part of UNICEF income.

Expenditure

14. All expenditure of UNICEF is accounted for on an accrual basis, except for that relating to staff entitlements, which is accounted for on the basis of cash disbursements only.

15. Deferred charges comprise expenditure items which are not properly chargeable in the current financial period and which will be charged as expenditure in a subsequent financial period.

16. No provision is made for staff entitlements for repatriation, etc., that will take place in the future or to meet contingencies under appendix D of the United Nations Staff Rules, as funds are provided in the budget appropriations as required.

Assets

17. All funds received are deposited into UNICEF bank accounts, including those under special account arrangements, and reflected as cash holdings.

18. All outstanding pledges for contributions are recorded as receivables (see para. 9 above).

19. Prior to 1989, certain buildings purchased by UNICEF and considered as capital assets were valued at cost less accumulated depreciation. In 1989, the unamortized value of UNICEF capital assets was expended against the 1988-1989 budget, resulting in a fully depreciated UNICEF capital asset account as of 31 December 1989. Future acquisitions of UNICEF capital assets will be included in the capital asset fund (see para. 24 below).

20. The stock of programme supplies at the UNICEF Supply Division warehouse at Copenhagen is shown at average cost. Goods in transit to the warehouse are valued at actual cost. Freight paid for supplies to the warehouse is considered part of the cost of supplies.

21. The GCO inventory of raw materials, products in process and finished goods are valued at standard cost.

22. Furniture, equipment and other non-expendable property are not included in the assets of the organization. Acquisitions are charged against budgetary accounts in the year of purchase.

Liabilities and reserves

23. The liabilities of UNICEF include contributions received in advance, special accounts, unliquidated obligations, other accounts payable, credit balances and accrued expenses.

24. By its decision 1990/26 (E/ICEF/1990/13) taken in its 1990 regular session, the Executive Board approved the establishment of a capital asset reserve fund to better control the future purchase of UNICEF capital assets, mainly buildings to be purchased for office accommodations and staff housing in the field. At such time as may be necessary, additional authorized appropriations will be made to replenish the capital asset reserve.

Consolidation of GCO accounts

25. The financial report and accounts reflect UNICEF income, expenditure, assets and liabilities, including the net operating income, assets and liabilities of GCO. The principles of consolidation reflect the accounting policies outlined below:

(a) The reporting period and accounts of GCO are maintained on a fiscal year basis, ending 30 April. However, for consolidation purposes only, the UNICEF financial statements include the GCO accounts on a calendar year basis, as at 31 December, based on the trial balance of the GCO accounts;

(b) The financial effect of consolidating the GCO accounts on a calendar basis is reflected, most notably, in the receivables and earnings of GCO. Inter-office transactions between UNICEF and GCO are eliminated for consolidation purposes.

Note 3: Income

26. Total income from contributions for the biennium ended 31 December 1995 was \$1,679,616,000, an increase of \$89,286,000 compared to the biennium ended 31 December 1993. Contributions for the biennium ended 31 December 1995 consisted of \$743,366,000 for general resources, \$562,460,000 for supplementary funds and \$373,790,000 for emergency relief and rehabilitation.

Note 5: Expenditures

31. Total expenditures for the biennium 1994-1995 amounted to \$2,002,790,000, which is \$96,937,000 higher than the total expenditures of the preceding biennium. 32. Expenditures for administrative services in 1994-1995 were \$190,868,000. In the biennium 1992-1993, the comparative amount was \$172,903,000.

Note 6: Write-offs

33. The amount of \$19,099,000 shown on statement I includes the write-off and adjustment of pledges for the biennium ended 31 December 1995 totalling \$18,033,000. Adjustments for write-offs of other assets and losses amounted to \$1,066,000. The write-off and adjustment of pledges consist of:

	<u>General resources</u>	<u>Supplementary funds</u>	<u>Emergency relief and rehabilitation</u>	<u>Total</u>
Balance of supplementary funds cancelled by donors	-	3 306 987	-	3 306 987

Note 7: Assets

34. As of 31 December 1995, cash totalled \$423,893,000 (statement II). Included in this amount are \$97,732,000 held on behalf of donors, mainly for the procurement of goods and services on a reimbursable basis. Cash details are given in schedule 3.

35. Contributions receivable for current and prior years totalled \$195,234,954 as of 31 December 1995. Included in contributions receivable are \$137,167,003 for supplementary funds and \$51,720,009 for emergency relief and rehabilitation, payment of which is normally related to the progress in implementing specific projects and occurs in accordance with payment schedules agreed upon with donors. Details and ageing are given in schedules 4 and 5, respectively.

36. Contributions pledged and received in advance totalled \$5,528,107 as at 31 December 1995. These contributions will be recorded as income in following years in accordance with the conditions specified in the relevant pledge. Details are given in schedule 8.

37. The aggregate of accounts receivable, advances and deposits as at 31 December 1995 totalled \$159,470,994, including the accounts of GCO, which total \$115,881,465. Details are given in schedule 6.

38. The aggregate value of inventory as at 31 December 1995 totalled \$46,042,449, consisting mainly of programme supplies in stock at the UNICEF Supply Division warehouse at Copenhagen and GCO stock. Details are given in schedule 7.

39. Capital assets reflected in the financial statements of 31 December 1995 consist of office buildings and staff housing presented at their acquisition cost of \$11,569,529, as well as GCO machinery and equipment that is depreciated over the estimated useful life of these assets. The depreciated value of the GCO capital assets is \$1,342,625. Details of UNICEF capital assets, except GCO, are given in statement VIII.

40. The value of non-expendable property as at 31 December 1995 totalled \$42,156,532. This represents the non-expendable property of all except two UNICEF offices. Computer equipment acquired in 1994-1995 has been charged against the administrative budget, a procedure consistently applied since 1986, and is not reflected in the statements.

41. As at 31 December 1995, the organization's call accounts and time deposits were valued at \$385,043,754. The application of the United Nations rates of exchange as of 1 January 1996 will result in a foreign exchange loss of \$207,352 and decrease the value of the call accounts and time deposits to \$384,836,402.

Note 8: Reserves

42. In 1950, the Executive Board authorized the establishment of a reserve for insurance of \$200,000 to absorb losses of UNICEF programme supplies and equipment not covered by commercial insurance. Up to 1992, the reserve was restored to its authorized limit by a transfer from income. The movements in the reserve for the biennium 1994-1995 are given below:

43. In 1987, UNICEF established a reserve of \$100,000 to self-insure for property losses. This reserve was funded equally from the biennium 1987-1988 and the biennium 1988-1989. Up to 1992, the reserve was restored to its original amount by a transfer from income. The movements in the reserve for the biennium are given below:

44. The procedure of replenishing the reserve accounts from income was discontinued in 1993.

45. In its resolution 41/209 of 11 December 1986, the General Assembly approved the arrangements proposed by the Secretary-General in his report on health insurance coverage for locally-recruited staff in the General Service and related categories at designated duty stations. The plan designated as the Medical Insurance Plan replaced the Medical Expense Assistance Plan. In UNICEF, the movements in the account for the biennium 1994-1995 are given below:

Note 9: Contingent liability - staff benefits

46. Staff members' accumulated annual leave as at 31 December 1995 has an estimated value of \$15,201,187. There is no provision in the accounts in respect of this amount. The expenditures will be charged against the budget appropriations of the periods when actual payments are made.

Annex II

GLOSSARY OF SELECTED UNICEF TERMINOLOGY USED
IN THE REPORT

ACCOUNTS, AUDITED

The financial statements of the organization for a specified period or at a specified date audited by the External Auditors (United Nations Board of Auditors).

ACCRUAL BASIS OF ACCOUNTING

The accrual basis of accounting for revenue in each financial period means that income is recognized when it is due and not when it is received. Accrual of expenditures in each financial period means that costs are recognized when obligations arise or liabilities are incurred and not when payments are made.

ASSET

An asset is a resource owned by or due to the organization as a result of past events.

BUDGET

A plan in financial terms for carrying out proposed activities in a specified time. The term "budget" is used to refer to UNICEF administrative and programme support costs, as well as to GCO. However, the Executive Board approves an appropriation of funds only for UNICEF administrative and programme support costs.

Budget appropriations

The total appropriation of funds approved by the Executive Board for UNICEF administrative and programme support costs, against which obligations may be incurred for those purposes up to the amount so approved.

Budget estimates

Estimates of the costs of proposed administrative and programme support activities prepared for submission to the UNICEF Executive Board for the approval of relevant appropriations.

Budget estimates, revised

Resulting from Executive Board approval of "supplementary estimates" proposed to adjust an approved budget.

CASH HOLDINGS

The aggregation of all the funds of the organization, including coins, bank notes, cheques, balances in current and call accounts, saving accounts and interest-bearing deposits.

Cash-in-transit

Cash transfers between one or more UNICEF bank accounts at a specified time.

Cash in current bank accounts

The aggregate of money maintained in UNICEF bank accounts, as reflected in UNICEF books of account, to sustain operational requirements.

Cash in interest-bearing deposits

Funds temporarily available, over those needed for immediate requirement, held in short-term interest-bearing deposits and ready to be drawn down when needed.

Cash-on-hand (also called "petty cash")

Cash kept on hand by authorized officers as a convenience for making small payments on behalf of the organization.

CONTRIBUTIONS, VOLUNTARY

Contributions to UNICEF that are offered and accepted without reference to a scale of assessment determined by any United Nations legislative body.

CONTRIBUTIONS RECEIVABLE

Contributions pledged to UNICEF but not received until a future time.

CURRENCIES OF "RESTRICTED USE" FOR UNICEF

Currencies, the use of which (mainly in respect of transferability and convertibility) is limited because of foreign exchange regulations or donor's wish. When those limitations do not exist, the currencies are considered by UNICEF as "unrestricted" because these are fully convertible.

EARMARKED

To give expression to a restriction imposed by agreement or by administrative action on the use of an account or of an equivalent amount of assets.

EXPENDITURES

Expenditure for a financial period is the sum of the disbursements and valid unliquidated obligations made against the appropriation/allocation of the period.

FINANCIAL PERIODS

The operating period of the organization, covered by the financial statements, is on a biennial basis.

FINANCIAL REGULATIONS

Until 31 December 1987, UNICEF accounts were maintained in accordance with the Financial Regulations of the United Nations, with such modifications as required by the nature of UNICEF work. Since 1 January 1988, UNICEF accounts have been maintained in accordance with the UNICEF Financial Regulations and Rules.

FUND BALANCE

Fund balances and reserves represent the difference between the assets and the liabilities of the organization. Consists of funds available for the implementation of programmes funded by general resources and supplementary funds as well as funds available for the acquisition of capital assets.

INCOME

Income for a financial period is defined as money or money equivalent received or accrued during the financial period which increases existing net assets.

UNICEF income is recorded on the basis of funds or pledges received for the current year. It comprises funds classified as "general resources", "supplementary funds" and "emergency relief and rehabilitation".

Income, deferred

Funds received or pledges recorded as receivable, attributable to future financial periods and, therefore, not credited to the income account of the period reported on.

Income, general resources

Unearmarked income which includes funds from voluntary annual contributions of Governments, the net income from GCO, funds contributed by the public and certain "other (or miscellaneous) income".

Income, other

Also referred to as "miscellaneous income" for general resources.

Miscellaneous income is defined in the United Nations system as income other than (i) the value of assessed or voluntary contributions and (ii) such other income items as may be excluded under the organization's financial regulations and rules.

In UNICEF, this includes income other than the value of the voluntary contributions and the net income of GCO.

Income, supplementary funds

Specific contributions for programmes approved by the UNICEF Executive Board, in addition to general resources, which then become part of UNICEF programmes.

Consists of funds contributed to UNICEF by Governments, NGOs and United Nations agencies for specific purposes.

Income, emergency relief and rehabilitation

Consists of funds contributed to UNICEF by Governments, NGOs and United Nations agencies for emergency appeals.

INVENTORY

The value of supplies and equipment for programmes owned by the organization, as well as the GCO materials at the end of an accounting or financial period.

LIABILITY

A liability is a present obligation of the organization arising from past events, the settlement of which is expected to result in an outflow of resources from the organization.

LIQUIDITY POLICY

Owing to the nature of programme implementation and UNICEF cash flows, there may occur, from time to time, short-term imbalances between general resources cash disbursements and cash receipts. The UNICEF liquidity policy allows these temporary imbalances to be offset by up to one half of the balance of supplementary cash-on-hand.

LIQUIDITY REQUIREMENT

In order to meet UNICEF liquidity requirements, general resources convertible cash balances, at the end of each fiscal year, are required to equal 10 per cent of projected general resources income for the next fiscal year.

LOCAL CURRENCY

The currency of the country or area in which the local financial records of an activity are kept and/or in which its local financial transactions take place.

NON-EXPENDABLE PROPERTY

Items of property and equipment charged to the administrative budget with an individual unit cost of at least \$1,500.

OBLIGATION

Obligations are amounts of orders placed, contracts awarded, services received and other transactions which involve a charge against the resources of the current financial period. Obligations may be maintained either for that period or until liquidated or cancelled.

PLEDGE

A written commitment by a prospective donor to make a voluntary contribution to UNICEF. A written commitment which is subject to the need to secure an appropriate national legislative approval is considered a pledge.

PROCUREMENT SERVICES

UNICEF assists Governments, United Nations agencies and NGOs working in the fields of benefit to children by undertaking, on request and on a reimbursable basis, the procurement of goods and services. A small handling charge is added by UNICEF to the cost of the supplies and services to cover the costs of extra administration and documentation (see special accounts).

RATES OF EXCHANGE

The UNICEF accounts are maintained in United States dollars. Transactions in other currencies are converted for recording into United States dollars, in principle, at the United Nations operational rates of exchange.

RESERVE FOR INSURANCE

A reserve of \$200,000 was established by the Executive Board in November 1950 when UNICEF adopted a policy of self-insurance for programme supplies. UNICEF also has a reserve for third-party liability, which has a balance as of 31 December 1995 of \$26,399.

SCHEDULE

Explanatory or supporting analyses accompanying financial statements.

SPECIAL ACCOUNTS

Funds accepted by UNICEF mainly to cover the costs of procurement of supplies and services undertaken by UNICEF on behalf of others. They also include financing provided by sponsors to cover the costs of Junior Professional Officers as well as costs specifically approved by the Executive Board, such as those relating to the World Summit for Children and the World Conference on Education for All. These funds are not considered UNICEF income and are recorded separately and distinguished from funds that are part of income and are spent for programmes approved by the Board.

SPECIFIC CONTRIBUTIONS

Programme recommendations are often prepared in excess of the input available from general resources. These recommendations are approved by the Board as suitable for funding by supplementary contributions and contributions for emergency relief and rehabilitation from donors. When a contribution for specific purposes is made for such a programme, the corresponding commitment enters into effect (usually between Board sessions).

UNENCUMBERED BALANCE

That portion of the approved budget that has not been expended at the end of the year. The unspent balance at the end of the biennium is cancelled and reported to the Executive Board.

WRITE-OFF

An adjustment to the accounts in order to record the loss of or reduction in the value of an asset.
