Agenda item 153**Financing of the United Nations Mission in Bosnia and Herzegovina****Report of the Secretary-General***Summary*

The total cost of maintaining the United Nations Mission in Bosnia and Herzegovina (UNMIBH), including the United Nations Mission of Observers in Prevlaka (UNMOP) for the period from 1 July 1996 to 30 June 1997 was originally estimated at \$158,799,600 gross (\$150,854,700 net) in the report of the Secretary-General of 29 March 1996 (A/50/906). Although an independent mission, for administrative and budgetary purposes, UNMOP is treated as part of UNMIBH.

The present report contains the updated cost estimates for the maintenance of the Mission for the same period, which amount to \$157,093,000 gross (\$149,949,400 net), representing a 1.1 per cent decrease in gross terms, in relation to the original budget.

This decrease is due mainly to delays in the deployment of civilian personnel and reductions in the cost parameters for air operations, in the number of rented premises, as well as under travel, in the light of the recommendation of the Advisory Committee on Administrative and Budgetary Questions. Total reductions were offset in part by increases in the cost parameters for local staff salaries and common staff costs, training programmes and for some non-recurrent items.

The actions to be taken by the General Assembly are contained in paragraph 18 of the report and include (a) the appropriation of the additional amount of \$85,309,800 gross (\$81,560,400 net) for the 12-month period from 1 July 1996 to 30 June 1997, inclusive of the amount of \$1,918,300 for the support account for peacekeeping operations; and (b) the assessment thereof at a monthly rate of \$14,218,300 gross (\$13,593,400 net), subject to the Security Council's extension of the mandate of the Mission beyond 20 December 1996.

I. Introduction

1. The cost of maintaining the United Nations Mission in Bosnia and Herzegovina (UNMIBH), including the United Nations Mission of Observers in Prevlaka (UNMOP), for the period from 1 July 1996 to 30 June 1997 was originally estimated at \$158,799,600 gross (\$150,854,700 net) in the report of the Secretary-General of 29 March 1996 (A/50/906).
2. In its report of 6 May 1996 (A/50/903/Add.1), the Advisory Committee on Administrative and Budgetary Questions recommended that provision for other travel be reduced by \$24,000 and that no additional post be created for the Deputy to the Special Representative at the D-2 level.
3. By its resolution 50/241 of 7 June 1996, the General Assembly took note of the cost estimates contained in the report of the Secretary-General (A/50/906), endorsed the observations and recommendations of the Committee and appropriated (a) the amount of \$73,701,500 gross (\$70,307,300 net) for the maintenance of the Mission for the period from 1 July to 31 December 1996; and (b) the amount of \$1,918,300 for the support account for peacekeeping operations, for a total of \$75,619,800 gross (\$72,225,600 net). This amount was to be assessed at a monthly rate of \$12,603,300 gross (\$12,037,600 net) on Member States, subject to the Security Council's extension of the mandate of the Mission beyond 20 December 1996.
4. The present report updates the cost estimates for the maintenance of UNMIBH, including UNMOP, for the period from 1 July 1996 to 30 June 1997, which amount to \$157,093,000 gross (\$149,949,400 net), representing a 1.1 per cent decrease (\$1,706,600) in gross terms in relation to the original budget.
5. The present report should be read in conjunction with the previous reports of the Secretary-General (A/50/906 and A/50/696/Add.4 and Corr.1), which contain, *inter alia*, information on the political mandate, operational plan, status-of-mission agreement, and organizational chart for UNMIBH, which remain unchanged.

II. Financial administration

A. Financial period

6. The financial period covers 12 months beginning on 1 July of one year and terminating on 30 June of the following year, in accordance with section I of General Assembly resolution 49/233 of 23 December 1994.

B. Resources made available and operating costs for the period from 1 January to 31 December 1996

7. The total resources made available to UNMIBH for the period from 1 January 1996 to 31 December 1996 amount to \$119,468,200 gross (\$114,888,100) and the pro forma expenditures for the same period also total \$119,468,200 gross (\$114,888,100). Detailed information is shown in annex VI.

C. Status of assessed contributions

8. As at 30 September 1996, a total of \$111,973,050 has been assessed on Member States in respect of UNMIBH for the period from 1 January to 20 December 1996. Contributions received for the same period amounted to \$60,739,386 resulting in a shortfall of \$51,233,664.

D. Voluntary contributions and trust funds

9. To date, no voluntary contributions have been received in connection with UNMIBH.
10. The trust fund for the police assistance programme in Bosnia and Herzegovina was established on 25 March 1996 to support the mandate of UNMIBH, to train and otherwise assist the local police and law enforcement institutions. Information on contributions to the trust fund is contained in annex VII.

III. Updated cost estimates for the period from 1 July 1996 to 30 June 1997

11. The total cost of maintaining UNMIBH, including UNMOP, for the period from 1 July 1996 to 30 June 1997 was originally estimated at \$158,799,600 gross (\$150,854,700 net) as shown in annex I of the report of the Secretary-General (A/50/906).
12. The updated cost estimates for the same period amount to \$157,093,000 gross (\$149,949,400 net), which represents a decrease of \$1,706,600 in gross terms in relation to the original budget. This decrease is due mainly to delays in the deployment of civilian personnel (\$4,386,000), reductions in the cost parameters for air operations (\$1,281,200), and reductions in the number of rented premises (\$210,000) and other travel (\$24,000). These reductions were offset in part by increases in the cost parameters for local staff salaries and common staff costs (\$3,951,900), the inclusion of non-recurrent costs not provided for in the original cost estimates (\$97,700) and training requirements (\$145,000). Details are shown in table 1 below. The budget provides for the deployment of up to 28 military observers, 5 military liaison officers, 1,721 civilian police, 383 international staff and 905 local staff. No changes are proposed in the civilian strength of the Mission.

13. A detailed breakdown of the revised cost estimates by line item is presented in annex I to the present report. Some 21 per cent of these amounts are based on standard ratios and costs contained in the standard ratio/cost manual, while the remaining 79 per cent cover mission-specific requirements and other items that may vary from the standards. These mission-specific requirements and variations cover 57 items and are described in annex III.A.
14. The cost estimates breakdown contained in annex I also shows the original requirements for the period from 1 July 1996 to 30 June 1997 (column 1) contained in the report of the Secretary-General (A/50/906). The updated cost estimates are shown in column 2. The increase/decrease of the updated versus original cost estimates is shown in column 3. The breakdown of the cost estimates into recurrent and non-recurrent costs is shown in annex II. Supplementary information in respect of changes to the original cost estimates is included in sections A, B and C of annex III. Section A provides mission-specific cost parameters, section B provides requirements for non-recurrent costs and section C provides supplementary explanation of the estimates.

IV. Staffing requirements

15. There are no changes proposed in the 1,287 overall number of posts provided for UNMIBH, including UNMOP, under proposed staffing table contained in the report of the Secretary-General of 13 March 1996 (A/50/696/Add.4 and Corr.1). The additional D-2 post proposed in the report of the Secretary-General of 29 March (A/50/906) is not included in light of the recommendation of the Advisory Committee on Administrative and Budgetary Questions thereon. The current staffing table is shown in annex IV and the original and updated deployment schedules are shown in annex V of the present report.

V. Observations and comments on previous recommendations by the Advisory Committee on Administrative and Budgetary Questions

16. In paragraph 46 of its report of 6 May 1996 (A/50/903/Add.1), the Committee recommended that, considering the financial difficulties of the Organization, provision for travel requirements, namely for travel between New York and the mission area, should be reduced by 25 per cent. In this connection, provision for official travel has been reduced in the amount of \$24,000.
17. In paragraph 53 of the same report, the Committee stated that it was not convinced of the need for the creation of the proposed D-2 post for a Deputy to the Special Representative, since the functions of the work would parallel and overlap those which are currently assigned to the post of Senior Political Adviser at the D-2 level. Therefore, this post is not included in the current staffing table.

VI. Actions to be taken by the General Assembly at its fifty-first session

18. The actions to be taken by the General Assembly at its fifty-first session in connection with the financing of UNMIBH, including UNMOP, are the following:
 - (a) The appropriation of the amount of \$85,309,800 gross (\$81,560,400 net) for the 12-month period from 1 July 1996 to 30 June 1997, inclusive of the amount of \$1,918,300 for the support account for peacekeeping operations, in addition to the amount of \$75,619,800 gross (\$72,225,600 net), already

appropriated and assessed under General Assembly resolution 50/241 for the period from 1 July to 31 December 1996;

- (b) The assessment of the amount of \$85,309,800 gross (\$81,560,400 net) at a monthly rate of \$14,218,300 gross (\$13,593,400 net), should the Security Council decide to continue the mandate of the Mission beyond 20 December 1996.

C. Supplemental explanation

1. *Civilian police.* Decreases in the amounts of \$552,500 under this heading and \$3,800, under death and disability compensation are due to delays in the deployment of civilian police. Detailed information is shown in annex V.
2. *International salaries.* Provision under this heading is decreased by the amount of \$1,617,300 to reflect delays in the deployment of international staff.
3. *Local staff salaries.* Additional requirements amounting to \$2,431,400 are due to a 70 per cent increase approved for the mission area following completion of a salary survey. This increase in the cost estimates is exclusive of the 20 per cent increase applied to the original cost estimates and authorized by the Office of Human Resources Management as an interim measure pending the completion of a salary survey in the mission area.
4. *Common staff costs.* The provision is increased in the amount of \$495,900 to reflect:
 - (a) *International staff.* A decrease in the amount of \$1,024,600 reflects delays in the deployment of international staff. Details are shown in annex V;
 - (b) *Local staff.* An increase in the amount of \$1,520,500 is the net result of the delayed deployment of local staff, offset by an increase in the cost parameters of common staff costs from \$67 to \$180 per person per month, to provide for contributions to the United Nations Joint Staff Pension Fund.
5. *Mission subsistence allowance.* Savings in the amount of \$386,500 result from delays in deployment of civilian staff. See annex V for additional information.
6. *Official travel.* The provision under this heading was reduced in the amount of \$24,000 in line with the recommendation of the Advisory Committee on Administrative and Budgetary Questions. The cost estimate includes provision for the travel and subsistence expenses of internal auditors for two trips between New York and the mission area (\$2,550) and subsistence allowance for 30 days (\$6,000). The amount allocated for transportation represents 50 per cent of the actual cost since the balance will be charged to UNPREDEP. An amount of \$91,800 is also included for external audit under line item 10 (a) audit services.
7. *Premises/accommodation.* The cost estimates contained in the report of the Secretary-General (A/50/906) were based on the deployment of civilian police at 109 police stations. In his report dated 29 March 1996 (S/1996/210 and Corr.1), the Secretary-General indicated that the International Police Task Force would need to deploy only to some 50 to 60 locations, with a larger concentration of monitors, which would allow greater flexibility and mobility in operations in their respective areas of responsibility. The present estimate provides for the rental of 61 locations, a Sarajevo headquarters, 3 regional headquarters and 57 civilian police and district offices (\$2,448,000). Additionally, the estimates provide for the payment of 25 per cent of the actual cost of renting the international press centre in Sarajevo, at a monthly rate of \$80,000 to be shared between the Implementation Force (IFOR), the Office of the United Nations High Commissioner for Refugees (UNHCR), the Organization for Security and Cooperation in Europe (OSCE) and UNMIBH, for the period starting in January 1997 (\$120,000).
8. *Transport operations.* Although no changes are proposed to the overall number of vehicles, adjustments were made to the vehicle establishment to reflect the actual vehicles transferred from UNPF headquarters (see table 1).

9. *Helicopter operations.* It was reported to the Security Council on 22 March 1996 (S/1996/214) that two military helicopters from the Ukraine would be used, rather than two commercially rented helicopters. In this connection, instead of two commercially rented Bell 212 helicopters the mission will use two Government-provided MI-8 helicopters. These will be based in Osijek, at the United Nations Transitional Administration in Eastern Slavonia, Baranja and Western Sirmium (UNTAES), and will be available to UNMIBH whenever required. The usage of these helicopters will result in savings in the overall amount of \$1,371,200 in helicopter operations.
10. *Aircrew subsistence allowance.* Provision is made in the amount of \$115,200 for a crew of four for an average of 24 overnights per month at \$100 per night per person for overnight accommodation and meals taken away from the airbase in UNTAES.
11. *Data-processing equipment.* The estimate provides for 50 additional personal computers in support of special projects such as training for the International Police Task Force and electronic data processing, a finance document imaging project, a communications inventory system project, a communications switchboard, a mail and pouch unit document registry and a detainee database for the International Police Task Force, as well as to support Finance, Personnel and Help desk systems. In addition, 50 laser printers are needed to replace the aged ink-jet printers currently available in UNMIBH. Additionally, provision is made for six scanners, which are required for special document imaging projects to be carried out in the finance, communications, mail-registry, civil affairs and electronic data-processing offices. Moreover,

20 fax/modems are to be installed in police stations that have remote access. The estimate also includes provisions for 100 uninterrupted-power supply units, which are needed because of the numerous power failures and fluctuation, which cause data loss. All the requirements mentioned will be met through surplus stock. Additionally, a presentation multimedia laptop computer, multimedia TV/presentation monitor, overhead projector, personal computer-TV converter, media security safe, heavy-duty LAN stations, as well as hubs and cables are required to carry out electronic data-processing training sessions. Furthermore, the estimate includes provision for antivirus software, SUN accounts, PROGEN and user licences.

12. *Field defence equipment.* Provision under this heading provides for the purchase of security and surveillance equipment needed to increase the present standard of security coverage and facilitate effective functioning of the security section.
13. *Training programmes.* Provision under this heading is increased by \$145,000, which represents UNMIBH's 74 per cent share of the cost of a programme to support selection, recruitment and training of civilian police for UNMIBH and UNTAES.
14. *Staff assessment.* Staff costs have been shown on a net basis under line item 2 (b). The estimate under this heading represents the difference between gross and net emoluments, that is, the amount of staff assessment to which the United Nations staff members are subject, in accordance with the staff regulations of the United Nations. The decrease in the amount of \$801,300 under this heading relates to a delayed deployment of both international and local staff. Details are shown in annex V.
15. *Income from staff assessment.* The staff assessment requirements provided for under expenditure budget line item 19 have been credited to this item as income from staff assessment and will be credited to the Tax Equalization Fund established by the General Assembly in its resolution 973 A (X) of 15 December 1955. Member States are given credit in the Fund in proportion to their rates of contribution to the UNMIBH budget.
