LETTER DATED 12 APRIL 1976 FROM THE PERMANENT REPRESENTATIVE OF
CYPRUS TO THE UNITED NATIONS ADDRESSED TO THE SECRETARY-GENERAL

Upon instructions from my Government, and further to my communication of 17 February 1976 (S/11982), I have the honour to draw Your Excellency's attention and that of the membership of the Security Council, to the continuing wave of forcible expulsions of indigenous Greek Cypriot population from their homes and properties in the occupied areas of the Republic, in flagrant breach of the specific humanitarian agreements made at the Vienna intercommunal talks of 2 August 1975, and of the assurances subsequently given at the sixth round of the Vienna talks that these agreements will be respected. Report S/12031, 31 March 1976.

Details of the intensified wave of expulsions are contained in annex "A" attached hereto, together with an illustrative photograph in annex "B".

These repeated breaches of specific agreements - characteristic of the attitude of the Turkish side towards the talks - are calculated to undermine all prospects of meaningful negotiations.

More importantly, such expulsions and uprootings of the indigenous Greek Cypriot population, coupled with the current racial colonization of the area by massive population from Turkey, constitute a double international crime: that of changing the demographic character of Cyprus and that of inflicting by force the most abhorrent form of racial discrimination upon its people.

All these illegal acts are, furthermore, being perpetrated in direct violation of specific General Assembly resolution 3212 (XXIX) endorsed by Security Council resolution 365 (1974) and reaffirmed by General Assembly resolution 3395 (XXX). Such manifestations of utter contempt of mandatory and unanimous decisions of the Security Council and, indeed, of all elementary tenets of a civilized international society, are unprecedented in modern history. If allowed to continue without the needed remedial and effective action, as provided by the Charter, they would prove to be the most ominous portents of a downward course to international anarchy, in a fast eroding process into the moral fibre of the world community.

The fundamental and inalienable human right of the majority indigenous people in the invaded area to return to their homes and lands from which they have been forcibly displaced, is a matter of primordial significance as going to the very essence of the United Nations function. Such return and restitution is an absolute right the enforcement of which cannot be further postponed.

The implementation of the aforesaid United Nations resolutions in their urgent parts has, therefore, become a compelling necessity for any progress towards a just and lasting solution of the problem.

I should be grateful if this letter were circulated as a document of the Security Council.
