Page 2, paragraph 2

The paragraph should read

2. The purpose of this report is to examine the roles and responsibilities of existing internal and external oversight bodies within the United Nations system and make recommendations to enhance their overall coordination and harmonization. Preparation of the report will be carried out within the context of resolution 48/218 A of 23 December 1993, in which the General Assembly emphasized the need to ensure respect for the separate and distinct roles of internal and external oversight mechanisms. This was reaffirmed by the Assembly in its subsequent resolution 48/218 B of 29 July 1994 and most recently in resolution 50/233. While addressing specific suggestions from the Secretariat of the United Nations, the International Civil Aviation Organization (ICAO) and the World Meteorological Organization (WMO), the report will build on the baseline of information regarding oversight mechanisms identified in the JIU report on accountability, management improvement and oversight in the United Nations system (JIU/REP/95/2).
