(Footnotes to table 2)

^a This table shows the amounts of assessed contributions actually payable by Governments to finance approved regular budgets and any supplementary estimates. No other financing is reported. Where organizations have an undistributed reserve, the corresponding amount of contributions is excluded from the figures. The effects of the operation of provisions concerning tax equalization funds are not taken into account. Except where stated otherwise, assessments under budgets denominated in currencies other than United States dollars are translated into dollars on the same basis as the budget appropriations (see table 1, footnote a). Differences between the amounts shown on this table and the total amounts shown on table 4 relate mainly to amounts actually assessed for tax equalization funds (which are included in table 4) and to contributions assessed on a Member State that ceased to exist. In the case of IAEA, the difference relates to the valuation of Austrian schilling contributions in table 4.

^b The 1997 assessment will be decided by the General Assembly at its fifty-first session.

^c Contributions are payable in Swiss francs under the assessment system introduced with effect from 1990. The rates involved (Swiss francs to the dollar) are: 1990-1991 - 1.75; 1992-1993 - 1.55; 1994-1995 - 1.45; and 1996-1997 - 1.16.

^d The portion of contributions payable in French francs under the split-assessment system introduced in 1988 is calculated at the following French franc-dollar exchange rates: 1988-1989 - 6.04; 1990-1991 - 6.40; 1992-1993 - 5.75; 1994-1995 - 6.45; and 1996-1997 - 5.70. The current figure is subject to variation according to operational exchange rates between the two currencies.

^e Provisional.

^f Contributions are payable in Swiss francs. The rates involved (Swiss francs to the dollar) are: 1994 - 1.32; 1995-1997 - 1.16.

^g At the following Austrian schilling-dollar exchange rates under the split-assessment system introduced in 1988: 1988-1989 - 12.20; 1990 - 10.40; 1991 - 11.20; 1992 - 11.30; 1993 - 12.00; 1994 - 10.90; and 1995-1997 - 10.00. The current figure is subject to variation according to operational exchange rates between these two currencies.

^h At the following Austrian schilling-dollar exchange rates under the split appropriation and assessment system introduced in 1986: 1988 - 14.20; 1989-1991 - 12.70; 1992 - 10.90; and 1993-1997 - 12.70. The current figure is subject to variation according to operational exchange rates between these two currencies.

ⁱ Subject to approval by the General Conference.

(Footnotes to table 3)

^a A blank opposite the name of a country indicates that it is not a contributor to the organization under the scale of assessments.

^b The rates of assessment are not percentages but portions of a scale adding to 69.6329. The 1997 scale is dependent on that to be decided by the General Assembly.

^c The schedule attached shows the actual percentage assessments for 1996. It is not possible to provide 1997 figures until the assessment calculations have been made. It is anticipated that these will approximate the 1996 figures.

^d The 1997 scale is subject to approval by the General Conference.

^e In accordance with regulation 5.9 of the Financial Regulations of the United Nations, States which are not Members of the United Nations but which participate in certain of its activities shall be called upon to contribute towards the 1995, 1996 and 1997 expenses of the Organization on the basis of the following rates:

<u>Non-member State</u>	<u>Percentage</u>
Holy See	0.01
Nauru	0.01
Switzerland	1.21
Tonga	0.01
