

**General Assembly**

Fifty-first session

Distr.: General

5 March 1997

Original: English

**Agenda item 155****Financing of the United Nations Preventive Deployment Force****Report of the Secretary-General****Addendum***Summary*

The present report contains the financial performance report of the United Nations Preventive Deployment Force (UNPREDEP) for the period from 1 January to 30 June 1996. An amount of \$25,151,300 gross (\$24,694,800 net) was provided by the General Assembly in its resolution 50/243 of 7 June 1996 for the maintenance of the Force. The related expenditures amounted to \$19,891,600 gross (\$19,624,500 net), resulting in an unencumbered balance of \$5,259,700 gross (\$5,070,300 net).

The unencumbered balance resulted primarily from delays in the deployment of civilian staff and the availability of more supplies and equipment from surplus stock than originally envisaged.

The action to be taken by the General Assembly, as set out in paragraph 6 of the present report, is a decision on the treatment of the unencumbered balance of \$5,259,700 gross (\$5,070,300 net) for the period from 1 January to 30 June 1996.

## **I. Introduction**

1. By its resolution 795 (1992) of 11 December 1992, the Security Council authorized the deployment of a United Nations presence in the former Yugoslav Republic of Macedonia. By its resolution 983 (1995) of 31 March 1995, the Security Council decided that the United Nations Protection Force (UNPROFOR) within the former Yugoslav Republic of Macedonia should be known as the United Nations Preventive Deployment Force (UNPREDEP). Subsequently, by its resolution 1082 (1996) of 27 November 1996, the Council extended the mandate of the Force for a period terminating on 31 May 1997, with a reduction of its military component from 1,050 to 750 all ranks by 30 April 1997.
2. The original estimates for the maintenance of UNPREDEP for the period from 1 January to 30 June 1996 were set out in section IX.D of the report of the Secretary-General of 13 March 1996 (A/50/696/Add.4 and Corr.1) and amounted to \$25,151,300 gross (\$24,694,800 net). The estimates provided for the deployment of up to 35 military observers, 1,050 troops, 26 civilian police, 59 international staff and 127 local staff.
3. The General Assembly appropriated a total amount of \$25,151,300 gross (\$24,694,800 net) for the maintenance of UNPREDEP for the period from 1 January to 30 June 1996 as follows: (a) \$20,914,200 gross (\$20,562,300 net) by its resolution 50/243 of 7 June 1996 and \$4,237,100 gross (\$4,132,500 net) by its resolution 51/154 of 16 December 1996. That amount has been assessed on Member States.

## **II. Financial performance report for the period from 1 January to 30 June 1996**

4. Annex I (column 1) to the present report sets out, by budget line item, the cost estimates of the Secretary-General for UNPREDEP as per annex II of the report of the Secretary-General (A/50/696/Add.4 and Corr.1), the revised apportionment in accordance with the appropriation provided by General Assembly resolutions 50/243 and 51/154 (column 2), the non-recurrent expenditures (column 3) and recurrent expenditures (column 4). The unliquidated obligations are shown in column 6. Supplementary information on the expenditures is contained in annex II. The planned and actual deployment of military and civilian personnel is shown in annex III, while the revised and actual deployment of civilian staff is presented in annex IV. The planned and actual hours flown by helicopters is outlined in annex V.
5. Expenditures totalled \$19,891,600 gross (\$19,624,500 net), resulting in an unencumbered balance of \$5,259,700 gross (\$5,070,300 net). The unencumbered balance resulted from savings attributable primarily to: (a) delays in the deployment of civilian staff; and (b) the availability of more supplies and equipment from the United Nations Peace Forces (UNPF) headquarters surplus stock than originally envisaged.

## **III. Action to be taken by the General Assembly at its fifty-first session**

6. The action to be taken by the General Assembly at its fifty-first session in connection with the financing of UNPREDEP is a decision on the treatment of the unencumbered balance of \$5,259,700 gross (\$5,070,300 net) for the period from 1 January to 30 June 1996.

## B. Supplementary information

*Savings/(overruns)*  
*(United States dollars)*

### 1. Military personnel costs

(a) *Military observers* . . . . . 30 000

1. There were 472 military observers in the mission area on 31 December 1995. In view of the termination of the mandates of the United Nations Confidence Restoration Operation in Croatia, to be known as UNCRO, and the United Nations Protection Force (UNPROFOR), it was anticipated that 163 observers would remain (35 for UNPREDEP, 100 for the United Nations Transitional Administration for Eastern Slavonia, Baranja and Western Sirmium (UNTAES) and 28 for the United Nations Mission of Observers in Prevlaka (UNMOP)) and the remaining 309 observers would be repatriated. The cost estimates for UNPREDEP were based on the rotation of one half of the observers during the six-month period.

2. *Mission subsistence allowance.* Savings of \$3,100 occurred under this heading.
3. *Travel costs.* Based on the deployment schedule, requirements for travel were estimated at \$54,000 for 18 rotation trips at \$3,000 per rotation. Savings of \$26,000 have occurred under this heading.
4. *Clothing and equipment allowance.* The cost estimate provided for the pro-rata payment of clothing and equipment allowance of \$200 per annum to an average strength of 35 military observers during the six-month period. This allowance is payable in two instalments, \$100 upon arrival in the mission area and \$100 after six months of service. The expenditure of \$2,700 represents the payment of claims for 27 of the 35 observers deployed during the period.

(b) *Military contingents* . . . . . 280 200

5. By its resolution 1046 (1996) of 13 February 1996, the Security Council authorized an increase in UNPREDEP military strength from 1,000 to 1,050 troops, to include 50 military engineers.
6. *Standard troop cost reimbursement.* Full reimbursement of troop costs in accordance with the standard rates of reimbursement has been made for the performance period.
7. *Welfare.* Provisions under this heading accounted for recreational leave at \$10.50 per day for seven days for an average of 1,042 troops (\$76,550), plus \$18,750 for the purchase of recreational equipment at \$3 per person per month. Restraints imposed on the purchase of new welfare equipment and the fact that some equipment was provided from surplus stock, as well as delays in the submission of claims by contingents, resulted in savings amounting to \$88,400.
8. *Rations.* Requirements had been calculated at \$7.50 per day for bulk rations for a total of 189,550 person/days reduced by a non-usage factor of 3.5 per cent (\$1,371,800). Additionally, the estimate provided for a 10-day supply of composite rations for an average of 1,042 troops at \$7.45 per person per day (\$77,600). Savings of \$66,600 resulted from the transfer of non-perishable foods and composite rations from UNPF reserves.
9. *Daily allowance.* The estimate provided for payment of up to \$1.28 per person per day for 189,550 person/days. Owing to the small amount of the allowance, at \$1.28 per day, it is common practice to claim it in bulk either at the time of taking welfare leave or before repatriation. Delays in the submission of claims by contingents resulted in savings amounting to \$119,300.
10. *Meal and accommodation allowance.* The estimate provided for \$1,500 per month for within mission travel allowance for contingent personnel. This provided for payment of an accommodation allowance of up to \$60 per day in respect of contingent personnel who cannot be provided with United Nations accommodation while on duty travel within the mission area. No expenditures were incurred for this purpose during the reporting period.

11. *Emplacement, rotation and repatriation of troops.* The estimate provided for the rotation travel of 1,000 troops, 500 within Europe (\$195,000) and 500 troops outside Europe (\$472,300). Expenditures under this heading amounted to \$466,900.
12. *Clothing and equipment allowance.* Requirements were calculated at \$70 per person per month for 6,250 person/months (\$437,500). Expenditures under this heading totalled \$641,000, resulting in an overrun of \$203,500.
- (c) *Other costs pertaining to military personnel* . . . . . —
13. *Contingent-owned equipment.* The total provision of \$2,269,200 under this heading has been obligated to cover the cost of reimbursing troop-contributing Governments for the use of contingent-owned vehicles and other equipment.
14. *Death and disability compensation.* The amount allocated under this heading has been fully obligated to cover potential claims from death, disability or injury of military personnel and civilian police observers.

## 2. Civilian personnel costs

- (a) *Civilian police* . . . . . 71 200
15. There were 280 civilian police in the mission area on 31 December 1995. This number was less than the strength of 2,347 police that had been authorized by the Security Council for the three operations, as follows: 1,721 for the United Nations Mission in Bosnia and Herzegovina (UNMIBH), 600 for UNTAES and 26 for UNPREDEP. The cost estimates were based on the transfer of all 280 police to the new missions and the rotation of one half of them during the six-month period.
16. *Mission subsistence allowance.* Savings of \$32,000 under this heading resulted from delayed deployment of civilian police.
17. *Travel costs.* An expenditure of \$400 occurred under this heading.
18. *Clothing and equipment allowance.* Provision was made for the pro-rata payment of clothing allowance at the rate of \$200 per annum per person for an average of 24 civilian police (\$2,400). However, civilian police were paid clothing allowance in two lump sums of \$100, at the time of their emplacement and after six months of service. The expenditure of \$1,800 represents the payment of claims to 18 of the 26 civilian police deployed during the period.
- (b) *International and local staff* . . . . . 1 290 700
19. The proposed staffing table for the period consisted of 203 posts, including 25 in the Professional category and above, 25 Field Service, 24 General Service, 2 Security Service and 127 locally recruited posts. It reflected a net increase of 33 posts over the 170 civilian posts allocated to UNPREDEP from the UNPF staffing authorization of 5,855 posts (see A/49/540/Add.3, annex II, table 2). It was envisaged that the termination of the international contractual personnel and United Nations Volunteers programmes by 31 December 1995 would be followed by the recruitment of international and local staff to perform those functions. Additionally, there were requirements for language assistants and administrative support to the military personnel and civilian police needed to facilitate the changeover to an independent mission reporting directly to New York. Details are shown in table 1 below:

Table 1 **Civilian staff**

	Approved as at 31 December 1995	Approved for 1 January to 30 June 1996	Difference	Expected deployment as at 30 June 1996
<i>International staff</i>				
Under-Secretary-General	—	—	—	—
Assistant Secretary-General	1	1	—	1
D-2	—	1	+1	1
D-1	1	1	—	1
P-5	1	2	+1	2
P-4	2	4	+2	2
P-3	4	11	+7	4
P-2	1	5	+4	5
<b>Subtotal</b>	<b>10</b>	<b>25</b>	<b>+15</b>	<b>16</b>
Field Service	4	25	+21	20
General Service (Principal level)	—	1	+1	1
General Service (Other level)	8	23	+15	20
Security Service	—	2	+2	2
<b>Subtotal</b>	<b>12</b>	<b>51</b>	<b>+39</b>	<b>43</b>
<b>Total, international staff</b>	<b>22</b>	<b>76</b>	<b>+54</b>	<b>59</b>
Local staff	99	127	+28	127
International contractual personnel	38	—	-38	—
United Nations Volunteers	11	—	-11	—
<b>Total, civilian staff</b>	<b>170</b>	<b>203</b>	<b>+33</b>	<b>186</b>

20. *International staff salaries.* It was anticipated that 92 per cent of the posts would be filled by 30 June 1996. However, there were delays in the recruitment of international staff. The estimate under this heading provided for the deployment of a total of 250 person/months, while actual requirements amounted to 113. Savings therefore amounted to \$514,200.
21. *Local staff salaries.* Budgetary provision under this heading accounted for a total of 576 person/months, while actual requirements amounted to 496, resulting in savings of \$77,100.
22. *Consultants.* No change.
23. *Overtime.* Savings of \$5,500 under this heading resulted from the observance of strict control over expenditure for this item.
24. *General temporary assistance.* No change.
25. *Common staff costs.* Requirements under this heading provided for \$433,400 in respect of international staff and \$38,400 for local staff:
  - (a) *Common staff costs for international staff.* Savings of \$271,900 resulted from delayed deployment of international staff;
  - (b) *Common staff costs for local staff.* The overrun of \$52,000 is the result of contributions by locally recruited staff to the United Nations Joint Staff Pension Fund (\$56,900), which was offset in part by delayed deployment of local staff.

26. *Mission subsistence allowance.* The cost estimates provided for an average of 42 international staff deployed at the beginning of each month, while requirements provided for an average of 19. Savings of \$423,500 owed to delayed deployment of staff.
27. *Other travel costs.* Provision in the amount of \$61,200 was provided for the cost of trips between the mission area and New York and to UNPF headquarters in Zagreb, in connection with support to be provided in the start-up phase of the mission. Actual requirements were \$10,700, resulting in savings of \$50,500.
- (c) *International contractual personnel* . . . . . (60 900)
28. No provision had been made for international contractual personnel. However, owing to the scarcity of qualified staff to perform technical functions required in connection with the transition of UNPREDEP to a stand-alone mission, international contractual personnel whose contracts with UNPF terminated in April or May 1996 were subsequently transferred to UNPREDEP to carry out those functions, resulting in unforeseen requirements of \$60,900.
- (d) *United Nations Volunteers* . . . . . —
29. No change.
- (e) *Government-provided personnel* . . . . . —
30. No change.
- (f) *Civilian electoral observers* . . . . . —
31. No change.
- 3. Premises/accommodation** . . . . . **584 200**
32. *Rental of premises.* The cost estimates for rental of premises amounted to \$253,200, consisting of \$197,400 for troop and headquarters military personnel accommodation, \$12,000 for two police stations, \$4,200 for land leases for observation posts and \$39,600 for workshops. Savings of \$97,300 under this heading resulted from more military personnel being provided with rent-free accommodation, reductions in the cost of land leases and workshops being provided rent free.
33. *Alteration and renovation of premises.* It was initially planned to perform minor renovations at the Force's headquarters in Skopje. However, owing to delays in recruiting qualified personnel, the work was postponed, resulting in savings of \$98,600. These requirements were rolled over to the following budget period.
34. *Maintenance supplies.* The lack of qualified personnel to carry out the necessary level of maintenance resulted in savings amounting to \$401,000.
35. *Maintenance services.* Savings amounted to \$34,400 for the reason stated in paragraph 33 above.
36. *Utilities.* An overrun of \$141,100 resulted from additional requirements under electricity. Details are shown in table 2 below.

Table 2 Utilities

	Estimated	Actual requirements	Difference
	(United States dollars)		
Electricity	211 600	382 570	-170 970
Water	67 400	47 820	19 580
Gas, heating fuel and generator fuel	259 200	248 910	10 290
<b>Total</b>	<b>538 200</b>	<b>679 300</b>	<b>-141 100</b>

37. *Construction/prefabricated buildings.* It was initially envisaged to construct a containerized village to accommodate military personnel who were housed in hotels. However, this project was not undertaken.
4. **Infrastructure repairs . . . . . 214 100**
38. *Upgrading of airstrips.* The planned renovation of helipads to improve their safety was not carried out.
39. *Upgrading of roads.* The estimate under this heading provided for the upgrading of seven roads, covering 52 kilometres (\$155,000), the construction of an access road to external storage yard (\$10,000), the upgrading of parking lots and water and power connections (\$120,000) and routine drainage maintenance (\$150,000). Of these, only 41 kilometres of roads to observation posts were repaired, at a cost of \$289,900.
40. *Repair of bridges.* It was originally envisaged to renovate two bridges that provided access to two observation posts. The work was not undertaken.
5. **Transport operations . . . . . 405 200**
41. Requirements for operating costs under this heading were based on the transfer of 221 vehicles from UNPF to UNPREDEP in accordance with the preliminary disposition of UNPF assets shown in annex XVI of the report of the Secretary-General of 13 March 1996 (A/50/696/Add.4 and Corr.1).
42. *Purchase of vehicles.* No change.
43. *Rental of vehicles.* Provision was made for the rental of specialized equipment for short periods of time for general handling of cargo, materials and supplies and engineering works, including road works. Since one contingent provided the specialized equipment needed for road construction, no expenditure was incurred under this heading.
44. *Workshop equipment.* Out of an estimated amount of \$27,400 provided for the replacement of worn-out equipment, requirements amounted to \$700, resulting in savings of \$26,700.
45. *Spare parts, repairs and maintenance.* The cost estimate provided for 1,079 civilian-pattern vehicle/months at \$100 per vehicle per month and 1,848 military-pattern vehicle/months, and 15 rented vehicle/months at \$500 per month per vehicle and \$80 per vehicle per month for 942 trailer/months. This total was reduced by a 10 per cent factor to account for vehicles that would be out of service for repairs. Additionally, the estimate provided for the track replacement of 10 armoured personnel carriers (\$20,000). Savings of \$341,400 resulted from late submission of claims from contingents.
46. *Petrol, oil and lubricants.* The cost estimates were based on requirements of \$221 per vehicle per month and a 10 per cent estimate of fuel consumption for lubricants. Additionally, a 10 per cent reduction factor accounted for vehicles that would be out of service for repairs. Additional requirements under this heading amounted to \$45,500.
47. *Vehicle insurance.* The estimate was calculated at \$250 per vehicle per annum for 1,094 United Nations vehicle/months (\$22,650) and for 2,718 contingent-owned vehicle/months (\$56,400), plus 15 rented vehicle/months at \$360 per annum (\$450). Expenditures of \$89,900 resulted in an overrun of \$10,400.
6. **Air operations**
- (a) *Helicopter operations . . . . . 118 100*
48. *Hire/charter costs.* Two helicopters (one Bell 206 and one Bell 212) were deployed in UNPREDEP to provide logistic and medical support to the United Nations military contingents in the mission area. Budgetary provision was made for a total of 360 block hours plus 120 additional hours for each helicopter for the six-month period ending 30 June 1996. Fewer hours flown than planned resulted in savings amounting to \$147,200. Details are shown in annex V.

49. *Aviation fuel and lubricants.* There were additional requirements of \$29,100 under this heading.
50. *Liability and war-risk insurance.* No change.  
*(b) Fixed-wing aircraft* . . . . . —
51. No change.  
*(c) Aircrew subsistence allowance* . . . . . 2 200
52. Out of \$25,200 provided for the payment of food and accommodation allowance to aircrew in connection with overnights spent outside the mission area, \$23,000 was spent, resulting in savings of \$2,200.  
*(d) Other air operations* . . . . . 46 200
53. *Air traffic control services and equipment.* No expenditures occurred under this heading, resulting in savings of \$12,000.
54. *Landing fees and ground handling.* Provision was made for costs associated with landing fees and ground handling at airports. However, no expenditures were incurred.
55. *Fuel storage and containers.* No change.
7. **Naval operations** . . . . . —
56. No change.
8. **Communications**  
*(a) Complementary communications* . . . . . 410 300
57. *Communications equipment.* Difficulties in the recruitment of qualified United Nations personnel to replace international contractual personnel, resulted in a shortage of personnel to perform technical functions. Thus, the setting up of additional communication systems was delayed, resulting in savings of \$181,000.
58. *Spare parts and supplies.* Savings of \$139,700 resulted from delays in the setting up of additional communications systems and reduced servicing owing to the lack of qualified personnel to perform technical functions.
59. *Workshop equipment.* No expenditure occurred under this heading for the reasons stated in paragraphs 57 and 58 above. The setting-up of new communications workshops was postponed to the budget period 1997-1998.
60. *Commercial communications.* Requirements under this heading provided for rental of a transponder (\$84,000), INMARSAT M terminals (\$60,000), INMARSAT C terminals (\$6,000), telephone charges (\$450,000) and installation contracts (\$49,800), for a total of \$649,800. Actual requirements were of \$661,600, resulting in additional requirements of \$11,800.  
*(b) Main trunking contract* . . . . . —
61. No change.
9. **Other equipment** . . . . . 305 900
62. *Data-processing equipment.* The estimate provided for the purchase of standard field mission software, namely, network licences for SUN systems, Progen, Network management system and antivirus software utilities. Savings of \$17,800 were due to the fewer licences required because of the delayed deployment of civilian staff.
63. *Medical and dental equipment.* The cost estimates provided for the acquisition of basic medical equipment. No expenditure was incurred under this heading.

64. *Field defence equipment.* The estimate provided for several pieces of field defence equipment required to upgrade the perimeter fences at the base camps and observation posts. Savings amounting to \$321,400 resulted from the transfer of that equipment from UNPF to UNPREDEP sites.
65. *Spare parts, repairs and maintenance.* Additional requirements of \$44,900 under this heading resulted from more claims from troop-contributing Governments than estimated.
66. *Water-purification equipment.* Budgetary provision was made for water softeners, which were not purchased.
10. **Supplies and services**
- (a) *Miscellaneous services* . . . . . 276 100
67. *Audit services.* An expenditure of \$1,700 was reported under this heading.
68. *Contractual services.* Savings amounted to \$271,400, as shown in table 3 below.

Table 3 **Contractual services**

	<i>Estimated</i>	<i>Actual</i>	<i>Difference</i>
	<i>(United States dollars)</i>		
Military laundry/dry cleaning/hair cutting	176 300	60 150	116 150
Civilian laundry	1 500	—	1 500
Cleaning of septic/fuel tanks	30 000	11 110	18 890
Cleaning of premises/garbage removal	64 200	42 500	21 700
Technical repair	1 200	23 840	-22 640
Funeral services	1 200	—	1 200
Catering services	150 000	15 400	134 600
<b>Total</b>	<b>424 400</b>	<b>153 000</b>	<b>271 400</b>

69. *Security services.* No expenditures were incurred under this heading since UNPREDEP was able to provide its own security.
70. *Medical treatment and services.* Additional requirements amounted to \$4,300.
71. *Claims and adjustments.* No expenditures occurred under this heading since there were no claims submitted or processed during the budget period.
72. *Official hospitality.* The observance of strict control over spending under this heading resulted in savings of \$9,900.
73. *Miscellaneous other services.* The payment of road and bridge tolls in Bosnia and Herzegovina, Croatia and Serbia resulted in additional requirements of \$37,600.
- (b) *Miscellaneous supplies* . . . . . 596 400
74. Savings amounting to \$598,000 occurred under most areas of miscellaneous supplies since stocks that had built up in UNPF were distributed to the Force. These savings were offset in part by additional requirements for subscriptions (\$1,100) and miscellaneous supplies (\$500).
11. **Election-related supplies and services** . . . . . —
75. No change.

12. **Public information programmes** . . . . . 29 900
76. *Materials and supplies.* Expenditures in the amount of \$100 were made under this heading.
77. *Contractual services.* Since some services required were provided in-house, savings amounted to \$4,800.
78. *Department of Public Information production costs.* No expenditures were incurred under this heading.
13. **Training programmes** . . . . . 40 200
79. *Consultants.* Delays in the deployment of personnel resulted in the temporary postponement of training programmes and savings amounted to \$40,200.
14. **Mine-clearing programmes** . . . . . —
80. No change.
15. **Assistance for disarmament and demobilization** . . . . . —
81. No change.
16. **Air and surface freight** . . . . . 430 300
82. *Transport of contingent-owned equipment.* No expenditures were incurred under this heading.
83. *Commercial freight and cartage.* Since some equipment and supplies required were provided from UNPF surplus stock, savings of \$80,300 were realized under this heading.
17. **Integrated Management Information System** . . . . . —
84. No change.
18. **Support account for peacekeeping operations** . . . . . —
85. The full amount allocated was transferred to the support account for peacekeeping operations.
19. **Staff assessment** . . . . . 189 400
86. *Staff assessment, international staff.* The cost estimate provided for the deployment of a total of 250 person/months, while actual requirements amounted to 113. Savings amounted to \$160,900.
87. *Staff assessment, local staff.* Budgetary provision under this heading accounted for a total of 576 person/months, while actual requirements amounted to 496, resulting in savings of \$28,500.
20. **Income from staff assessment** . . . . . (189 400)
88. This amount is derived from item 19 above.
21. **Voluntary contributions in kind** . . . . . —
89. No change.

# Annex III

## Planned and actual deployment of civilian and military personnel for the period from 1 January to 30 June 1996

### A. Summary table

	<i>Deployment as at</i>					
	<i>31 January</i>	<i>29 February</i>	<i>31 March</i>	<i>30 April</i>	<i>31 May</i>	<i>30 June</i>
<b>Military observers</b>						
Planned <sup>a</sup>	31	35	35	35	35	35
Actual	38	35	35	35	34	35
Difference	(7)	—	—	—	1	—
<b>Military contingents</b>						
Planned <sup>a</sup>	1 000	1 050	1 050	1 050	1 050	1 050
Actual <sup>b</sup>	1 000	1 050	1 050	1 050	1 050	1 050
Difference	—	—	—	—	—	—
<b>Civilian police</b>						
Planned <sup>a</sup>	24	26	26	26	26	26
Actual	24	22	29	27	26	26
Difference	—	4	(3)	(1)	—	—
<b>International staff</b>						
Planned <sup>a</sup>	27	31	35	44	54	59
Actual	15	16	18	19	21	24
Difference	12	15	17	25	33	35
<b>Local staff</b>						
Planned <sup>a</sup>	74	74	74	100	127	127
Actual	74	74	75	88	94	85
Difference	—	—	(1)	12	33	42
<b>International contractual personnel</b>						
Planned <sup>a</sup>	—	—	—	—	—	—
Actual	—	—	—	—	18	18
Difference	—	—	—	—	(18)	(18)
<b>United Nations Volunteers</b>						
Planned <sup>a</sup>	—	—	—	—	—	—
Actual	—	—	—	—	—	—
Difference	—	—	—	—	—	—

<sup>a</sup> As per annex VI.B to the report of the Secretary-General of 13 March 1996 (A/50/696/Add.4/Corr.1).

<sup>b</sup> Authorized strength of 1,050 was exceeded during this transition period. Negotiations are ongoing between the Department of Peacekeeping Operations and troop-contributing Governments concerning the number of troops to be reimbursed.

## B. Breakdown by personnel category

### Military observers

### Military contingents

### Civilian police

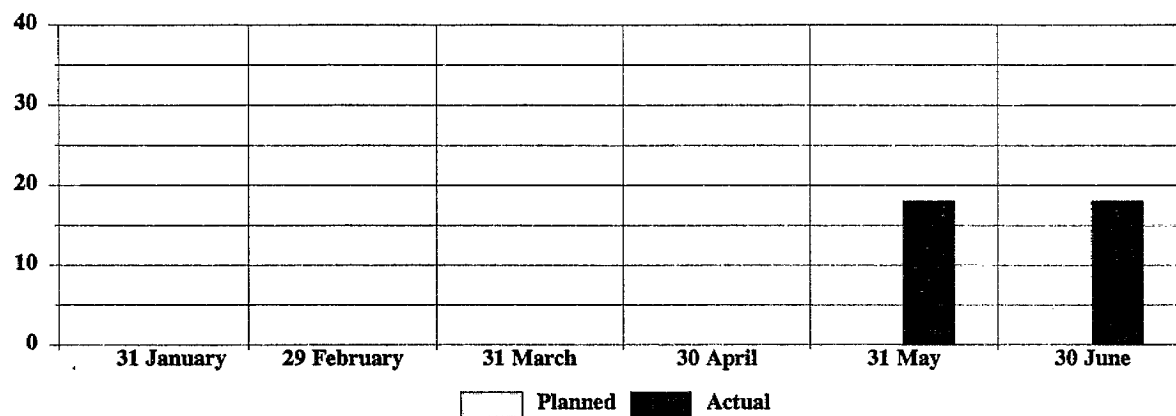

### International staff

### Local staff

### International contractual personnel

**Annex IV**  
**Revised and actual deployment of civilian**  
**staff for the period from 1 January to 30 June 1996**
