

General Assembly

Fifty-first session

Distr.: General

5 March 1997
Original: English

Agenda item 125 (a)

Financing of the activities arising from Security Council resolution 687 (1991): United Nations Iraq-Kuwait Observation Mission

Report of the Secretary-General

Addendum

Summary

The United Nations Iraq-Kuwait Observation Mission (UNIKOM) was established by the Security Council on 3 April 1991. The present report contains the proposed budget of UNIKOM for the 12-month period from 1 July 1997 to 30 June 1998, which amounts to \$50,653,000 gross (\$48,600,100 net). This reflects an overall decrease of 0.2 per cent in gross terms compared with the resources approved for the preceding 12-month period, from 1 July 1996 to 30 June 1997, of \$50,745,400 gross (\$48,674,500 net).

The budget provides for maintaining the Mission, consisting of 195 military observers and 903 troops (775 infantry and 128 support personnel), supported by a civilian establishment of 238 (72 international and 166 local staff).

The action to be taken by the General Assembly is set out in paragraph 24 of the report, including the appropriation of the amount of \$50,653,000 gross (\$48,600,100 net) for the 12-month period beginning 1 July 1997 for the maintenance of UNIKOM. Two thirds of this amount, equivalent to \$32,400,067, is to be funded through voluntary contributions from the Government of Kuwait, and the balance of \$18,252,933 gross (\$16,200,033 net) is to be assessed at the monthly rate of \$1,521,078 gross (\$1,350,003 net), subject to the continuation of the Mission by the Security Council.

I. Introduction

1. The present report contains the proposed budget for the maintenance of the United Nations Iraq-Kuwait Observation Mission (UNIKOM) for the period from 1 July 1997 to 30 June 1998 in the amount of \$50,653,000 gross (\$48,600,100 net).
2. UNIKOM was established by the Security Council in accordance with its resolution 687 (1991) of 3 April 1991. In its resolution 689 (1991) of 9 April 1991, the Council decided to review the question of the termination or continuation of UNIKOM as well as its modalities of operation every six months. The most recent review by the Security Council was in October 1996. By letter dated 9 October 1996, the President of the Security Council informed the Secretary-General that the members of the Council concurred with his recommendation that UNIKOM be maintained and that the Council would review the question once again by 4 April 1997 (S/1996/840).
3. It is pertinent to recall that the General Assembly, in its resolution 48/242 of 5 April 1994, expressed its appreciation to the Government of Kuwait regarding its decision to defray two thirds of the cost of UNIKOM effective from 1 November 1993. Since then, two thirds of the cost of UNIKOM has been met by voluntary contributions from the Government of Kuwait through 30 April 1997.
4. The General Assembly, in its resolution 50/234 of 7 June 1996, appropriated the amount of \$52,141,900 gross (\$50,071,000 net) for the maintenance of UNIKOM, subject to review by the Security Council with regard to termination or continuation of the Mission, for the period from 1 July 1996 to 30 June 1997, including the amount of \$1,396,500 for the support account for peacekeeping operations. Two thirds of the amount appropriated, equivalent to \$33,380,667, was to be funded through voluntary contributions from the Government of Kuwait. By the same resolution, the Assembly also decided to apportion the amount of \$18,761,233 gross (\$16,690,333 net), representing one third of the cost of the Mission, to be assessed on Member States at the monthly rate of \$1,563,436 gross (\$1,390,861 net).

II. Political mandate

5. By its resolution 687 (1991), the Security Council established a demilitarized zone along the Iraq-Kuwait boundary and approved the following terms of reference of UNIKOM:
 - (a) To monitor the Khawr 'Abd Allah and a demilitarized zone extending 10 kilometres into Iraq and 5 kilometres into Kuwait from the boundary referred to in the Agreed Minutes between the State of Kuwait and the Republic of Iraq regarding the restoration of friendly relations, recognition and related matters of 4 October 1963;¹
 - (b) To deter violations of the boundary through its presence in and surveillance of the demilitarized zone;
 - (c) To observe any hostile or potentially hostile action mounted from the territory of one State against the other.
6. Subsequently, by its resolution 806 (1993) of 5 February 1993, the Security Council extended the terms of reference of UNIKOM to take action to prevent or, if that failed, to redress:
 - (a) Small-scale violations of the demilitarized zone;
 - (b) Violations of the boundary between Iraq and Kuwait, for example by civilians or police;
 - (c) Problems that might arise from the presence of Iraqi installations and Iraqi citizens and their assets in the demilitarized zone on the Kuwait side of the newly demarcated boundary.

¹ United Nations, *Treaty Series*, vol. 485, No. 7063.

III. Operational plan and requirements

7. The UNIKOM concept of operations is based on surveillance, control, investigation and liaison. The demilitarized zone is an area that is about 200 kilometres long and extends 10 kilometres into Iraq and 5 kilometres into Kuwait. Surveillance of the zone is based on patrol and observation bases, ground and air patrols and observation points. Control operations include static checkpoints, random checks and maintenance of a force mobile reserve. Investigation teams are maintained at the sector level as well as at UNIKOM headquarters, and continuous liaison is carried out at all levels. For operational purposes, the zone is divided into two sectors (northern and southern), with 10 and 8 patrol/observation bases respectively. UNIKOM also has liaison offices at Baghdad and Kuwait City for the purpose of liaison with the Governments of Iraq and Kuwait.
8. The military observers have the primary responsibility for conducting patrol, observation, investigation and liaison activities. The infantry battalion is deployed at Camp Khor, at a company camp at Al'Abdali and at platoon camps in the southern and northern sectors. The battalion undertakes armed patrols within the sectors and has a mobile reserve, which is deployed as necessary in sensitive situations. The battalion also operates checkpoints at the border-crossing sites and conducts random checks in cooperation with Iraqi and Kuwaiti liaison officers. The battalion has staffed the easternmost patrol and observation base on the Iraqi side of the demilitarized zone. It also provides security for UNIKOM personnel and its installations where and when necessary.
9. The authorized strength of UNIKOM consists of 300 military observers (105 of which are on standby), and 910 troops, including 135 support personnel. For the period from 1 July 1997 to 30 June 1998, budgetary provision is made for only 903 troops, composed of 775 infantry and 128 support personnel, including an engineering unit from Argentina, a logistics unit from Austria, a medical unit from Germany and a helicopter crew from Bangladesh.
10. The Mission is supported by 238 civilian personnel assigned to the following sections/offices: Office of the Force Commander, Chief Administrative Officer's Office, Personnel Section, Finance Section, Transport Section, General Services Section, Communications Section, Electronic Data-Processing Section, Procurement Section and Engineering Support Services Section.

IV. Financial administration

A. Financial period

11. A financial period for UNIKOM was established by the General Assembly in its resolution 47/208 A of 22 December 1992, covering the 12-month period from 1 November to 31 October. In accordance with section I of General Assembly resolution 49/233 A of 23 December 1994, a new financial period covering 12 months, beginning on 1 July and terminating on 30 June, became effective on 1 July 1996.

B. Resources made available and operating costs from inception to 30 June 1997

12. The total resources made available to UNIKOM from its inception on 9 April 1991 to 30 June 1997 amount to \$408,018,900 gross (including voluntary contributions of \$144,326,267 provided by the Government of Kuwait). The total estimated expenditures amount to \$355,669,233 gross. In addition to

the credits of \$5,703,700 gross to be set off against assessed contributions on Member States and against voluntary contributions from the Government of Kuwait pursuant to General Assembly decision 51/440 of 16 December 1996, there is an unencumbered balance of \$4,603,200 gross for the period from 1 January to 30 June 1996. Detailed information is presented in annex VI to the present report.

C. Status of assessed contributions

13. As of 31 January 1997, a total amount of \$210,672,409 had been assessed on Member States for the period from its inception to 30 April 1997. In addition, outstanding assessments were reduced by an amount of \$730,515 pursuant to General Assembly resolution 50/83 of 15 December 1995. Contributions received as at 31 January 1997 for the same period amounted to \$196,728,099, representing a shortfall of \$13,944,310.

D. Voluntary contributions and trust funds

14. The General Assembly, in paragraph 14 of its resolution 50/234, invited voluntary contributions to UNIKOM in cash and in the form of services and supplies acceptable to the Secretary-General. The following voluntary contributions have been provided by the Government of Kuwait:
 - (a) Two thirds of the cost of UNIKOM, totalling \$144,326,267, had been received as at 23 January 1997, for the period from 1 November 1993 to 30 April 1997;
 - (b) Thirty-five vehicles and two trailers from the Government of Kuwait for the use of the Engineering Unit of UNIKOM and one vehicle for use by the Force Commander, for which budgetary provision had not been made.
15. No trust fund has been established in support of UNIKOM.

V. Status of reimbursements to troop-contributing Governments

16. Currently, troops are provided by Argentina, Austria, Bangladesh and Germany. Full reimbursement in accordance with the standard rates established by the General Assembly for troop costs had been made to troop-contributing countries up to 31 July 1996. It is estimated that an amount of \$5,923,440 is due for troop costs for the period ending January 1997.
17. Troops were previously provided to the Mission by Canada, Chile, Denmark, Norway and Sweden.

VI. Signature of status-of-mission agreements

18. Iraq and Kuwait entered into agreements with the United Nations on the status of the Mission on 20 May 1991 and 20 June 1991, respectively.

VII. Cost estimates for the period from 1 July 1997 to 30 June 1998

19. As shown in annex I, column 2, the cost of maintaining UNIKOM for the period from 1 July 1997 to 30 June 1998 is estimated at \$50,653,000 gross (\$48,600,100 net). Some 48 per cent of those amounts is based on standard ratios and costs contained in the Standard Cost Manual for Peacekeeping Operations, while the remaining 52 per cent covers mission-specific requirements and other items that may vary from the norm. Those mission-specific requirements and variations are described in annex II, section A.
20. A breakdown of the proposed budget by non-recurrent and recurrent costs is shown in columns 3 and 4, respectively, of annex I. Non-recurrent costs amount to \$1,952,600 gross and net, while recurrent costs amount to \$48,700,400 gross (\$46,647,500 net). For purposes of comparison, the approved resources for the prior 12-month period, from 1 July 1996 to 30 June 1997, amounting to \$50,745,400 gross (\$48,674,500 net), are shown in column 1. Supplementary information on the cost estimates is presented in annex II. Section A provides mission-specific cost parameters; non-recurrent requirements are provided in section B; and supplemental explanations on the cost estimates are provided in section C.
21. The present cost estimates represent a 0.2 per cent decrease, in gross terms, in relation to the previous estimate.

VIII. Staffing requirements

22. The proposed changes to the current staffing table are shown in the table below. The increase of one international staff post is the result of the request for one Professional post to support the UNIKOM Procurement Section. The table also shows a decrease of four local staff as security guards. A detailed breakdown of the staffing table is contained in annex IV, and the justification for additional staffing requirements is contained in annex V.

IX. Observations and comments on previous recommendations of the Advisory Committee on Administrative and Budgetary Questions

23. There were no outstanding responses to the observations and recommendations of the Advisory Committee on Administrative and Budgetary Questions in its previous reports.

X. Action to be taken by the General Assembly at its fifty-first session

24. The action to be taken by the General Assembly at its fifty-first session in connection with the financing of UNIKOM is the appropriation of the amount \$50,653,000 gross (\$48,600,100 net) for the maintenance of the Mission for the 12-month period from 1 July 1997 to 30 June 1998. Two thirds of that amount, equivalent to \$32,400,067, is to be funded through voluntary contributions from the Government of Kuwait and the remaining one third, equivalent to \$18,252,933 gross (\$16,200,033 net), is to be assessed on Member States at the monthly rate of \$1,521,078 gross (\$1,350,003 net), subject to review by the Security Council with regard to the termination or continuation of UNIKOM.

Annex II

Supplementary information on the cost estimates for the period from 1 July 1997 to 30 June 1998

A. Mission-specific costs and ratios

Description	Previous submission	Average strength	Proposed estimates			Ratio	Explanation
			Unit or daily cost (United States dollars)	Monthly cost	Annual cost		
1. Mission subsistence allowance							See section C for additional information.
Assistant Secretary-General demilitarized zone (DMZ)	112.50		112.50				Rates became effective on 1 March 1996.
D-1 (DMZ)	99.00		99.00				
Others							
DMZ	90.00		90.00				
Kuwait	75.00		75.00				
Baghdad	125.00		100.00				Rate became effective on 15 October 1996.
2. Travel costs							
Military observers and international staff	2 000.00		2 000.00				One-way airfare including shipment of personal effects.
Contingents	700.00		700.00				One-way airfare.
3. Military personnel							
Military observers	255	195					Streamlining will be completed in April 1997.
Infantry	775	775					
Logistics/support	129	128					Based on actual number of medical personnel on board (15).
4. Rations							See section C for additional information.
Rations	5.95		5.95				
Bottled water	1.50		0.64				Due to lower price.
5. Civilian personnel							See section C for additional information.
International staff	71	72					
Local staff	170	166					
6. Local staff							See section C for additional information.
Net salary							
DMZ and Kuwait	2 000.00		2 000.00				

Description	Previous submission	Average strength	Proposed estimates			Ratio	Explanation
			Unit or daily cost	Monthly cost	Annual cost		
			(United States dollars)				
Baghdad	1 200.00			1 800.00			
Common staff costs							
DMZ and Kuwait	600.00			600.00			
Baghdad	300.00			300.00			
Staff assessment							
DMZ and Kuwait	400.00			400.00			
Baghdad	400.00			400.00			
7. Utilities						See section C for additional information.	
Electricity	15 000.00			15 000.00			
Water	2 300.00			2 300.00*			
8. Vehicles							
Civilian pattern	414	422				See section C for additional information.	
					1:1.5	Operational area of DMZ is a desert 200 km long, extending 10 km into Iraq and 5 km into Kuwait.	
Military pattern	32	32					
9. Spare parts and repair and maintenance of vehicles						See section C for additional information.	
Civilian pattern							
Light vehicles	125.00			125.00			
Special purpose vehicles	267.00			267.00			
Armoured personnel carrier tracts	521.00			521.00			
10. Petrol						See section C for additional information.	
Civilian pattern	1 700.00			949.00			
Military pattern	200.00			136.00			
11. Vehicle insurance						See section C for additional information.	
Local coverage							
Civilian pattern							
Iraq	115 900.00				118 200.00		
Kuwait	33 100.00				31 200.00		
Military pattern							
Iraq	9 000.00	32	280.00		9 000.00	Unit cost of \$280 per armoured personnel carrier per annum.	
Kuwait	—				—		

Description	Previous submission	Average strength	Proposed estimates			Ratio	E. planation
			Unit or daily cost	Monthly cost	Annual cost		
			(United States dollars)				
Worldwide coverage							
Civilian pattern	14 500.00				14 400.00		
Military pattern	8 000.00				9 200.00		
12. Helicopters						See section C for additional information.	
Number	2	2				For patrol and reconnaissance flights, resupply flights, coastal patrols, medical evacuation, search and rescue operations.	
Block hours (per month)	180			180			
Hire cost	818.00			941.00		Based on new contract.	
Fuel	14 800.00			19 500.00		Due to higher cost.	
13. Fixed-wing aircraft						See section C for additional information.	
Number (AN-26)	1	1				For transportation of personnel, supplies and equipment in mission area.	
Block hours (per month)	100			85		Based on new contract.	
Hire cost	40 180.00			29 896.00			
Fuel	28 300.00			22 100.00			
14. Other air operations						See section C for additional information.	
Crew allowance	4 900.00			4 200.00			
Landing fees and ground handling	3 700.00			10 100.00			
15. Satellite communications							
Transponder	9 083.00			10 500.00		Due to higher cost of UNIKOM share in the rental of Indian Ocean region satellite.	
16. Commercial communications							
Telephone, postage, rental of post office box and pouch	12 100.00			11 500.00		Due to lower cost of communications via INMARSAT.	

B. Requirements for non-recurrent costs

(Thousands of United States dollars,
unless otherwise indicated)

	(1)	(2)	(3)	(4)	(5)	(6)

Subtotal						110.8
Freight at 15 per cent						16.6
Total, data-processing equipment						127.4

C. Supplementary explanation

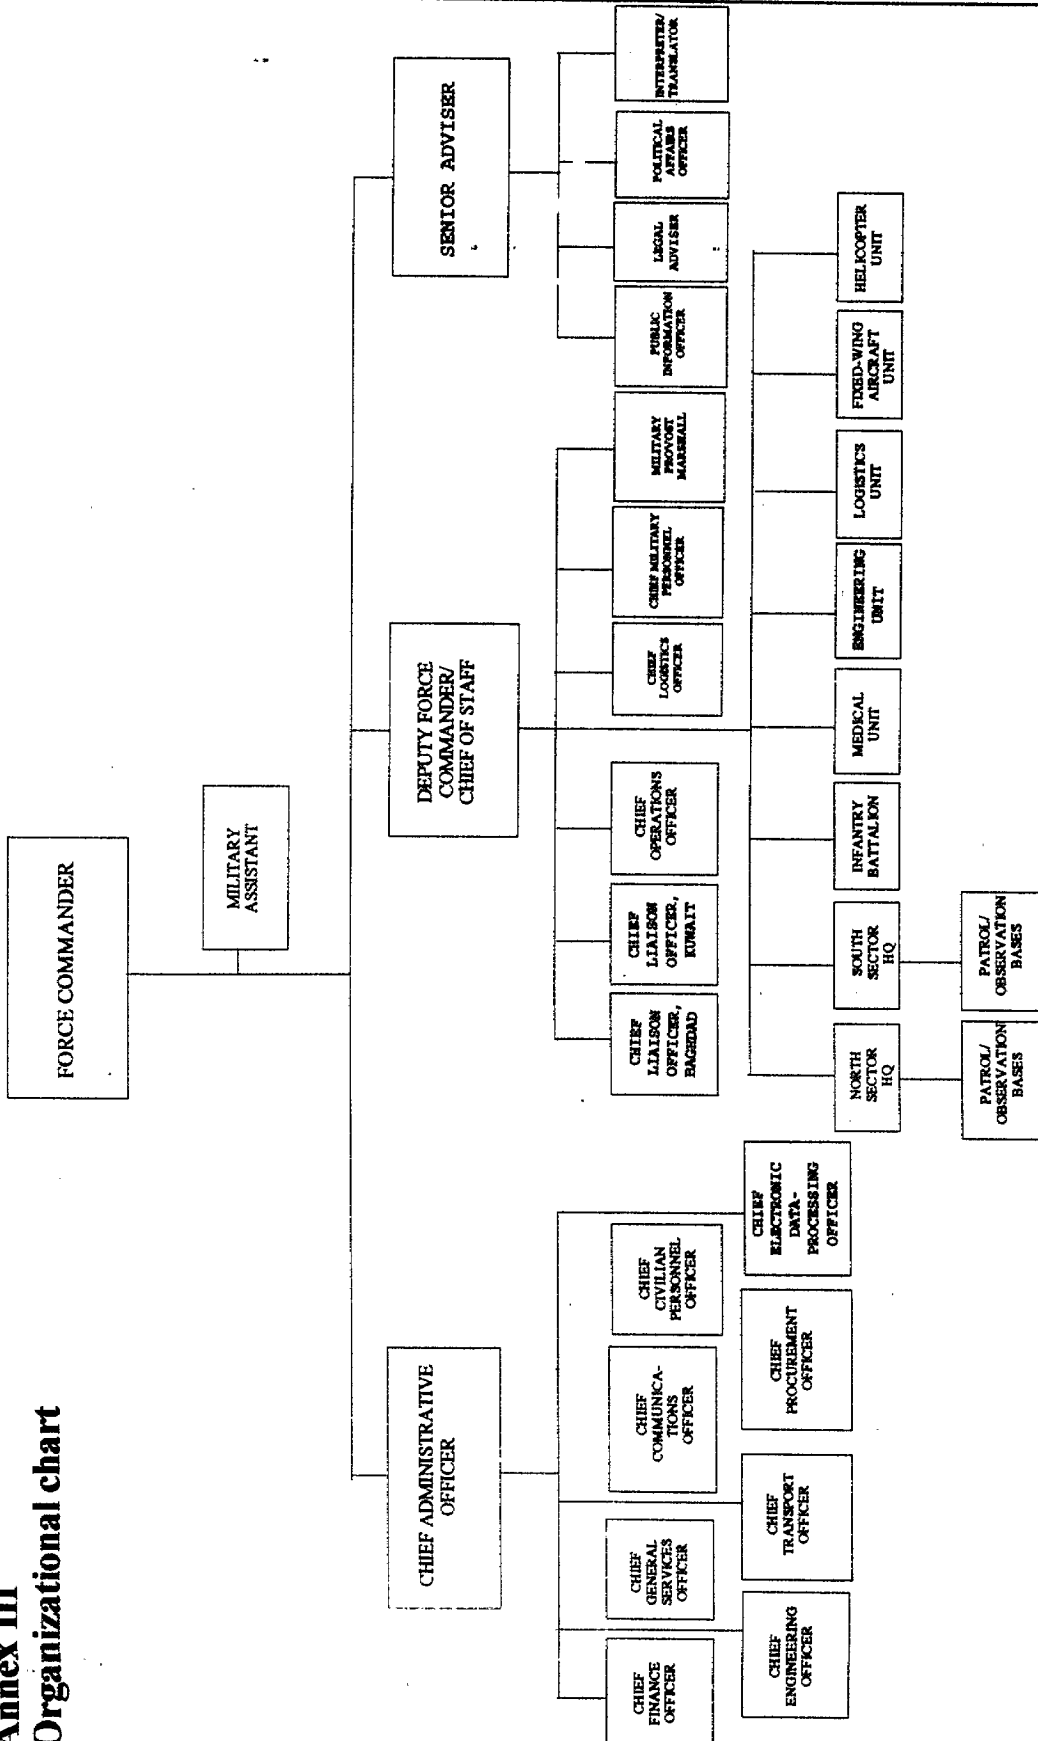

1. *Military observers.* Provision is made for mission subsistence allowance for 195 military observers at the following rates: \$90 per day for 185 observers stationed in the demilitarized zone; \$75 per day for 5 observers in Kuwait and \$100 per day for 5 observers in Baghdad. Provision is also made for round-trip rotation travel for 195 military observers at the rate of \$4,000.
2. *Standard troop cost reimbursement.* Provision is made for reimbursement to troop-contributing Governments for 903 contingent personnel provided to UNIKOM (775 for infantry personnel and 128 support personnel), taking into account an overlap factor of 0.5 per cent during rotation.
3. *Welfare.* Provision is made to pay troops for recreational leave at a rate of \$10.50 per person per day up to seven days taken during a six-month period of service (\$132,800). Provision is also made for other welfare activities at \$9 per month per person (\$97,400) and personal mail and postage for contingent personnel at the standard rate of \$5 per month (\$54,200).
4. *Rations.* The estimate provides for feeding members of the Mission who are assigned to posts where mess facilities must be provided through arrangements with a local caterer. Provision is made for 903 contingent personnel at \$5.95 per person per day for 365 days (\$1,961,100). Provision is also made for 18 bottles of 1.5 litres of water per week for military personnel, contingent personnel and international staff (\$273,500).
5. *Emplacement, rotation and repatriation of troops.* Provision is made for one round trip for rotation of 775 contingent personnel and two round trips for rotation of 128 support personnel at the rate of \$1,400 per round trip.
6. *Clothing and equipment allowance.* The estimate takes into account an overlap factor of 0.5 per cent.
7. *Contingent-owned equipment.* The estimate provides for payment to the host countries and troop-contributing Governments of the costs of contingent-owned equipment furnished to their contingents at the request of the United Nations based on an annual depreciation rate of 10 per cent.
8. *International and local staff salaries.* Salaries of internationally recruited staff are estimated on the basis of the 1997 standard rates for New York, and local salaries reflect the scale currently applicable in the mission area. The estimate provides for 72 international staff (14 Professional, 19 General Service and 39 Field Service) and 166 local staff. The estimate includes application of a 5 per cent vacancy factor for both categories of staff.
9. *Official travel.* The present cost estimate provides for seven official trips of the Force Commander and other officials to New York for briefing and consultations (round-trip airfare at \$4,000 and daily subsistence allowance at \$201 per day (\$38,000)), as well as travel and subsistence costs of two internal auditors for a trip between New York and the mission area (\$17,000).
10. *Premises/accommodation.* A total of \$170,000 is provided under maintenance supplies for routine maintenance and repairs involving the execution of some 3,000 work orders for a year. Provision of \$279,400 is made for the cost of utilities for the Umm Qasr headquarters, estimated at \$15,000 per month for electricity (\$180,000) and \$50 per day for water (\$18,250). Potable water is delivered weekly to patrol observation base N-2 by a private contractor at a cost of \$175 per week, including emergency deliveries (\$9,100). Utilities in Camp Khor, Al-Abdaly and Kheitan are provided free of charge by the host Government. Also included under this heading is the cost of diesel fuel for generators installed at the base, the platoon camp and sectors (\$72,000).
11. *Purchase of vehicles.* During the 1996/97 financial period, it was anticipated that the vehicle establishment of 470 could be reduced by 56 to 414. On the basis of a further review, it was determined that a vehicle establishment of 422 would be required. The cost estimate provides for the replacement of 25 vehicles that are being proposed for write-off through normal wear and tear in accordance with the kilometres-per-year replacement programme to meet transport requirements in the camps and sectors.

12. *Transport workshop equipment.* Provision is made for the replacement of various types of workshop equipment, such as general mechanic tools and power tools for the main workshop, the Austrian logistics heavy-duty workshop and the two Bangladeshi battalion workshops (\$30,000).
13. *Transport spare parts, repairs and maintenance.* The cost estimate provides for spare parts, repairs and maintenance of 267 United Nations-owned vehicles and 155 contingent-owned vehicles of various types as follows: (a) 195 light United Nations-owned and 54 light contingent-owned general-purpose vehicles at an annual cost of \$1,500 per vehicle (\$373,500); (b) 72 United Nations-owned special-purpose vehicles and engineering equipment and 69 contingent-owned special-purpose vehicles at an annual cost of \$3,200 per vehicle (\$451,200); (c) 32 heavy contingent-owned armoured vehicles at an annual cost of \$6,250 per vehicle (\$200,000).
14. *Petrol, oil and lubricants.* The cost estimate is based on a monthly consumption of 140 gallons (530 litres) of petrol/diesel fuel per vehicle for 256 United Nations-owned vehicles and 123 contingent-owned vehicles, and 250 gallons (950 litres) per vehicle for 11 pieces of United Nations-owned engineering equipment and 32 contingent-owned armoured vehicles, at a cost of \$0.51 per gallon (\$0.13 per litre), plus the cost of oil and lubricants at 10 per cent of the cost of fuel.
15. *Vehicle insurance.* Provision is made for local third-party liability insurance coverage for 267 United Nations-owned vehicles and 155 contingent-owned vehicles, including 32 armoured personnel carriers. The rates are as follows: (a) in Iraq, 422 vehicles at \$280 per vehicle (\$118,200); (b) in Kuwait, 390 vehicles at \$80 per vehicle (\$31,200). In addition, worldwide coverage is required for 390 general-purpose vehicles at \$37 per vehicle per annum (\$14,400) and for 32 armoured personnel carriers at \$286 each per annum (\$9,200).
16. *Helicopter operations: aviation fuel and lubricants.* Provision is based on an estimated total consumption of 75,000 litres of fuel at \$0.26 per litre per month for two medium utility helicopters (\$234,000).
17. *Fixed-wing aircraft: aviation fuel and lubricants.* Provision is based on an estimated total consumption of 85,000 litres of fuel at \$0.26 per month (\$265,200).
18. *Aircrew subsistence allowance.* Provision to cover accommodation outside Kuwait for the six-person aircrew of the AN-26 is based on the rate of \$70 per person per night for 120 nights (\$50,400).
19. *Landing fees and ground handling.* Provision is made for monthly ground handling charges for one fixed-wing aircraft as follows: 20 landings in Iraq at \$409 per landing (\$8,180); 10 landings in Kuwait at \$150 per landing (\$1,500); and 10 landings in Cyprus at \$118 per landing (\$1,180).
20. *Communications equipment.* Provision is made for the acquisition of additional communications equipment listed in section B of the present annex to incorporate the expansion of UNIKOM operational systems and to ensure provision of continued efficient service. The anticipated delivery of one satellite earth station will allow UNIKOM to connect Kheitan (via Brindisi and New York) to Umm Qasr headquarters. Although this will provide only a temporary solution for the data-transmission requirement between those two places, capacity cannot be expanded because of lack of transponder space in the Atlantic Ocean region satellite. In order to normalize the situation, an additional earth station is required to operate from Umm Qasr headquarters via the Indian Ocean region satellite. That will facilitate the implementation and improvement of electronic data-processing requirements. In the context of upgrading communications equipment to the digital type, provision is also made for the acquisition of four pieces of multiplex equipment (2 Timeplex and 2 MUX 30) and two pieces of microwave digital equipment. This will increase the efficiency of the system and facilitate maintenance, since spare parts are widely available in the commercial market. Provision is also made for the replacement of VHF equipment. The existing VHF systems consist of units previously belonging to the United Nations Transition Assistance Group and the United Nations Iran-Iraq Military Observer Group, which are not economical to repair and for which spare parts are no longer readily available. The digital systems, which are considered to be more advanced, are more effective and efficient, are easier to maintain and are now used in worldwide commercial telecommunications systems.
21. *Communications spare parts and supplies.* Provision is made for spare parts and supplies required for both United Nations-owned and contingent-owned communications equipment. The equipment includes replacement parts, batteries and miscellaneous supplies in both civilian and military patterns (\$103,000).

22. *Communications workshop and test equipment.* The cost estimates provide for workshop and test equipment required to install and maintain mechanical, electrical and electronic equipment. Required items are three sets of toolboxes with tools, two digital transmission test sets and other miscellaneous workshop equipment (\$38,000).
23. *Commercial communications.* Provision is made for facsimile and telex lines (\$40,000); telephone rental and long-distance calls, pouch service, post office box rental and postage (\$93,300), emergency commercial communications via INMARSAT at \$400 per month (\$4,800); and the UNIKOM share of the transponder lease for the Atlantic and Indian Ocean region satellites at a total of \$126,000 per year (\$264,100).
24. *Office furniture.* Provision is made for the replacement of office furniture for all locations within UNIKOM. As indicated in section B of the present annex, 106 items will be transferred to UNIKOM from existing stock (\$22,500).
25. *Data-processing equipment.* Provision is made for the acquisition of one server and the replacement of obsolete units that are not able to run new applications. In addition, provision is made for yearly maintenance and payment of licensing fees for standard applications such as Sun Account, Progen Payroll, Reality System, Lotus Notes and Newsfeed. The United Nations is legally obligated to pay those charges in order to operate the finance and procurement software (\$139,600).
26. *Observation equipment.* A systems contract for night-vision devices has recently been established. Provision is made for the acquisition of four night-vision devices based on the current standard (ITT Gen II Plus) at a unit cost of \$3,500 (\$14,000). Provision is also made for the acquisition of six global positioning systems at \$800 per unit (\$4,800) and six spotlight units at \$450 per unit (\$2,700).
27. *Accommodation equipment.* Provision is made for the replacement of various types of installed equipment such as exhaust fans, water heaters, deep-fat fryers, built-in stoves, grills and kitchen equipment (\$40,000).
28. *Miscellaneous equipment.* Provision is made for refilling and maintenance of more than 590 units of various fire extinguishers (\$20,000) and other tools (\$3,000).
29. *Spare parts, repairs and maintenance.* Provision is made for the cost of spare parts for generators and air-conditioners (\$145,000). Provision is also made for third-line maintenance (\$57,700) and repairs of data-processing equipment (\$9,100).
30. *Audit services.* Provision is made for the cost of external audit services (\$93,200).
31. *Contractual services.* Provision is made for the cost of services such as laundry (\$269,800), barber/tailoring/shoe repair (\$66,100), grounds maintenance (\$72,000), rodent and pest control, (\$24,000), janitorial/custodial services (\$168,000), garbage and refuse collection (\$19,200) and maintenance of laundry and kitchen (\$15,600).
32. *Miscellaneous other services.* Provision is made for legal fees, bank charges, loss on exchange and newspaper advertisements and cleaning of septic tanks, cleaning and restoration of water storage tanks and pest control in the patrol observation bases (\$50,000).
33. *Uniform items, flags and decals.* Provision is made for the cost of United Nations accoutrements, medals and flags at \$35 each for military personnel per six months (\$76,800), uniforms for 39 Field Service officers (\$3,900) and flags for official vehicles and ceremonial events (\$31,300).
34. *Field defence stores.* Provision is made for the replacement of sandbags (\$6,000) and damaged and stolen materials (\$25,000) and the purchase of concertina wire (\$15,000) and pickets (\$10,000).
35. *Operational maps.* Provision is made for the acquisition of maps of the demilitarized zone and adjoining areas in line with operational requirements (\$6,000).
36. *Quartermaster and general stores.* Provision is made for quartermaster and general stores based on actual consumption: oxygen, acetylene and freon refills (\$29,700), packing materials (\$13,100), kitchen utensils and crockery (\$2,500), bedding (\$18,000) and general supplies including work gloves and battery (\$6,200).

37. *Training programmes.* Provision is made for the training of mission staff officers in electronic data-processing (\$10,000).
38. *Mine-clearing programme.* Provision is made for explosives and demolition accessories such as detonating cords, plastic explosives and electric blasting caps for mines and unexploded ordnance in support of UNIKOM operations (\$10,000).
39. *Commercial freight and cartage.* Provision is made for freight costs for shipping and clearing charges in connection with official shipments in and out of Kuwait and for other items not included elsewhere in the cost estimates (\$100,000).

Annex V

Justification for additional staffing requirements

1. Contracts Officer, P-3. UNIKOM currently has one Procurement Officer at the P-4 level. The addition of a Contracts Officer would ensure effective implementation of internal controls in the area of procurement management.
2. UNIKOM contracts for a variety of services and goods including, but not limited to, catering, life-support services, bottled water, aviation fuel and petrol, oil and lubricants. These contracts are for the support of approximately 1,300 military and civilian members of the Mission. The Contracts Officer will be responsible for writing up and administering the contracts/blanket purchase orders. Contracts vary in complexity from the very complex life-support and catering contracts to simple, one-time, minor construction contracts and rental of heavy construction equipment. Under the general supervision of the Chief Procurement Officer, the Contracts Officer represents the Mission's contractual activity.
3. In addition the Contracts Officer will be responsible for overseeing the sale of UNIKOM property after write-off action by the UNIKOM Property Survey Board, and will maintain liaison with senior military and civilian officers, mission requisitioners and contractors on a continual basis.
4. In order to fulfil those duties, the Contracts Officer will undertake the following tasks:
 - (a) Initiating the contractual process by reviewing requisitions for contractual services and the availability of funds; conducting market surveys and identifying an adequate number of contractors; preparing tender documents and/or requests for proposal; and evaluating bids/offers and ensuring proper bidding procedures, including preparation of presentations for submission to the Local Committee and/or the Local Committee on Contracts;
 - (b) Ensuring proper formalization of the contracting process;
 - (c) Monitoring contract performance and ensuring necessary arrangements for payment;
 - (d) Assisting the Chief Procurement Officer on administrative aspects of procurement, including supervising the Contracts Assistant.

Annex VI
Resources made available and operating costs
for the period from 9 April 1991 to 30 June 1997
(United States dollars)

	<i>Gross</i>	<i>Net</i>
A. Summary of resources		
1. Resources		
<i>9 April to 8 October 1991</i>		
Appropriation (resolution 45/260)	60 977 000	60 000 000
<i>9 October 1991 to 8 April 1992</i>		
Appropriation (resolution 46/197)	33 600 000	32 649 000
<i>9 April to 31 October 1992</i>		
Appropriation (resolution 47/208 A)	28 500 000	27 698 200
<i>1 November 1992 to 31 October 1993</i>		
Appropriation (resolutions 47/208 A and B)	59 800 000	57 682 000
