Annex

Statement dated 31 August 1981 by the spokesman of the Ministry for
Foreign Affairs of the Republic of Suriname

The Government of the Republic of Suriname, on learning of the latest incursions which the army of South Africa has made into the territory of the People's Republic of Angola, has strongly condemned this blatant act of open aggression against a sovereign country and has expressed its opinion that this act of aggression is endangering the peace and security in southern Africa.

The Government of the Republic of Suriname fervently hopes that the international community will take appropriate and concerted action against the repeated and flagrant violations by South Africa of the principals embodied in the Charter of the United Nations.
