MEETING OF STATES PARTIES
Seventh meeting
New York, 19-23 May 1997

DECISIONS ON BUDGETARY MATTERS OF THE INTERNATIONAL TRIBUNAL
FOR THE LAW OF THE SEA FOR THE YEAR 1998

1. The Meeting of States Parties approves the budget of the International Tribunal for the Law of the Sea for 1998, amounting to \$5,767,169, as set out in annex III to the present document, together with the staffing table for the Registry in 1998, as contained in annexes I and II hereto.
2. The Meeting of States Parties approves expenditures of up to \$290,000 for the Tribunal to hold a fourth meeting of four weeks' duration in October 1997, principally devoted to finalizing and adopting the Rules of the Tribunal, to be financed from existing resources. However, this must be viewed as an exception and shall in no way constitute a precedent. The President of the Tribunal should also ensure that a certain amount of funds remains unused.
3. The Meeting of States Parties approves expenditures for eight weeks of meetings of the Tribunal in 1998 in order to consider and adopt, as envisaged by the Tribunal, *inter alia*, the Internal Judicial Practice of the Tribunal, the Rules and Practice of its Chambers as well as the Guidelines for potential parties before the Tribunal.
4. The Meeting of States Parties approves the transfer of funds remaining at the end of the current budget year to the budget for 1998 under the item "Temporary assistance for meetings".
5. Without prejudice to the application of the provisions of article 19 of annex VI to the United Nations Convention on the Law of the Sea in respect of future budgets of the Tribunal regarding the contribution to be made by the International Seabed Authority, the budget of the Tribunal for 1998 will be financed by all States that are Parties to the Convention.
6. The contributions to be made by States Parties shall be based upon the scale of assessments for the regular budget of the United Nations for the corresponding financial year, adjusted to take account of participation in the Convention. This shall be applied provisionally pending the adoption of a scale by the Meeting of States Parties.

Grand Total		1 971 330

^e Travel of the judges (business class): Two trips: \$2,480 x 2 x 20 judges = \$99,200. However, the additional amount of \$150,800 will be available only if a case is submitted to the Tribunal in 1998.

^f The remuneration of the staff is composed of various elements which, for budgetary purposes, are usually combined under three objects of expenditure, namely, costs of posts, common staff costs and representative allowance. Following the standard practice of the United Nations, estimates for these three objects of expenditure are based on Standard Salary Costs prepared by the Data Analysis and Systems Control Unit of the Programme Planning and Budget Division, Office of Programme Planning, Budget and Accounts, Department of Administration and Management. Standard Salary Costs provides data on annual total net salary

(equal to net base salary plus post adjustment), common staff costs and representation allowance, by category/level, by duty station and by calendar year. In the table, the figures for "Established posts" stand for total net salary. Also, in the absence of data applicable to United Nations staff in Hamburg, the data for The Hague duty station have been used. There are periodic revisions of Standard Salary Costs; for the purpose of the table, the latest available revision, version 07, has been used.
