Section 27A

Office of the Under-Secretary-General for Administration and Management

(Programme 24 of the medium-term plan for the period
1998-2001)

Overview

- 27A.1 The Department of Administration and Management will take the lead in the implementation of the Secretary-General's proposed reorientation and transformation of the management of the United Nations. The reoriented Department will focus on the three areas of managerial activity: the management of financial resources, human resources and support operations. System-wide management, direction, strategic planning and performance monitoring functions of the Department will be strengthened. The Department currently includes the Office of the Under-Secretary-General, the Office of Programme Planning, Budget and Accounts, the Office of Human Resources Management, the Office of Support Services and the Office of Conference Services, as well as the administrative offices at Geneva, Vienna and Nairobi. As part of the strategic departmental reorientation, all conference service activities will be brought together in a distinct Department of General Assembly Affairs and Conference Services.
- 27A.2 The Secretary-General accords high priority to the effective and coherent exercise of management functions in the Organization and to the establishment and maintenance of clear lines of responsibility and accountability. Similar priority is accorded to the initiation and implementation of management improvements, aimed at enhancing the responsiveness of the Secretariat to the changing and growing needs of the Organization. The Department will pursue those goals through a Management Reform Group.
- 27A.3 The Under-Secretary-General for Administration and Management is, therefore, responsible for the management of the Organization's financial resources, human resources and support operations, as well as for system-wide management direction, strategic planning and performance monitoring. This responsibility requires the substantive involvement of the Office of the Under-Secretary-General in the management of the financial and human resources of the Organization and in assuring continued essential support services. The Office of the Under-Secretary-General is also responsible for the administration of justice in the Secretariat and provides secretariat services to the Fifth Committee of the General Assembly and to the Committee for Programme and Coordination.
- 27A.4 The estimated percentage distribution of the total resources of the Office will be as follows:

27A.5 The immediate office of the Under-Secretary-General for Administration and Management supports the Under-Secretary-General in the direction and supervision of the activities of the Department. The Office has particular responsibility for the overall direction and management of the administrative and financial operations of the Organization and the initiation and implementation of management and efficiency improvements. The Office also provides services to the Committee for Programme and Coordination and the Fifth Committee.

Resource requirements (at current rates)

Posts

27A.6 The requirements for salaries and common staff costs are estimated at \$2,234,100. This amount includes an additional P-4 post for the Fifth Committee secretariat, which was accommodated within the existing staffing level by reducing the staffing for other functions of the Office of the Under-Secretary-General by one P-4 post. The resource growth of \$29,400 reflects the effect of the application of the standardized vacancy rates.

Other staff costs

27A.7 The provision of \$36,200 for overtime and general temporary assistance for the Office of the Under-Secretary-General allows for essential support during periods of peak workload.

Travel

27A.8 The provision of \$53,400 relates to the travel of the Under-Secretary-General and other staff of the Office on matters requiring their direct involvement.

General operating expenses

27A.9 Total resource requirements of \$31,500 relate to communications and to the Office's share of the maintenance and support of the LAN technical infrastructure (including central servers) necessary for the support of central management services such as e-mail, and UNIX for IMIS.

Hospitality

27A.10 The provision of \$800 relates to official functions.

Furniture and equipment

27A.11 The provision of \$13,200 pertains to the replacement of existing office automation equipment.

27A.12 The main objective of this programme is to facilitate the functioning of the internal justice system in the Secretariat. During the biennium 1998-1999, efforts will continue to improve the informal procedures for the amicable settlement of staff grievances and to ensure a just, continuous and efficient internal justice system in the Secretariat.

27A.13 In order to meet these objectives, substantive and technical servicing of the Headquarters Joint Appeals Board, Joint Disciplinary Committee, Grievance Panel and Panel of Counsel will be continued. Assistance will also continue to be given to processing appeals, conducting investigations, providing legal and procedural advice and legal and administrative research. Legal advice will also be given to the Secretary-General on the disposition of appeals, staff grievances and disciplinary matters and on the implementation of judgements of the Administrative Tribunal and administrative decisions.

27A.14 This programme is also responsible for the establishment of administrative policies, procedures and machinery for the proper functioning of the internal justice system and issuance of staff rules and administrative directives concerning disciplinary measures and appeals.

Resource requirements (at current rates)*Posts*

- 27A.15 Requirements under this heading (\$1,011,800) cover salaries and common staff costs of two Professional posts (one P-5 and one P-4) and five General Service posts and reflect the abolition of one General Service (Other level) post. The resource growth of \$36,300 reflects the application of the standardized vacancy rates, offset in part by the abolition of one post.

Other staff costs

- 27A.16 The general temporary assistance requirement of \$98,800 would provide for assistance in the processing of cases for the Joint Appeals Board in order to avoid the build-up of a backlog of cases.

Travel

- 27A.17 Requirements for travel of staff, estimated at \$5,000, would provide for travel to Geneva/Vienna to coordinate procedures and to maintain uniformity in the recommendation of the Joint Appeals Board.

General operating expenses

- 27A.18 Total resource requirements of \$9,800 relate to communications and the Office's share of the maintenance and support of the LAN technical infrastructure (including central servers) necessary for the support of central management services such as e-mail and UNIX for IMIS automation equipment.
