Denmark: revised draft resolution

Study on conventional disarmament

The General Assembly,

Recalling its resolution 35/156 A of 12 December 1980 in which it approved, in principle, the carrying out of a study on all aspects of the conventional arms race and on disarmament relating to conventional weapons and armed forces, to be undertaken by the Secretary-General with the assistance of a group of qualified experts appointed by him on a balanced geographic basis,

Recalling the discussions at the 1981 substantive session of the United Nations Disarmament Commission on the general approach, scope and structure of the study on all aspects of the conventional arms race and on disarmament relating to conventional weapons and armed forces,

1. Requests the Secretary-General to establish the expert group in accordance with the provisions contained in paragraph 1 of its resolution 35/156 A;
2. Requests the Disarmament Commission at its substantive session in 1982 to complete its considerations of the general approach to the study, its structure and scope and to transmit the conclusions of its deliberations to the expert group;
3. Agrees that the expert group should pursue its work after the above-mentioned session of the Disarmament Commission taking into consideration such conclusions as the Commission may submit to it, and the deliberations at the 1981 substantive session of the Disarmament Commission, in particular reflected in paragraph 21 and Annex III of the report of that session;
4. Requests the Secretary-General in accordance with paragraph 4 of its resolution 35/156 A to submit a final report to the General Assembly at its thirty-eighth session.
