Item 4 of the agenda

NEW AND RENEWABLE SOURCES OF ENERGY
IN THE CONTEXT OF DEVELOPMENT

Iraq and Pakistan: draft decision

Aggression against natural energy resources

The Conference reasserts the necessity of abiding by the Charter of the United Nations and international law which confirm the illegality of any action taken by occupying authorities to change the nature of the occupied lands. In this respect, the Conference denounces Israel for its project of linking the Mediterranean with the Dead Sea through a water canal as it is an aggression against the legitimate national rights of the Palestinian people and their occupied land.
