Agenda item 159

Financing of the United Nations Observer Mission in Angola

Report of the Secretary-General

Addendum

Summary

The Security Council, by its resolution 1118 (1997) of 30 June 1997, established the United Nations Observer Mission in Angola (MONUA) on 1 July 1997.

The present report contains the proposed budget for the maintenance of MONUA for the period from 1 July 1998 to 30 June 1999, which amounts to \$140,825,400 gross (\$136,380,900 net). It reflects a decrease of 22 per cent, in gross terms, from the previous estimate of \$180,689,000 gross (\$176,430,200 net) for the period from 1 July 1997 to 30 June 1998. Resources approved for the period ending 30 June 1998 amounted to \$155,000,000 gross (\$150,371,600 net).

The proposed budget consists of non-recurrent costs of \$1,186,200 and recurrent costs of \$139,639,200 gross (\$135,194,700 net). It provides for the deployment of 90 military observers, 955 contingent personnel and 345 civilian police observers, supported by a civilian establishment of 281 international and 225 local staff and 71 United Nations Volunteers.

The actions to be taken by the General Assembly are contained in paragraph 25 of the present report, including the appropriation and assessment of \$140,825,400 gross (\$136,380,900 net) for the period from 1 July 1998 to 30 June 1999, subject to the extensions of the mandate by the Security Council.

I. Introduction

1. The Security Council, by its resolution 1118 (1997) of 30 June 1997, decided to establish, as from 1 July 1997, the United Nations Observer Mission in Angola (MONUA) for an initial mandate of four months until 31 October 1997.
2. The General Assembly, by its resolution 52/8 of 31 October 1997, appropriated \$155,000,000 gross (\$150,371,600 net) for the operation of MONUA for the period from 1 July 1997 to 30 June 1998, to be assessed among Member States in accordance with the scheme set out in the resolution.
3. The Secretary-General, in document S/1998/17 and Add.1 informed the Security Council of developments in the political, military and police, human rights and humanitarian aspects of the situation in Angola. In addition, the Secretary-General presented his recommendations on the continuation of the United Nations presence in Angola after 30 January 1998.
4. The Security Council, by its resolution 1149 (1998) of 27 January 1998, extended the mandate of MONUA until 30 April 1998, including the military task force outlined in paragraphs 35 and 36 of the report of the Secretary-General (S/1998/17).
5. Pursuant to the same resolution, the Secretary-General, in his report of 23 February 1998 (A/52/799), submitted the revised budget of MONUA in the amount of \$180,689,000 gross (\$176,430,200 net) for the period from 1 July 1997 to 30 June 1998 for consideration by the General Assembly at its resumed fifty-second session.
6. The Advisory Committee on Administrative and Budgetary Questions, in its report of 10 March 1998 (A/52/825), recommended to the General Assembly the appropriation of the additional amount of \$20 million gross for the period from 1 July 1997 to 30 June 1998, taking into account that resources totalling \$155,000,000 gross had already been provided for the same period. The recommendation reflects a reduction of \$5,689,000 gross from the Secretary-General's proposal.

II. Political mandate

7. The political mandate and main objectives of the Observer Mission are set out in detail in section II of the report of the Secretary-General of 23 September 1997 (A/52/385).

III. Operational plan and requirements

8. To achieve its mandates and objectives, the operational plan and requirements for MONUA call for the following:
 - (a) A military component consisting of 90 military observers, headed by a Chief Military Observer, to be deployed in seven locations (mission headquarters and six regional headquarters), and a military task force of 955 contingent personnel comprising four infantry companies (600 personnel), a helicopter unit of six aircraft (130 personnel), a medical unit (40 personnel), a signals company (40 personnel), a logistics support unit (100 personnel), 26 staff officers and 19 military police, to be deployed in strategically important regions, to be adequately equipped to respond to challenging security needs and to assist in the accomplishment of the residual military tasks, including the demobilization of former members of the União Nacional para a Independência Total de Angola (UNITA) and the

collection of their weapons and ammunition, as well as the monitoring of the free movement of goods and people throughout the country;

(b) A civilian police component of 345 civilian police observers, headed by a Police Commissioner, to be deployed at 43 team sites throughout the mission area, each with six or seven police observers, of which seven team sites will be co-located with military observers in Luanda and at six regional headquarters;

(c) A human rights component, headed by a director at mission headquarters, with two monitors in almost all of the 18 provinces of Angola;

(d) A political affairs component, headed by a director at mission headquarters, to be deployed in most of the 18 provinces of Angola with senior officers stationed in the regional headquarters to serve as coordinators for all related activities;

(e) An administrative component, headed by the Chief Administrative Officer, located at mission headquarters in Luanda, which would comprise civilian staff required for the transition from the United Nations Angola Verification Mission III (UNAVEM III) and for the maintenance of the Observer Mission.

IV. Financial administration

A. Financial period

9. The financial period covers the 12 months beginning on 1 July of one year and terminating on 30 June of the following year, in accordance with section I of General Assembly resolution 49/233 A of 23 December 1994.

B. Resources made available and operating costs of the United Nations Angola Verification Mission and the United Nations Observer Mission in Angola from inception to 30 June 1998

10. The total resources made available to the operations in Angola, consisting of UNAVEM from its inception on 3 January 1989 to 30 June 1997 and MONUA from its inception on 1 July 1997 to 30 June 1998, amount to \$1,084,646,120 gross (\$1,061,545,125 net). Of that amount, credits returned to Member States amounted to \$44,460,500 gross (\$43,983,000 net), of which \$1,387,900 represented interest and miscellaneous income. Actual and pro forma expenditures for the same period amount to \$1,035,655,200 gross (\$1,014,696,700 net). Related information is presented in detail in annex V to the present report.

C. Status of assessed contributions

11. As at 11 March 1998, a total of \$1,049,515,628 had been assessed on Member States for UNAVEM from its inception (3 January 1989) to 30 June 1997 and MONUA from its inception on 1 July 1997 to 30 April 1998. Contributions received for the same period amounted to \$903,537,214. In addition, outstanding assessments were reduced by an amount of \$738,030 pursuant to General Assembly resolution 50/83 of 15 December 1995, resulting in a shortfall of \$145,240,384.

D. Voluntary contributions and trust funds

12. The General Assembly, in paragraph 18 of its resolution 52/8 of 31 October 1997, invited Member States to make voluntary contributions to the Observer Mission in cash and in the form of services and supplies acceptable to the Secretary-General. A cash contribution of \$7,590 has been received from the Government of Cyprus. In connection with the deployment of a medical support unit of 63 personnel, the Government of Portugal is providing the services of 23 personnel as a voluntary contribution to the Observer Mission. Voluntary contributions in kind have also been provided to UNAVEM and MONUA by the Government of South Africa. Those contributions include warehouse and office facilities, landing fees and ground handling at the Waterkloof Air Force Base in Pretoria and medical services at government rates at a military hospital. No trust fund has been established in support of the Observer Mission.

V. Status of reimbursement to troop-contributing Governments

13. Contingent personnel have been provided by the Governments of Bangladesh, Brazil, Egypt, France, India, Italy, Jordan, Malaysia, Namibia, the Netherlands, New Zealand, Pakistan, Portugal, the Republic of Korea, Romania, the Russian Federation, Sweden, Ukraine, the United Kingdom of Great Britain and Northern Ireland, Uruguay, Zambia and Zimbabwe. Full reimbursement in accordance with the standard rates established by the General Assembly for troop costs has been made to those Governments for the period ending 31 May 1997. It is estimated that an amount of \$24,873,300 is due for troop costs for the period from 1 June 1997 to 31 January 1998. Details are shown in table 1.

(Thousands of United States dollars)

Basic pay	22 402.9

VI. Status-of-forces agreement

14. The status-of-forces agreement between the Government of Angola and the United Nations was signed on 3 May 1995. Under the terms of the agreement, contributions in kind have been provided by the Government of Angola to UNAVEM III and MONUA at an estimated total value of \$9.1 million per year. A detailed breakdown of those contributions is contained in annex VI to the present report.

VII. Cost estimates for the period from 1 July 1998 to 30 June 1999

15. Column 2 of annex I to the present report sets out in detail the proposed budget for the maintenance of MONUA for the period from 1 July 1998 to 30 June 1999, which is estimated at \$140,825,400 gross (\$136,380,900 net). This reflects a 22 per cent decrease, in gross terms, from the previous estimate of \$180,689,000 gross (\$176,430,200 net) for the period from 1 July 1997 to 30 June 1998, as contained in the report of the Secretary-General of 23 February 1998 (A/52/799). This decrease is primarily attributable to the fact that resources for the prior period provided for the withdrawal of some 2,700 contingent personnel while the proposed budget provides for the maintenance of a military task force of 955 contingent personnel.

16. The proposed budget provides for the deployment in the Observer Mission of 90 military observers, 955 contingent personnel and 345 civilian police observers supported by a civilian establishment of 281 international staff, 225 local staff and 71 United Nations Volunteers.

17. The budget consists of \$1,186,200 in non-recurrent costs for the replacement of worn or damaged vehicles, communications and other equipment and recurrent costs of \$139,639,200 gross (\$135,194,700 net).

18. In order for the United Nations to improve the aviation services received, the Office of Internal Oversight Services has recommended that measures be taken to strengthen the Organization's capability to assess the viability and suitability of vendors, including safety records and compliance with international safety regulations. In order to implement this recommendation, provision has been made in the current budget for the following:

(a) Travel of one aviation specialist and one safety specialist from Headquarters to MONUA to assess the Observer Mission's aviation programmes. An amount of \$6,900 has been included under other travel costs for travel (\$4,900) and daily subsistence allowance for four days (\$2,000);

(b) Participation of the MONUA aviation specialist in a training course organized by the International Civil Aviation Organization. An amount of \$4,500 has been included under other travel costs (\$3,000) and daily subsistence allowance for 10 days (\$1,500);

(c) The share of MONUA for the cost of an annual subscription to Jeppesen's aircraft database (\$1,700), which will be maintained in New York;

(d) Subscription to aviation publications (\$500).

19. Additional information on the cost estimates is shown in sections A, B and C of annex II. Some 56 per cent of the estimates is based on standard ratios and costs contained in the standard ratio/cost manual, while the remaining 44 per cent covers mission-specific requirements and other items that may vary from the standards. Section A provides mission-specific costs and ratios, section B provides non-recurrent costs and section C provides supplementary explanations on the cost estimates.

VIII. Staffing requirements

20. As shown in section IV of the revised budget of MONUA for the period from 1 July 1997 to 30 June 1998 (A/52/799), the proposed staffing of MONUA at maintenance level would total 506 posts, consisting of 281 international and 225 local posts. It is proposed

that this staffing be maintained for the operation of MONUA for the period from 1 July 1998 to 30 June 1999.

21. Table 2 summarizes the previous staffing proposal (A/52/799) and the current proposed staffing for MONUA at maintenance level for the period from 1 July 1998 to 30 June 1999.

22. The organizational chart of MONUA is presented in annex III, while the distribution of civilian staff by category and office is set out in annex IV. The organizational structure for the period from 1 July 1998 to 30 June 1999 reflects the consolidation of the Communications and Information Technology sections into one section. This merger was considered necessary and appropriate to enhance the administration and monitoring of the provision of those services.

IX. Observations and comments on previous recommendations of the Advisory Committee on Administrative and Budgetary Questions

23. In paragraph 19 of its report of 16 October 1997 (A/52/478), the Advisory Committee on Administrative and Budgetary Questions requested that future budget submissions indicate the estimated cost of all contributions of host Governments under the status-of-

forces agreement. In response to that request, the contributions provided by the Government of Angola to the Observer Mission for the period from 1 July 1997 to 30 June 1998 under the status-of-forces agreement are set out in annex VI. It is anticipated that those contributions would continue to be provided by the host Government to MONUA for the period from 1 July 1998 to 30 June 1999.

24. The Advisory Committee, in paragraph 20 of the same report, noted the increase in requirements for leasing seven helicopters compared with the period ending 30 June 1997 and requested that measures be taken to renegotiate the cost of leasing helicopters for the Observer Mission. On the basis of an assessment conducted by the Department of Peacekeeping Operations, it has been determined that it is necessary to maintain the lease of the helicopters for at least as long as the military task force is deployed in the mission area. The deployment of the helicopters has been deemed essential in maintaining rapid response capabilities and current operational requirements, taking into account the political and military situation in the mission area. It is envisaged that a re-evaluation of the helicopter establishment in MONUA will be undertaken when the military task force is withdrawn.

X. Actions to be taken by the General Assembly at its fifty-second session

25. The actions to be taken by the General Assembly at its fifty-second session in connection with the financing of MONUA are as follows:

(a) The appropriation of the amount of \$140,825,400 gross (\$136,380,900 net) for the maintenance of the Observer Mission for the period from 1 July 1998 to 30 June 1999;

(b) The assessment thereof at a monthly rate of \$11,735,450 gross (\$11,365,075 net), subject to the extension of the mandate of MONUA by the Security Council beyond 30 April 1998.

C. Supplementary explanation

1. Military personnel costs

(a) *Military observers* 2 869 200

1. *Mission subsistence allowance.* By its resolution 1149 (1998), the Security Council authorized the deployment of 90 military observers in MONUA. The cost estimate provides for a total of 32,850 person-days at the rate of \$72 per person per day. The mission subsistence allowance rate has been in effect since 1 May 1996.

2. *Travel costs.* Provision is made for one rotation of 90 military observers at an average cost of \$5,400 per person.

3. *Clothing and equipment allowance.* The cost estimate provides for the payment of a clothing and equipment allowance at the rate of \$200 per person per annum for a total of 1,080 person-months.

(b) *Military contingents* 21 583 700

4. *Standard troop cost reimbursement.* The Security Council, by its resolution 1149 (1998), authorized the deployment of a military task force of 955 contingent personnel. The task force comprises four infantry companies (600 personnel), a helicopter support unit (130 personnel), a signal company (40 personnel), a medical support unit (40 personnel), a logistics company (100 personnel), 26 staff officers and 19 military police. Provision is made for reimbursement to troop-contributing Governments for pay and allowances for contingent personnel at the existing standard rates set by the General Assembly in its resolution 45/258 of 3 May 1991. The cost estimate provides for pay and allowances at the rate of \$988 per person per month for all ranks for a total of 11,460 person-months (\$11,322,500), plus a supplementary allowance of \$291 per person per month for a limited number of specialists, consisting of 10 per cent of infantry personnel and 25 per cent of logistics and support personnel (\$495,900).

5. *Welfare.* The cost estimate provides for: (a) recreational leave for 955 contingent personnel at \$10.50 per day for seven days per person for every six-month period of service (\$140,400); and (b) other welfare at \$4 per person per month for a total of 11,460 person-months (\$45,800).

6. *Rations.* Provision is made for the requirements of 780 contingent personnel for a total of 284,700 person-days at the rate of \$17 per person per day. The estimate excludes provision for 26 staff officers, 19 military police and 130 helicopter support personnel, who will receive a daily meal allowance in lieu of rations. The average unit cost of \$17 provides for food (\$10), warehousing (\$3.10), inland ground transportation (\$0.54) and air transport within the mission area (\$3.36).

7. *Daily allowance.* Provision is made for a daily allowance for incidental personal expenses to 955 contingent personnel for a total of 348,575 person-days at the rate of \$1.28 per person per day.

8. *Mission subsistence allowance.* The cost estimate provides for the payment of a meal allowance in lieu of rations to 26 staff officers, 19 military police and 130 helicopter support personnel who will be deployed in remote and isolated areas where catering facilities are not accessible. The estimate was calculated for a total of 63,875 person-days at the rate of \$35 per person per day. The meal allowance rate has been in effect since 1 May 1996.

9. *Emplacement, rotation and repatriation of troops.* The provision includes: (a) two rotations for 929 contingent personnel at an average cost of \$600 per person per rotation

(\$1,114,800); and (b) one annual rotation for 26 staff officers at an average cost of \$5,400 per person (\$140,400). The rotation of contingent personnel in large groups is undertaken through commercial charter flights, resulting in a lower average cost per person. Staff officers, who normally serve a one-year tour of duty, rotate on an individual basis and are subject to regular commercial airfares.

10. *Clothing and equipment allowance.* Provision is made for reimbursement to Governments of a usage factor for all items of personal clothing, gear and equipment issued by those Governments to their military personnel at the standard rate of \$65 per person per month plus \$5 per person per month for personal weapons and ammunition, for a total of 11,460 person-months.

(c) *Other costs pertaining to military personnel* 5 674 200

11. *Contingent-owned equipment.* Provision is made for reimbursement to troop-contributing Governments of the cost of contingent-owned equipment (\$5,118,200) that is furnished to their contingents at the request of the United Nations and is prorated for the amount of time the equipment is in the mission area. The estimate was calculated on the basis of a usage factor of 10 per cent of the total value of equipment and relates to the deployment of contingent-owned equipment for four infantry companies, one medical support unit, one signal company and one logistics company.

12. *Death and disability compensation.* The estimate provides for reimbursement to Governments for payments made by them to members of their military personnel for death, injury, disability or illness resulting from service with MONUA, based on an average payment of \$40,000 per claim. The estimate has been calculated at 1 per cent of the average monthly strength of 1,390 military and civilian personnel (90 military observers, 955 contingent personnel and 345 civilian police). As at 28 February 1998, the unliquidated obligations available for this purpose amounted to \$7,600,366 for the period ending 30 April 1998.

2. Civilian personnel costs

(a) *Civilian police* 10 998 600

13. *Mission subsistence allowance.* Provision is made for allowances for 345 civilian police observers for a total of 125,925 person-days at the rate of \$72 per person per day.

14. *Travel costs.* Provision is made for one rotation of 345 civilian police at an average cost of \$5,400 per person.

15. *Clothing and equipment allowance.* The cost estimate provides for the payment of a clothing and equipment allowance to 345 civilian police at the rate of \$200 per person per annum for a total of 4,140 person-months.

(b) *International and local staff* 35 100 900

16. *International staff salaries.* The estimate provides for the salaries of 281 international staff for a total of 3,372 person-months, taking into account an estimated average vacancy rate of 5 per cent.

17. *Local staff salaries.* Provision is made for the salaries of 225 local staff for a total of 2,700 person-months. The estimate takes into account an estimated average vacancy rate of 5 per cent and is based on the salary scale established for Luanda, which has been in effect since 1 December 1994.

18. *Overtime.* The estimate provides for local staff, particularly those providing general and support services, who are required to perform their functions beyond normal working hours, and was calculated at 5 per cent of local salaries.

19. *Common staff costs.* The estimate provides for requirements of 281 international and 225 local staff (\$8,881,500) and includes an estimated average vacancy rate of 5 per cent. The provision includes requirements for hazard duty allowance for an average of 35 per cent of international and 20 per cent of local staff projected to be assigned outside Luanda (\$1,115,200). Compensation for service at hazardous duty stations was in effect until 28 February 1998 and is subject to periodic review. Provision has been made for estimated requirements until 30 June 1999 on the basis of actual historical experience.

20. *Mission subsistence allowance.* Provision is made for the requirements of 281 international staff for a total of 102,565 person-days at the rate of \$72 per person per day and takes into account an estimated vacancy rate of 5 per cent. In accordance with General Assembly resolution 51/218 E of 17 June 1997, no provision has been made for supplements for staff at the D-1/D-2 and Assistant Secretary-General/Under-Secretary-General levels.

21. *Other travel costs.* The cost estimate provides for: (a) travel and subsistence allowances for two internal auditors for a 28-day duration (\$25,400); (b) two round-trips for one person from New York to Angola for a six-day stay per trip for political consultations (\$8,300); (c) two round-trips for two persons from Angola to New York for a six-day stay per trip for political consultations (\$19,000); (d) two round-trips for one person from New York to Luanda for a six-day stay per trip for administrative consultations (\$8,300); (e) two round-trips for one person from Angola to New York for a five-day stay per trip for administrative consultations (\$9,000); (f) two round-trips for one person from New York to Angola for a 10-day stay for technical assistance on finance and related matters (\$7,000); (g) one round-trip for one aviation specialist and one safety specialist from Headquarters for a five-day stay to assess the Observer Mission's aviation programmes (\$6,900); (h) one round-trip for an aviation specialist from MONUA to participate in a training course organized by the International Civil Aviation Organization (\$4,500); (i) one round-trip for one Medical Officer from Headquarters to Luanda for a five-day stay for an inspection of medical facilities and related consultations (\$4,000); and (j) three round-trips from Headquarters to Angola by a total of five persons for varying periods of time for the installation and training of MONUA staff on the Field Assets Control System (\$33,600).

(c) *International contractual personnel* —

22. No provision is required under this heading.

(d) *United Nations Volunteers* 2 896 800

23. *Individual service contract.* Provision is made for the deployment of 71 United Nations Volunteers for a total of 852 person-months at the rate of \$3,400 per person per month. In accordance with the Memorandum of Understanding between the United Nations and the United Nations Volunteers, the rate of \$3,400 per person per month includes monthly duty allowance, administrative support, travel requirements and a hazard duty station supplement of \$400, which is payable subject to the approval of compensation for service in hazardous duty stations.

(e) *Government-provided personnel* —

24. No provision is required under this heading.

- (f) *Civilian electoral observers* —
25. No provision is required under this heading.
- 3. Premises/accommodation** 4 086 800
26. *Rental of premises.* Provision is made for the rental of the following premises in the Luanda area: (a) 16 rooms at Camp Vilaire at a total cost of \$25,000 per month (\$300,000); (b) 11 rooms at Camp "TSA" at a total cost of \$18,000 per month (\$216,000); (c) 70 rooms at Villa Araujo at a total cost of \$97,100 per month (\$1,165,200); (d) 6 rooms at Inorade at a total cost of \$6,900 per month (\$82,800); and (e) 15 rooms at various residential premises in Luanda at a total cost of \$10,000 per month (\$120,000). In addition, provision is made for the rental of residential premises in the regional and provincial areas at an average total cost of \$45,000 per month (\$540,000). No provision has been made for 55 rooms at Villa Espa pending ongoing negotiations with the host Government on their being provided to MONUA at no cost under the terms of the status-of-forces agreement between the United Nations and the Government of Angola. The reduced reliance on commercially rented premises is attributable to the utilization of two mission-owned prefabricated accommodation facilities in Luanda, the 195-unit Camp Madiba and the 180-unit MBS Camp. In addition, and as indicated in annex VI to the present report, premises for regional headquarters offices, provincial offices and team sites have been provided by the host Government to MONUA at no cost under the terms of the status-of-forces agreement.
27. *Alteration and renovation of premises.* The cost estimate provides for requirements for minor alterations to and renovation of premises at an average cost of \$10,500 per month and takes into account recent actual expenditure.
28. *Maintenance supplies.* Provision is made for requirements for supplies at an average cost of \$10,000 per month and takes into account recent actual expenditure.
29. *Maintenance services.* The cost estimate relates to requirements for services provided by private contractors, including waste disposal, sewage, heating and air-conditioning and other engineering maintenance and related services, at an average cost of \$2,000 per month.
30. *Utilities.* Provision is made for: (a) the cost of water supplied in the Luanda area at an average cost of \$40,000 per month (\$480,000); (b) propane (cooking) gas at a cost of \$2,000 per month (\$24,000); and (c) generator fuel at an average cost of \$70,000 per month (\$840,000). The current cost of generator fuel is \$0.16 per litre.
31. *Construction/prefabricated buildings.* Provision is made for requirements for spare parts, repairs and maintenance of a total of 750 prefabricated accommodation units at an average cost of \$65 per unit per year.
- 4. Infrastructure repairs** 30 000
32. *Repair of bridges.* The cost estimate provides for the repair and maintenance of bridges along MONUA supply routes at an average cost of \$2,500 per month and takes into account recent actual expenditure.
- 5. Transport operations** 4 293 800
33. *Purchase of vehicles.* The proposed vehicle establishment for the budgeted period totals 935 United Nations-owned vehicles, consisting of 788 road vehicles and 147 trailers. The cost estimate provides for the purchase of 40 light utility vehicles (jeeps) at a cost of \$15,000 per vehicle, to replace worn or damaged vehicles that have been written off

(\$600,000). Additional provision is made for related freight charges at 15 per cent of the total cost of the vehicles (\$90,000).

34. *Rental of vehicles.* The cost estimate provides for the rental of: (a) three heavy cargo vehicles for the six-month period from July to December 1998 at a cost of \$10,500 per month per vehicle (\$189,000); (b) two light forklifts for the full period at a cost of \$2,500 per month per forklift (\$60,000); (c) two medium forklifts for the full period at a cost of \$3,500 per month per forklift (\$84,000); (d) two heavy forklifts for the full period at a cost of \$5,500 per month per forklift (\$132,000); (e) two heavy passenger buses for the six-month period from July to December 1998 at a cost of \$9,000 per month per bus (\$108,000); and (f) one 40-ton crane for the full period at a cost of \$8,500 per month (\$102,000). Heavy material-handling equipment is required for the movement of equipment and supplies from the Viana logistics base to the regional headquarters and provincial offices. The rental of heavy buses is required to transport local staff and personnel employed by the support service contractor to and from various premises in Luanda and the Viana logistics base.

35. *Workshop equipment.* No provision is required under this heading.

36. *Spare parts, repairs and maintenance.* The cost estimate provides for requirements for 935 United Nations-owned vehicles at an average cost of \$85 per month per vehicle (\$933,000) and 236 contingent-owned vehicles at an average cost of \$160 per month per vehicle (\$453,100). Based on recent actual expenditure, the provision reflects a decrease in the average monthly requirement per vehicle from \$100 and \$220 in the prior period for United Nations-owned and contingent-owned vehicles, respectively.

37. *Petrol, oil and lubricants.* Provision is made for requirements for 788 United Nations-owned vehicles (\$857,100) and 149 contingent-owned vehicles (\$162,100). The estimate is based on average fuel use of 17 litres per day per vehicle, a fleet distribution of 85 and 15 per cent for diesel- and petrol-powered vehicles and fuel rates of \$0.16 and \$0.262 per litre for diesel and petrol, respectively. The cost estimate includes provision for lubricants, calculated at 10 per cent of total fuel cost (\$101,900).

38. *Vehicle insurance.* The cost estimate provides for worldwide third-party liability coverage for 935 United Nations-owned vehicles at the rate of \$350 per vehicle per year (\$327,200) and 236 contingent-owned vehicles at the rate of \$400 per vehicle per year (\$94,400).

6. Air operations

(a) *Helicopter operations* 3 907 100

39. *Hire/charter costs.* Provision is made for the lease under letter-of-assist arrangements of six MI-8 medium-utility helicopters for a total of 72 aircraft-months at a cost of \$48,000 per aircraft per month. In comparison with the previous period, the estimate reflects the reduction of one helicopter from the fleet as well as the decrease in the number of block hours from 42 to 40 hours per helicopter per month. The estimate is based on the provision of 40 block hours per aircraft per month at a cost of \$1,200 per hour. In connection with the deployment of the military task force, the helicopters would be essential in providing rapid response capabilities and maintaining operational capacity. They would also continue to provide air support for the transport of personnel and essential medium and heavy cargo to areas inaccessible to fixed-wing aircraft or by road transport, daytime and night-time reconnaissance patrols and medical and casualty evacuations.

40. *Aviation fuel and lubricants.* The cost estimate provides for requirements for a total of 2,880 flight-hours and is based on average fuel use of 712 litres per hour at a fuel cost

of \$0.20 per litre (\$410,100). The provision includes requirements for lubricants at 10 per cent of total fuel cost (\$41,000). The estimate reflects an increase of \$0.012 per litre in the cost of aviation fuel from \$0.188 in the prior period.

(b) *Fixed-wing aircraft* 16 800 900

41. *Hire/charter costs.* Provision is made for the commercial lease of: (a) two Beechcraft B-200s for 60 block hours per month at a cost of \$49,920 per aircraft per month and 40 additional hours per aircraft per month at the rate of \$200 per additional hour (\$1,390,100); (b) five Cessna C-208Bs for 50 block hours per aircraft per month at a cost of \$50,000 per aircraft per month and 40 additional hours per aircraft per month at the rate of \$150 per additional hour (\$3,360,000); (c) one Lockheed L-100 for 60 block hours per aircraft per month at a cost of \$189,000 per aircraft per month and 40 additional hours per aircraft per month at the rate of \$1,750 per additional hour (\$3,108,000); (d) one Lockheed L-100 leased from the World Food Programme for 80 block hours per month at a cost of \$198,400 per month (\$2,380,800); and (e) one Boeing B-727 for 60 block hours per month at a cost of \$124,620 per month and 50 additional hours per month at the rate of \$1,650 per additional hour (\$2,485,400). In accordance with recent changes in contractual arrangements and in addition to the base hire cost, the estimate includes an amount of \$696,000 for additional requirements for lodging, meals and transportation of aircrews, as follows: (a) \$4,000 per aircraft per month for two Beechcraft B-200 aircraft (\$96,000); (b) \$4,900 per aircraft per month for five Cessna C-208B aircraft (\$294,000); (c) \$10,000 per month for one Lockheed L-100 aircraft (\$120,000); and (d) \$15,500 per month for one Boeing B-727 aircraft (\$186,000). Given the vast territory of Angola and the deployment of MONUA at Luanda, six regional headquarters and 18 provincial offices, the fleet of 10 aircraft is essential in providing support for the transport of military and civilian personnel, the movement of medium and heavy equipment and supplies from the Viana logistics base throughout the mission area and for medical and casualty evacuation purposes. The heavy aircraft are also necessary in the regular transport of equipment and supplies from South Africa to the mission area.

42. *Aviation fuel and lubricants.* The cost estimate is based on the number of block and additional hours per type of aircraft at a fuel cost of \$0.20 per litre at the following fuel usage rates: (a) 341 litres per hour for the Beechcraft B-200 (\$163,700); (b) 379 litres per hour for the Cessna C-208B (\$408,800); (c) 2,385 litres per hour for the Lockheed L-100 (\$1,030,300); and (d) 4,600 litres per hour for the Boeing B-727 (\$1,214,400). The estimate includes provision for lubricants at 10 per cent of total fuel cost (\$281,700). Moreover, based on recent actual expenditure, the provision includes additional requirements for delivery charges to remote and isolated areas, estimated at 10 per cent of the total fuel cost (\$281,700).

(c) *Aircrew subsistence allowance* 12 000

43. Provision is made for the payment of subsistence allowance to aircrew in connection with official travel outside the mission area at an average rate of \$1,000 per month, based on recent actual expenditure.

(d) *Other air operation costs* 36 000

44. *Landing fees and ground handling.* Provision is made at an average cost of \$3,000 per month for landing fees and ground handling charges at commercial airports in South Africa and other neighbouring countries for regularly scheduled official use of MONUA

aircraft. No provision is required for the use of the Waterkloof Air Force Base in South Africa, charges for which are waived by the host Government.

7. Naval operations —

45. No provision is required under this heading.

8. Communications

(a) *Complementary communications* 2 787 900

46. *Communications equipment.* The cost estimate relates to the purchase of 30 VHF mobile radios at a cost of \$1,200 per radio (\$36,000) and 30 HF mobile radios at a cost of \$3,500 per radio (\$105,000) as replacements for worn or damaged equipment. The provision includes related freight charges at 12 per cent of the total equipment cost (\$16,900).

47. *Spare parts and supplies.* Provision is made for requirements at an average cost of \$35,000 per month, taking into account recent actual expenditure.

48. *Commercial communications.* The cost estimate includes: (a) global and domestic transponder lease at \$54,167 per month (\$650,000); (b) INMARSAT charges for C and M terminals at an average cost of \$120,000 per month (\$1,440,000); (c) local telephone charges at an average cost of \$800 per month (\$9,600); (d) postage fees for contingent personnel at an average cost of \$2,500 per month (\$30,000); and (e) pouch, facsimile and telex charges at an average cost of \$6,700 per month (\$80,400). The reduced requirements reflect the non-requirement for charges for INMARSAT A terminals owing to the projected establishment of 10 transportable VSAT satellite systems.

(b) *Main trunking contract* —

49. No provision is required under this heading.

9. Other equipment 1 220 300

50. *Data-processing equipment.* Provision is made for the replacement and upgrade of obsolete or damaged equipment as follows: (a) 30 laptop computers at a cost of \$3,000 per computer (\$90,000); (b) 10 Laser Jet printers at a cost of \$600 per printer (\$6,000); (c) one local area network (LAN) server (\$15,000); (d) 45 LAN cards at a cost of \$88 per card (\$4,000); (e) two network repeaters at a cost of \$1,200 per repeater (\$2,400); (f) 10 modems at a cost of \$250 per drive (\$2,500); (g) one small computer system interface (SCSI) tape drive (\$1,300); and (h) one switching device (\$7,000). The cost estimate includes related freight charges, calculated at 12 per cent of the total value (\$15,300).

51. *Petrol tank plus metering equipment.* The cost estimate provides for the replacement of worn or damaged equipment and consists of: (a) five 3-cubic-metre fuel bladders at a cost of \$3,000 each (\$15,000); (b) four 25-cubic-metre fuel bladders at a cost of \$12,000 each (\$48,000); and (c) five 60-cubic-metre metering units at a cost of \$1,700 each (\$8,500). The provision includes related freight charges estimated at 12 per cent of the total value of the equipment (\$8,600).

52. *Accommodation equipment.* Provision is made for the replacement of worn or damaged equipment, such as mattresses, chairs, linens, etc., for containerized accommodation units in Camp Madiba and Villa Espa.

53. *Miscellaneous equipment.* The provision relates to the purchase of miscellaneous equipment, including weighing scales and various types of packing and material-handling equipment.

54. *Spare parts, repairs and maintenance.* The cost estimate provides for requirements for spare parts, repairs and maintenance of other equipment not provided for elsewhere at an average cost of \$75,000 per month. As manifested in recent actual expenditure, requirements reflect the high repair and maintenance rate of equipment that, for the most part, was transferred from the United Nations Logistics Base at Brindisi and other peacekeeping operations.

10. Supplies and services

(a) *Miscellaneous services* 22 813 300

55. *Audit services.* Provision is made for the estimated cost of external audit for the budgeted period.

56. *Contractual services.* The cost estimate provides for requirements for the support service contract at an average cost of \$1,349,400 per month, based on the actual terms of the one-year contract that came into effect on 19 January 1998. The scope of work of the contract includes support for movement control and air operations, buildings and engineering services, communications and information technology, fuel operations, equipment maintenance, general services, warehouse management and ground transportation services at mission headquarters, six regional headquarters and provincial offices and team sites. Based on recent experience, no separate provision is required for linen and laundry services and laundry and grooming services for contingent personnel.

57. *Security services.* Provision is made for the provision of 24-hour security services to office and residential premises in the Luanda area at an average cost of \$250,000 per month (\$3,000,000). Pending the final awarding of the contract, provision is made for 24-hour security services for six regional headquarters at an average cost of \$250,000 per month (\$3,000,000). In view of the unstable security situation in the mission area, the additional provision for the six regional headquarters is considered essential in ensuring the safety and protection of United Nations personnel and property.

58. *Medical treatment and services.* The cost estimate provides for requirements for medical evacuations outside the mission area at an average cost of \$15,000 per month. On the basis of recent actual expenditure, the provision reflects an increase from \$7,850 per month in the prior period and is attributable to the high incidence of malaria and other tropical diseases.

59. *Claims and adjustments.* Provision is made for miscellaneous claims and adjustments arising from the day-to-day operation of the Observer Mission, excluding third-party vehicle accident claims, at an average cost of \$2,000 per month.

60. *Official hospitality.* The estimate provides for limited hospitality to government officials, local dignitaries and official delegations at an average cost of \$750 per month.

61. *Miscellaneous other services.* Provision is made for bank charges at an average of \$15,000 per month (\$180,000) and other miscellaneous services at an average of \$3,000 per month (\$36,000) and takes into account recent actual expenditure.

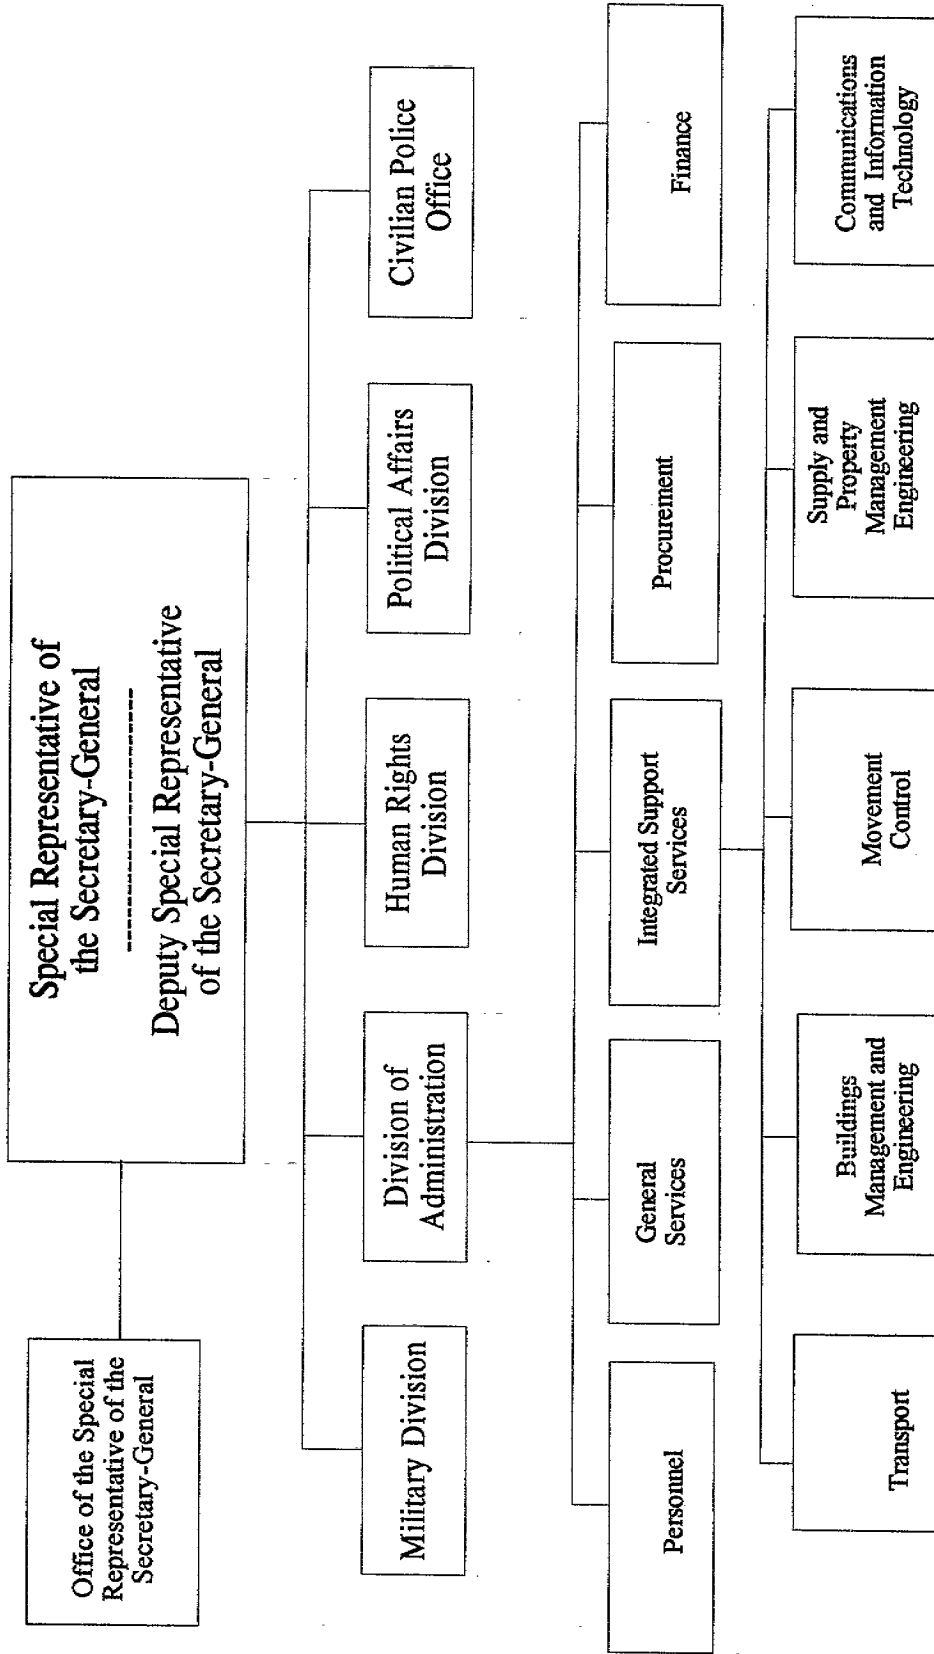

- (b) *Miscellaneous supplies* 771 400
 - 62. *Stationery and office supplies.* The estimate provides for requirements for stationery, data-processing and general office supplies at an average cost of \$17,600 per month, and takes into account recent actual expenditure.
 - 63. *Medical supplies.* Provision is made for requirements for medical and dental supplies and related consumables at an average cost of \$22,000 per month. The estimate reflects a reduction from \$31,400 per month in the prior period owing to the decrease in the number of military and civilian personnel.
 - 64. *Sanitation and cleaning materials.* The estimate provides for cleaning materials and related supplies at an average cost of \$5,000 per month and, based on recent actual expenditure, reflects a decrease from the provision of \$8,300 per month in the prior period.
 - 65. *Subscriptions.* Provision is made for: (a) subscriptions to newspapers, periodicals, airline guides and technical guides at an average cost of \$600 per month (\$7,200); (b) the Observer Mission's share of the cost of the annual subscription to the Jeppesen's aircraft database, which will be maintained at Headquarters (\$1,700); and (c) subscriptions to aviation magazines (\$500).
 - 66. *Electrical supplies.* The estimate provides for the purchase of electrical and related supplies at an average cost of \$4,000 per month and, based on recent actual expenditure, reflects a decrease from \$7,850 per month in the prior period.
 - 67. *Uniform items, flags and decals.* Based on recent actual expenditure, the estimate provides for the purchase of standard sets of accoutrements for military personnel and civilian police observers at an average cost of \$3,000 per month.
 - 68. *Field defence stores.* Provision is made for the purchase of field defence and related supplies at an average cost of \$5,900 per month.
 - 69. *Operational maps.* Provision is made for the purchase of 18 sets of operational maps of the mission area that are required by the military personnel and civilian police observers.
 - 70. *Quartermaster and general stores.* The estimate provides for the purchase of household items, paper products and other miscellaneous supplies at an average cost of \$5,000 per month. The estimate reflects a decrease from the provision of \$24,400 per month in the prior period and takes into account the decrease in the number of military and civilian personnel.
- 11. **Election-related supplies and services** —
 - 71. No provision is required under this heading.
- 12. **Public information programmes** 198 000
 - 72. *Equipment.* Provision is made for the replacement and upgrade of worn or damaged equipment, including video cassette recorders, video cameras and audio equipment.
 - 73. *Materials and supplies.* Provision is made for the purchase of audio and video tapes, photographic film, paper and other miscellaneous supplies at an average cost of \$5,000 per month. The estimate reflects a decrease from the requirement of \$6,500 per month in the prior period based on recent actual expenditure.
 - 74. *Public information production costs.* The estimate provides for the cost of production and technical services at an average cost of \$10,000 per month. The estimate reflects a

decrease in requirements from \$12,000 per month in the prior period based on recent actual expenditure.

- 13. Training programmes** 60 000
75. *Miscellaneous services.* The estimate includes provision for: (a) the training of Field Service personnel on the use and maintenance of the communications systems (\$3,000); (b) fire-fighting and safety training (\$3,000); (c) 18 human rights seminars at an average cost of \$1,500 per seminar (\$27,000); and (d) 18 political affairs seminars at an average cost of \$1,500 per seminar (\$27,000). The seminars are to be conducted to familiarize the Angolan population on the Observer Mission's human rights and political affairs programmes.
- 14. Mine-clearing programmes** —
76. No provision is required under this heading.
- 15. Assistance for disarmament and demobilization** —
77. No provision is required under this heading.
- 16. Air and surface freight** 240 000
78. *Commercial freight and cartage.* The estimate provides for the cost of commercial freight and cartage charges at an average cost of \$20,000 per month. The provision reflects a decrease from the provision of \$34,300 per month in the prior period and takes into account projected requirements for the shipment of excess equipment and supplies to the United Nations Logistics Base at Brindisi and other peacekeeping operations.
- 17. United Nations Logistics Base at Brindisi** —
79. No provision is required under this heading.
- 18. Support account for peacekeeping operations** —
80. No provision is required under this heading.
- 19. Staff assessment** 4 444 500
81. Staff costs have been shown on a net basis under budget line item 2(b). The estimate under this heading represents the difference between gross and net emoluments, that is, the amount of staff assessment to which United Nations staff members are subject, in accordance with the Staff Regulations.
- 20. Income from staff assessment** (4 444 500)
82. The staff assessment requirements provided for under expenditure budget line item 19 have been credited to this item as income from staff assessment and are credited to the Tax Equalization Fund established by the General Assembly in its resolution 973 (X) of 15 December 1955. Member States are given credit in the Fund in proportion to their rates of contribution to the MONUA budget.
