INTRODUCTION

This list, prepared by the ECWA Library, is intended to offer a cumulative guide to documents of the United Nations Economic and Social Office in Beirut (UNESOCO, 1964 - 1973, and the Economic Commission for Western Asia (ECWA), 1974 - 1979.

The list consists of five parts:

- Part I - List of all Expert Group Meetings, Conferences, Seminars and Workshops that took place since 1964 either at UNESOC or at ECWA, and their corresponding symbols.
- Part II - Documents and studies arranged by symbol/or call number with their corresponding titles, languages in which they are issued and their microfiche numbers.
- Part III - Title Index arranged by titles of documents with their corresponding symbols and microfiche numbers.
- Part IV - Author Index.
- Part V - Subject Index: Subjects used are taken from List of Broad Terms prepared by the Inter-Organization Board for Information Systems, and Library of Congress Subject Headings.

A great effort has been made to include all UNESOC/ECWA documents and to make it as complete as possible. However, the list has been prepared from documents available at ECWA Library.

It is intended that an annual cumulative supplement will be issued regularly to include forthcoming documents.

How to Use the Index

Any document can be retrieved either by its symbol, author, title or subject. When a document is needed, and its symbol is known, one can turn to the Symbol Index, (Part I). When only the title or author is known, one can turn either to the Title or Author Index, (Part III or IV). When neither the symbol, title nor author is known, one can turn to the Subject Index, (Part V).

The numbers on the right hand side of the Symbol and Title Indexes correspond to the microfiche number of the document.

To find a document on microfiche, one has to find out its microfiche number either from the Symbol or Title Index.
