LETTER DATED 19 NOVEMBER 1998 FROM THE PERMANENT REPRESENTATIVE  
OF ERITREA TO THE UNITED NATIONS ADDRESSED TO THE PRESIDENT OF  
THE SECURITY COUNCIL

I have the honour to forward the text of a press release issued on 18 November 1998 by the Ministry of Foreign Affairs of Eritrea (see annex) and its enclosure concerning the death of Eritreans in Ethiopian internment camps.

In total disregard of all international calls to desist from violating the human rights of Eritreans and Ethiopians of Eritrean origin, the Ethiopian regime continues its wanton detention and mass expulsion of people of Eritrean origin, as well as the expropriation of their property. The deaths of the three Eritrean youths in detention, as described in the press release, are a logical outcome of the inhumane treatment of the detained victims, and more such deaths may be expected to follow. The need for the international community to act as a matter of urgency to avert such a human disaster cannot thus be overemphasized.

I should be grateful if you would kindly circulate the text of the present letter and its annex as a document of the Security Council.

(Signed) Haile MENKERIOS  
Ambassador  
Permanent Representative

Press release issued on 18 November 1998 by the  
Ministry of Foreign Affairs of Eritrea

Three Eritreans die in Ethiopian detention camps; massive deportations continue

The International Committee of the Red Cross (ICRC) has informed the Government of Eritrea about the deaths of three young Eritreans while in detention in Ethiopia. The three youths had been in detention for over four months and died in the notorious, malaria-infested Bilate concentration camp, in south-west Ethiopia. The Eritrean Government has notified the families of the deceased and expressed its condolences to them.

The three Eritreans are Gebrekidan Zekaria Teklemariam, a university student who was studying in Ethiopia on an exchange programme between the two countries; civilian internee Dawit Tewolde Gufar; and prisoner of war Said Sahada Ahmed.

The Ethiopian Government claims that the Eritreans died due to illness, "two on the same day, on 7 October, and the third on 13 October", but has waited for one month to furnish ICRC with photocopies of death certificates to match notifications for two of the deceased. ICRC has still not received the certificate for the third Eritrean.

The Government of Eritrea condemns the death under illegal and inhuman detention of three of its nationals. It calls for an independent investigation into the causes of, and circumstances surrounding, their deaths. Eritrea also calls for the immediate release of the 1,500 civilians, including 37 university exchange students, who have now spent over five months in prison. They were imprisoned by the Ethiopian Government en masse, illegally and without due process of law.

Meanwhile, Ethiopia continues with impunity its massive deportation of Eritreans and of Ethiopians of Eritrean origin. The number of deportees has now reached over 35,000. They were picked up from their homes in the middle of the night, taken to prisons under armed guard where they were held for periods ranging from a few days to four months and then boarded on buses which dumped them on the front lines on the border. The deportations have resulted in the massive separation of families and large-scale confiscation of their property.

The Government of Eritrea once again calls upon the Organization of African Unity, the United Nations, the United States of America and the European Union as well as the international community at large to ensure that Ethiopia:

- Respects the international laws, covenants and charters on human rights to which it is a signatory;
- Stops the gross violation of the human rights of the Eritrean population in Ethiopia;

- Ends the illegal deportation of Eritreans and Ethiopians of Eritrean origin; and
- Releases immediately the more than 1,500 Eritrean youths who have spent over five months in illegal and inhuman detention.
