*Taking note further* of the unilateral declarations made by all nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against the non-nuclear-weapon States,

*Noting* the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

*Noting also* the greater willingness to overcome the difficulties encountered in previous years, as manifested in the re-establishment of the Ad Hoc Committee on the issue by the Conference on Disarmament during its 1998 session<sup>8</sup> and the recommendation of the Conference to establish the Ad Hoc Committee at the beginning of its 1999 session,<sup>9</sup>

### RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/53/583)]

#### 53/76. Prevention of an arms race in outer space

*The General Assembly,*

*Recognizing* the common interest of all mankind in the exploration and use of outer space for peaceful purposes,

*Reaffirming* the will of all States that the exploration and use of outer space, including the Moon and other celestial bodies, shall be for peaceful purposes and shall be carried out for the benefit and in the interest of all countries, irrespective of their degree of economic or scientific development,

*Reaffirming also* the provisions of articles III and IV of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies,<sup>1</sup>

*Recalling* the obligation of all States to observe the provisions of the Charter of the United Nations regarding the use or threat of use of force in their international relations, including in their space activities,

*Reaffirming* paragraph 80 of the Final Document of the Tenth Special Session of the General Assembly,<sup>2</sup> in which it is stated that in order to prevent an arms race in outer space further measures should be taken and appropriate international negotiations held in accordance with the spirit of the Treaty,

---

<sup>1</sup> Resolution 2222 (XXI), annex.

<sup>2</sup> Resolution S-10/2.

*Recalling* its previous resolutions on this issue, and taking note of the proposals submitted to the General Assembly at its tenth special session and at its regular sessions, and of the recommendations made to the competent organs of the United Nations and to the Conference on Disarmament,

*Recognizing* that prevention of an arms race in outer space would avert a grave danger for international peace and security,

*Emphasizing* the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

*Considering* that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

*Noting* that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space,<sup>3</sup> and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

*Noting also* that there were no objections in principle in the Conference on Disarmament during its 1997 session to the re-establishment of the Ad Hoc Committee, subject to re-examination of the mandate contained in the decision of the Conference on Disarmament of 13 February 1992,<sup>4</sup>

*Emphasizing* the mutually complementary nature of bilateral and multilateral efforts in the field of preventing an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

*Convinced* that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space, including the weaponization of outer space,

*Stressing* that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

*Recalling* in this context its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, *inter alia*, it reaffirmed the importance of confidence-building measures as means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

*Conscious* of the benefits of confidence- and security-building measures in the military field,

<sup>3</sup> *Official Records of the General Assembly, Forty-ninth Session, Supplement No. 27 (A/49/27)*, sect. III.D (para. 5 of the quoted text).

<sup>4</sup> CD/1125.

*Recognizing* that negotiations for the conclusion of an international agreement or agreements to prevent an arms race in outer space remain a priority task of the Ad Hoc Committee and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

1. *Reaffirms* the importance and urgency of preventing an arms race in outer space, and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;<sup>1</sup>

2. *Reaffirms its recognition*, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space by itself does not guarantee the prevention of an arms race in outer space, that this legal regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness, and that it is important strictly to comply with existing agreements, both bilateral and multilateral;

3. *Emphasizes* the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. *Calls upon* all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. *Reiterates* that the Conference on Disarmament, as the single multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

6. *Invites* the Conference on Disarmament to finalize the examination of the mandate contained in its decision of 13 February 1992,<sup>4</sup> with a view to updating it as appropriate, thus providing for the re-establishment of the Ad Hoc Committee during the 1999 session of the Conference on Disarmament;

7. *Recognizes*, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

8. *Urges* States conducting activities in outer space, as well as States interested in conducting such activities, to keep the Conference on Disarmament informed of the progress of bilateral and multilateral negotiations on the matter, if any, so as to facilitate its work;

9. *Decides* to include in the provisional agenda of its fifty-fourth session the item entitled "Prevention of an arms race in outer space".

### REDUCING NUCLEAR DANGER

*The General Assembly,*

*Bearing in mind* that the use of nuclear weapons poses the most serious threat to mankind and to the survival of civilization,

*Reaffirming* that any use or threat of use of nuclear weapons would constitute a violation of the Charter of the United Nations,

*Convinced* that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war,

*Convinced also* that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

*Considering* that until nuclear weapons cease to exist, it is imperative on the part of the nuclear-weapon States to adopt measures that assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

*Considering also* that the hair-trigger alert of nuclear weapons carries unacceptable risks of unintentional or accidental use of nuclear weapons, which will have catastrophic consequences for all mankind,

*/...*

*Conscious* that limited steps relating to detargeting have been taken by the nuclear-weapon States to address this concern and that further steps are necessary to contribute to the improvement in the international climate for negotiations leading to the elimination of nuclear weapons,

*Mindful* that reduction of tensions brought about by a change in nuclear doctrines would positively impact on international peace and security and improve the conditions for the further reduction and the elimination of nuclear weapons,

*Reiterating* the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly<sup>1</sup> and by the international community,

*Recalling* that the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*<sup>25</sup> states that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

1. *Calls* for a review of nuclear doctrines and in this context, immediate and urgent steps to reduce the risks of unintentional and accidental use of nuclear weapons;
2. *Requests* the five nuclear-weapon States to undertake measures towards the implementation of paragraph 1 of the present resolution;
3. *Calls upon* Member States to take the necessary measures to prevent the proliferation of nuclear weapons in all its aspects and to promote nuclear disarmament, with the ultimate objective of eliminating nuclear weapons;
4. *Decides* to include in the provisional agenda of its fifty-fourth session an item entitled "Reducing nuclear danger".

### NUCLEAR TESTING

*The General Assembly,*

*Reaffirming* that the cessation of all nuclear testing will contribute to the non-proliferation of nuclear weapons in all its aspects, to the process of nuclear disarmament leading to the ultimate objective of the complete elimination of nuclear weapons and therefore to the further enhancement of international peace and security,

---

<sup>25</sup> A/51/218, annex.

*Reaffirming also* its commitment to and the crucial importance of the Treaty on the Non-Proliferation of Nuclear Weapons<sup>2</sup> and the Comprehensive Nuclear-Test-Ban Treaty<sup>26</sup> to the international regime on the non-proliferation of nuclear weapons and as essential foundations for the pursuit of nuclear disarmament,

*Convinced* that all States that have not yet done so should adhere to the Treaty on the Non-Proliferation of Nuclear Weapons and sign and ratify the Comprehensive Nuclear-Test-Ban Treaty without delay and without conditions,

*Sharing the alarm* expressed internationally, regionally and nationally, at recent nuclear tests,

*Recalling* Security Council resolution 1172 (1998), adopted unanimously on 6 June 1998,

1. *Expresses grave concern over and strongly deplores* the recent nuclear tests conducted in South Asia;

2. *Notes* that the States concerned have declared moratoriums on further testing and have said that they are willing to enter into legal commitments not to conduct any further nuclear tests, and reiterates the need for such legal commitments to be expressed in legal form by signing and ratifying the Comprehensive Nuclear-Test-Ban Treaty.

*Welcoming* the treaties of Tlatelolco,<sup>27</sup> Rarotonga,<sup>28</sup> Bangkok,<sup>29</sup> and Pelindaba,<sup>30</sup> as well as the Almaty Declaration,<sup>5</sup> on the creation of nuclear-weapon-free zones and similar initiatives in the respective regions, in accordance with established principles,

*Welcoming* that, as a result of the historic events of the past few years leading to enhancement of the atmosphere of trust, mutual respect and partnership among European States, the nuclear weapons were withdrawn from the territories of Belarus, Kazakhstan and Ukraine and that currently there are no nuclear weapons stationed in the territories of the Central and Eastern European States,

*Taking note* of the statement of Ministerial North Atlantic Council Meeting, of 10 December 1996, and confirmed by the heads of State or Government of the countries members of the North Atlantic Treaty Organization in the Founding Act on Mutual Relations, Cooperation and Security between the North Atlantic Treaty Organization and the Russian Federation,<sup>31</sup> signed in Paris on 27 May 1997, that countries members of the North Atlantic Treaty Organization have no intention, no plan and no reason to deploy nuclear weapons on the territory of new members,

*Welcoming* efforts to enhance stability and security in Central and Eastern Europe through building a new regional security architecture based on cooperation and shared values and without creating new dividing lines,

1. *Urges* all concerned States to exert efforts to continue making it possible to have no intention, no plan and no reason to deploy nuclear weapons on the territory of the non-nuclear States of the region of Central and Eastern Europe;
2. *Calls upon* all States of Central and Eastern Europe and other States concerned to continue to abide by their nuclear non-proliferation obligations under existing multilateral and bilateral agreements;

*The General Assembly,*

*Recalling* its resolution 48/75 L of 16 December 1993,

*Convinced* that a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would be a significant contribution to nuclear non-proliferation in all its aspects,

*Noting* the report of the Conference on Disarmament, in which, *inter alia*, the Conference records that in proceeding to take a decision on this matter, that decision is without prejudice to any further decisions on the establishment of further subsidiary bodies under agenda item 1 and that intensive consultations will be pursued to seek the views of the members of the Conference on Disarmament on appropriate methods and approaches for dealing with agenda item 1, taking into consideration all proposals and views in that respect,<sup>32</sup>

### MEASURES TO UPHOLD THE AUTHORITY OF THE 1925 GENEVA PROTOCOL

*The General Assembly,*

*Recalling* its previous resolutions on the subject, in particular resolution 51/45 P of 10 December 1996,

*Determined* to act with a view to achieving effective progress towards general and complete disarmament under strict and effective international control,

*Recalling* the long-standing determination of the international community to achieve the effective prohibition of the development, production, stockpiling and use of chemical and biological weapons as well as the continuing support for measures to uphold the authority of the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare, signed at Geneva on 17 June 1925,<sup>38</sup> as expressed by consensus in many previous resolutions,

*Welcoming also* the initiatives by some States parties to withdraw their reservations to the 1925 Geneva Protocol,

1. *Renews its previous call* to all States to observe strictly the principles and objectives of the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare, signed at Geneva on 17 June 1925,<sup>38</sup> and reaffirms the vital necessity of upholding its provisions;

### CONSOLIDATION OF PEACE THROUGH PRACTICAL DISARMAMENT MEASURES

*The General Assembly,*

*Recalling* its resolutions 51/45 N of 10 December 1996 and 52/38 G of 9 December 1997,

*Convinced* that a comprehensive and integrated approach towards certain practical disarmament measures, such as, *inter alia*, arms control, particularly with regard to small arms and light weapons, confidence-building measures, demobilization and reintegration of former combatants, demining and conversion, often is a prerequisite to maintaining and consolidating peace and security and thus provides a basis for effective rehabilitation and social and economic development in areas that have suffered from conflict,

*Noting with satisfaction* that the international community is more than ever aware of the importance of such practical disarmament measures, especially with regard to the growing problems arising from the excessive and destabilizing accumulation and proliferation of small arms and light weapons, which pose a threat to peace and security and reduce the prospects for economic development in many regions, particularly in post-conflict situations,

*Stressing* that further efforts are needed in order to develop and effectively implement programmes of practical disarmament in affected areas,

*Recalling* the deliberations on guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N, in the Disarmament Commission and the report of the Panel of Governmental Experts on Small Arms<sup>10</sup> and its relevance in the context of the present resolution and of the ongoing work in the Disarmament Commission,

1. *Stresses* the particular relevance of the deliberations in the 1998 substantive session of the Disarmament Commission on guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N, as a useful basis for further deliberations, and encourages the Disarmament Commission to continue its efforts aimed at the adoption of such guidelines in 1999;

2. *Takes note* of the report of the Secretary-General on consolidation of peace through practical disarmament measures,<sup>39</sup> submitted pursuant to resolution 51/45 N, and once again encourages Member

States, as well as regional arrangements and agencies, to lend their support to the implementation of recommendations contained therein;

3. *Invites* the group of interested States that was formed in New York in March 1998 to continue to analyse lessons learned from previous disarmament and peace-building projects, as well as to promote new practical disarmament measures to consolidate peace, especially as undertaken or designed by affected States themselves;

4. *Encourages* Member States, including the group of interested States, to lend their support to the Secretary-General in responding to requests by Member States to collect and destroy small arms and light weapons in post-conflict situations;

5. *Decides* to include in the provisional agenda of its fifty-fourth session the item entitled "Consolidation of peace through practical disarmament measures".

### CONVENTION ON THE PROHIBITION OF THE USE, STOCKPILING, PRODUCTION AND TRANSFER OF ANTI-PERSONNEL MINES AND ON THEIR DESTRUCTION

*The General Assembly,*

*Recalling* its resolution 52/38 A of 9 December 1997,

*Reaffirming* its determination to put an end to the suffering and casualties caused by anti-personnel mines, which kill or maim hundreds of people every week, mostly innocent and defenceless civilians and especially children, obstruct economic development and reconstruction, inhibit the repatriation of refugees and internally displaced persons, and have other severe consequences for years after emplacement,

*Believing it necessary* to do the utmost to contribute in an efficient and coordinated manner to facing the challenge of removing anti-personnel mines placed throughout the world, and to assure their destruction,

*Wishing* to do the utmost in assuring assistance for the care and rehabilitation, including the social and economic reintegration, of mine victims,

*Recalling* the conclusion of negotiations on 18 September 1997 at Oslo on the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction<sup>40</sup> and the opening for signature of the Convention at Ottawa, on 3 and 4 December 1997, and thereafter at Headquarters in New York until its entry into force,

---

<sup>40</sup> See CD/1478.

*Welcoming* the addition of new States signatories to the Convention since its opening for signature, the rapid ratification by many signatories and the early achievement of the fortieth ratification of the Convention on 16 September 1998, which, according to the provisions of article 17 of the Convention, will result in the entry into force of the Convention on 1 March 1999,

*Emphasizing* the desirability of attracting the adherence of all States to the Convention, and determined to work strenuously towards the promotion of its universalization,

1. *Invites* all States that have not yet done so to sign or, after entry into force, to accede to the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction;<sup>40</sup>

2. *Urges* all States that have not yet done so to ratify the Convention without delay subsequent to their signature;

3. *Renews its call upon* all States to contribute towards the full realization and effective implementation of the Convention to advance the care and rehabilitation, and the social and economic reintegration of mine victims, and mine awareness programmes, and the removal of anti-personnel mines placed throughout the world and the assurance of their destruction;

4. *Welcomes* the generous offer by the Government of Mozambique to act as host for the First Meeting of the States Parties;

5. *Requests* the Secretary-General, in accordance with article 11, paragraph 2, of the Convention, to undertake the preparations necessary to convene the First Meeting of the States Parties, to take place in Maputo during the week of 3 May 1999;

6. *Invites* all States parties to the First Meeting of the States Parties and, in accordance with article 11, paragraph 4, of the Convention, States not parties to the Convention, as well as the United Nations, other relevant international organizations or institutions, regional organizations, the International Committee of the Red Cross and relevant non-governmental organizations to attend the Meeting as observers in accordance with the agreed rules of procedure.

### REGIONAL DISARMAMENT

*The General Assembly,*

*Recalling* its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992, 48/75 I of 16 December 1993, 49/75 N of 15 December 1994, 50/70 K of 12 December 1995, 51/45 K of 10 December 1996 and 52/38 P of 9 December 1997 on regional disarmament,

*/...*

*Believing* that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

*Affirming* the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

*Noting* that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly,<sup>41</sup>

*Taking note* of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session,<sup>41</sup>

*Welcoming* the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

*Taking note* of the recent proposals for disarmament at the regional and subregional levels,

*Recognizing* the importance of confidence-building measures for regional and international peace and security,

*Convinced* that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of all States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. *Stresses* that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;
2. *Affirms* that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;
3. *Calls upon* States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at the regional and subregional levels;
4. *Welcomes* the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;
5. *Supports and encourages* efforts aimed at promoting confidence-building measures at the regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at the regional and subregional levels;

### CONVENTIONAL ARMS CONTROL AT THE REGIONAL AND SUBREGIONAL LEVELS

*The General Assembly,*

*Recalling* its resolutions 48/75 J of 16 December 1993, 49/75 O of 15 December 1994, 50/70 L of 12 December 1995, 51/45 Q of 10 December 1996 and 52/38 Q of 9 December 1997,

*Recognizing* the crucial role of conventional arms control in promoting regional and international peace and security,

*Convinced* that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

*Aware* that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

*Desirous* of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

*Noting with particular interest* the initiatives taken in this regard in different regions of the world, in particular the commencement of consultations among a number of Latin American countries and the proposals for conventional arms control made in the context of South Asia, and recognizing, in the context of this subject, the relevance and value of the Treaty on Conventional Armed Forces in Europe,<sup>42</sup> which is a cornerstone of European security,

*Believing* that militarily significant States and States with larger military capabilities have a special responsibility in promoting such agreements for regional security,

*Believing also* that an important objective of conventional arms control in regions of tension should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

1. *Decides* to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;

---

<sup>42</sup> CD/1064.

2. *Requests* the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;

3. *Decides* to include in the provisional agenda of its fifty-fourth session the item entitled "Conventional arms control at the regional and subregional levels".

*The General Assembly,*

*Recalling* its resolutions 51/45 B of 10 December 1996 and 52/38 N of 9 December 1997,

*Determined* to continue to contribute to the prevention of the proliferation of nuclear weapons in all its aspects and to the process of general and complete disarmament under strict and effective international control, in particular in the field of nuclear weapons and other weapons of mass destruction, with a view to strengthening international peace and security, in accordance with the purposes and principles of the Charter of the United Nations,

*Recalling* the provisions on nuclear-weapon-free zones of the Final Document of the Tenth Special Session of the General Assembly,<sup>1</sup> the first special session devoted to disarmament, as well as of the decision on principles and objectives for nuclear non-proliferation and disarmament of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>3</sup>

*Recalling* its resolutions 49/75 K of 15 December 1994, 51/45 M of 10 December 1996 and 52/38 O of 9 December 1997,

*Convinced* that the continuing existence of nuclear weapons poses a threat to all humanity and that their use would have catastrophic consequences for all life on Earth, and recognizing that the only defence against a nuclear catastrophe is the total elimination of nuclear weapons and the certainty that they will never be produced again,

*Reaffirming* the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

*Mindful* of the solemn obligations of States parties, undertaken in article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>2</sup> particularly to pursue negotiations in good faith on effective measures relating to cessation of the nuclear arms race at an early date and to nuclear disarmament,

*Recalling* the principles and objectives for nuclear non-proliferation and disarmament adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>3</sup> and in particular the objective of determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons,

*Recalling also* the adoption of the Comprehensive Nuclear-Test-Ban Treaty in its resolution 50/245 of 10 September 1996, and expressing its satisfaction at the increasing number of States that have signed and ratified the Treaty,

*Recognizing with satisfaction* that the Antarctic Treaty<sup>43</sup> and the treaties of Tlatelolco,<sup>27</sup> Rarotonga,<sup>28</sup> Bangkok<sup>29</sup> and Pelindaba<sup>30</sup> are gradually freeing the entire southern hemisphere and adjacent areas covered by those treaties from nuclear weapons,

*Noting* the efforts by the States possessing the largest inventories of nuclear weapons to reduce their stockpiles of such weapons through bilateral and unilateral agreements or arrangements, and calling for the intensification of such efforts to accelerate the significant reduction of nuclear-weapon arsenals,

*Recognizing* the need for a multilaterally negotiated and legally binding instrument to assure non-nuclear-weapon States against the threat or use of nuclear weapons,

*Reaffirming* the central role of the Conference on Disarmament as the single multilateral disarmament negotiating forum, and regretting the lack of progress in disarmament negotiations, particularly nuclear disarmament, in the Conference on Disarmament during its 1998 session,

/...

*Emphasizing* the need for the Conference on Disarmament to commence negotiations on a phased programme for the complete elimination of nuclear weapons with a specified framework of time,

*Desiring* to achieve the objective of a legally binding prohibition of the development, production, testing, deployment, stockpiling, threat or use of nuclear weapons and their destruction under effective international control,

*Recalling* the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,<sup>25</sup>

### NUCLEAR DISARMAMENT

*The General Assembly,*

*Recalling* its resolution 49/75 E of 15 December 1994 on a step-by-step reduction of the nuclear threat, and its resolutions 50/70 P of 12 December 1995, 51/45 O of 10 December 1996 and 52/38 L of 9 December 1997 on nuclear disarmament,

*Reaffirming* the commitment of the international community to the goal of the total elimination of nuclear weapons and the establishment of a nuclear-weapon-free world,

---

<sup>56</sup> A/53/208 and Add.1.

*Bearing in mind* that the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction of 1972<sup>47</sup> and the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction of 1993<sup>45</sup> have already established legal regimes on the complete prohibition of biological and chemical weapons, respectively, and determined to achieve a nuclear weapons convention on the prohibition of the development, testing, production, stockpiling, loan, transfer, use and threat of use of nuclear weapons and on their destruction, and to conclude such an international convention at an early date,

*Recognizing* that there now exist conditions for the establishment of a world free of nuclear weapons,

*Bearing in mind* paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly,<sup>1</sup> the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time-frames, wherever feasible, for the progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

*Reiterating* the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

*Recognizing* that the Comprehensive Nuclear-Test-Ban Treaty<sup>26</sup> and any proposed treaty on fissile material for nuclear weapons or other nuclear explosive devices must constitute disarmament measures, and not only non-proliferation measures, and that these measures, together with an international legal instrument on the joint undertaking of no first use of nuclear weapons by the nuclear-weapon States and on adequate security assurances of non-use and non-threat of use of such weapons for non-nuclear-weapon States, respectively, and an international convention prohibiting the use of nuclear weapons, should be integral measures in a programme leading to the total elimination of nuclear weapons with a specified framework of time,

*Welcoming* the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms,<sup>57</sup> to which Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America are States parties,

*Welcoming also* the conclusion of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms<sup>52</sup> by the Russian Federation and the United States of America and the ratification of that Treaty by the United States of America, and looking forward to the full implementation of the START I<sup>57</sup> and START II<sup>52</sup> Treaties by the States parties, and to further concrete steps for nuclear disarmament by all the nuclear-weapon States,

*Noting with appreciation* the unilateral measures by the nuclear-weapon States for nuclear arms limitation, and encouraging them to undertake further such measures,

---

<sup>57</sup> *The United Nations Disarmament Yearbook*, vol. 16: 1991 (United Nations publication, Sales No. E.92.IX.1), appendix II.

*Recognizing* the complementarity of bilateral and multilateral negotiations on nuclear disarmament, and that bilateral negotiations can never replace multilateral negotiations in this respect,

*Noting* the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

*Recalling* the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,<sup>58</sup> and welcoming the unanimous reaffirmation by all Judges of the Court that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

*Mindful* of paragraph 114 and other relevant recommendations in the Final Document of the Twelfth Conference of Heads of State or Government of Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998,<sup>59</sup> calling upon the Conference on Disarmament to establish, on a priority basis, an ad hoc committee to commence negotiations in 1998 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons with a specified framework of time,

*Bearing in mind* the proposal of twenty-eight delegations to the Conference on Disarmament that are members of the Group of 21 for a programme of action for the elimination of nuclear weapons,<sup>58</sup> and expressing its conviction that this proposal will be an important input and will contribute to negotiations on this question in the Conference,

*Commending* the initiative by twenty-six delegations to the Conference on Disarmament that are members of the Group of 21<sup>59</sup> proposing a comprehensive mandate for an ad hoc committee on nuclear disarmament, which includes negotiations for, as a first step, a universal and legally binding multilateral agreement committing all States to the objective of the total elimination of nuclear weapons, an agreement on further steps required in a phased programme with time-frames leading to the total elimination of these weapons and a convention on the prohibition of the production of fissile material for nuclear weapons and other nuclear explosive devices taking into account the report of the Special Coordinator on that item<sup>33</sup> and the views relating to the scope of the treaty,

*Taking note* of the joint declaration issued on 9 June 1998 by the Ministers for Foreign Affairs of Brazil, Egypt, Ireland, Mexico, New Zealand, Slovenia, South Africa and Sweden, entitled "Towards a nuclear-weapon-free world: the need for a new agenda",<sup>60</sup> supported and responded to by a number of States including some members of the Movement of Non-Aligned Countries,

1. *Recognizes* that, in view of recent political developments, the time is now opportune for all the nuclear-weapon States to undertake effective disarmament measures with a view to the total elimination of these weapons with a specified framework of time;

### TOWARDS A NUCLEAR-WEAPON-FREE WORLD: THE NEED FOR A NEW AGENDA

*The General Assembly,*

*Alarmed* by the threat to the very survival of mankind posed by the existence of nuclear weapons,

*Concerned* at the prospect of the indefinite possession of nuclear weapons,

*Concerned also* at the continued retention of the nuclear-weapons option by those three States that are nuclear-weapons capable and that have not acceded to the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>2</sup>

*Believing* that the proposition that nuclear weapons can be retained in perpetuity and never used accidentally or by decision defies credibility, and that the only complete defence is the elimination of nuclear weapons and the assurance that they will never be produced again,

*Concerned* that the nuclear-weapon States have not fulfilled speedily and totally their commitment to the elimination of their nuclear weapons,

*Concerned also* that those three States that are nuclear-weapons capable and that have not acceded to the Treaty on the Non-Proliferation of Nuclear Weapons have failed to renounce their nuclear-weapons option,

*Bearing in mind* that the overwhelming majority of States entered into legally binding commitments not to receive, manufacture or otherwise acquire nuclear weapons or other nuclear explosive devices, and that these undertakings have been made in the context of the corresponding legally binding commitments by the nuclear-weapon States to the pursuit of nuclear disarmament,

*Recalling* the unanimous conclusion of the International Court of Justice in its 1996 advisory opinion that there exists an obligation to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

*Stressing* that the international community must not enter the third millennium with the prospect that the possession of nuclear weapons will be considered legitimate for the indefinite future, and convinced

*/...*

that the present juncture provides a unique opportunity to proceed to prohibit and eradicate them for all time,

*Recognizing* that the total elimination of nuclear weapons will require measures to be taken firstly by those nuclear-weapon States that have the largest arsenals, and stressing that these States must be joined in a seamless process by those nuclear-weapon States with lesser arsenals in the near future,

*Welcoming* the achievements to date and the future promise of the Strategic Arms Reduction Talks process and the possibility it offers for development as a plurilateral mechanism including all the nuclear-weapon States, for the practical dismantling and destruction of nuclear armaments undertaken in pursuit of the elimination of nuclear weapons,

*Believing* that there are a number of practical steps that the nuclear-weapon States can and should take immediately before the actual elimination of nuclear arsenals and the development of requisite verification regimes take place, and, in this connection, noting certain recent unilateral and other steps,

*Welcoming* the agreement recently reached in the Conference on Disarmament on the establishment of an Ad Hoc Committee under item 1 of its agenda entitled "Cessation of the nuclear arms race and nuclear disarmament", to negotiate, on the basis of the report of the Special Coordinator<sup>33</sup> and the mandate contained therein, a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, and considering that such a treaty must further underpin the process towards the total elimination of nuclear weapons,

*Emphasizing* that, for the total elimination of nuclear weapons to be achieved, effective international cooperation to prevent the proliferation of nuclear weapons is vital and must be enhanced through, *inter alia*, the extension of international controls over all fissile material for nuclear weapons or other nuclear explosive devices,

*Emphasizing also* the importance of existing nuclear-weapon-free zone treaties and of the signature and ratification of the relevant protocols to these treaties,

*Noting* the joint ministerial declaration of 9 June 1998<sup>60</sup> and its call for a new international agenda to achieve a nuclear-weapon-free world, through the pursuit, in parallel, of a series of mutually reinforcing measures at the bilateral, plurilateral and multilateral levels,

1. *Calls upon* the nuclear-weapon States to demonstrate an unequivocal commitment to the speedy and total elimination of their respective nuclear weapons and, without delay, to pursue in good faith and bring to a conclusion negotiations leading to the elimination of these weapons, thereby fulfilling their obligations under article VI of the Treaty on the Non-Proliferation of Nuclear Weapons;<sup>2</sup>

2. *Calls upon* the United States of America and the Russian Federation to bring the Treaty on Further Reduction and Limitation of Strategic Offensive Arms (START II)<sup>52</sup> into force without further delay and immediately thereafter to proceed with negotiations on START III with a view to its early conclusion;

/...

3. *Calls upon* the nuclear-weapon States to undertake the necessary steps towards the seamless integration of all five nuclear-weapon States into the process leading to the total elimination of nuclear weapons;
4. *Also calls upon* the nuclear-weapon States to pursue vigorously the reduction of reliance on non-strategic nuclear weapons and negotiations on their elimination as an integral part of their overall nuclear disarmament activities;
5. *Further calls upon* the nuclear-weapon States, as an interim measure, to proceed to the de-alerting of their nuclear weapons and, in turn, to the removal of nuclear warheads from delivery vehicles;
6. *Urges* the nuclear-weapon States to examine further interim measures, including measures to enhance strategic stability and accordingly to review strategic doctrines;
7. *Calls upon* those three States that are nuclear-weapon capable and that have not yet acceded to the Treaty on the Non-Proliferation of Nuclear Weapons to reverse clearly and urgently the pursuit of all nuclear weapons development or deployment and to refrain from any action which could undermine regional and international peace and security and the efforts of the international community towards nuclear disarmament and the prevention of nuclear weapons proliferation;
8. *Calls upon* those States that have not yet done so to adhere unconditionally and without delay to the Treaty on the Non-Proliferation of Nuclear Weapons and to take all the necessary measures which flow from adherence to this instrument;
9. *Also calls upon* those States that have not yet done so to conclude full-scope safeguards agreements with the International Atomic Energy Agency and to conclude additional protocols to their safeguards agreements on the basis of the Model Protocol approved by the Board of Governors of the Agency on 15 May 1997;<sup>61</sup>
10. *Further calls upon* those States that have not yet done so to sign and ratify, unconditionally and without delay, the Comprehensive Nuclear-Test-Ban Treaty<sup>26</sup> and, pending the entry into force of the Treaty, to observe a moratorium on nuclear tests;
11. *Calls upon* those States that have not yet done so to adhere to the Convention on the Physical Protection of Nuclear Material<sup>62</sup> and to work towards its further strengthening;
12. *Calls upon* the Conference on Disarmament to pursue its negotiations in the Ad Hoc Committee established under item 1 of its agenda entitled "Cessation of the nuclear arms race and nuclear disarmament", on the basis of the report of the Special Coordinator<sup>33</sup> and the mandate contained therein, of a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices, taking into consideration both nuclear non-proliferation and nuclear disarmament objectives, and to conclude these

negotiations without delay, and, pending the entry into force of the treaty, urges States to observe a moratorium on the production of fissile materials for nuclear weapons or other nuclear explosive devices;

13. *Also calls upon* the Conference on Disarmament to establish an appropriate subsidiary body to deal with nuclear disarmament and, to that end, to pursue as a matter of priority its intensive consultations on appropriate methods and approaches with a view to reaching such a decision without delay;

14. *Considers* that an international conference on nuclear disarmament and nuclear non-proliferation, which would effectively complement efforts being undertaken in other settings, could facilitate the consolidation of a new agenda for a nuclear-weapon-free world;

15. *Recalls* the importance of the decisions and resolution adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>63</sup> and underlines the importance of implementing fully the decision on strengthening the review process for the Treaty;

16. *Affirms* that the development of verification arrangements will be necessary for the maintenance of a world free from nuclear weapons, and requests the International Atomic Energy Agency, together with any other relevant international organizations and bodies, to explore the elements of such a system;

17. *Calls* for the conclusion of an internationally legally binding instrument to effectively assure non-nuclear-weapon States parties to the Treaty on the Non-Proliferation of Nuclear Weapons against the use or threat of use of nuclear weapons;

18. *Stresses* that the pursuit, extension and establishment of nuclear-weapon-free zones, on the basis of arrangements freely arrived at, especially in regions of tension, such as the Middle East and South Asia, represent a significant contribution to the goal of a nuclear-weapon-free world;

19. *Affirms* that a nuclear-weapon-free world will ultimately require the underpinnings of a universal and multilaterally negotiated legally binding instrument or a framework encompassing a mutually reinforcing set of instruments;

20. *Requests* the Secretary-General, within existing resources, to compile a report on the implementation of the present resolution;

21. *Decides* to include in the provisional agenda of its fifty-fourth session an item entitled "Towards a nuclear-weapon-free world: the need for a new agenda", and to review the implementation of the present resolution.

**BILATERAL NUCLEAR ARMS NEGOTIATIONS AND NUCLEAR DISARMAMENT**

*The General Assembly,*

*Recalling* its previous relevant resolutions,

*Recognizing* the fundamental changes that have taken place with respect to international security, which have permitted agreements on deep reductions in the nuclear armaments of the States possessing the largest inventories of such weapons,

*Mindful* that it is the responsibility and obligation of all States to contribute to the process of the relaxation of international tension and to the strengthening of international peace and security and, in this connection, to adopt and implement measures towards the attainment of general and complete disarmament under strict and effective international control,

*Appreciating* a number of positive developments in the field of nuclear disarmament, in particular the Treaty between the Union of Soviet Socialist Republics and the United States of America on the Elimination of Their Intermediate-Range and Shorter-Range Missiles,<sup>64</sup> and the treaties on the reduction and limitation of strategic arms,

*Appreciating also* the indefinite extension of the Treaty on the Non-Proliferation of Nuclear Weapons,<sup>2</sup> and acknowledging the importance of the determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons, and by all States of general and complete disarmament under strict and effective international control,

*Welcoming* the steps that have already been taken by the Russian Federation and the United States of America to begin the process of reducing the number of nuclear weapons and removing such weapons from a deployed status, and bilateral agreements on detargeting strategic nuclear missiles,

*Noting* the positive climate of relations between the States of the former Union of Soviet Socialist Republics and the United States of America, which permits them to intensify their cooperative efforts to ensure the safety, security, and environmentally sound destruction of nuclear weapons,

*Recalling* the Moscow Summit Declaration on Nuclear Safety and Security of April 1996,<sup>65</sup>

*Urging* early action to complete the ratification of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms<sup>52</sup> and further intensification of efforts to accelerate the implementation of agreements and unilateral decisions relating to nuclear arms reduction,

*Welcoming* the joint statement issued at Helsinki on 21 March 1997,<sup>66</sup> in which the Presidents of the Russian Federation and the United States of America reached an understanding that, after the entry into force of START II, their two countries would immediately commence negotiations on a START III agreement, which would include the establishment, by 31 December 2007, of lower aggregate levels of 2,000 to 2,500 deployed warheads,

*Noting with satisfaction* the Protocol to START II, the Joint Agreed Statement, and the Letters on Early Deactivation, agreed to by the Russian Federation and the United States of America in New York on 26 September 1997, which are intended to be taken as further concrete steps to reduce the nuclear danger and strengthen international stability and nuclear safety,

*Welcoming* the signing on 26 September 1997 by Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America of a number of significant agreements that contribute to ensuring the viability of the Treaty on the Limitation of Anti-Ballistic Missile Systems,

---

<sup>68</sup> See *Official Records of the General Assembly, Fifty-third Session, Supplement No. 42 (A/53/42)*.

*Noting* that, with the recent accomplishments made by the international community in the field of weapons of mass destruction as well as conventional arms, the following years would be opportune for the international community to start the process of reviewing the state of affairs in the entire field of disarmament and arms control in the post-cold-war era,

and Disarmament in Africa, and its resolutions 46/36 F of 6 December 1991 and 47/52 G of 9 December 1992 on regional disarmament, including confidence-building measures,

*Recalling also* its resolutions 48/76 E of 16 December 1993, 49/76 D of 15 December 1994, 50/71 C of 12 December 1995, 51/46 E of 10 December 1996 and 52/220 of 22 December 1997,

*Bearing in mind* the financial difficulties that the Regional Centre has in implementing its programmes of activities,

*Aware* of the widespread support for the revitalization of the Regional Centre and the important role that the Centre can play in the present context in promoting confidence-building measures at the regional level, thereby promoting progress in the area of sustainable development,

*Taking into account* the report of the Secretary-General on the causes of conflict and the promotion of durable peace and sustainable development in Africa,<sup>3</sup>

1. *Notes with satisfaction* the activities carried out by the United Nations Regional Centre for Peace and Disarmament in Africa in support of efforts at promoting understanding and cooperation among African countries in the areas of peace, disarmament, security and development;<sup>6</sup>

CONVENTION ON THE PROHIBITION OF THE USE OF NUCLEAR WEAPONS

*The General Assembly,*

*Convinced* that the use of nuclear weapons poses the most serious threat to the survival of mankind,

*Bearing in mind* the advisory opinion of the International Court of Justice of 8 July 1996 on the *Legality of the Threat or Use of Nuclear Weapons*,<sup>7</sup>

*Convinced* that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

*Conscious* that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of the complete elimination of nuclear weapons,

*Recalling* that, in paragraph 58 of the Final Document of the Tenth Special Session of the General Assembly,<sup>8</sup> it is stated that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

*Reaffirming* that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

*Determined* to achieve a universal nuclear weapons convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

*Stressing* that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons, with a specified framework of time,

*Noting with regret* that the Conference on Disarmament, during its 1998 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 52/39 C of 9 December 1997,

---

<sup>7</sup> A/51/218, annex.

<sup>8</sup> Resolution S-10/2.

1. *Reiterates its request* to the Conference on Disarmament to commence negotiations, in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances;

2. *Requests* the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

*Recalling* its resolution 51/46 A of 10 December 1996,

*Welcoming* the re-establishment of the Department for Disarmament Affairs of the Secretariat, and expressing the hope that this action will lead to a reinvigoration of the United Nations information and outreach activities in the field of disarmament,

to Governments, the media, non-governmental organizations, educational communities and research institutes, and in carrying out a seminar and conference programme;

3. *Stresses* the importance of the Programme, as a significant instrument in enabling all Member States to participate fully in the deliberations and negotiations on disarmament in the various United Nations bodies, and in assisting them in complying with treaties, as required, and in contributing to agreed mechanisms for transparency;

4. *Notes with appreciation* the contributions to the efforts of the Programme by the Department of Public Information of the Secretariat and the information centres;

5. *Recommends* that the Programme focus its efforts:

(b) To facilitate unimpeded access to and an exchange of information on ideas between the public sector and public interest groups and organizations, and to provide an independent source of balanced and factual information that takes into account a range of views to help further an informed debate on arms limitation, disarmament and security;

(c) To organize meetings to facilitate exchange of views and information between governmental and non-governmental sectors and between governmental and other experts in order to facilitate the search for common ground;

6. *Emphasizes* the importance of contributions to the Voluntary Trust Fund for the United Nations Disarmament Information Programme to sustain a strong outreach programme, and invites all Member States to make contributions to the Fund;

7. *Commends* the Secretary-General for supporting the efforts of universities, other academic institutions and non-governmental organizations active in the education field in widening the worldwide availability of disarmament education, and invites him to continue to support and cooperate with educational institutions and non-governmental organizations engaged in such efforts, without cost to the regular budget of the United Nations;

8. *Requests* the Secretary-General to submit to the General Assembly at its fifty-fifth session a report covering both the implementation of the activities of the Programme by the United Nations system during the previous two years and the activities of the Programme contemplated by the system for the following two years;

*Recognizing* that the changes that have taken place in the world have created new opportunities as well as posed new challenges for the pursuit of disarmament and, in this regard, bearing in mind that the regional centres for peace and disarmament can contribute substantially to the understanding and cooperation among the States in each particular region in the areas of peace, disarmament and development,

*Noting* that in paragraph 146 of the Final Document of the Twelfth Conference of Heads of State or Government of Non-Aligned Countries, held at Durban, South Africa, from 29 August to 3 September 1998, the heads of State or Government welcomed the decision adopted by the General Assembly on maintaining and revitalizing the three regional centres for peace and disarmament in Nepal, Peru and Togo,<sup>11</sup>

2. *Reaffirms* that, in order to achieve positive results, it is useful for the three regional centres to carry out dissemination and educational programmes that promote regional peace and security aimed at changing basic attitudes with respect to peace and security and disarmament so as to support the achievement of the principles and purposes of the United Nations;

### REPORT OF THE CONFERENCE ON DISARMAMENT
