Information circular*

To: Members of the staff

From: The Assistant Secretary-General for Human Resources Management

Subject: **Education grant and special education grant for disabled children****

1. The purpose of the present circular is to inform staff members eligible to receive education grant or special education grant for disabled children under administrative instruction ST/AI/1999/4 of the procedures applicable to the submission and processing of their claims.

2. The monetary amounts of maximum educational expenses and maximum entitlements are set out in annex I. The forms required to submit a claim related to the education grant are contained in annex II.

Eligibility

3. For ease of reference, the eligibility requirements and conditions of entitlement contained in staff rule 103.20 (b) (c) and (d), staff rule 203.8 (b) and (c), and in sections 1.2 and 2 of administrative instruction ST/AI/1999/4 are reproduced below:

Staff rule 103.20

“(b) Subject to conditions established by the Secretary-General, a staff member shall be entitled to an education grant in respect of each child, provided:

“(i) The staff member is regarded as an international recruit under rule 104.7 and resides

and serves at a duty station which is outside his or her home country;

“(ii) The child is in full-time attendance at a school, university or similar educational institution; and

“(iii) The appointment or assignment of the staff member is for a minimum of six months or, if initially for a period of less than six months, is extended so that total continuous service is at least six months;

“(c) If a staff member eligible under paragraph (b) is reassigned to a duty station within his or her home country in the course of a school year, he or she may receive the education grant for the balance of that school year;

“(d) The Secretary-General may also authorize payment of the education grant during mission service of not less than six months to a staff member regarded under rule 104.6 as a local recruit at his or her normal duty station.”

Staff rule 203.8

“(b) Subject to conditions established by the Secretary-General, project personnel shall be entitled to an education grant in respect of each child, provided:

* The present circular will be in effect until further notice.

** *Personnel Manual* index No. 3321.

“(i) The project personnel are in intermediate-term or long-term status and reside and serve at a duty station which is outside the home country;

“(ii) The child is in full-time attendance at a school, university or similar educational institution;

“(c) If eligible project personnel are reassigned to a duty station within their home country in the course of a school year, they may receive the education grant for the balance of that school year.”

Administrative instruction ST/AI/1999/4

“1.2 Staff members eligible for the education grant solely because of mission service as provided by staff rule 103.20 (d) shall also be subject to the following conditions:

“(a) The staff member is detailed for a minimum period of six months to a mission area or, if initially for less than six months, is extended so that the continuous period of mission service is at least six months;

“(b) The education grant will be payable only in respect of the staff member’s period of mission assignment.

“... ”

“[2] Eligible staff members may claim the education grant when the following conditions are met:

“(a) The child is in full-time attendance at an educational institution at the primary level or above while the staff member is in the service of the United Nations. Education shall be deemed ‘primary’ for the purposes of this instruction when the child is 5 years or older at the beginning of the school year, or when the child reaches age 5 within 3 months of the beginning of the school year;

“(b) The entitlement shall terminate when the child ceases to be in full-time attendance at an educational institution, or completes four years of post-secondary studies, or is awarded the first recognized post-secondary degree, whichever is earlier;

“(c) There shall be no entitlement beyond the scholastic year in which the child reaches the age of 25, unless the child’s education has been interrupted for more than one year by compulsory national service, illness or other compelling reason. In such cases, the grant may be extended for the period of interruption

beyond the scholastic year in which the child reaches the age of 25.”

Education grant advances

4. Under section 6 of administrative instruction ST/AI/1999/4, staff members who are entitled to the education grant and who are required to pay all or a portion of the school fees at the beginning of the school year may apply for an advance against their entitlement. They should so do by completing form P.45 (7-99), Request for payment of education grant and/or advance against education grant (see annex II to the present circular).

5. When an advance is being requested for the first time for a child, the request must be accompanied by invoices or other official documentation from the educational institution attesting to the school fees, including enrolment, tuition, full board, if applicable, and any scholarship, bursary or similar grant. The amount of the advance will be 100 per cent of the anticipated amount of the education grant on the basis of the information provided by the educational institution.

6. For a subsequent school year, the advance will normally be 100 per cent of the amount paid for the previous year. However, if lower admissible educational expenses are anticipated, the staff member should so indicate. In such a case, the amount of the advance will be 100 per cent of the grant calculated on the basis of the revised expenses. If higher admissible educational expenses are anticipated, the staff member may request an advance on the basis of the higher expenses. As in the case of a first advance, official documentation will be required from the educational institution attesting to the increased expenses.

7. After the advance is requested, the staff member may request an adjustment if the anticipated admissible educational expenses on which the advance was based become higher. Should the anticipated admissible educational expenses become lower, it is incumbent on the staff member by virtue of staff regulation 1.2 (b) to report that fact promptly so that the amount of the advance may be adjusted and any excess payment recovered.

8. When there is no claim for the previous school year, requests for an advance may be submitted prior to, or within two months after, the beginning of the school year. The request must be accompanied by invoices or other official documentation from the educational institution attesting to the school fees.

9. When there is a claim for the previous school year, the request for the advance should be presented in part IV of

form P.45 (7-99) together with form P.41 (4-99), Certificate of attendance and costs and receipt for payments in respect of the claim for the previous year (part III of form P.45 (7-99)).

10. Advances will be paid approximately one month prior to the beginning of the school year for staff on the Headquarters payroll, provided the relevant information is received at least two months prior to the beginning of the school year. At duty stations where circumstances so warrant, special arrangements may be established by the Secretary-General for payment of the advance in instalments.

11. If the advance is not cleared by settlement of the relevant education grant claim for the previous year, it will be recovered from the staff member in accordance with section 6.2 of administrative instruction ST/AI/1999/4. Any advance will be considered as due from the staff member until it is either discharged by certification of the entitlement or recovered from the staff member. Recovery from staff members will take place automatically three months after the end of the academic year for Headquarters staff and four months after the end of the academic year for field staff. Similar arrangements will be made for staff who are not on the Headquarters payroll. For staff members who are separating from service, recovery will take place on separation.

12. No advance will be authorized for subsequent school years until previous education grant advances have been cleared by settlement of the relevant education grant claim or repayment of the advance previously authorized.

13. Advances are normally payable in United States dollars at all duty stations except Geneva. For staff members whose duty station is Geneva, the advance will be payable in Swiss francs, as is the practice for emoluments. In all cases, the advance will be recorded in United States dollars, except when educational expenses are incurred in one of the other currencies in which education grant is expressed in appendix G to the 100 series of the Staff Rules and appendix III to the 200 series of the Staff Rules. In such cases, the advance will be recorded in the currency in which the educational expenses are incurred, using the United Nations operational rate of exchange in effect on the date of payment of the advance. The table providing education grant entitlements expressed in different currencies is contained in information circular ST/IC/1999/9/Corr.1, and is reproduced in annex I to the present circular for ease of reference. The amounts indicated are effective as from the school year in progress on 1 January 1999.

Claims for payment of the education grant

14. Claims for payment of the education grant should be submitted on form P.45 (7-99). Claims should be submitted promptly upon completion of the school year or, if the staff member separates from service earlier, shortly before the date of separation from service. If the child's attendance ceases before completion of the school year, the staff member should submit the claim within one month of cessation of the child's school attendance.

15. Late claims are subject to staff rules 103.15 (ii) and 212.5, and will be paid only if they are submitted within one year following the date on which the staff member would have been entitled to the payment of the grant.

16. The claim must be accompanied by written evidence of the child's attendance, education costs and the specific amounts paid by the staff member. Such evidence will normally be submitted on form P.41 (4-99), which should be certified by the school. The same form is required where only the flat sum for board and the fixed rate for books are claimed. In order to facilitate confirmation of data, a copy of form P.41 (4-99) must be given to the educational institution.

17. When it is not possible to submit form P.41 (4-99), the staff member should submit a certificate of attendance indicating the exact dates on which the school year began and ended and the dates of the child's attendance, together with receipted school bills, itemizing the various charges paid to the school and any other substantiating information requested in form P.41 (4-99). These documents must be certified by a responsible official of the educational institution on its official stationery or on paper bearing its seal.

18. Neither form P.41 (4-99) certified by the school nor the certificate of attendance should be changed in any way. Any revision or alteration may be cause for disciplinary action.

19. Expenditures that are not paid to the school, and cannot therefore be certified on form P.41 (4-99) by the school as having been paid, may be claimed by attaching to form P.45 (7-99) an explanation of the nature of the expenditure and substantiating original documentation (for example, invoices, receipts or cancelled cheques). If the certificate, other documentation and accompanying receipts are not in one of the working languages of the United Nations, a translation into one of those languages must be attached.

20. If the staff member does not have custody of his or her child and the question of the staff member's compliance with

his or her support obligation in respect of the child is raised, written evidence that the flat sums for board and textbooks have been used for the purposes intended may be required from the staff member.

Admissible and non-admissible expenses

21. Admissible expenses are determined on the basis of the criteria contained in section 3 of administrative instruction ST/AI/1999/4. Expenses for school attendance admissible under section 3.1 of the instruction are those required to follow the regular school programme or curriculum on a full-time basis. They include charges for enrolment, registration, examinations, tuition and diplomas, as well as other expenses directly related to the regular school programme.

22. Boarding expenses admissible under section 3.2 of the instruction are normally payable only when a child attends an educational institution outside the "duty station", meaning the country or area within commuting distance where the staff member is serving, notwithstanding national boundaries.

23. For ease of reference, the rules governing entitlements relating to school attendance and boarding expenses contained in appendix G to the 100 series of the Staff Rules and in appendix III to the 200 series of the Staff Rules are set out below. The table reproduced in annex I to the present circular sets out the applicable monetary amounts for the school year in progress on 1 January 1999 with respect to:

- (a) The maximum amount of admissible educational expenses and the maximum grant for disabled children (column (1));
- (b) The maximum education grant (column (2));
- (c) The normal flat rate when boarding is not provided (column (3));
- (d) An additional flat rate for boarding (at designated duty stations) (column (4));
- (e) The maximum grant for staff members serving at designated duty stations (column (5));
- (f) The maximum admissible education expenses (attendance only) (column (6)).

Attendance at an educational institution outside the duty station

24. Where the educational institution provides board, 75 per cent of the allowable costs of attendance and of the costs of board is payable, up to the maximum admissible educational expenses per year indicated in column (1) of the

table, with a maximum grant per year indicated in column (2).

25. Where the educational institution does not provide board, a flat sum indicated in column (3) of the table, plus 75 per cent of the allowable costs of attendance indicated in column (6), are payable, up to a maximum grant per year indicated in column (2).

Attendance at an educational institution at the duty station

26. 75 per cent of the allowable costs of attendance per year is payable, up to the maximum indicated in column (1) of the table, with a maximum grant as indicated in column (2).

27. Where the educational institution is located beyond commuting distance from the area where the staff member is serving and, in the opinion of the Secretary-General, no school in that area would be suitable for the child, the amount of the grant is calculated at the same rates as specified in paragraphs 24 and 25 above.

Staff serving at designated duty stations with inadequate or no education facilities when the child attends an educational institution at the primary or secondary level outside the duty station

28. Where the educational institution provides board:
- (a) 100 per cent of the costs of board is payable, up to the maximum indicated in column (4) of the table; and
 - (b) 75 per cent of the allowable costs of attendance and of any part of the costs of board in excess of the amount indicated in column (4) are payable, with a maximum reimbursable amount as indicated in column (5).
29. Where the educational institution does not provide board:
- (a) A flat sum for board is payable, as indicated in column (4) of the table; and
 - (b) 75 per cent of the allowable costs of attendance indicated in column (1) of the table is payable, with a maximum reimbursable amount as indicated in column (5).
30. Paragraphs 28 and 29 above are not applicable to staff serving in special missions.

31. Expenses for prescribed textbooks are admissible, and will be paid in accordance with the provisions of sections 3.3 and 4.4 of administrative instruction ST/AI/1999/4. To that effect, staff members are required to obtain from the

educational institution a certification on form P.41 (4-99) that the textbooks have not been provided free of charge.

32. No additional supporting evidence is required if the staff member claims one of the fixed amounts established in section 4.4 of administrative instruction ST/AI/1999/4, namely, \$210 for a child at the primary level, \$420 for a child at the secondary level and \$840 for a child at the post-secondary level, or if the staff member claims a lower amount.

33. If the amount claimed exceeds the applicable fixed amount, and the textbooks were bought at or through the educational institution, the staff member will need to obtain from that institution a certification and receipt on form P.41 C (4-99), Certificate of prescribed textbooks and receipt for amount paid. A copy of the form should be retained by the educational institution.

34. When it is not possible to submit form P.41 (4-99), textbook expenses may be claimed upon certification by the staff member in form P.45 (7-99) that the textbooks were not provided free of charge. In those cases, the staff member is required to retain a list of prescribed textbooks and receipts documenting their purchase, in accordance with section 9.2 of administrative instruction ST/AI/1999/4, so that they may be produced for review, audit or investigation. All claims in excess of the fixed amount have to be fully documented.

35. Expenses for private tuition in the mother tongue are admissible when all the conditions of section 3.4 of administrative instruction ST/AI/1999/4 are met, namely:

(a) Private tuition is given by a qualified teacher who is not a member of the staff member's family;

(b) The staff member serves in a country whose language is different from his or her mother tongue;

(c) The child attends a local school in which instruction is given in a different language from the staff member's mother tongue.

36. A request for reimbursement for tuition in the mother tongue must be accompanied by:

(a) A certificate for tuition in the mother tongue (form P.41/A (1-96), Certificate of tuition in the mother tongue), certified by the educational institution or tutor. A certified copy of the form should be retained by the educational institution or tutor.

(b) Original cancelled cheques or copies of original cheques accompanied by bank statements to verify the payments made to the tutor or to the educational institution.

It should be noted that receipts or other written confirmation of cash payments are not acceptable as proof of payment;

(c) Certificate of full-time school attendance (form P.41 (4-99)).

37. Section 3.5 of administrative instruction ST/AI/1999/4 lists expenses that are normally non-admissible, generally because they are not considered to be expenses required to follow the regular school programme or curriculum on a full-time basis. Section 3.5 also provides for exceptions allowing certain expenses normally considered to be non-admissible to become admissible when a number of conditions are met. For instance, expenses for summer courses are normally non-admissible, but they may exceptionally be considered admissible when the summer courses are a pre-requisite for further attendance during the regular school year or are required for the school's regular diploma.

38. Among the expenses that are not admissible are school supplies, equipment or uniforms, insurance, medical examinations, donations and contributions or similar charges. Similarly, courses or activities that are not covered by the regular tuition fee and are not required of all students following a given programme or curriculum are considered to be non-admissible.

Scholarship, bursary or similar grant

39. Staff members are required to disclose all scholarships, bursaries or similar grants in a statement attached to form P.45 (7-99). Financial assistance in the form of scholarship, bursary or similar grant should be certified on form P.41 (4-99) by the educational institution.

40. As provided in section 3.6 of administrative instruction ST/AI/1999/4, the amount of the scholarship, bursary or similar grant is initially applied towards the non-admissible expenses reflected on form P.41 (4-99).

41. If the amount of the scholarship, bursary or similar grant does not exceed the non-admissible educational expenses, the education grant is calculated on the basis of the total admissible expenses.

42. If the amount of the scholarship, bursary or similar grant exceeds the non-admissible expenses, the excess amount is deducted from the admissible expenses. The education grant is then calculated on the basis of the remaining admissible expenses.

43. Financial assistance in the form of loans, which have to be repaid to a governmental institution, an educational institution, a bank or any other private sources, need not be reported and are not deducted from either admissible or non-admissible expenses.

Travel arrangements and claims

44. Education grant travel should be requested on form P.66 (5-97), Request for education grant travel. The conditions for education grant travel are set out in section 8 of administrative instruction ST/AI/1999/4. When the request is approved, a travel authorization (form PT.8) will be issued in accordance with the provisions of administrative instruction ST/AI/257, specifying the school year to which the travel is related and the mode, route and dates of travel.
45. Staff members are not allowed to make a direct purchase of the travel tickets without specific prior authorization.
46. Within two weeks of completion of the child's education grant travel, the staff member must submit a travel claim on form F.10 (7-99), Voucher for reimbursement of expenses, to the executive or administrative officer concerned, regardless of whether any claim for reimbursement of the education grant has been made. Submission of form F.10 is required to verify that travel has been undertaken as authorized, as well as for the purpose of certification of the travel expenses for which reimbursement is claimed.
47. As provided in paragraph 19 of administrative instruction ST/AI/257, form F.10 should be accompanied by the original travel authorization form (PT.8), ticket stubs and receipts for all expenses for which reimbursement is claimed.
48. If a child went on education grant travel in a previous school year, no new education grant travel will be authorized before the claim for the prior travel has been approved.

Claims for payment of the special education grant

49. Claims for payment of the special education grant should be submitted on form P.45 (7-99).
50. When the child is not in school attendance, such claims should be submitted annually within one month of the end of the standard school year in the staff member's duty station. When the child is in school attendance, claims should be submitted in accordance with paragraph 14 above. If the staff member separates from service earlier, a claim should be submitted shortly before separation from service.
51. A medical certificate attesting to the disability that gives rise to the claim for payment of the special education grant must accompany the claim. The certifying officer

should submit the medical certificate to the Medical Director or designated medical officer who will determine, based on prevailing medical standards, the acceptability of the certificate for the purpose of the special education grant and the date on which the entitlement should be reviewed on medical grounds.

52. The staff member is also required to provide evidence that he or she has exhausted all other sources of benefits that may be available for the education and training of the child, including those that may be obtained from State and local Governments and from the United Nations contributory medical insurance plans. The amount of the expenses used as the basis for the calculation of the special education grant is reduced by the amount of any benefits to which the staff member is entitled.

53. The provisions of the present circular relating to education grant advances, claims for payment of the education grant and travel arrangements should be followed when making those claims under the special education grant entitlement.

Les fonctionnaires de l'ONU ont droit, sous réserve de certaines conditions, à une indemnité pour frais d'études. Sous réserve aussi de diverses conditions, le coût de l'enseignement de la langue maternelle entre en ligne de compte pour le calcul de l'indemnité. La présente formule a pour objet de déterminer les frais que cet enseignement entraîne pour le fonctionnaire. Vous devez y joindre les chèques payés et oblitérés ou une copie des chèques originaux accompagnée des relevés bancaires correspondants. Le concours que vous prêterez en remplissant la formule sera vivement apprécié. Veillez retourner l'original au fonctionnaire de l'ONU et conserver le double dans vos dossiers. Cette formule pourra aussi aider l'ONU dans ses vérifications ordinaires périodiques.
