36/215. Assistance to Mozambique

The General Assembly,

Recalling the decision of the Government of Mozambique to implement mandatory sanctions against the illegal régime in Southern Rhodesia in accordance with Security Council resolution 253 (1968) of 29 May 1968,

Recognizing the substantial economic sacrifices made by Mozambique in the implementation of its decision to enforce United Nations sanctions and to close its borders with Southern Rhodesia,

Recalling Security Council resolution 386 (1976) of 17 March 1976, in which the Council appealed to all States to provide, and requested the Secretary-General, in collaboration with the appropriate organizations of the United Nations system, to organize with immediate effect, financial, technical and material assistance to enable Mozambique to carry out its economic development programme normally and to enhance its capacity to implement fully the United Nations mandatory sanctions,

Noting with deep concern the loss of life and the destruction of such essential infrastructure as roads, railways, bridges, petroleum facilities, electricity supply, schools and hospitals identified in the annex to the report of the Secretary-General of 16 August 1979,²⁰²

Recalling further its resolutions 31/43 of 1 December 1976, 32/95 of 13 December 1977, 33/126 of 19 December 1978, 34/129 of 14 December 1979 and 35/99 of 5 December 1980, in which it urged the international community to respond effectively and generously with assistance to Mozambique,

Noting that the independence of Zimbabwe provides both an opportunity and a challenge for the international community, particularly for those neighbouring States whose economies have been so closely linked to that country,

Bearing in mind the fact that the drought which affected six out of the ten provinces of Mozambique has attained the dramatic proportions of a natural calamity,

Having examined the document on the drought in Mozambique,²⁰³ which contains an assessment of the immediate requirements for urgent assistance from the international community,

Noting that a mission of the Food and Agriculture Organization of the United Nations, the World Food Programme and the World Meteorological Organization visited Mozambique in July 1980 in order to assess the emergency food situation in terms of the partial loss of cereals due to the drought which had devastated part of the country,

Having examined the report of the Secretary-General of 21 August 1981²⁰⁴ and noting with concern that the economic and financial position of that country remains grave and beset by budgetary and balance-of-payments deficits
