ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

Working Party on Rail Transport
(Fifty-third session, 6-8 October 1999,
agenda item 10(d))

EUROPEAN AGREEMENT ON MAIN INTERNATIONAL RAILWAY LINES (AGC)

Location of important marshalling yards within the European railway network

Transmitted by the Governments of France, Germany, Slovakia and Spain

Please note that the distribution of documentation for the Working Party on Rail Transport (SC.2) is no longer "restricted". Accordingly, the secretariat has adopted a new numbering system whereby all working documents other than Reports and Agendas will be numbered as follows: TRANS/SC.2/year/serial number. Reports, Agendas, resolutions and major publications will retain their previous numbering system (i.e. TRANS/SC.2/189).

REVISED LIST OF MARSHALLING YARDS WITHIN THE AGC

At its fifty-second session, the Working Party reviewed the information submitted by the Governments on important marshalling yards within the European railway network. It also pointed out that, although it had originally been envisaged to reduce its number, this objective had not been attained and, in a number of cases (Belarus, Czech Republic, France, Germany, Italy, Slovakia, Spain and Ukraine), the list of marshalling yards had expanded. In consequence, the Working Party asked the secretariat to send the list of marshalling yards to the countries concerned, asking them to review the list once again with a view to, possibly, reducing the number of yards.

The information transmitted by the Governments is reproduced below for consideration by the Working Party.
