France: draft resolution

The Security Council,

Recalling its resolutions 508 (1982) and 509 (1982),

Recalling also its resolution 512 (1982), which, inter alia, calls upon all the parties to the conflict to respect the rights of the civilian populations,

Seriously concerned at the constant deterioration of the situation in Lebanon,

Profoundly apprehensive of the dangers of extension of the fighting within Beirut, its capital,

Reaffirming the necessity of strict respect for the territorial integrity, sovereignty and political independence of Lebanon within its internationally recognized frontiers,

1. Demands once again that all the parties comply strictly with the provisions of paragraph 1 of resolution 508;
2. Demands the immediate withdrawal of the Israeli forces, engaged round Beirut, to a distance of x kilometres and the simultaneous withdrawal of the Palestinian armed forces from West Beirut, which shall retire to positions to be determined;
3. Requests the Government of Lebanon to install in West Beirut Lebanese security forces, which shall take up positions within Beirut and interpose themselves on its periphery;
4. Further requests the Secretary-General to make proposals to the Security Council, in consultation with the Government of Lebanon and with its agreement, for the installation of a United Nations force to take up positions beside the Lebanese interposition forces;
5. Requests the Secretary-General, as an immediate measure, to station military observers with instructions to supervise the cease-fire and disengagement in West Beirut and round Beirut;
6. Requests the Secretary-General to report to the Council on an urgent and sustained basis not later than ... on the status of implementation of the present resolution and of resolutions 508, 509 and 512;
