VI. RECOMMENDATIONS OF THE FIFTH COMMITTEE

122. The Fifth Committee recommends to the General Assembly the adoption of the following draft resolutions:

DRAFT RESOLUTION I

Medium-term planning in the United Nations 25/

The General Assembly,

Recalling its resolutions 32/197 of 20 December 1977 on the restructuring of the economic and social sectors of the United Nations system and 33/118 of 19 December 1978, especially paragraph 4 thereof in which it welcomed the intention\* of the Committee for Programme and Co-ordination to conduct an in-depth study of the programme planning process during its nineteenth session,

Having considered the report of the Committee for Programme and Co-ordination on the work of its nineteenth session, 26/ the reports of the Secretary-General 27/ and of the Joint Inspection Unit 28/ on medium-term planning in the United Nations, and the comments of the Secretary-General thereon, 29/

Considering that medium-term planning should, among other things, strengthen the relationship between planning and development and contribute to a better and more rational management of United Nations activities, to better interagency co-ordination and to the attainment of the objectives of the new international economic order and of the international development strategies,

1. Takes note with satisfaction of the aforementioned reports;
2. Endorses the conclusions and recommendations contained in the report of the Committee for Programme and Co-ordination on the work of its nineteenth session 30/ and decides to establish the following principles and guidelines for medium-term planning in the United Nations:

---

25/ At the 111th plenary meeting, on 20 December 1979, before the adoption of the draft resolution, the Rapporteur of the Fifth Committee indicated that the draft resolution came within the framework of item 101 (Joint Inspection Unit).

26/ Official Records of the General Assembly, Thirty-fourth Session, Supplement No. 38 (A/34/38).

27/ E/AC.51/97 and Add.1 and 2.

28/ See A/34/84.

29/ A/34/84/Add.1.

30/ Official Records of the General Assembly, Thirty-fourth Session, Supplement No. 38 (A/34/38), chap. II, paras. 71 and 72.

(a) The planning process, which is a part of the over-all management process, should be forward-looking and dynamic; the plan should be deductive, with its strategy, orientation, goals and activities deriving from the objectives and policy orientations set by the intergovernmental organs;

(b) The medium-term plan should be a faithful translation of legislative mandates into programmes;

(c) The plan will remain a proposal until its adoption by the General Assembly, upon which, it will become the principal policy directive; 31/

(d) The medium-term plan should be comprehensive and not staggered;

(e) The flexibility of the plan should be achieved through reviews by intergovernmental organs as detailed as required to incorporate the programme implications of the resolutions and decisions adopted by those organs or international conferences since the adoption of the plan;

(f) The effective participation of central and regional, sectoral and functional bodies in the formulation, consideration, review and evaluation of the plan should be achieved by means of an appropriate preparation period and greater co-ordination of their calendars of meetings;

(g) The introduction to the plan, which constitutes a key integral element in the planning process, should highlight the policy orientations of the United Nations system and indicate the medium-term objectives and strategy and the trends deduced from the mandates which reflect the priorities set by the intergovernmental organs;

(h) The plan should emphasize the description of objectives and strategy; the presentation and format of the analyses provided therein should vary according to the type and nature of activities;

(i) The plan should serve as the framework for the formulation of the biennial programme budget;

(j) The density of the information provided in the plan should vary in relation to the time-horizon of the planning and the needs of the reviewing bodies;

(k) The planning process should take into account the needs of interagency co-ordination; this co-ordination does not necessarily require system-wide synchronization of planning periods;

(l) Performance reporting and evaluation are key elements in the planning and programming cycle; the relevant mechanisms should be strengthened and the relevant techniques refined; the use of achievement indicators should be developed;

---

31/ Reaffirmation of the principle already established in General Assembly resolution 31/93, para. 3 (c).

(m) The medium-term plan should cover a period of six years;

(n) The next medium-term plan should cover the period 1984-1989; accordingly, the submission of a proposed plan for the period 1982-1985, scheduled for 1980, is no longer required;

(o) The current plan should be reviewed at an appropriate time to take account of all decisions with programme implications during the biennium 1980-1981;

(p) The medium-term plan should clearly identify new activities; the planning process should also make it possible to identify completed activities or activities of marginal utility;

(q) Emphasis should be placed on objectives and strategy; objectives should be time-limited as far as possible and the plan should be objective-based in all programmes where it is feasible;

(r) Financial indications should be shown in the plan along the lines recommended by the Advisory Committee on Administrative and Budgetary Questions in its report on the medium-term plan for the period 1980-1983; 32/

3. Approves the request made by the Committee for Programme and Co-ordination 33/ to the Secretary-General to submit to the Committee at its twentieth session a draft calendar of preparation for the proposed medium-term plan for the period 1984-1989 and, on the basis of general principles and specific recommendations formulated by the Committee at its nineteenth session, model programmes that would help to clarify the questions of the programme structure of the medium-term plan, the nature of the objectives of the plan and the possibility of defining time-limited objectives;

4. Requests the Committee for Programme and Co-ordination to reconsider at its twentieth session the question of whether the plan should be a "fixed" or a "rolling" plan, so as to enable the General Assembly to take a decision on that matter at its thirty-fifth session.

#### DRAFT RESOLUTION II

##### Identification of activities that have been completed or are obsolete, of marginal usefulness or ineffective

Recalling further its resolution 32/201 of 21 December 1977, in which it urged the Secretary-General to ensure the implementation of the provisions of General Assembly resolutions 3534 (XXX) and 31/93 in the preparation of the proposed programme budget for the biennium 1980-1981 and the performance report on the programme budget for the biennium 1978-1979,

Recalling also its resolution 33/204 of 29 January 1979, in which it requested the Secretary-General to implement fully the above-mentioned resolutions and to report to the General Assembly at its thirty-fourth session on the measures taken,

Reaffirming the importance of identifying activities that have been completed or are obsolete, of marginal usefulness or ineffective in order to redeploy resources to finance new United Nations activities,

1. Takes note of the report of the Secretary-General 34/ submitted in pursuance of General Assembly resolution 33/204 and the report of the Advisory Committee on Administrative and Budgetary Questions; 35/
2. Notes with concern the finding of the Committee for Programme and Co-ordination 36/ that the information contained in the report of the Secretary-General is insufficient;
3. Calls upon the Secretary-General to exercise his judgement so as to identify without further delay marginally useful and ineffective activities and to report thereon to the Committee for Programme and Co-ordination at its twentieth session, including the criteria which have been used in this identification;
4. Requests the Secretary-General to report also to the Committee for Programme and Co-ordination at its twentieth session on activities which have been completed, on the resources which have thereby been released and on the consequent effect on the programme budget;

6. Further requests the Secretary-General to submit to the General Assembly at its thirty-sixth session, through the Advisory Committee on Administrative and Budgetary Questions, a full and comprehensive report on the implementation of Assembly resolution 3534 (XXX) and subsequent resolutions reaffirming it.

The General Assembly,

Recalling its resolution 3190 (XXVIII) of 18 December 1973 by which it decided to include Arabic among the official and working languages of the General Assembly and its Main Committees,

Referring to resolution 115 (V) of 3 June 1979 of the United Nations Conference on Trade and Development, 37/ by which the Conference recommended that the General Assembly should take the necessary steps to ensure that Arabic is included among the official and working languages of the Conference,

Having considered the report of the Secretary-General 38/ and the related notes 39/ concerning the provision of Arabic language services to the General Assembly and its Main Committees,

Noting with concern that the arrangements made to implement resolution 3190 (XXVIII) have not provided adequate and efficient services to the General Assembly and its Main Committees,

1. Requests the Secretary-General to bring the Arabic language services up to a level equal with the services of the other official and working languages of the General Assembly and its Main Committees by adopting effective measures including:

(a) The immediate reinforcement of the Arabic Translation Service at United Nations Headquarters by a sufficient number of permanent posts so as to ensure the translation of all pre-session, in-session and post-session documentation of the

2. Requests the Secretary-General to make the necessary arrangements for the full implementation of the present resolution and to submit a report thereon to the General Assembly at its thirty-fifth session.

#### DRAFT RESOLUTION IV

##### United Nations Industrial Development Organization

###### The General Assembly,

Recalling its resolutions 3201 (S-VI) and 3202 (S-VI) of 1 May 1974 containing the Declaration and the Programme of Action on the Establishment of a New International Economic Order, 3281 (XXIX) of 12 December 1974 containing the Charter of Economic Rights and Duties of States and 3362 (S-VII) of 16 September 1975 on development and international economic co-operation,

Recalling also the Lima Declaration and Plan of Action on Industrial Development and Co-operation, 40/ adopted at the Second General Conference of the United Nations Industrial Development Organization, held at Lima from 12 to 26 March 1975, which established the main measures and principles for industrial development and co-operation within the framework of the establishment of the new international economic order,

Recalling further its resolution 33/78 of 15 December 1978 on industrial development co-operation and Economic and Social Council resolution 1979/54 of 2 August 1979 on the same subject,

Bearing in mind, in particular, that the rapid industrialization of developing countries constitutes an indispensable element and a dynamic instrument in the sustained, self-reliant growth of their economies and of their social transformation,

Stressing the need to accelerate the implementation of measures for the achievement of industrial development co-operation, particularly those contained in the Lima Declaration and Plan of Action, with a view to raising the share of developing countries to at least 25 per cent of total world industrial production by the end of the century, as called for in the Lima Declaration,

---

40/ See A/10112, chap. IV.

1. Emphasizes that the programme budget proposals in respect of the United Nations Industrial Development Organization for the biennium 1980-1981 should reflect the priorities agreed upon at the thirteenth session of the Industrial Development Board, 41/ as endorsed by the Economic and Social Council in its resolution 1979/54;

2. Reaffirms that the programmes being developed by the United Nations Industrial Development Organization in respect of the system of consultations, the Industrial and Technological Information Bank and technical assistance are of the utmost priority and urgency to developing countries, and hence the momentum of their growth must be maintained in the biennium 1980-1981;

3. Requests the Secretary-General, accordingly, to submit, during the current session of the General Assembly, proposals 42/ for the proposed programme budget for the biennium 1980-1981 that would enable the United Nations Industrial Development Organization to execute the programmes in respect of the system of consultations, the Industrial and Technological Information Bank and technical assistance, approved by the Industrial Development Board 41/ and endorsed by the Economic and Social Council.

The General Assembly,

Having considered section 29 of the budget estimates for the biennium 1980-1981 43/ and the corresponding section of the report of the Advisory Committee on Administrative and Budgetary Questions, 44/

Considering it necessary to manage the resources allocated to United Nations conference activities with the maximum of efficiency,

Requests the Secretary-General to refrain as far as possible from submitting requests for additional appropriations to finance conference activities during the budgetary period 1980-1981.

DRAFT RESOLUTION VI

Review of procedures for the award of contracts

The General Assembly,

Noting that the programme budget of the United Nations contains considerable appropriations for construction of premises,

Noting further that the volume and value of surplus property and equipment are likely to grow with the increase in United Nations activities,

Concerned by the increasing costs of construction projects,

Bearing in mind that the Board of Auditors reported to the Advisory Committee on Administrative and Budgetary Questions that it had made recommendations designed to improve procurement and inventory systems, 45/

Desirous of ensuring that United Nations resources are expended in the most economical manner,

1. Requests the Secretary-General to review existing procedures for the award of contracts, including, in particular, construction contracts, bearing in mind the possibility of increased tendering on an international basis, and to report thereon to the General Assembly at its thirty-fifth session;
2. Further requests the Secretary-General to submit to the General Assembly at its thirty-fifth session a report on current procedures governing the disposal of surplus property and equipment, together with recommendations on how these procedures can be improved in the interest of maximizing income from the sale of surplus property and equipment.

DRAFT RESOLUTION VII

Resources for the implementation of the work programme of the United Nations Centre for Human Settlements (Habitat) at the regional level

Noting with regret that the provisions of its resolution 32/162, as they

---

45/ See A/34/486.

relate particularly to the transfer of posts and resources to the United Nations Centre for Human Settlements (Habitat), have still not been fully implemented,

Recalling the undertaking by the Secretary-General to include in his proposed programme budget for the biennium 1980-1981 a request for additional resources for redeployment to the regions, 46/

Noting that the regional commissions have taken steps to implement section IV of General Assembly resolution 32/162,

Taking note of the fact that the Commission on Human Settlements, at its second session, approved the 1980-1981 work programme of the Centre, including proposals for additional resources which would be redeployed to the regional commissions to carry out human settlements activities at the regional level, 47/

Noting that the Secretary-General's proposed programme budget for the biennium 1980-1981 48/ does not contain any request for additional resources for the Centre for deployment to the regions,

Requests the Secretary-General to ensure the immediate availability of additional resources necessary to implement at the regional level the work programme of the United Nations Centre for Human Settlements (Habitat) for 1980-1981 as approved by the Commission on Human Settlements at its second session.
