Letter dated 18 April 2019 from the Chargé d'affaires a.i. of the Permanent Mission of Libya to the United Nations addressed to the President of the Security Council

Upon instructions from my Government, I would like to convey my Government's request to the esteemed Security Council to delegate a fact-finding mission to investigate the violations committed by the attacking forces in the city of Tripoli. These violations included, inter alia, the killing and displacement of civilian citizens, the destruction of public and private properties, the recruitment of children and involving them in wars and hostilities, as well as targeting the civilian neighbourhoods and populated areas and exposing them to heavy artillery and Grad missiles, similarly to the events that took place in the neighbourhoods of Abu Salim and al-Intisar.

I humbly request that this letter be issued as a document of the Security Council.

(Signed) Elmahdi S. **Elmajerbi**

Chargé d'affaires a.i.
